ZOND 6

New Space Ship Flight Unmanned

MOSCOW (AP) — The Soviet Union has launched another unmanned space ship, Zond 6, toward the moon but has not disclosed the exact purpose of the flight.

An official announcement said the spaceship was launched yesterday "to conduct scientific explorations along the route of the flight and in near-lunar space" and to test "systems and units" aboard the craft.

The launching came seven weeks after an unmanned Soviet Zond 5 made history's first flight around the moon and back to earth, and followed by two weeks cosmonaut Georgy Beregovoy's earth orbit flight in a Soyuz spacecraft.

This activity seems to indicate an intensification of the Soviet effort to send a man to the moon.

The brief official announcement did not indicate whether Zond 6 would attempt to retrace the route of Zond 5, but the Bochum Observatory in West Germany said the present trajectory of Zond 6 indicated it would.

The observatory calculated the space ship would circle the moon tomorrow and Wednesday and would land in the Indian Ocean east of Madagascar on Saturday. That was the area in which Zond 5 landed.

The Jodrell Bank radio telescope station in Britain calculated that Zond 6 would make its approach to the moon Wednesday night.

The Soviet announcement said equipment aboard the space craft was functioning normally. It said Zond 6 first went into a parking orbit around the earth yesterday, then blasted off for the moon.

The announcement said its flight path was "close to the calculated one," a standard phrase used when space missions are proceeding without setbacks.

The Soviet government usually does not announce the pur-

Mansion Scene Of Luncheon

WASHINGTON (AP)— President-elect Richard M. Nixon visited the White House today and exchanged warm smiles, handclasps and idle banter with President Johnson.

Then, with their wives following through the diplomatic reception room the outgoing and incoming presidents went inside the mansion for a luncheon in the family dining room and a start on solving the problems of the transition from the old administration to the new.

OTHERS ON HAND

The men chosen to handle the mechanics and details of easing the shift were on hand too, when the Nixons arrived by limousine at the south portico. Charles S. Murphy, Johnson's man, and Franklin B. Lincoln Jr., who represents Nixon, talked animatedly while waiting beside the canvas marquee leading inside.

On a portico was an empty scaffold for painters who are applying a coat of pristine white paint in time for the inauguration Jan. 20.

TO SEE PRESS

Nixon was expected to make a statement after the lunch and conferences with Johnson.

Mrs. Johnson had arranged to give Mrs. Nixon a tour of the executive mansion, which she knew on a different basis when her husband was vice president under President Dwight D. Eisenhower.

The Nixons flew up from Florida, where they have been resting after the rigors of the election, and stopped at the White House on the way to New York.

A black limousine brought Nixon and his wife into the city from Andrews Air Force base in nearby Maryland, where their Air Force jet landed shortly after noon.

APPLAUD NIXON

A small crowd, including several members of the Young Republican Club at American University, applauded Nixon as he walked down the plane's ramp after it parked at Andrews.

"How have you fellows been?" he asked.

Asked how he felt to be back in Washington, Nixon replied: "I'm older and Washington's older. I'm looking forward to seeing the President."

Without a topcoat despite the chill in the air, Nixon declined to discuss the meeting he was to have with the President, including if he will send a representative to the Paris peace talks.

"We're going to discuss all those things," he said, "And I'd rather not go into those things."

The conference with Johnson was expected to resolve the question of possible postelection travel abroad by Nixon.

From Washington, Nixon was to fly to New York where he will be conferring with top aides this week on formation of a new administration.

Some sources say it is likely he will name a budget director by the end of the week because the annual chore of fashioning a federal spending plan—to which Nixon will be largely committed—already is well under way. The new president will be able, after taking office, to make only minor changes in the spending blueprint being prepared by Johnson's people.

In New York, Nixon will meet with such advisers as Thomas E. Dewey, two-time GOP presidential candidate and once governor of New York, and Herbert Brownell and William Rogers, former attorneys general.

Three Are Jailed In Plot On Nixon

NEW YORK (UPI)—An Arab immigrant from Yemen and his two shipping clerk sons who shared a shabby, three-room Brooklyn flat, were jailed today under $100,000 bond each, charged with plotting to kill President-elect Richard M. Nixon.

Police and Secret Service agents were investigating the possibility of a link between the alleged plot against Nixon and the murder of Sen. Robert F. Kennedy, killed in Los Angeles in June. Sirhan Bishara Sirhan, a 24-year-old Jordanian immigrant, allegedly shot Kennedy because of the senator's pro-Israeli statements.

The three suspects, who worked as shipping clerks in a clothing factory, made several trips to Los Angeles, according to the New York Daily News, which said police were curious about how they could afford such trips on their modest salaries.

Aides of Nixon, due in New York today from Key Biscayne, Fla., said he knew of the plot before it was made public but had "no concern over it."

At the arraignment of the three yesterday in Brooklyn Criminal Court, a prosecutor hinted the plot could have been planned abroad, and apparently came about because of Nixon's campaign statement that Israel should have a "technological military margin" over Arab neighbors.

Standing silent listening to the proceedings intently at their arraignment, the father and his sons were charged with criminal conspiracy to commit murder, criminal solicitation and possession of dangerous weapons.

A Legal Aid Society lawyer who appeared with them said they had money to hire their own attorney and would do so. They face another court hearing tomorrow and a Brooklyn grand jury will begin its probe of the case on the same day.

The three suspects are

Vietnam War Caused Most Campus Protest

PRINCETON, N.J. (UPI)— The Vietnam War was the major cause of organized protests by college students during the past academic year, according to a survey of 800 colleges.

The survey, released Saturday by the Educational Testing Service, showed that dormitory rules, civil rights and student participation in college government were, in that order, the next most frequently protested issues.

The report said organized groups demonstrating against most issues rarely made up more than 10 per cent of a college student body. It cited as an example protests against U.S. policy in Vietnam, saying the demonstrations averaged about 5 per cent of their respective student bodies.

The findings were based in a questionnaire survey of deans of students in 860 accredited four-year colleges and universities. Each dean was asked to note the extent of organized student protest over 27 educational, social and political issues during the 1967-68 academic year.

The study found 38 per cent of the deans reported Vietnam demonstrations on their campuses last year, 34 per cent protests over dormitory rules and 29 per cent over local, off campus civil rights matters. protests about greater student participation in campus policy making was reported at 27 per cent of the schools.

In a similar survey in 1965, it was found that civil rights was the most frequent cause for student activism, followed in order by campus food service and Vietnam.

Store Fire Kills Five

FARMINGTON, W.Va. (AP)— Fire engulfed a furniture store in downtown Farmington today, killing at least five persons with several others reported trapped in the burning building.

First reports indicated a clerk in Manchin's Furniture store, two women and one child were killed when flames swept through the building in early afternoon.

Farmington is about six miles west of Fairmont on Route 250 in Marion County in north central West Virginia, 30 miles south of the Pennsylvania line.

Reports from the scene said smoke flooded the multi-story building first, then came an explosion.

The two women and the child, all unidentified, were reported on the building's third floor. They were heard screaming for help before they were engulfed in flames.

Virgil Hollis Honored For Legion Work

Marin County Schools Supt. Virgil S. Hollis was honored yesterday by the American Legion, Mill Valley Post 284, for his contributions to the legion and the community.

In Veterans Day ceremonies held at the American Legion Hall in Mill Valley, Hollis was presented with a citation in recognition of his achievements, James McGinnis, chairman of the legion's house committee, reported.

Hollis was cited, in particular, for his work on the Americanism committee of the California Department of the American Legion of which he has been a member since 1966.

Judge Richard W. Sims Jr., of the state Court of Appeals, who presented the citation to Hollis, noted that he is also chairman of the joint committee of the legion's Americanism committee and the California Teachers Association and a member of the American Legion National Americanism Committee and active in many community groups.

More than 90 persons attended the ceremony. The citation is the first such award presented by the Mill Valley Post.

Woman Killed In San Rafael Head-On Crash

Audrey Elizabeth Zahorenko, 41, of San Rafael, was killed in a head-on collision Saturday night on Fifth Avenue, San Rafael, police reported today.

Mrs. Zahorenko, of 30 Scenic Avenue, was pronounced dead on arrival at Marin General Hospital at 9:05 p.m.

Police said her westbound car drifted over the center line at 8:46 p.m. and hit an oncoming car driven by Tina Maureen Mercer, 16, of 23 West Shore Road, Belvedere, opposite Macy's parking lot in downtown San Rafael.

The Marin County coroner's office attributed death to multiple injuries. The police report indicated she had severe head and face cuts.

Miss Mercer was treated at Marin General Hospital for a chin cut. She told police she had almost stopped her car when it was hit by the Zahorenko car.

Mrs. Zahorenko, who was a switchboard operator for United Medical Exchange of San Rafael, was Marin's 30 th traffic fatality for 1968, the same number as reported at this time last year.

Funeral is pending at Keaton's Mortuary, San Rafael.

DENVER, Colo. (AP) — Surgeons at Colorado General Hospital implanted a new liver today in a 3-year-old Northern California girl.

She was reported in fair condition following the surgery.

The child, whose name was withheld at the parents' request, suffered a congenital malformation of the bile duct and faced death without a new liver.

The donor's identity was not disclosed.

She is the 16th person to receive a liver transplant in the current series by Denver's transplant team made up of surgeons from Colorado General and the Veterans Administration Hospital. Six of the 16 are living.

SPEAKS OF PEACE

LBJ Leads Nation In Vet Tributes

By ASSOCIATED PRESS

President Johnson said today he saw "renewed hope for a just and honorable peace" as Americans observed Veterans Day, this year marking the 50th anniversary of the end of World War I.

The day was commemorated as Armistice Day in Western Europe and Australia, but the Russians, who signed an earlier separate treaty with the Germans in 1918, ignored it.

In Sydney Australia, thousands of World War I veterans marched in cities, towns and villages, and the nation observed two minutes of silence in memory of the 54,000 Australians who died in that war. Most churches were crowded for special services.

In New York, thousands marched up Fifth Avenue in the annual Veterans Day parade. Baton twirling girls complained of cold legs and numb fingers in the 45 degree temperature.

President Johnson, in a formal statement, noted the recent bombing halt in Vietnam and said that men everywhere "long more than ever for the day when all the guns of battle will be stilled."

The World War I guns went silent at 11 a.m., Nov. 11, 1918, after a loss of 13 million lives.

Originally proclaimed as Armistice Day, the name of the annual observance was changed in the United States several years ago in order to pay tribute to servicemen who took part in all wars.

At Arlington National Cemetery outside Washington Air Force Chief of Staff J. P. McConnell, representing President Johnson, was to law a wreath on the Tomb of the Unknown Soldier today.

In prepared remarks, McConnell said, "We must maintain, for a long time to come, a military establishment which permits us to deter aggression."

In Denver, thousands gathered for the annual parade, while at nearby Colorado Springs a $175,000 veterans memorial stood ready for dedication.

At Spartanburg and Columbia, S.C., Gen. William C. Westmoreland, Army chief of staff was to receive honors at special ceremonies. Westmoreland, who commanded U.S. forces in Vietnam for four years, was born at Saxon, a textile community on the edge of Spartanburg.

A Columbia banquet featuring comedian Bob Hope also was on the program for the general.

The Indians of Paos Pueblo, N.M., were to stage their second annual parade honoring their men who died in military service.

For Frank P. Dixon of Pittsburgh, Pa., the day has special significance: He was wounded in 1918 and declared dead while awaiting hospitalization. Dixon has his War Department death notice hanging on the wall of his office. He is chief accountant for Allegheny County.

Cross Is Burned In Redwood City

REDWOOD CITY (UPI) — A cross was burned last night on the lawn of a Negro, Robert R. Hall. 50.

He told police the Ku Klux Klan gesture might have been a response to activities of his teen-age daughter in a racial boycott of Sequoia High School.

A neighbor of Hall's said he saw three white youths put up the cross and flee in a waiting car. The cross, made of wood, wrapped in cloth and drenched with kerosene, burned and toppled.

Seven Western Newsmen Told To Leave Prague

PRAGUE (UPI)—Seven Western newsmen were expelled from Czechoslovakia today on official grounds they were working as journalists without proper visas.

Five of the newsmen, all working for American news agencies, were given until midnight (6 p.m. EST to leave the country.

They were David Mazel, New York, correspondent for United Press International; Heinz Wieseler, Frankfurt, Germany, UPI photographer; Eddie Reichert, West German photographer for Associated Press; and Joe Oexle and Hannes Peshke, cameramen for the National Broadcasting Company.

Two West Germans working for Frankfurt Television, Hajo Spoerre and Rolf Starke, also were expelled.

North Vietnamese Hit Marines From DMZ

SAIGON (AP) — North Vietnamese gunners fired artillery and rockets from inside the Demilitarized Zone at U.S. Marine positions yesterday, a military spokesman said today.

It was the first enemy attack from within the buffer zone since President Johnson halted the bombing of North Vietnam and indicated he expected a reciprocal suspension of attacks from the DMZ.

The spokesman said at least four Leathernecks were killed and 41 were wounded in five attacks on three Marine positions just south of the DMZ. Mailing planes and artillery struck back.

Marine headquarters said aerial observers and ground troops spotted two of the North Vietnamese gun emplacements, both of them in the southern half of the DMZ.

Marine aircraft and artillery destroyed one firing position and 10 bunkers three miles west of Con Thien and half a mile north of the southern boundary of the zone, a spokesman said. Heavy artillery fired on the other position, five miles west of Con Thien and one mile inside the DMZ, but it was not known if it was destroyed, said the spokesman.

One of the enemy attacks was aginst the Con Thien outpost; three hit a Marine unit four miles southwest of Con Thien, and one was against another Leatherneck unit four miles southeast of the outpost.

Thieu Envoy, U.S. Delegate Meet In Paris

PARIS (AP) — U.S. negotiators had their first meeting today with South Vietnam's special envoy here since his return from Saigon with resident Nguyen Van Thieu's new peace talks plan.

Philip C. Habib, a member of the U.S. delegation headed by W. Averell Harriman, called on the South Vietnamese observer, Pham Dang Lam, U.S. sources said. Content of the discussion was not disclosed.

U.S. diplomats are trying to work out an arrangement for South Vietnam's attendance at an expanded conference.

Thieu's objections to the original U.S.-North Vietnamese agreement for four-party talks forced postponement of the opening of the new round of discussions scheduled for last Wednesday.

Thieu wants to insure a secondary diplomatic status for the Viet Cong's National Liberation Front before facing the Communist side in negotiations on ending the war.

Five of the newsmen, all working for American news agencies, were given until midnight (6 p.m. EST to leave the country.

They were David Mazel, New York, correspondent for United Press International; Heinz Wieseler, Frankfurt, Germany, UPI photographer; Eddie Reichert, West German photographer for Associated Press; and Joe Oexle and Hannes Peshke, cameramen for the National Broadcasting Company.

Two West Germans working for Frankfurt Television, Hajo Spoerre and Rolf Starke, also were expelled.

Cross Is Burned In Redwood City

REDWOOD CITY (UPI) — A cross was burned last night on the lawn of a Negro, Robert R. Hall. 50.

He told police the Ku Klux Klan gesture might have been a response to activities of his teen-age daughter in a racial boycott of Sequoia High School.

A neighbor of Hall's said he saw three white youths put up the cross and flee in a waiting car. The cross, made of wood, wrapped in cloth and drenched with kerosene, burned and toppled.

Vandals Hit School; Damage At $20,000

OAKLAND (AP) — Vandals broke into an Oakland junior high school yesterday and destroyed more than $20,000 worth of equipment and furniture, police said.

The vandals apparently entered Frick Junior High in East Oakland after breaking a window, police said, and "systematically" vandalized the building, destroying a computer, pianos, furniture and choir robes.

North Vietnamese Hit Marines From DMZ

SAIGON (AP) — North Vietnamese gunners fired artillery and rockets from inside the Demilitarized Zone at U.S. Marine positions yesterday, a military spokesman said today.

It was the first enemy attack from within the buffer zone since President Johnson halted the bombing of North Vietnam and indicated he expected a reciprocal suspension of attacks from the DMZ.

The spokesman said at least four Leathernecks were killed and 41 were wounded in five attacks on three Marine positions just south of the DMZ. Mailing planes and artillery struck back.

Marine headquarters said aerial observers and ground troops spotted two of the North Vietnamese gun emplacements, both of them in the southern half of the DMZ.

Marine aircraft and artillery destroyed one firing position and 10 bunkers three miles west of Con Thien and half a mile north of the southern boundary of the zone, a spokesman said. Heavy artillery fired on the other position, five miles west of Con Thien and one mile inside the DMZ, but it was not known if it was destroyed, said the spokesman.

One of the enemy attacks was aginst the Con Thien outpost; three hit a Marine unit four miles southwest of Con Thien, and one was against another Leatherneck unit four miles southeast of the outpost.

Thieu Envoy, U.S. Delegate Meet In Paris

PARIS (AP) — U.S. negotiators had their first meeting today with South Vietnam's special envoy here since his return from Saigon with resident Nguyen Van Thieu's new peace talks plan.

Philip C. Habib, a member of the U.S. delegation headed by W. Averell Harriman, called on the South Vietnamese observer, Pham Dang Lam, U.S. sources said. Content of the discussion was not disclosed.

U.S. diplomats are trying to work out an arrangement for South Vietnam's attendance at an expanded conference.

Thieu's objections to the original U.S.-North Vietnamese agreement for four-party talks forced postponement of the opening of the new round of discussions scheduled for last Wednesday.

Thieu wants to insure a secondary diplomatic status for the Viet Cong's National Liberation Front before facing the Communist side in negotiations on ending the war.

Percy Foreman To Defend Ray

MEMPHIS, Tenn. (AP) — A switch in lawyers just two days before James Earl Ray was to stand trial on charges of murdering Dr. Martin Luther King Jr., raised doubts as to whether the trial will be held this year.

Ray took action yesterday to drop Arthur J. Hands, a former Birmingham, Ala., mayor, as his lawyer and retain famed defense attorney Percy Foreman of Texas.

Foreman, whose clients have included Jack Ruby and heiress Candace Mossler, said he would go before Criminal Court Judge W. Preston Battle at 9:30 a.m. tomorrow—the time Ray's trial is scheduled to begin—and request a continuance.

When told earlier yesterday of rumors of the impending switch, Battle said he would grant a delay "if Ray retains Foreman and if he asks" for a postponement.

It was believed that Foreman would ask for at least 30 days to give him time to become familiar with the case. Hanes, who said the change came as a surprise to him, said he would not object to the motion.

Since the trial is expected to last at least four weeks, a postponement of 30 days would push the start of trial close to the Christmas holidays—with the likely result that Battle would reset it for early next year.

Ray, charged with first-degree murder, is accused of the sniper slaying of King on April 4 while King was in Memphis to support the city's striking garbage collectors.

The surprise switch by Ray was announced in a late night news conference called by Sheriff William N. Morris Jr. The sheriff said Foreman and two of Ray's brothers, John and Jerry Ray, had come to the jail earlier yesterday to see Ray.

"During the course of this visit, certain decisions were made and a letter was written to Mr. Arthur Hanes Sr., attorney, and signed by James Earl Ray," Morris said.

"This letter was presented to me for reading by Mr. Foreman and it declared an intent by James Earl Ray to dispense with the legal services of Mr. Hanes and his son and of an intention to obtain new counsel and a Tennessee lawyer."

TO GO TO COURT

Morris also said Foreman had told him he intended to appear before Battle tomorrow and request a continuance.

The Tennessee lawyer to be retained by Ray was not named.

"The first I knew of this was at 8:20 this evening," Hanes said in a brief news conference of his own in a drizzling rain on the steps of the county office building.

"I didn't come to Memphis for the ride," Hanes said. "I came to play ball. I was prepared to go to trail Tuesday morning."

However, Hanes added, "I don't want a reluctant client."

Proceeds from Ray's life story, being written by Alabama author William Bradford Huie and already running in magazine serialization, were being used to pay Hanes, but there was no immediate indication how Ray would pay Foreman.

Foreman, 66, was defense attorney for Ruby but withdrew from the case after four days. He sent a letter to Ruby saying, "You know I don't let people tell me what to do in a case."

Ruby was convicted in Dallas of killing Lee Harvey Oswald, named by the Warren Commission as the assassin of President John F. Kennedy.

Foreman successfully defended Mrs. Mossler and her nephew, Melvin Powers, in Florida where they were charged with slaying her wealthy husband.

Once when he was compared to Clarence Darrow, Foreman replied, "I've tried more murder cases in a year than Darrow did in a lifetime."

One of eight sons of a county sheriff, Foreman was born in a log cabin near Livingston in the piney woods area of Southeast Texas. Now a resident of Houston, he has practiced law for 41 years.

Hanes had represented Ray since shortly after Ray was apprehened in London June 8.

Chief Justice Looks At Gap With Youth

NEW YORK (AP) — Chief Justice Earl Warren says one cause of the generation gap is youth's grasp of modern technology without their knowing how to apply it toward all age groups in society.

"A 16-year-old boy may be an expert in computers and people many years older may have to be his disciples in this field," Warren said yesterday, but he added that youth may lack "the philosophical grasp needed to weave a texture of life out of a variety of insights."

"The student revolt on the college campus," said Warren, "is hardly a way to achieve wisdom, although it may prove effective in shaking the establishment out of complacency and smugness.

"There must be a better way to creative confrontation than we have thus far discovered and used."

The chief justice called for creation of new institutions to "let youth . . . have its say and yet not destroy that which it should really be trying to improve."

Warren was guest speaker at an award dinner of the Jewish Theological Seminary of America.

Earthquake Linked To Silt Deposit

CHICAGO (AP) — An expert on earthquakes says the cause of Saturday's quake that jarred residents of 22 states may be linked to millions of tons of silt deposited annually by the Mississippi River in the Gulf of Mexico.

The Rev. Donald Roll, director of seismological studies at Loyola University, said yesterday, "It's quite possible that the tons of silt deposited by the great river system at the mouth of the Mississippi triggered a see-saw effect on the vast continental blocks beneath the earth's crust.

"The weight of the silt depressed one end of the block and tipped up the other," Father Roll said.

However, he said, he doubts that there will be any followup tremors.

"I expect none whatsoever," Father Roll said. "We have nothing to worry about. That was a kind of safety valve. The pressure which had built up has been released."

Saturday's quake, centered in Albion in Southern Illinois, 120 miles east of St. Louis, measured 5.5 on the 10-point Richter Scale, just less than the damage point of 6, according to the National Earthquake Center in Washington.

The Richter reading of the quake that devastated Alaska in 1964 was 8.5.

States that felt the quake were Illinois, Arkansas, Minnesota, Ohio, Tennessee, Missouri, Kansas, Georgia, Kentucky, West Virginia, North Carolina, South Carolina, Indiana, Nebraska, Iowa, Alabama, Mississippi, Wisconsin, Michigan, South Dakota, Pennsylvania, and Oklahoma.

Jet Rips Roof

RIO DE JANEIRO, Brazil (AP) — The blast from engines of the jet plane carrying Queen Elizabeth from Brazil to Chile blew the roof off a building at Rio's International Airport today. No one was hurt in the building, used by the Brazilian air force to wash planes.

The queen and Prince Philip were given a 21-gun salute as their Royal Air Froce VC10 carried them away after an 11-day visit in this country. Among those in the official party to see them off was President Arthur da Costa e Silva.

TU144 Prediction

MOSCOW (AP) — The Soviet Union's supersonic TU144 airliner will "take to the skies very soon," the army newspaper Krasnays Zvezda-Red Star — said yesterday. But it gave no target date.

The 121-seat jet, designed for speeds of 1,550 miles an hour and a range of 4,000 miles, was to have had its maiden flight last spring. But vague official predictions moved it back to the end of 1968, and the Soviet press has hinted that unexpected problems might have arisen in the final stages of construction.

Education Fight

FRESNO (UPI) — A new organization called California Families United has been formed to fight sex education in public schools, described by one of the group as "a communist conspiracy."

The organizing meeting, called last month by Evangelist Billy James Hargis' Christian Crusade, was attended by more than 100 persons from throughout the state Saturday. Among battle plans discussed were a march on Sacramento and keeping children out of school on designated days.

Wilson Repairs

SAN FRANCISCO (UPK) — Trouble with one of the President Wilson's twin screws forced the huge passenger ship to turn around 300 miles at sea yesterday and return to San Francisco.

The President Wilson was enroute to Honolulu on a 46 day cruise with 425 passengers aboard when the screw apparently struck a submerged oil barge.

A spokesman for American President Lines said there was no danger to the vessel. The ship was expected to enter the San Francisco drydock of Bethlehem Steel for repairs today and set sail again tomorrow.

Blast Kills 19

MANILA (AP) — Nineteen persons, most of them children, have died from burns suffered in a gasoline tank explosion yesterday in a central Philippine village 200 miles south of Manila. Officals said many of the 48 inured are in critical condition.

The explosion occurred while children were collecting gasoline from a leak in a pipeline. Authorities are attempting to determine what touched off the blast.

Israelis Wounded

TEL AVIV (AP) — Three Israelis were wounded this morning when Jordanian artillery opened up in the Beisan Valley, the Israeli army said.

Shortly after, Arab gunners in Jordan fired bazooka shells at an Israeli patrol east of Tiratzevi, also in the Beisan Valley, the army added.

Anti-Soviet Czechs Jeer Hard-Line Reds

PRAGUE (AP) — Anti-Soviet Czechoslovaks jeered and jostled hard-line Communists who had to fight their way out of a Soviet friendship rally in Prague yesterday.

Shouting, "traitors," "swine" and, "collaborators," a crowd of more than 1,000 Czechoslovaks massed outside a hall where more than 2,000 pro-Soviet Communists attended a morning rally. Fist fights broke out. Many suffered minor injuries and police took several persons into custody.

About 100 Soviet soldiers who participated in the rally left the hall by a side door. But about 100 Czechs gathered around their buses, shouting "go home" and shaking their fists at the Russians, who waved and smiled.

The meeting was organized by the Czechoslovak-Soviet Friendship Association, a group being used to organize opposition to the reform leadership of Alexander Dubcek, first secretary of the Czechsolovak Communist party.

Dubcek and the old guard are expected to clash Thursday when the party's central committee meets to decide whether reforms begun in January will continue under Soviet occupation.

A woman standing outside the hall whacked Emanuel Famira, former Prague Art School director, across the shoulder with her umbrella. Famira was on the stage at the rally, where the main speakers were Vaclav David, foreign minister during the pre-Dubcke era, and Lt. Gen. Sarkis Matirosian of the Soviet army.

One pro-Soviet woman criticized some boys for jeering at the Russian soldiers. The boys pursued her down the streets shouting, "Shame, traitor," until police took her into a car.

25,000 Watch Veterans March

SAN FRANCISCO (UPI) — A two-mile parade attracted some 25,000 persons yesterday as San Francisco observed Veterans Day.

Lt. Gen. Herman Nickerson Jr., U.S. Marine Corps director of personnel was grand marshal for the 250 unit-parade. Mayor Joseph Alioto led dignitaries who viewed the parade from a reviewing stand at the Civic Center.

Air Force and Navy jet fighters made flyovers above the parade route in clear, sunny weather.

New Nuclear Treaty Drive Under Way

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield has begun a drive for speedy Senate consideration of the nuclear nonproliferation treaty President-elect Richard M. Nixon earlier urged delayed.

Senate debate on ratification could begin before Nixon's inauguration Jan. 20, Mansfield said in an interview.

Mansfield, who has maintained the Senate has the two-thirds vote needed to ratify the nuclear treaty, said he has asked speedy review by he Senate Foreign Relations Committee when Congress reconvenes Jan. 3.

Scheduling of early Senate debate will depend on whether the committee decides to hold additional hearings before sending the treaty to the floor, Mansfield said.

Nixon has said he believes the treaty, designed to prevent spread of nuclear weapons beyond nations that already have them, should be ratified. But he urged the outgoing 90th Congress to delay action until Soviet intentions could be reassessed in view of the invasion of Czechoslovakia.

Senate debate on ratification could begin before Nixon's inauguration Jan. 20, Mansfield said in an interview.

Mansfield, who has maintained the Senate has the two-thirds vote needed to ratify the nuclear treaty, said he has asked speedy review by he Senate Foreign Relations Committee when Congress reconvenes Jan. 3.

Scheduling of early Senate debate will depend on whether the committee decides to hold additional hearings before sending the treaty to the floor, Mansfield said.

Nixon has said he believes the treaty, designed to prevent spread of nuclear weapons beyond nations that already have them, should be ratified. But he urged the outgoing 90th Congress to delay action until Soviet intentions could be reassessed in view of the invasion of Czechoslovakia.

Finally.

Now you can do what you never did before in a Volkswagen:

Nothing.

Yup. We've gone and put a fully-automatic transmission in a Volkswagen.

In fact, we put it in two Volkswagens (as an option). The Fastback. And Squareback.

So now you can drive anywhere in a VW without having to shift for yourself.

Just put the lever in 3. (What everyone else calls DRIVE.) And drive. Like you would any regular car.

Except with our automatic, you'll have to do one thing you don't do with someone else's automatic:

Stay away from gas stations more often.

Because you'll need gas less often. One gallon takes you not 10 miles. Or 15.

But 25 miles.

So now you can do what you always did before in a Volkswagen:

Save money.

Automatically.

Dollar Confidence Called A Key Issue

LONDON (AP) — An economic consultant with close ties to President-elect Richard M. Nixon said today the new U.S. administration may be forced to raise taxes "to re-establish confidence in the dollar."

Dr. Pierre Rinfret of Rinfret-Boston Associates said, "There is a very good possibility that taxes might have to be raised." He added: "I don't think even the surcharge can be eliminated easily . . . the overriding objective will be to re-establish confidence in the dollar. Given that, the new president's freedom of maneuver will clearly be limited."

Rinfret told a reporter he has been one of Nixon's financial advisers since 1966.

The London Times, meanwhile, reported that Secretary of the Treasury Henry H. Fowler said Nixon should continue President Johnson's fiscal policies and curbs on foreign investment, at least until the end of the Vietnam war and until foreign trade improvement becomes "a reality, not just a hope."

Fowler left for Paris today after a weekend in London. He told Peter Jay, financial editor of the Times, it would be disastrous to go back on the two great changes he said he had made during his stay at the Treasury: the flexible use of fiscal and monetary weapons to regulate economic demand and the constant use of international financial cooperation.

Rinfret said that although tax reductions are out as far as the new administration is concerned, at least during its early stages, Nixon's economic team will undoubtedly favor some sort of tax incentive plan which will permit industry to carry out socially valuable programs in exchange for advantages in capital depreciation.

Rinfret also said early priority will be given to examination of imports flooding the United States to discover whether existing trade agreements are being honored by foreign exporters. He mentioned specifically Japanese textiles and automobile spare parts from Canada.

Rinfret said he was in London on his own business and not on behalf of the president-elect. He is having talks at the Bank of England and with leading British economists before going to France and West Germany next week for similar talks.

Tomales Driver Hurt In Crash

A Tomales driver suffered a cut left leg in a three-car collision on Golden Gate Bridge, 600 feet north of the north tower, at 12:13 p.m. yesterday, according to the California Highway Patrol.

The driver, Robert Myall Dennis of P. O. Box 103, was treated at Central Emergency Hospital, San Francisco, officers reported.

A car driven by Simone Anne Marie Van Loo, 42, of 24 Greenwood Avenue, San Rafael, collided with a car driven by Frank Joseph Luttringer Jr., 19, of 32 Laurel Grove Avenue, Kentfield, and in turn the Dennis car collided with the Luttringer car, officers said. All cars were southbound.

Frank T. Luttringer, 49, a passenger in the Luttringer car, suffered a neck pain and told officers he would see his own doctor.

Five Teen-Age Girls Released To Parents

Five juvenile girls, four 15 years old and one 16, were reprimanded for possession of marijuana and released to their parents at 8:40 p.m., Saturday, Novato police reported.

Police stopped their car at San Jose and Ignacio boulevards to warn the girls that one of the rear lights was out on the car, when they threw a cigarette, thought to be marijuana, from the car, according to police.

Employees To Keep No-Strike Pledge

FRESNO (AP) — The California State Employees Association has retained a no-strike pledge in its constitution, beating back by vote a determined attempt to delete it.

The 850 delegates to the general council meeting in Fresno, however, added to the constitution a clause designed to strengthen its bid to attain collective bargaining rights for the association's 115,000 members.

The association, the new section reads, has the right to "expect and demand government recognize the right of organized employees to participate collectively in the mutual formulation of pay."

During the debate on the no-strike clause, one member called it a "useless string tying the hands of the board of directors." He contended the pledge, which was added to the constitution 10 years ago, gained only "a coupe of days of good press." He said he doublted the pedge was worth it.

Proponents of the clause said deletion could lead to a situation similar to that in New York City.

Frances Dillon, association president, hailed the council's action in retaining the pledge.

"In rejecting the right to strike," Mrs. Dillon said, "CSEA showed it believes the public has a right to uninterrupted service from its employees."

The no strike pledge states that the CSEA "supports the continuity and integrity of government by renouning the right to strike."

Between 1947 and 1964 there were 8,763 Unidentified Flying Objects sighted by the United States Air Force.

Traffic Slows For Cat—Driver Hurt

Freda Juanita McArthur, 41, of Covelo, Mendocino County, suffered head pains after a two-car collision on highway 101, a half-mile south of the San Rafael viaduct at 4:35 p.m. Saturday, the California Highway Patrol reported.

Officers said a car driven by James L. McConville, 35, of 2821 37th Avenue, San Francisco, collided with Mrs. McArthur's car when southbound traffic ahead of them halted to avoid a cat crossing the highway. She told officers she would be treated by her own doctor.

Soviets Advised To Cut Staff In Spy Case Wake

LONDON (AP) — Soviet Ambassador Mikhail N. Smirnovsky was called to the Foreign Office tonight and told that the Russian diplomatic staff in London, implicated in a recent spy trial, should be reduced in size.

Sir Paul Gore-Booth, permanent under-secretary at the Foreign Office, took the action a week after court testimony that the first secretary in the cultural department of the Soviet Embassy had used his diplomatic status as a cover for espionage activities.

The number of Soviet diplomats and service attaches here has grown from 67 a year ago to 79 this month. The corresponding figure at the British Embassy in Moscow is 40.

The court named Alexander Ivanovich Borisenko, the cultural first secretary at the embassy, as the "agent in charge' of Royal Air Force technician Douglas Britten, sentenced 21 years in prison for passing secrets to the Russians.

Borisenko was recalled to Moscow Sept. 20. Another Soviet diplomat, assistant air attache Valentin Elistratov, was hurriedly recalled from London at the same time. Elistratov lived in the same block of flats here as Borisenko.

SURPRISES THE SKIERS

The Mount Snow ski area near West Dover, Vt., was center of a major transportation problem today as skiers, estimated at more than 2,000, attempted to dig out following a surprise 24-inch weekend snow storm. Many skiers came unprepared with cars blocking plows and sanders trying to clear roads for late homeward journeys. (UPI Telephoto)

PLOT

Continued from page 1

Ahamad Rageh Namer, 43, who came to this country 13 years ago and has become a naturalized U.S. citizen, and his sons Hussein, 20, who came to the country nine years ago, and Abdo Ahmad, 19, who left Yemen two years ago.

The charge of solicitation against the three reportedly stemmed from their efforts to enlist the aid of another man in the plot. The fourth man, who police are holding in protective custody and whom they have declined to identify, informed police in an anonymous telephone call Friday night of the alleged plot, it was reported.

Police traced the call to a Brooklyn bar, found the man who made it still there, and questioned him for several hours before raiding the Namer apartment late Saturday afternoon. Namer and his youngest sons were arrested in the apartment and Hussein, who fled down a fire escape, was picked up later in a bar.

In the apartment, police found an M1 rifle and an M1 carbine, 24 rounds of ammunition and two switchbalde knives, as well as letters from relatives and from persons authorities described as "contacts" in Arab countries.

One Person Is Hurt; Car Fails To Halt At Sign

A car ran a stop sign on Simmons Lane at Novato Boulevard, Novato, at 2:18 a.m., Saturday, injuring a passenger, killing a dog, shearing off a tree and damaging the yard at 1945 Novato Boulevard, Novato police have reported.

Robert W. Lubinoff 21, of 1388 Donna Street, Novato, was treated for a cut on his scalp and bruised elbow at Novato General Hospital.

The driver of the car, Steven Duane Burchell, 21, of 1389 Donna Street, Novato, was cited for failure to stop at a stop sign by Novato police.

The car broke off a tree and fence post, damaged shrubs at the home of Jack W. Beaubier of 1945 Novato Boulevard, and killed a German shepherd dog belonging to Bill C. Jainth of 1931 Novato Boulevard, according to police.

Man Found Dead In Parked Auto

Robert Henry Schafer, 41, of 80 Montego Key, Bel Marin Keys, a partner in Schafer-Davis Engineering Co. of Corte Madera, was found dead yesterday in his car parked near a warehouse at 14 Hamilton Drive, Ignacio.

Deputy Coloner Richard W. Madigan reported that Schafer apparently died of carbon monoxide poisoning. The sheriff's office listed the death as suicide and said there was a hose from the exhaust pipe leading in though the right rear window.

Schafer's body was discovered by Sheriff's Deputy Leonard Thrall opposite the Crockett-Mayflower warehouse at 2:31 a.m.

A native of Quincy, Plumas County, Shafer lived in Novato for the past year. He was a veteran of World War II.

Shafer is survived by his widow, Eleanor; three sons, George Robert, Edward Leon and Benjamin Gerald, all of the family home; and a brother, Gerald Shafer of Sacramento.

Private inurnment was held today. Arrangements for a memorial service are pending at the Redwood Chapel Funeral Home in Novato.

The family has stated a preference for memorial contributions to the Cancer Fund.

Youth Booked In Auto Probe

Charles Baldi, 19, of 3815 Redwood Highway, San Rafael, was booked at Marin County Jail yesterday on suspicion of auto theft after an arrest by San Rafael police.

Police arrested Baldi at 3:30 p.m. after a report by Edward J. Capocy, a salesman at G and R Motors, 345 Francisco Boulevard, that a car had been stolen there Nov. 2. Police said Capocy identified Baldi from pictures shown him by police and Baldi was picked up a few minutes later.

Baldi was released on his own recognizance to appear at 2 p.m. Friday in Marin Municipal Court.

Pair Killed In Bayshore Crash

BURLINGAME (UPI)—A San Francisco couple was killed last night on Bayshore Freeway when their car was hit head-on by an auto which jumped the center barriers.

Dead were Howard S. Hurlbert, 65, and his wife, Essie, 58. The driver of the wrong-way car, Santo Marcato, 38, San Francisco, was severely injured.

A third car also was involved and four passengers were injured.

the peace talks in Paris moving, he warned: "We cannot have productive talks in an atmosphere where the cities are being shelled and the demilitarized zone is being abused."

Although the Viet Cong have shelled a number of South Vietnamese cities since the bombing halt went into effect, one of Johnson's chief war policy advisers, Walt W. Hostow yesterday, minimized these because they have been far smaller than previous shelling of Saigon.

"We have not made an agreement to have a cease-fire, we are not asking the other side totally to stand down," he said in an interview in Washington.

Only light ground fighting was reported, but U.S. B52 bombers struck on three sides of Saigon late yesterday and early today in the campaign to ward off another offensive against the capital. Crewmen reported seeing eight secondary explosions, indicating hits on munitions dumps.

The U.S. Command reported a new outbreak of fighting today 75 miles north of Saigon.

A spokesman said tanks and armored personnel carriers of the U.S. 11th Armored Cavalry Regiment encountered heavy enemy fire while sweeping nine miles from the Cambodian border. Helicopter gunships and dive-bombers were called in to support the armored column.

Fighting was reported continuing with 28 enemy killed so far. American casualties were light, the spokesman said.

Boy, 18, Booked In Assault Case

Ray Thomas Embury, 18, of 2141 Center Road, Novato, was jailed yesterday by San Rafael police on suspicion of attempted rape of a 13-year-old San Rafael girl.

The girl told police that Embury had accosted her at 9:30 a.m. two or three weeks ago on her way to school as she walked along railroad tracks near Lindero and Jordan streets. He grabbed her arm and made a sexual proposition, she told police, but left when she retreated the way she had come.

The girl did not make a police report at the time, but yesterday she and two friends saw Embury and a friend enter a coffee shop in downtown San Rafael, and followed him to a theater. They then reported the case to police, who booked Embury into Marin County Jail.

Embury was held in lieu of $625 bail to appear at 2 p.m. tomorrow in Marin Municipal Court.

Joint Sewage Plan Eyed

The Stinson Beach County Water District board Saturday agreed to investigate joining the Bolinas Community Public Utility District in a sewage disposal project, chairman Hugh Dougherty reported.

If the Bolinas district is interested in the joint venture, the board agreed to see how costs could be shared and to deterine how to set up an organizational structure for construction and one for operation and maintenance, Dougherty said.

If the preliminary steps can be worked out satisfactorily, a bond election would be called, Dougherty said, but gave no indication of the amount needed for a bond issue or when it might come up.

He said he was also authorized to explore the possibility of a merger with Marin Municipal Water District. He emphasized the board has taken no stand on a merger.

Business Tax Due Hub Study

A proposed amendment of the business tax ordinance is scheduled for considerations at the 8 p.m. meeting tomorrow of the San Anselmo City Council at city hall.

The amendment would place a gross receipts tax on all businesses. At present, retail businesses only are taxed on a gross receipts basis, while occupational and professional categories make fixed payments.

A public hearing on request of the Union Oil Co. of California for a use permit to construct and operate a service station at 930 Sir Francis Drake Boulevard also is scheduled.

Car Stolen

A white 1962 Chevrolet Impala, California license SGT 494, was stolen last night in the 600 block of Fourth Street from Susan K. Downey of 1426 Lincoln Avenue, San Rafael police reported today. Miss Downey told police she had been in a pizza restaurant for 10 minutes when she noticed the car missing from the curb.

Law, Order Discussion Is Slated

An interpretive discussion of "law and order," sponsored by the Mill Valley Forum, will be held at 8 p.m. Wednesday in the Mill Valley City Hall.

W. Garry Woodward, a section leader of the Marin chapter of the John Birch Society, a member of the Marin Support Your Local Police Committee and vice-chairman of the Birch Society's Truth About Civil Turmoil Committee, will present the Birch Society's view on the topic.

Speaking from a black radical standpoint will be Elmer Cooper, associate dean of students at San Francisco State College and job developer for the San Francisco Urban League.

Also on the panel will be attorney Joseph E. Sheeks, Golden Gate Bridge District director and former Mill Valley mayor; and Richard Werthimer, chairman of the legal committee of the California Civil Liberties Union and a member of the San Francisco Lawyers Selective Service panel.

Moderator will be Mill Valley councilman Robert H. Andresen.

Following debate, the discussion will be opened to questions and comment from the audience.

Gas Pedal Sticks, Brings Blackout

About 3,500 homes in Kentfield, Ross and a portion of San Rafael were without power for about an hour yesterday after a car hit a utility pole in Ross, according to Pacific Gas and Electric Co. spokesman.

Ross police said John Constantine of the Travelers Hotel, San Rafael, told them his gas pedal stuck while he was attempting a left turn at the corner of Sir Francis Drake Boulevard and Laurel Grove Avenue about 2:25 p.m.

His car hit the power pole and knocked down wires, causing the outage. Constantine was not hurt, police said.

Car Found On Span; No Body

The abandoned car of a Petaluma man was found at mid-span on Golden Gate Bridge early Saturday but a Coast Guard search found no body, the California Highway Patrol reported today.

Missing is James Elvis Graham, 27, of 2702 Stony Point Road, Petaluma, recently discharged from the Air Force. His car was found, engine running and lights off, at 4:30 a.m. Saturday on the bridge.

A drift marker was thrown to guide the Coast Guard but their search produced nothing.

Graham's mother, Mrs. James E. Graham, of the same address, said he had been depressed recently. He was last seen Friday evening by friends and was believed on his way to the San Jose area.

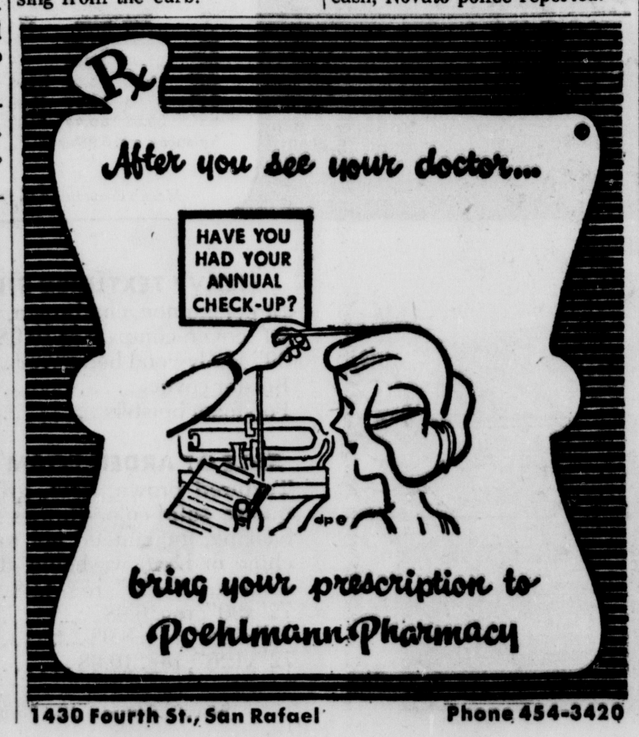

Station Is Looted Of $144 In Tires

A carload of young men stole three tires valued at $144 from a Union 76 station at Third and Mary streets Saturday night, San Rafael police reported today.

Police said the station attendant saw the men put one tire in their car at 7:45 p.m., chased them and got it back, but later found three more tires missing from a display rack.

Store Burglared

Burglars broke into the 7-11 Store at 8;; Diablo Avenue, Novato sometime between 11 p.m. Saturday and 6:45 a.m. yesterday, taking $270 in liquor and cigarettes, and $40 in cash, Novato police reported.

Girls Injured In 101 Accident

Three San Rafael girls were injured yesterday when their car veered onto the shoulder of Highway 101 in San Rafael, the California Highway Patrol reported today.

Laura Jo Belle, 12, of 855 Rincon Way, was treated for a broken right leg; Brenda Wade, 14, of 105-B Shaver Street, was treated for a broken right ankle, and Dolores Miller, 15, of 12 Francis Street, was treated for a bruised left shoulder.

The patrol said the accident occurred at 3:10 p.m. south of the Mission Avenue off-ramp when the car, driven by Henry Miller, 56, of 12 Francis Street, braked in slowing traffic. Miller told the highway patrol he turned onto the shoulder to avoid a rear-end collision and the car rolled down a shallow bank and over railroad tracks before halting.

Lawn Full Of 'For Sale' Signs

Some prankster took six "for sale" signs from around Novato and dumped them on the lawn of Emmett R. Wheelock at 19 Stasia Drive, Novato, sometime Saturday night or early yesterday, according to police.

Police reported that some of the signs came from Sharilyn Court, half a mile away, and some from other developments.

Police collected the signs and notified their owners that they could be picked up at the police station.

The signs belonged to Tankersley Realty of 1450 Grant Avenue; Western Realty of 1612 Grant Avenue; Westwood Homes Inc., 1215 Grant Avenue, all Novato; William Timmer Realty of 208 Northgate; Nipper and Marchant Realty of 1340 Lincoln Avenue, and Caldwell Banker and Co. of 142 Fifth Avenue, all San Rafael.

More Salary To Be Asked

Fairfax City Council, meeting at 8 p.m. tomorrow at the Fairfax Women's Club is scheduled to hear a committee report on the request of Frances R. Lestanguet, interim city administrator, that she be paid more money.

Mrs. Lestanguet told the council Oct. 22 that her monthly salary of $743 is not enough.

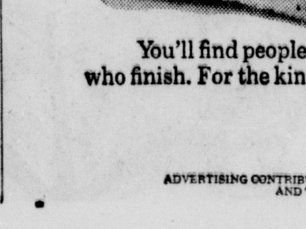

A public hearing is also scheduled for the meeting on establishing an underground utility district on Bolinas Avenue from Broadway to Elsie Lane.

Damage High In House Fire

Fire of unknown origin which started in the roof last night destroyed about 40 per cent of a Tamalpais Valley home.

Four fire trucks were dispatched. It took 45 minutes to extinguish the blaze at the home of Dr. Clarence H. Peterson at 220 Beryl Avenue.

Dr. Peterson and his wife called the fire department at 8 p.m. when they saw a blaze in the roof and then fled the house.

OBITUARIES

Richard McWhinney Dies At 65

Richard McWhinney, 65, of 224 Union Street, Apt. 4, San Rafael, was fatally stricken while attending a play at the Marin Art and Garden Center, Ross, Saturday night.

McWhinney was taken to Marin General Hospital where he was pronounced dead on arrival at 8:40 p.m., reported Richard W. Madigan, deputy coroner. McWhinney had a history of a hearh condition and apparently died of natural causes, Madigan reported.

A native of Illinois, McWhinney lived most of his life in Chicago, where he worked as a welder. He had lived in California six years and in Marin County for four years.

McWhinney is survived by his wife, Margaret; his daughter, Mrs. Ellen Tanabe, of San Rafael; and a granddaughter.

His body was taken to Keaton's Mortuary for autopsy. It was to be shipped from there to Chicago for funeral services.

MARY DAVIDSON

BERKELEY (AP) — Mary Blossom Davidson, former dean of women at the University of California's Berkeley campus and a member of the staff 40 years, died last night at a rest home here following a lengthy illness.

Miss Davidson, who would have celebrated her 85th birthday Nov. 23, was a member of a pioneer California family from Tehama County.

She retired from the university in 1951.

A dormitory unit on campus was named in her honor.

Private family services will be held at 11 a.m. tomorrow at Harry M. Williams Mortuary, San Rafael, with burial in Mount Tamalpais Cemetery, San Rafael.

He said he was also authorized to explore the possibility of a merger with Marin Municipal Water District. He emphasized the board has taken no stand on a merger.

Business Tax Due Hub Study

A proposed amendment of the business tax ordinance is scheduled for considerations at the 8 p.m. meeting tomorrow of the San Anselmo City Council at city hall.

The amendment would place a gross receipts tax on all businesses. At present, retail businesses only are taxed on a gross receipts basis, while occupational and professional categories make fixed payments.

A public hearing on request of the Union Oil Co. of California for a use permit to construct and operate a service station at 930 Sir Francis Drake Boulevard also is scheduled.

Car Stolen

A white 1962 Chevrolet Impala, California license SGT 494, was stolen last night in the 600 block of Fourth Street from Susan K. Downey of 1426 Lincoln Avenue, San Rafael police reported today. Miss Downey told police she had been in a pizza restaurant for 10 minutes when she noticed the car missing from the curb.

Law, Order Discussion Is Slated

An interpretive discussion of "law and order," sponsored by the Mill Valley Forum, will be held at 8 p.m. Wednesday in the Mill Valley City Hall.

W. Garry Woodward, a section leader of the Marin chapter of the John Birch Society, a member of the Marin Support Your Local Police Committee and vice-chairman of the Birch Society's Truth About Civil Turmoil Committee, will present the Birch Society's view on the topic.

Speaking from a black radical standpoint will be Elmer Cooper, associate dean of students at San Francisco State College and job developer for the San Francisco Urban League.

Also on the panel will be attorney Joseph E. Sheeks, Golden Gate Bridge District director and former Mill Valley mayor; and Richard Werthimer, chairman of the legal committee of the California Civil Liberties Union and a member of the San Francisco Lawyers Selective Service panel.

Moderator will be Mill Valley councilman Robert H. Andresen.

Following debate, the discussion will be opened to questions and comment from the audience.

Gas Pedal Sticks, Brings Blackout

About 3,500 homes in Kentfield, Ross and a portion of San Rafael were without power for about an hour yesterday after a car hit a utility pole in Ross, according to Pacific Gas and Electric Co. spokesman.

Ross police said John Constantine of the Travelers Hotel, San Rafael, told them his gas pedal stuck while he was attempting a left turn at the corner of Sir Francis Drake Boulevard and Laurel Grove Avenue about 2:25 p.m.

His car hit the power pole and knocked down wires, causing the outage. Constantine was not hurt, police said.

Car Found On Span; No Body

The abandoned car of a Petaluma man was found at mid-span on Golden Gate Bridge early Saturday but a Coast Guard search found no body, the California Highway Patrol reported today.

Missing is James Elvis Graham, 27, of 2702 Stony Point Road, Petaluma, recently discharged from the Air Force. His car was found, engine running and lights off, at 4:30 a.m. Saturday on the bridge.

A drift marker was thrown to guide the Coast Guard but their search produced nothing.

Graham's mother, Mrs. James E. Graham, of the same address, said he had been depressed recently. He was last seen Friday evening by friends and was believed on his way to the San Jose area.

Station Is Looted Of $144 In Tires

A carload of young men stole three tires valued at $144 from a Union 76 station at Third and Mary streets Saturday night, San Rafael police reported today.

Police said the station attendant saw the men put one tire in their car at 7:45 p.m., chased them and got it back, but later found three more tires missing from a display rack.

Store Burglared

Burglars broke into the 7-11 Store at 8;; Diablo Avenue, Novato sometime between 11 p.m. Saturday and 6:45 a.m. yesterday, taking $270 in liquor and cigarettes, and $40 in cash, Novato police reported.

Girls Injured In 101 Accident

Three San Rafael girls were injured yesterday when their car veered onto the shoulder of Highway 101 in San Rafael, the California Highway Patrol reported today.

Laura Jo Belle, 12, of 855 Rincon Way, was treated for a broken right leg; Brenda Wade, 14, of 105-B Shaver Street, was treated for a broken right ankle, and Dolores Miller, 15, of 12 Francis Street, was treated for a bruised left shoulder.

The patrol said the accident occurred at 3:10 p.m. south of the Mission Avenue off-ramp when the car, driven by Henry Miller, 56, of 12 Francis Street, braked in slowing traffic. Miller told the highway patrol he turned onto the shoulder to avoid a rear-end collision and the car rolled down a shallow bank and over railroad tracks before halting.

Lawn Full Of 'For Sale' Signs

Some prankster took six "for sale" signs from around Novato and dumped them on the lawn of Emmett R. Wheelock at 19 Stasia Drive, Novato, sometime Saturday night or early yesterday, according to police.

Police reported that some of the signs came from Sharilyn Court, half a mile away, and some from other developments.

Police collected the signs and notified their owners that they could be picked up at the police station.

The signs belonged to Tankersley Realty of 1450 Grant Avenue; Western Realty of 1612 Grant Avenue; Westwood Homes Inc., 1215 Grant Avenue, all Novato; William Timmer Realty of 208 Northgate; Nipper and Marchant Realty of 1340 Lincoln Avenue, and Caldwell Banker and Co. of 142 Fifth Avenue, all San Rafael.

More Salary To Be Asked

Fairfax City Council, meeting at 8 p.m. tomorrow at the Fairfax Women's Club is scheduled to hear a committee report on the request of Frances R. Lestanguet, interim city administrator, that she be paid more money.

Mrs. Lestanguet told the council Oct. 22 that her monthly salary of $743 is not enough.

A public hearing is also scheduled for the meeting on establishing an underground utility district on Bolinas Avenue from Broadway to Elsie Lane.

Damage High In House Fire

Fire of unknown origin which started in the roof last night destroyed about 40 per cent of a Tamalpais Valley home.

Four fire trucks were dispatched. It took 45 minutes to extinguish the blaze at the home of Dr. Clarence H. Peterson at 220 Beryl Avenue.

Dr. Peterson and his wife called the fire department at 8 p.m. when they saw a blaze in the roof and then fled the house.

OBITUARIES

Richard McWhinney Dies At 65

Richard McWhinney, 65, of 224 Union Street, Apt. 4, San Rafael, was fatally stricken while attending a play at the Marin Art and Garden Center, Ross, Saturday night.

McWhinney was taken to Marin General Hospital where he was pronounced dead on arrival at 8:40 p.m., reported Richard W. Madigan, deputy coroner. McWhinney had a history of a hearh condition and apparently died of natural causes, Madigan reported.

A native of Illinois, McWhinney lived most of his life in Chicago, where he worked as a welder. He had lived in California six years and in Marin County for four years.

McWhinney is survived by his wife, Margaret; his daughter, Mrs. Ellen Tanabe, of San Rafael; and a granddaughter.

His body was taken to Keaton's Mortuary for autopsy. It was to be shipped from there to Chicago for funeral services.

MARY DAVIDSON

BERKELEY (AP) — Mary Blossom Davidson, former dean of women at the University of California's Berkeley campus and a member of the staff 40 years, died last night at a rest home here following a lengthy illness.

Miss Davidson, who would have celebrated her 85th birthday Nov. 23, was a member of a pioneer California family from Tehama County.

She retired from the university in 1951.

A dormitory unit on campus was named in her honor.

Private family services will be held at 11 a.m. tomorrow at Harry M. Williams Mortuary, San Rafael, with burial in Mount Tamalpais Cemetery, San Rafael.

ELLEN DEELEY

Ellen Deeley, 75, a retired secretary, died yesterday at a local convalescent hospital following a lingering illness.

Miss Deeley, a native of England, had lived in California for 55 years.

She was a secretary with the California Packing Corporation, San Francisco, for many years and had lived in San Francisco until moving to Marin six years ago.

Bicycle Rider In Fair Condition

Philip Fredrick Haman, 9, of 52 Vendola Drive, Santa Venetia, was reported in fair condition today at Marin General Hospital with a skull fracture and multiple bruises and scrapes suffered yesterday noon when his bicyle was hit by a car in Santa Venetia, the California Highway Patrol reported today.

According to the highway patrol, the boy started across San Pedro Road near Meadow Drive, but made a U turn and rode back into the path of an oncoming car criven by Dennis W. Howard, 41, of 804 Rincon Way, Santa Venetia.

C. NORTHCOTE PARKINSON
A new look

Parkinson To Discuss His Law

A new look at Parkinson's law will be the lecture topic of Professor C. Northcote Parkinson at 8:15 p.m. Saturday in the fine arts theater at College of Marin.

Parkinson will discuss his most famous law, "Work expands so as to fill the time available for its completion," and bring it up to date.

The professor has long analyzed the absurdities of the "laws governing business operations in big governments, corporations, education and in smaller units.

Parkinson has also written books on corporate climbing through such methods as marrying the boss's daughter, how expenses rise to meet income, the cocktail party method of personnel selection and other organization topics.

Luci And Son In San Francisco Prior To Hawaii

SAN FRANCISCO (AP) — Luci Johnson Nugent and her 16-month-old son Lyn were in San Francisco over the weekend on the way to Hawaii for a reunion with her husband, Airman 1/c Patrick Nugent.

President Johnson's youngest daughter arrived Saturday night by commercial airliner and was driven to see Melinda Bates, whose husband was killed in a Navy jet trainer crash last September while he was stationed at Lemoore.

Luci was a bridesmaid at the wedding of Lt. (j.g.) Leroy Bates and Melinda Venable and said he was "almost like a brother" to her. Bates, 22, from Houston, Tex., was an usher at Luci's wedding when he was an ensign at Annapolis.

Nugent has a week's leave from cargo plane loadmaster duties at Pha Rang, South Vietnam, and is due in Honolulu Nov. 20.

Luci reportedly planned to spend a week in Hawaii before he flies in. But the time of her departure from San Francisco has not been announced.

1,200-Pound Welder Taken From Project

A 1,200-pound welder was stolen sometime Wednesday night or early Thursday morning from a boring company project at Highway 101 and Los Ranchitos Road, sheriff's deputies reported.

Woinoski Road Boring Co. of Martinez, Contra Costa County, reported that the gas-driven welder, valued at $500, was taken from the site, and deputies surmised that a truck and block and tackle were used in the theft.

Agenda Is Set

West Marin School District trustees will discuss roof leaks and hear a report on an inter-district agreement at 8 p.m. tomorrow at the West Marin School.

Next Session To Be Dec. 11

The next meeting of the Marin Mental Health Advisory Board will be at 8 p.m. Dec. 11 at the new Community Mental Health Center.

The Independent-Journal was incorrectly informed last week that the meeting would be tonight. The Dec. 11 meeting replaces what was to have been the next regular session on Christmas Day.

The board, which last met Wednesday night, asked the county board of supervisors — on the request of the community mental health services department — to create the positions of coordinator of mental health services and program evaluation analyst to serve in the department not just to work with the new center, as reported to the Independent-Journal.

Paintings by Sausalito artist Nan S. Fowler are on exhibit through December at Rico's, a Sausalito restaurant, at 1219 Bridgeway.

Sen. Kuchel's Mother Dies

LAGUNA BEACH (AP)—Lutetia Kuchel, 97, mother of U. S. Sen. Thomas Kuchel, R-Calif., died of a heart attack last night, the Orange County coroner said.

Mrs. Kuchel was dining in a Dana Point restaurant with her other son, Theodore, her only other survivor, when she collapsed. She was rushed to a Laguna Beach hospital but was dead on arrival.

She had been living in an Anaheim convalescent home and until a recent operation on one eye, had been blind for several years.

The sea iguana is the only lizard to adapt itself to marine conditions.

Middle School Bids On Trustee Agenda

Bids for grading and fill for the new middle school will be considered when the Mill Valley School District Board meets at 8 p.m. tomorrow at Park School.

The board will also hear a project report by architect Richard Jessup on rehabilitation at Homestead School, and will name a successor to Leo B. Edson, director of business services, who is leaving Friday for a job with the state department of education.

Fairfax Topic

The Fairfax Park and Recreation Commission will hear a report on the senior citizen program when it meets at 8 p.m. Wednesday at the Fairfax Women's Club, 46 Park Road.

Detroit Police Nab 11 In Bombs Probe

DETROIT (AP) — Detroit police today announced the arrest of 11 persons in connection with bombings in the Detroit area and Ann Arbor.

Detroit Police Commissioner Johannes Spreen said those arrested are charged with "conspiracy to place explosives with intent to damage property." If convicted, he said, they could be sentenced to as much as 25 years in prison.

Spreen did not release the names of those arrested and did not specify which bombings the 11 persons were charged with.

There have been a total of 13 bombings in southeastern Michigan since Labor Day.

Targets have included two draft boards and an Army Reserve center in suburban Macomb County and a building in which the Defense Department rented an office in Ann Arbor, home of the University of Michigan.

The headquarters of a motorcycle club was hit by an explosion Sunday in suburban Rosevifle.

Governor of Loyal Order of Moose, San Rafael Lodge 1803, is Calvin Hall.

Hiker Suffers Wound In Ankle

Robert A. Kraft, 15, of 434 Madrone Avenue, Larkspur, suffered a gunshot wound of the left ankle and foot while hiking on Mount Tamalpais Friday evening, according to the Marin County sheriff's office.

Deputies said they talked to the youth at 9:45 p.m. at Marin General Hospital where he was being treated and he explained that he and a friend were hiking when they met a middle-aged man carrying a gun "possibly a rifle," and when the gun was set down it went off.

Kraft was reported in fair condition at Marin General Hospital today.

Brewing Benefits

NEW YORK (UPI)—Refrigeration, pasteurization and air conditioning, three technological advances of benefit to mankind, all originated within the brewing industry, according to researchers of a brewing company.

ROSE WOODS
For 17 years

Nixon Will Retain His Secretary

KEY BISCAYNE, Fla. (AP) — For Rose Mary Woods, the first appointment of President-elect Richard M. Nixon's new administration means one thing. She is going to keep doing what she has been doing for 17 years.

Nixon announced yesterday that Miss Woods will be his personal secretary. That was no surprise. She has held the post since 1951.

SEVEN CAMPAIGNS

Brown-haired Miss Woods has traveled with Nixon on seven national political campaigns. She was on duty throughout the 1968 race, her normal post an electric typewriter on Nixon's chartered jet.

Miss Woods also accompanied Nixon on all but two of his official trips during the eight years he served as vice president.

Her years with Nixon have made her an expert on politics. She knows most of the nation's political leaders by face or by name and is acquainted with most of the newsmen who write about politics.

She is intensely loyal to the man she calls "the boss."

And Nixon relies heavily on her expertise in politics and government.

In any lineup of the aides important to the president-elect, Miss Wood would have to be included.

'WOMAN OF YEAR'

When Nixon returned to California in 1960, Miss Woods moved there too. A year later, the Los Angeles Times named her its "woman of the year." It was the first time that title had been conferred on a secretary.

Appropriately, she was honorary chairman of "Secretaries for Nixon" during the campaign just ended.

Miss Woods came originally from Sebring, Ohio, and now lives in New York City. She is in her forties.

Miss Woods lists her hobbies as reading, dancing and music.

Her brother, Joseph Woods, is a Republican leader in Illinois and now is sheriff of Cook County.

To Discuss Goals

Dr. Albert McClellan, program planning secretary of the Executive Committee of the Southern Baptist Convention, will discuss the purposes and goals of theological education at a special meeting of the Golden Gate Baptist Theological Seminary faculty at 2:15 p.m. tomorrow at the Strawberry Point School.

1,200-Pound Welder Taken From Project

A 1,200-pound welder was stolen sometime Wednesday night or early Thursday morning from a boring company project at Highway 101 and Los Ranchitos Road, sheriff's deputies reported.

Woinoski Road Boring Co. of Martinez, Contra Costa County, reported that the gas-driven welder, valued at $500, was taken from the site, and deputies surmised that a truck and block and tackle were used in the theft.

Agenda Is Set

West Marin School District trustees will discuss roof leaks and hear a report on an interdistrict agreement at 8 p.m. tomorrow at the West Marin School.

Next Session To Be Dec. 11

The next meeting of the Marin Mental Health Advisory Board will be at 8 p.m. Dec. 11 at the new Community Mental Health Center.

The Independent-Journal was incorrectly informed last week that the meeting would be tonight. The Dec. 11 meeting replaces what was to have been the next regular session on Christmas Day.

The board, which last met Wednesday night, asked the county board of supervisors — on the request of the community mental health services department — to create the positions of coordinator of mental health services and program evaluation analyst to serve in the department not just to work with the new center, as reported to the Independent-Journal.

Now On Display

Paintings by Sausalito artist Nan S. Fowler are on exhibit through December at Rico's, a Sausalito restaurant, at 1219 Bridgeway.

Sen. Kuchel's Mother Dies

LAGUNA BEACH (AP)—Lutetia Kuchel, 97, mother of U. S. Sen. Thomas Kuchel, R-Calif., died of a heart attack last night, the Orange County coroner said.

Mrs. Kuchel was dining in in a Dana Point restaurant with her other son, Theodore, her only other survivor, when she collapsed. She was rushed to a Laguna Beach hospital but was dead on arrival.

She had been living in an Anaheim convalescent home and until a recent operation on one eye, had been blind for several years.

The sea iguana is the only lizard to adapt itself to marine conditions.

Middle School Bids On Trustee Agenda

Bids for grading and fill for the new middle school will be considered when the Mill Valley School District Board meets at 8 p.m. tomorrow at Park School.

The board will also hear a project report by architect Richard Jessup on rehabilitation at Homestead School, and will name a successor to Leo B. Edson, director of business services, who is leaving Friday for a job with the state department of education.

Fairfax Topic

The Fairfax Park and Recreation Commission will hear a report on the senior citizen program when it meets at 8 p.m. Wednesday at the Fairfax Women's Club, 46 Park Road.

Prop. 1-A Benefits Unlikely Til Spring

SACRAMENTO (CNS) — California homeowners, who will benefit to the extent of $70 as a rebate of property taxes because of the passage of Proposition 1-A, needn't expect a check in the mails right away.

In fact, it probably will be after April 15 of next year, before checks start moving in volume.

Some of the procedures for obtaining the rebate were explained today by officials of the state Board of Equalization, which is in conference with representatives of county assessors. They are working out the procedures and forms necessary to effectuate the rebate.

The board itself will meet here at 1:30 p.m., Nov. 18, to give final approval to forms and rules and regulations which are necessary before any money changes hands.

Under the present plans, forms for the $70 rebate will be furnished county assessors.

The homeowner will apply in person for the form, which when filled out will start the wheels moving for the $70 rebate.

At the same time, the homeowner will apply for the $750 tax exemption on his property for the ensuing year.

Applications will commence on March 1, and those who have not applied by April 15 can forget the rebate.

After the form has been completed and verified by the homeowner, the verification being necessary because a rebate can be obtained only on the property occupied by the homeowners, it will be checked against the assessment rolls, then turned over to the state controller, who will issue the applicant a warrant for $70.

The office of Houston Flournoy, state controller, said it is hoped to have all the warrants for rebates mailed out by June 1. The mailing will involve several million warrants.

To qualify for the rebate and exemption for the next year, the applicant must be the owner of the property involved, and also must occupy the home as a principal place of residence.

Thus, the applicant who may own two homes cannot apply for two rebates or exemptions, regardless of the fact that one of the residences may be vacant.

Neither can a bank of other financial institution which may be handling the mortgage and tax payments for the homeowner, apply for the rebate, as the homeowner must sign the papers. The check will be mailed directly to the address contained on the application.

Board officials said that mobile homes, occupied as a principal place of dwelling and not taxed under the motor vehicle code, will qualify for the rebate, as will house-boats and condominiums. The owner of a duplex will qualify, but not the owners of a triplex or larger establishment, regardless of the fact that the owner may occupy one of the units as the principal place of dwelling.

It was also stated that in the case of joint tenancy, either person may sign the application, a procedure which will obviate the necessity of a few million wives being forced to accompany their husbands to the assessor's office, or visa-versa.

Homeowners Ask Aid For Highway Safety

Muir Woods Park Improvement Association members Friday night agreed to ask the state Division of Highways to install reflector lights on Panoramic Highway between the Dias Ranch and the Mountain Home, vice president John R. Iacometti reported.

The association also named new officers for 1969. Elected were Anne Wooldridge, president; Christiaan R. Timmner, vice president; Mary Lou Porter, secretary, and Elsie Heimann, treasurer.

College's Queen Finalists Named

Six College of Marin coeds were named as finalists in the homecoming queen contest.

Elected by student vote were Jackie L. Bridges, Maria Menhans and Nita Whittle, all of San Rafael; Sharon Filipelli and Martha Slivka, both of Larkspur, and Lauretta Smith of Marin City.

Students will vote again Thursday to select the homecoming queen who will be crowned at the homecoming dance at 9 p.m. Saturday at the college center.

Bolinas Fire Board Seeks Lot Rezoning

Bolinas Fire Protection District directors have voted to ask the county to rezone the district's one-acre parcel on Mesa Road from agriculture to public zone, chairman Manuel S. Peters reported.

Once the property is rezoned, Peters said, the board will apply for a building permit to construct a new fire station on the site.

The board asked the rezoning at a special meeting Friday.

The board's regular meeting is scheduled for 7:30 p.m. today at the fire station.

Russia Claims It Is Mediterranean Power

MOSCOW (UPI) — The Soviet government newspaper Izvestia said tonight the Soviet Union has become a Mediterranean power "and is directly concerned with peace and security of this area."

The official newspaper clearly implied that the Soviet naval presence will be maintained in the Mediterranean which previously was dominated by ships of the U.S. 6th Fleet.

It sad the Soviet fleet "is a factor which contributes toward consolidation of security of the whole Mediterranean area,"

(In London, high diplomatic sources last month put the number of Soviet vessels in the Mediterranean at between 45 and 50.)

"The Soviet Union is a Black Sea power and as such a Mediterranean power too," Izvestia said. "Therefore, it is directly concerned with peace and security of this area and located in the direct vicinity of the southern Soviet borders."

At the same time Izvestia proposed that the Mediterranean be turned into "a sea of peace," but said this could be accomplished only by the departure of American political and military presences from the area.

The authoritative newspaper accused the U.S. 6th Fleet of being "the club" of the United States "aggressive" foreign policy which is designed to create tensions and support "reactionary regimes in the area."

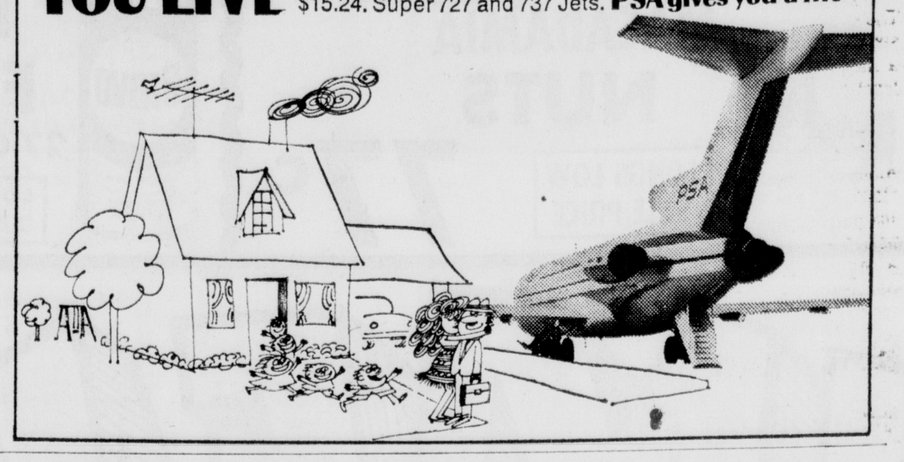

It also said Washington was supporting "the expansionist policies of the Israeli government" and using it "to maintain American supremacy in the area."

The Mediterranean should be turned into "a sea of peace," the paper said in a commentary. "This can be achieved only by active struggle against American imperialism whose political and military system in the Mediterranean sea should be liquidated."

Detroit Police Nab 11 In Bombs Probe

DETROIT (AP) — Detroit police today announced the arrest of 11 persons in connection with bombings in the Detroit area and Ann Arbor.

Detroit Police Commissioner Johannes Spreen said those arrested are charged with "conspiracy to place explosives with intent to damage property." If convicted, he said, they could be sentenced to as much as 25 years in prison.

Spreen did not release the names of those arrested and did not specify which bombings the 11 persons were charged with.

There have been a total of 13 bombings in southeastern Michigan since Labor Day.

Targets have included two draft boards and an Army Reserve center in suburban Macomb County and a building in which the Defense Department rented an office in Ann Arbor, home of the University of Michigan.

The headquarters of a motorcycle club was hit by an explosion Sunday in suburban Roseville.

Governor of Loyal Order of Moose, San Rafael Lodge 1803, is Calvin Hall.

Hiker Suffers Wound In Ankle

Robert A. Kraft, 15, of 434 Madrone Avenue, Larkspur, suffered a gunshot wound of the left ankle and foot while hiking on Mount Tamalpais Friday evening, according to the Marin County sheriff's office.

Deputies said they talked to the youth at 9:45 p.m. at Marin General Hospital where he was being treated and he explained that he and a friend were hiking when they met a middle-aged man carrying a gun "possibly a rifle," and when the gun was set down it went off.

Kraft was reported in fair condition at Marin General Hospital today.

Brewing Benefits

NEW YORK (UPI)—Refrigeration, pasteurization and air conditioning, three technological advances of benefit to mankind, all originated within the brewing industry, according to researchers of a brewing company.

ROSE WOODS
For 17 years

Nixon Will Retain His Secretary

KEY BISCAYNE, Fla. (AP) — For Rose Mary Woods, the first appointment of President-elect Richard M. Nixon's new administration means one thing: She is going to keep doing what she has been doing for 17 years.

Nixon announced yesterday that Miss Woods will be his personal secretary. That was no surprise. She has held the post since 1951.

SEVEN CAMPAIGNS

Brown-haired Miss Woods has traveled with Nixon on seven national political campaigns. She was on duty throughout the 1968 race, her normal post an electric typewriter on Nixon's chartered jet.

Miss Woods also accompanied Nixon on all but two of his official trips during the eight years he served as vice president.

Her years with Nixon have made her an expert on politics. She knows most of the nation's political leaders by face or by name and is acquainted with most of the newsmen who write about politics.

She is intensely loyal to the man she calls "the boss."

And Nixon relies heavily on her expertise in politics and government.

In any lineup of the aides important to the president-elect, Miss Wood would have to be included.

'WOMAN OF YEAR'

When Nixon returned to California in 1960, Miss Woods moved there too. A year later, the Los Angeles Times named her its "woman of the year." It was the first time that title had been conferred on a secretary.

Appropriately, she was honorary chairman of "Secretaries for Nixon" during the campaign just ended.

Miss Woods came originally from Sebring, Ohio, and now lives in New York City. She is in her forties.

Miss Woods lists her hobbies as reading, dancing and music.

Her brother, Joseph Woods, is a Republican leader in Illinois and now is sheriff of Cook County.

To Discuss Goals

Dr. Albert McClellan, program planning secretary of the Executive Committee of the Southern Baptist Convention, will discuss the purposes and goals of theological education at a special meeting of the Golden Gate Baptist Theological Seminary faculty at 2:15 p.m. tomorrow at the Strawberry Point School.

Hearing Tests On Rock Players Reveal Sounds Are Loud, Clear

NEW YORK (UPI)—Contrary to scientific standards and the expectations of older people, the up-and-coming generation of Americans is not going to be semi-deaf because of its addiction to rock and roll music.

The older people's expectations are based on what to them is the ear-shattering noise. Dr. William F. Rintelmann and Judith F. Borus, who are auditory scientists, were impressed enough to investigate.

And right away they found a solid basis for the expectations. The measured noise output of six rock and roll groups yielded a mean over-all sound pressure level of 105 decibels.

DOCTOR'S STANDARDS

According to the widely used American Medical Association standards, habitual exposure to 105 decibels of broad spectrum noise for more than 16 minutes a day is likely to cause a permanent hearing loss.

Rintelmann and Miss Borus then measured the hearing of 42 rock and roll musicians, on the grounds that if any ears are damaged by the ruckus they would have to be the ears of the men who make it.

The 42 had been exposed to 105 "hard rock" decibels for an average of 11.4 hours a week for an average of 2.9 years. By the AMA standards all should have shown marked hearing loss.

FINDINGS DIFFER

But the hearing of all but 2 of the 42 was normal, and the scientists could only report to an AMA technical journal that the expectations of older people are ill-founded and the scientific standards are inexact.

"Since rock and roll musicians generally have more exposure to this type of music than any other single group, one would expect that if this music does not cause hearing losses in the musicians, it probably does not cause hearing losses in any other group," they said.

The AMA standards are based on factory noises which usually are continuous while rock and roll noise "is generally on for 3 or 4 minutes, then off for about 1 minute." Though the off-time is very short, it is "apparently sufficient to allow at least partial recovery from auditory fatigue," they added.

WHY SO LOUD?

Rintelmann and Miss Borus work with audiology and speech sciences at Michigan State University, East Lansing. They asked the college student patrons of the musicians why is "rock and roll music played as loud as it is?"

The most common response was that the musicians performed at such a high decible level in order "to drown out their own mistakes." Another opinion was that rock and roll had to be loud if it was going to "take control" of the listeners' minds.

Hitchhiker Is Arrested; Held As Drug Suspect

A hitchhiker stopped by Novato police on Highway 101, north of Grant Avenue just before noon yesterday, was found to have a substance thought to be marijuana when asked for his identification, according to Novato police.

Booked into Marin County Jail on suspicion of possession of marijuana with bail set at $625 was Charles Edwin Johnson, 20, no address. He is scheduled to appear at 2 p.m. tomorrow in Marin Municipal Court.

The Berkeley Municipal Court also has a warrant out for his arrest on the theft of found property with bail set at $550, according to Novato police.

Ornaments Taken

C. W. Carpenter, 1 Post Street, Petaluma, reported a green and white Spanish vase and two orange flamingo decorations were stolen from in front of his home sometime Saturday. They were valued at $37.

Mountain Weighing Could Help Find Future Quakes

WASHINGTON (UPI) — Scientists are "weighing" the mountains of California and Alaska.

For a scales they are using a gravimeter, an accurate device for measuring differences in the pull of gravity at different places on the earth's surface.

Variations in the force of gravity are caused by a number of things, including variations in the kind of rock in the planet's crust. Thus the gravimeter's data provide clues to the underlying geology of the regions where the measurements are made.

In th California-Alaska mountain weighing project, which should be completed by 1970, the U.S. Geological Survey is working with the California Division of Mines and Geology, the Army Map Service, and the Aeronautical Chart and Information Center of the Air Force.

STRUCTURE CLUES

Gravity information is of immense interest to science for what it tells about the planet and its structure. It also is of great practical importance. For example, variations in the force of gravity

Affect the path of satellites in orbit around the earth. This is particularly important in the case of spacecraft, such as communications satellites, which must be tracked with extreme accuracy

May reveal the presence beneath populated areas of hitherto unsuspected crustal faults, or fractures, which could be the locale of future earthquakes.

Can help in the never-ending search for new sources of mineral wealth.

DISTANCE, WEIGHT

The force of gravity is strongest at the earth's center and diminishes with distance from it. Thus a man who weighed 200 pounds on the bulging equator would weigh 201 pounds at the slightly flattened pole ends of the planet.

Also, men weigh somewhat less on the summits of high mountains than they do in the valleys below.

Gravity measurements already have disclosed that great mountains, massive as they seem, actually consist of comparatively light rocks "floating" on denser underlying rock material much as an iceberg floats in water.

Such measurements help to locate and identify specific rock strata beneath the surface, and so may be of immediate practical value, according to Howard W. Oliver of the Geological Survey's office at Menlo Park.

"Previous gravity measurements in Alaska," he said, "have helped outline and define the extent of sedimentary basins that contain oil-bearing deposits such as Cook Inlet near Anchorage."

Church Burglary

Burglars stole $20 in cash and between $50 and $100 in checks from St. John's Episcopal Church, Fifth and C streets, Petaluma, sometime between midnight and 6 a.m. Saturday, police reported. They said a lock on a side door had been pried with a knife.

The Presidio of San Francisco, now covering about 1500 acres, was originally a walled camp approximately 600 feet square surrounded by palisade-type walls.

Prop. 1-A Benefits Unlikely Til Spring

SACRAMENTO (CNS) — California homeowners, who will benefit to the extent of $70 as a rebate of property taxes because of the passage of Proposition 1-A, needn't expect a check in the mails right away.

In fact, it probably will be after April 15 of next year, before checks start moving in volume.

Some of the procedures for obtaining the rebate were explained today by officials of the state Board of Equalization, which is in conference with representatives of county assessors. They are working out the procedures and forms necessary to effectuate the rebate.

The board itself will meet here at 1:30 p.m., Nov. 18, to give final approval to forms and rules and regulations which are necessary before any money changes hands.

Under the present plans, forms for the $70 rebate will be furnished county assessors.

The homeowner will apply in person for the form, which when filled out will start the wheels moving for the $70 rebate.

At the same time, the homeowner will apply for the $750 tax exemption on his property for the ensuing year.

Applications will commence on March 1, and those who have not applied by April 15 can forget the rebate.

After the form has been completed and verified by the homeowner, the verification being necessary because a rebate can be obtained only on the property occupied by the homeowners, it will be checked against the assessment rolls, then turned over to the state controller, who will issue the applicant a warrant for $70.

The office of Houston Flournoy, state controller, said it is hoped to have all the warrants for rebates mailed out by June 1. The mailing will involve several million warrants.

To qualify for the rebate and exemption for the next year, the applicant must be the owner of the property involved, and also must occupy the home as a principal place of residence.

Thus, the applicant who may own two homes cannot apply for two rebates or exemptions, regardless of the fact that one of the residences may be vacant.

Neither can a bank of other financial institution which may be handling the mortgage and tax payments for the homeowner, apply for the rebate, as the homeowner must sign the papers. The check will be mailed directly to the address contained on the application.

Board officials said that mobile homes, occupied as a principal place of dwelling and not taxed under the motor vehicle code, will qualify for the rebate, as will house-boats and condominiums. The owner of a duplex will qualify, but not the owners of a triplex or larger establishment, regardless of the fact that the owner may occupy one of the units as the principal place of dwelling.

It was also stated that in the case of joint tenancy, either person may sign the application, a procedure which will obviate the necessity of a few million wives being forced to accompany their husbands to the assessor's office, or visa-versa.

Homeowners Ask Aid For Highway Safety

Muir Woods Park Improvement Association members Friday night agreed to ask the state Division of Highways to install reflector lights on Panoramic Highway between the Dias Ranch and the Mountain Home, vice president John R. Iacometti reported.

The association also named new officers for 1969. Elected were Anne Wooldridge, president; Christiaan R. Timmner, vice president; Mary Lou Porter, secretary, and Elsie Heimann, treasurer.

College's Queen Finalists Named

Six College of Marin coeds were named as finalists in the homecoming queen contest.

Elected by student vote were Jackie L. Bridges, Maria Menhans and Nita Whittle, all of San Rafael; Sharon Filipelli and Martha Slivka, both of Larkspur, and Lauretta Smith of Marin City.

Students will vote again Thursday to select the homecoming queen who will be crowned at the homecoming dance at 9 p.m. Saturday at the college center.

Bolinas Fire Board Seeks Lot Rezoning

Bolinas Fire Protection District directors have voted to ask the county to rezone the district's one-acre parcel on Mesa Road from agriculture to public zone, chairman Manuel S. Peters reported.

Once the property is rezoned, Peters said, the board will apply for a building permit to construct a new fire station on the site.

The board asked the rezoning at a special meeting Friday.

The board's regular meeting is scheduled for 7:30 p.m. today at the fire station.

Russia Claims It Is Mediterranean Power

MOSCOW (UPI) — The Soviet government newspaper Izvestia said tonight the Soviet Union has become a Mediterranean power "and is directly concerned with peace and security of this area."

The official newspaper clearly implied that the Soviet naval presence will be maintained in the Mediterranean which previously was dominated by ships of the U.S. 6th Fleet.

It sad the Soviet fleet "is a factor which contributes toward consolidation of security of the whole Mediterranean area,"

(In London, high diplomatic sources last month put the number of Soviet vessels in the Mediterranean at between 45 and 50.)

"The Soviet Union is a Black Sea power and as such a Mediterranean power too," Izvestia said. "Therefore, it is directly concerned with peace and security of this area and located in the direct vicinity of the southern Soviet borders."

At the same time Izvestia proposed that the Mediterranean be turned into "a sea of peace," but said this could be accomplished only by the departure of American political and nilitary presences from the area.

The authoritative newspaper accused the U.S. 6th Fleet of being "the club" of the United States "aggressive" foreign policy which is designed to create tensions and support "reactionary regimes in the area."

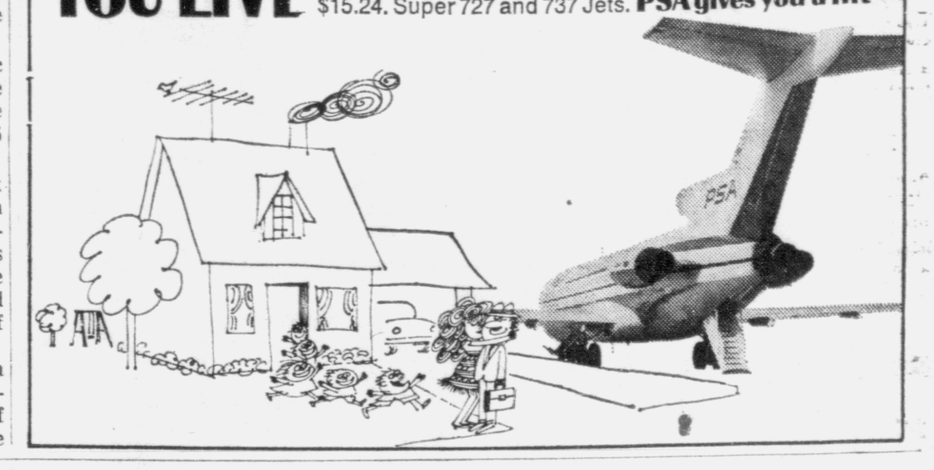

It also said Washington was supporting "the expansionist policies of the Israeli government" and using it "to maintain American supremacy in the area."

The Mediterranean should be turned into "a sea of peace," the paper said in a commentary. "This can be achieved only by active struggle against American imperialism whose political and military system in the Mediterranean sea should be liquidated."

Bike Path Backer Out Selling Idea

By FRANK FARRARA

Elizabeth Terwilliger, energetic Mill Valley conservationist, held a pep rally yesterday to garner support for a bicycle path from Sausalito to Tamalpais High School.

With boundless enthusiasm she pushed for a path alongside the Northwestern Pacific Railroad Co. tracks before an audience of about 40 persons, including civic officials, young bicyclists and press representatives.

"Let's get the kids off the highways," she told the group gathered under the south end of the Richardson Bay Bridge. "The highways are so busy, they're a hazard."

Mrs. Terwilliger proposed that a strip about three to four feet wide be paved alongside the tracks. "If it were more than four feet, sports cars might want to use it," she said.

Four years ago "kids wouldn't be caught dead with a bicycle," and now the "bicycle rack" at Tamalpais High School is full, she contended. "The bug is catching on."

County Park Planner Brian Wittenkeller said he didn't want to put a damper on the proposal, but he had word from the railroad company it would discourage a pedestrian or bicycle path alongside the right-of-way.

Undaunted, Mrs. Terwilliger replied, "There's no reason for the railroad to say no."

Several officials noted that since the railroad's application to abandon the Sausalito branch line, a 7.5 mile stretch from south of Greenbrae to Sausalito, is before the Interstate Commerce Commission, it probably wouldn't make any commitment.

"The amount of time this track is used is ridiculous," Mrs. Terwilliger said. If there were a bicycle path, it would be used every day."

Wittenkeller proposed an alternate plan for a path through the area, which would require acquiring right-of-way from some property owners including land at the Kappas Yacht Harbor.

David Freedheim, a member of the Sausalito School Board, expressed concern about the safety of cyclists and suggested that there be a small fence "to discourage riders from getting too close to the trains.

Mrs. Terwilliger said the only safe places in Marin for cyclists are the state parks. "All other places are hazards," she said.

She called for cooperation of all local governmental agencies and envisioned the Sausalito to Tamalpais High path as the start toward other bicycle paths.

Mrs. Terwilliger led the group on a walk down the tracks about 100 yards, interspersing her campaign for a bicycle path with comments about nature lore along the way.

After the group returned to the bridge, she got on her bicycle and rode along Shoreline Highway through Sunday traffic to the Mill Valley Recreation Center.

There she made a final appeal for help in the campaign and said there would be another field trip Dec. 9 to view possible trail routes from the Marin side of the Golden Gate Bridge to Sausalito.

City officials from Sausalito, Mill Valley and Tiburon and Supervisor-elect Michael Wornum of Mill Valley were among those attending the field trip.

School Costs To Be Reviewed

Cost estimates for enlarging and improving San Rafael and Terra Linda high schools and building a new high school on the Glenwood site will be presented to the San Rafael Board of Education at 7:30 p.m. tomorrow in the district office.

The discussion will be in preparation for a decision, scheduled for Nov. 26, on what kind of a bond issue to present to district voters next year for expanded high school facilities.

Among alternatives presented to trustees at a special meeting Nov. 2 was a pod-type high school with classrooms clustered around a centralized learning center, science laboratories and other resource facilities.

Also scheduled is a request that the emergency purchase of three school buses be ratified and a discussion of the district's sabbatical leave policy.

U.S. NATO Partners Study Defense Roles

BRUSSELS (UPI)—America's European partners are considering meeting U.S. requests to shoulder more of the burden of defending the West, a North Atlantic Treaty Organization (NATO) official said today.

Matthias A. Mathiesen, president of the North Atlantic Assembly, said the alliance also is studying the establishment of a European defense authority to give America's partners a bigger say in deciding NATO action.

Mathiesen made the announcements in opening a session of the Assembly called to study NATO in view of the Soviet bloc Aug. 21 invasion of Czechoslovakiag 21 invasi on of Czechoslovakia.

President Johnson and President-elect Richard M. Nixon both have urged America's smaller partners to put more money and manpower into the largely U.S.-led NATO defense effort.

Mathiesen said, "The weaker and smaller members of the alliance will require firm guarantees that if they do increase their political and defense policies they do not run the risk of a corresponding reduction in the American commitment to the alliance as a whole."

The United States keeps more than 200,000 combat troops in West Germany plus massive air and fleet units stationed from the Baltic to the Mediterranean in defense of western Europe.

Mathiesen said the Russian occupation of Czechoslovakia was "a painful reminder of the danger which threatens us from the east." NATO was born almost 20 years ago to meet the threat of Soviet pressure.

"Many cherished illusions about detente have now been broken," the Assembly president said, referring to East-West relations. "Nonetheless we must not give up the aim of achieving genuine improvements in our relations with the Soviet Union," he said.

Manlio Brosio, NATO secretary general, told the meeting the invasion of Czechoslovakia means the United States must keep its present force in Europe for a period of time "which cannot be determined now."

He said America's partners must not cut their defense forces and must bring them up to the levels pledged for NATO defense. Most member nations have under-strength forces.

Brosio said the Kremlin action in Czechoslovakia has not returned the Cold War era. But he said, "We are not sure that a repressive action would not be extended to Yugoslavia or Albania if Moscow judged their evolution had become intolerable."

He especially stressed the danger to West Berlin. He said NATO governments "should leave the Soviet Union with no doubts about their determination to preserve the life and freedom of this city."

Brosio also cited the "new uneasiness" over the Soviet fleet buildup in the Mediterranean, saying it could become serious in the event of a new Arab-Iraeli war.

Marinite Hurt In Lake County Cycle Event

Leo F. Schwab Jr. of San Rafael was reported in critical condition today at Marin General Hospital with head injuries suffered in a motorcycle accident yesterday in Lake County.

Schwab, 37, of 61 Martens Boulevard, operates a service station in Terra Linda and is a former San Rafael fireman.

Police agencies in Lake County had no details of the accident but said it occurred at approximately 3 p.m. on Little Creek Road north of Upper Lake. No other vehicles were known to be involved.

Schwab was taken to Lakeside Community Hospital and later transferred to Marin General Hospital, where he is in the intensive care unit.

New Transplant Patients Are In Good Shape

HOUSTON (UPI)—All four organ recipients in a weekend multiple transplant operation were in satisfactory condition today, and two of them got square meals to help them along.

Edmond Johnson, 44, of Crockett, Tex., and Harry Caserta, 40, of Tyler, Tex., ate a near normal died yesterday in Methodist Hospital and visited with their families about 24 hours after receiving new kidneys.

The heart and left lung of the same donor were transplanted into Andrew js. Perhace, 55, of Hempstead, N.Y., and Walter Charles arey, 43, of Carmel, N.Y., at St. Luke's Hospital.

The donor, a 27-year-old New Jersey housewife whose name was withheld at the request of her husband, had suffered a massive brain hemorrhare.

Two Young Men Free In Marijuana Case

Two Marin County youths, arrested on suspicion of marijuana possession by San Rafael police early Friday, were freed that afternoon when the district attorney announced that no charges would be filed pending further investigation.

Freed were Thomas Fraser Cudworth, 20, of 53 Bennit Avenue, San Anselmo, and Jesse Howard Chidester, 20, of 88 Elm Street, Larkspur.

Hearing Tests On Rock Players Reveal Sounds Are Loud, Clear

NEW YORK (UPI)—Contrary to scientific standards and the expectations of older people, the up-and-coming generation of Americans is not going to be semi-deaf because of its addiction to rock and roll music.

The older people's expectations are based on what to them is the ear-shattering noise. Dr. William F. Rintelmann and Judith F. Borus, who are auditory scientists, were impressed enough to investigate.

And right away they found a solid basis for the expectations. The measured noise output of six rock and roll groups yielded a mean over-all sound pressure level of 105 decibels.

DOCTOR'S STANDARDS

According to the widely used American Medical Association standards, habitual exposure to 105 decibels of broad spectrum noise for more than 16 minutes a day is likely to cause a permanent hearing loss.

Rintelmann and Miss Borus then measured the hearing of 42 rock and roll musicians, on the grounds that if any ears are damaged by the ruckus they would have to be the ears of the men who make it.

The 42 had been exposed to 105 "hard rock" decibels for an average of 11.4 hours a week for an average of 2.9 years. By the AMA standards all should have shown marked hearing loss.

FINDINGS DIFFER

But the hearing of all but 2 of the 42 was normal, and the scientists could only report to an AMA technical journal that the expectations of older people are ill-founded and the scientific standards are inexact.

"Since rock and roll musicians generally have more exposure to this type of music than any other single group, one would expect that if this music does not cause hearing losses in the musicians, it probably does not cause hearing losses in any other group," they said.

The AMA standards are based on factory noises which usually are continuous while rock and roll noise "is generally on for 3 or 4 minutes, then off for about 1 minute." Though the off-time is very short, it is "apparently sufficient to allow at least partial recovery from auditory fatigue," they added.

WHY SO LOUD?

Rintelmann and Miss Borus work with audiology and speech sciences at Michigan State University, East Lansing. They asked the college student patrons of the musicians why is "rock and roll music played as loud as it is?"

The most common response was that the musicians performed at such a high decible level in order "to drown out their own mistakes." Another opinion was that rock and roll had to be loud if it was going to "take control" of the listeners' minds.

Hitchhiker Is Arrested; Held As Drug Suspect

A hitchhiker stopped by Novato police on Highway 101, north of Grant Avenue just before noon yesterday, was found to have a substance thought to be marijuana when asked for his identification, according to Novato police.

Booked into Marin County Jail on suspicion of possession of marijuana with bail set at $625 was Charles Edwin Johnson, 20, no address. He is scheduled to appear at 2 p.m. tomorrow in Marin Municipal Court.

The Berkeley Municipal Court also has a warrant out for his arrest on the theft of found property with bail set at $550, according to Novato police.

Ornaments Taken

C. W. Carpenter, 1 Post Street, Petaluma, reported a green and white Spanish vase and two orange flamingo decorations were stolen from in front of his home sometime Saturday. They were valued at $37.

Mountain Weighing Could Help Find Future Quakes

WASHINGTON (UPI) — Scientists are "weighing" the mountains of California and Alaska.

For a scales they are using a gravimeter, an accurate device for measuring differences in the pull of gravity at different places on the earth's surface.

Variations in the force of gravity are caused by a number of things, including variations in the kind of rock in the planet's crust. Thus the gravimeter's data provide clues to the underlying geology of the regions where the measurements are made.

In th California-Alaska mountain weighing project, which should be completed by 1970, the U.S. Geological Survey is working with the California Division of Mines and Geology, the Army Map Service, and the Aeronautical Chart and Information Center of the Air Force.

STRUCTURE CLUES

Gravity information is of immense interest to science for what it tells about the planet and its structure. It also is of great practical importance. For example, variations in the force of gravity

Affect the path of satellites in orbit around the earth. This is particularly important in the case of spacecraft, such as communications satellites, which must be tracked with extreme accuracy

May reveal the presence beneath populated areas of hitherto unsuspected crustal faults, or fractures, which could be the locale of future earthquakes.

Can help in the never-ending search for new sources of mineral wealth.

DISTANCE, WEIGHT

The force of gravity is strongest at the earth's center and diminishes with distance from it. Thus a man who weighed 200 pounds on the bulging equator would weigh 201 pounds at the slightly flattened pole ends of the planet.

Also, men weigh somewhat less on the summits of high mountains than they do in the valleys below.

Gravity measurements already have disclosed that great mountains, massive as they seem, actually consist of comparatively light rocks "floating" on denser underlying rock material much as an iceberg floats in water.

Such measurements help to locate and identify specific rock strata beneath the surface, and so may be of immediate practical value, according to Howard W. Oliver of the Geological Survey's office at Menlo Park.

"Previous gravity measurements in Alaska," he said, "have helped outline and define the extent of sedimentary basins that contain oil-bearing deposits such as Cook Inlet near Anchorage."

Church Burglary

Burglars stole $20 in cash and between $50 and $100 in checks from St. John's Episcopal Church, Fifth and C streets, Petaluma, sometime between midnight and 6 a.m. Saturday, police reported. They said a lock on a side door had been pried with a knife.

STUDY OF PEOPLE

Second Language? U.N. Aide Knows 66

UNITED NATIONS, N.Y. (AP) — Most people who learn a second language consider it quite a feat, but there is a man at the United Nations who knows 66 of them.

"This does not include dialects, of course," said Georges Schmidt, 53-year-old specialist in the U.N. translation department.

"For example, I have studied about 15 Arabic dialects, but I count them as only one language."

Schmidt, who works in a small office cluttered with bales of documents and shelves of books in about 80 tongues, has the look of a born scholar. His eyes light up as he recalls the dozens of languages he has acquired in school and in his travels to 83 countries.

"I have made a hobby of linguistics because I am interested in people," said Schmidt, who became intrigued by languages at the age of 10. "The best way to study people is to learn the tongue they speak."

Most U.N. translators work in two and occasionally three of the official U.N. languages besides their mother tongue. Schmidt works in all five plus various others as a terminologist, or expert on new words and hard-to-find terms.

"I use English, French, Spanish and Russian regularly and Chinese less often," he said in matter of fact tones. "And often I have to draw on other tongues."

Born in Strasbourg, France, Schmidt spoke French and Alsatian as a child, but he soon raised his sights. In high school, he sailed through courses in Latin, Greek, English, Italian and German. Before graduation he had won a nationwide Latin contest and became a linguist to reckon with.

Proceeding to Paris to study for the foreign service with hopes of becoming a consul, Schmidt enrolled at the Sorbonne. Languages still fascinated him, however, and he also entered the prestigious School of Oriental Languages.

Before his student days were over, Schmidt had acquired a fairly thorough knowledge of Spanish, Russian, Chinese, Arabic, Turkish, Persian, Urdu, Malay, Japanese, Czech, Polish, Serbo-Croat and Hungarian.

In 1937-38, he served his military duty in Lebanon and Syria and pursued his study of the languages of the Middle East.

After France fell in World War II, Schmidt enrolled at Strasbourg University in Clermont-Ferrand. By this time his linguistic accomplishments could be listed by groups, including Romance languages, Germanic, Slavic, Semitic, Iranian, Indo-Aryan, Turkic and Finno-Ugrian.

Two years in a German concentration camp slowed up his studies, but after the war, Schmidt joined the infant United Nations and made two trips around the world while with the Economic Commission for Asia and the Far East. As he went from country to country, he broadened his knowledge of the native tongues.

"I had done some traveling before the war, such as trips to Hungary and Morocco," he said, "and now I began making trips during my vacations. They included four trips to Africa and travels through Latin America."

In the course of his travels, he learned languages in other groups such as Basque, Celtic, Latvian - Lithuanian, Laotian, Thai, Vietnamese and a tongue of Peru and Bolivia known as Quechua.

"Learning languages becomes easier as you acquire thorough grounding in the various groupings," said Schmidt, who lives with his wife in a New York apartment surrounded by about 3,000 books.

He has been a member of the U.N. translation section 22 years.

What is the most difficult language to learn? Schmidt thought for a moment, then observed: "I would say Japanese, unless of course you first learned Chinese. Both languages have about 8,000 characters, a different character for every word."

His spare time is taken up learning new languages.

"I would like to compile a list of the existing languages," he said, "but I doubt I ever will, because it is too complicated a task. The closest estimate of the total is somewhere between 2,500 and 3,500, and no two linguistic schools agree on what is language and what is dialect."

Schmidt has been keeping busy recently boning up on Melanesian pidgin, a hybrid tongue spoken by the natives of New Guinea.

"I have also begun to study Fang in honor of Equatorial Guinea's entry into the United Nations. It is not a simple language, but none really is."

Guitarist To Give Concert Wednesday

The concert of Flamenco guitarist Juan Serrano, planned for last Thursday in Santa Rosa, has been rescheduled for Wednesday at 7 p.m. in Ives Hall at Sonoma State College.

Sponsored by the college Spanish Club, Serrano was delayed in Santa Clara and did not arrive for the 7:30 p.m. concert in Santa Rosa until 9:45 p.m. Tickets for the original concert will be honored. Other tickets can be purchased only at the door.

Dope, Weapon Charged In Sausalito Arrest

Marshall Irwin Craig, 20, of 203 Drake Avenue, Marin City, was booked into Marin County jail by Sausalito police Saturday on a bench warrant charging marijuana possession and on suspicion of possessing a concealed weapon.

Police said they arrested the youth on the bench warrant, issued when he failed to make a Marin Superior Court appearance, and found he was carrying a loaded gun.

Craig was held today in lieu of $3,125 bail and was to appear in Municipal and Superior courts tomorrow if he has not made bail by then.

Minor Request

The Valley Planning Commission will consider a minor subdivision request by Manuel Gomez for property on Gomez Way at 8 p.m. tomorrow in city hall. Also scheduled is a sign variance request for the Purity Market property at 621-689 East Blithedale Avenue.

MEET YOUR ARTHUR MURRAY DANCING TEACHER OF THE WEEK

Donna Wisecup enrolled as a pupil in the Portland, Ore., studio eight years ago. Her interest in dancing led to a teacher's training course, then teaching.

A native of Grant's Pass, Ore., Donna has been at the San Anselmo studio for five years.

Dedicated to dancing even in her childhood, Donna studied ballet and acrobatic dancing.

She specializes in tango, the "dance of lovers." She has earned a reputation for starting beginners in dancing and for putting them at ease with her friendly smile and genuine interest in their dancing problems.

Before she took up a dancing career, Donna was a legal secretary in her native Oregon, working for the state's first woman attorney.

Why don't you come in tonight and meet her and take advantage of our offer for a complimentary lesson?

Bike Path Backer Out Selling Idea

By FRANK FARRARA

Elizabeth Terwilliger, energetic Mill Valley conservationist, held a pep rally yesterday to garner support for a bicycle path from Sausalito to Tamalpais High School.

With boundless enthusiasm she pushed for a path alongside the Northwestern Pacific Railroad Co. tracks before an audience of about 40 persons, including civic officials, young bicyclists and press representatives.

"Let's get the kids off the highways," she told the group gathered under the south end of the Richardson Bay Bridge. "The highways are so busy, they're a hazard."

Mrs. Terwilliger proposed that a strip about three to four feet wide be paved alongside the tracks. "If it were more than four feet, sports cars might want to use it," she said.

Four years ago "kids wouldn't be caught dead with a bicycle," and now the "bicycle rack" at Tamalpais High School is full, she contended. "The bug is catching on."

County Park Planner Brian Wittenkeller said he didn't want to put a damper on the proposal, but he had word from the railroad company it would discourage a pedestrian or bicycle path alongside the right-of-way.

Undaunted, Mrs. Terwilliger replied, "There's no reason for the railroad to say no."

Several officials noted that since the railroad's application to abandon the Sausalito branch line, a 7.5 mile stretch from south of Greenbrae to Sausalito, is before the Interstate Commerce Commission, it probably wouldn't make any commitment.

"The amount of time this track is used is ridiculous," Mrs. Terwilliger said. If there were a bicycle path, it would be used every day."

Wittenkeller proposed an alternate plan for a path through the area, which would require acquiring right-of-way from some property owners including land at the Kappas Yacht Harbor.

David Freedheim, a member of the Sausalito School Board, expressed concern about the safety of cyclists and suggested that there be a small fence "to discourage riders from getting too close to the trains.

Mrs. Terwilliger said the only safe places in Marin for cyclists are the state parks. "All other places are hazards," she said.

She called for cooperation of all local governmental agencies and envisioned the Sausalito to Tamalpais High path as the start toward other bicycle paths.

Mrs. Terwilliger led the group on a walk down the tracks about 100 yards, interspersing her campaign for a bicycle path with comments about nature lore along the way.

After the group returned to the bridge, she got on her bicycle and rode along Shoreline Highway through Sunday traffic to the Mill Valley Recreation Center.

There she made a final appeal for help in the campaign and said there would be another field trip Dec. 9 to view possible trail routes from the Marin side of the Golden Gate Bridge to Sausalito.

City officials from Sausalito, Mill Valley and Tiburon and Supervisor-elect Michael Wornum of Mill Valley were among those attending the field trip.

HIKES FOR BIKES — Elizabeth Terwilliger leads a band of bicycle enthusiasts along the tracks where she would like to see a path for cyclists. School Costs To Be Reviewed

Cost estimates for enlarging and improving San Rafael and Terra Linda high schools and building a new high school on the Glenwood site will be presented to the San Rafael Board of Education at 7:30 p.m. tomorrow in the district office.

The discussion will be in preparation for a decision, scheduled for Nov. 26, on what kind of a bond issue to present to district voters next year for expanded high school facilities.

Among alternatives presented to trustees at a special meeting Nov. 2 was a pod-type high school with classrooms clustered around a centralized learning center, science laboratories and other resource facilities.

Also scheduled is a request that the emergency purchase of three school buses be ratified and a discussion of the district's sabbatical leave policy.

U.S. NATO Partners Study Defense Roles

BRUSSELS (UPI)—America's European partners are considering meeting U.S. requests to shoulder more of the burden of defending the West, a North Atlantic Treaty Organization (NATO) official said today.

Matthias A. Mathiesen, president of the North Atlantic Assembly, said the alliance also is studying the establishment of a European defense authority to give America's partners a bigger say in deciding NATO action.

Mathiesen made the announcements in opening a session of the Assembly called to study NATO in view of the Soviet bloc Aug. 21 invasion of Czechoslovakiag 21 invasi on of Czechoslovakia.

President Johnson and President-elect Richard M. Nixon both have urged America's smaller partners to put more money and manpower into the largely U.S.-led NATO defense effort.

Mathiesen said, "The weaker and smaller members of the alliance will require firm guarantees that if they do increase their political and defense policies they do not run the risk of a corresponding reduction in the American commitment to the alliance as a whole."

The United States keeps more than 200,000 combat troops in West Germany plus massive air and fleet units stationed from the Baltic to the Mediterranean in defense of western Europe.

Mathiesen said the Russian occupation of Czechoslovakia was "a painful reminder of the danger which threatens us from the east." NATO was born almost 20 years ago to meet the threat of Soviet pressure.

"Many cherished illusions about detente have now been broken," the Assembly president said, referring to East-West relations. "Nonetheless we must not give up the aim of achieving genuine improvements in our relations with the Soviet Union," he said.

Manlio Brosio, NATO secretary general, told the meeting the invasion of Czechoslovakia means the United States must keep its present force in Europe for a period of time "which cannot be determined now."

He said America's partners must not cut their defense forces and must bring them up to the levels pledged for NATO defense. Most member nations have under-strength forces.

Brosio said the Kremlin action in Czechoslovakia has not returned the Cold War era. But he said, "We are not sure that a repressive action would not be extended to Yugoslavia or Albania if Moscow judged their evolution had become intolerable."

He especially stressed the danger to West Berlin. He said NATO governments "should leave the Soviet Union with no doubts about their determination to preserve the life and freedom of this city."

Brosio also cited the "new uneasiness" over the Soviet fleet buildup in the Mediterranean, saying it could become serious in the event of a new Arab-Israeli war.

Marinite Hurt In Lake County Cycle Event

Leo F. Schwab Jr. of San Rafael was reported in critical condition today at Marin General Hospital with head injuries suffered in a motorcycle accident yesterday in Lake County.

Schwab, 37, of 61 Martens Boulevard, operates a service station in Terra Linda and is a former San Rafael fireman.

Police agencies in Lake County had no details of the accident but said it occurred at approximately 3 p.m. on Little Creek Road north of Upper Lake. No other vehicles were known to be involved.

Schwab was taken to Lakeside Community Hospital and later transferred to Marin General Hospital, where he is in the intensive care unit.

SPECIAL LOW RATES! EXAMINE POLICY IN YOUR OWN HOME—MONEY BACK IF NOT 100% SATISFIED!

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT SAT., NOV. 23, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you – or some beloved member of your family tomorrow... next week... next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have tripled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that

...Pays you $100.00 a week tax-free cash when you go to the hospital.

Now, Presidential's economy plan enables you to enjoy this protection. Mail the Enrollment Form. We will send you the actual policy to look over at home. No rush. No agent will call or phone you. Take 15 days to decide. Show the policy to a friend, a family adviser *first*. You lose nothing if you don't want the policy. But if you *do* want it, you're entitled to Presidential's special low rates described below. So *low*, you'll find you get protection at a price that's just a fraction of what you'd expect to pay.

Your cash benefits increase each year — at no extra cost to you!

Your cash benefits automatically rise year after year. You get peace of mind so you don't have to worry about rising costs. Your protection automatically increases $3.00 a week each year. The first year you get $100.00 a week. You get $103.00 a week in the second year. $106.00 a week in the third year. $109.00 a week in the fourth year. By the eleventh year, your policy will be worth a full *$130.00 a week* in benefit payments... at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your insurance will be worth much *more* than the present "face value" of the policy. Certainly, our increased payments to you will help keep pace with rising costs – and best of all...

...The increasing benefits come to you at no extra cost. You still pay the regular low Presidential premium!

What other Plan protects you like this today? What other Plan keeps protecting you against rising living costs in the years ahead without increasing your premiums? And that's not all. This special Presidential Extra Cash Plan (#HP 18L-1067)...

...Pays you $100.00 a week CASH for a registered nurse at home.

Yes, in addition to the $100.00 weekly checks we send you during your hospital stay, we pay you an extra $100.00 a week if the doctor says you need a full-time registered nurse to take care of you at home.

PAYS Up to $10,000.00 CASH for each accident or illness, starting the very first day in the hospital.

PAYS $100.00 A WEEK CASH — if you need a full-time registered nurse when you come home from the hospital — up to 50 weeks.

PAYS $1,000.00 EXTRA CASH for accidental death.

PAYS Up to $2,000.00 CASH for accidental loss of limbs or eyesight.

PAYS $100.00 A WEEK CASH for each pregnancy, when you go to the hospital, assuming both husband and wife have been enrolled in the Family Plan With Maternity.

PAYS Up to $5,000.00 at the rate of $50.00 A WEEK when a child goes to the hospital for any accident or illness when you are enrolled in the Family Plan.

PAYS you cash benefits that increase each year... to a maximum of $130.00-A-WEEK... at no extra cost to you

PAYS you cash benefits for hospitalization for any accident immediately. Any sickness is covered beginning 30 days after Effective Date of policy.

NO age limit — no medical examination required — no salesman will call.

IF YOU ARE 65 OR OVER YOU WILL COLLECT $70.00-A-WEEK IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in *addition* to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay *all* the bills that quickly pile up as a result of illness or accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the *important addition* to what you receive from Medicare – or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be *big ones!* In addition to what you receive from Medicare, Presidential pays you $70.00 a week... EVEN FOR 100 WEEKS if necessary! *You can receive as much as $7,000.00 for each illness or injury when hospitalized!*

How comforting it is to know that – after your stay in the hospital, if you've been there three days or more, you can return home to recuperate and yet not be a burden to your loved ones. Yes, if your doctor says you need a registered nurse full time within 5 days after you come home, we'll send you checks for *$100.00 a week* – for as long as you need the nurse – even up to *50 weeks*. It's like having a reserve of $5,000.00 cash to draw on when you need it. These benefits *also increase* each year by $3.00 a week. Another exceptional feature you have with Presidential...

...Pays you $100.00 a week cash maternity benefits – up to 100 weeks for each hospital stay!

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are insured in the wonderful *Family Plan With Maternity* for the entire period of the pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days – *as long as necessary* – you get $100.00 a week for every day of your confinement, up to 100 weeks.

All these added cash benefits.

Yes, in addition to $100.00 a week for hospitalization or $100.00 a week maternity benefits and $100.00 a week for a registered nurse at home... you get all this:

Added cash benefits: $1,000.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefit: Up to $2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for $1,000.00 or $2,000.00 will bring greater peace of mind during the period of adjustment.

Added cash benefit: Choose *either* Family Plan... and your children will be covered too! Presidential pays up to $5,000.00 any time your youngster goes to the hospital... for tonsils, appendicitis, or *any other* illness or injury! Yes, you will receive $50.00 cash, week after week – for as many as *100 weeks*, if necessary.

We pay your premiums when you are not able

As a special consideration to you – if you are hospitalized just 6 weeks or more, all premiums that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL – *TO A MAXIMUM OF 100 WEEKS* per confinement! This means you pay no premiums, yet your full protection remains in force – *you collect up to $10,000.00 for each confinement!*

THIS LIMITED ENROLLMENT OFFER ENDS SOON
Amazing Low Rates — Money-Back Guarantee

You can now have your first month's protection at the special low rates listed below! But you must act *immediately*. Your request for this wonderful Income Protection Plan must be mailed on the convenient form below NOT LATER THAN MIDNIGHT of the date in the Enrollment Form.

This midnight expiration hour *cannot be extended*. If your enrollment form is mailed later, *it cannot be accepted*.

These are the ONLY exclusions!

Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; where care is in a Government hospital; mental disorders; intoxicants and narcotics; pregnancy except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy... during the first 2 years only.

This last item is a real help if you *already* have a health problem. If you are sick *before* you take out this policy, you will *still* be covered for that condition after the policy has been in effect for 2 years. Of course, meanwhile every *new* condition is *immediately* covered.

How can these bargain low rates buy so much?

You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with $100.00 a week tax-free Income Protection at special low rates only because we enroll a large number of people at one time – *direct by mail!* This highly efficient "Mass Enrollment" method cuts costs to the bone – *and the savings are passed on to you!*

Make your decision carefully

Think how costly a hospital confinement will be. Imagine paying for those indispensable x-rays, doctor bills, medicines and drugs that are *not* covered by your present insurance.

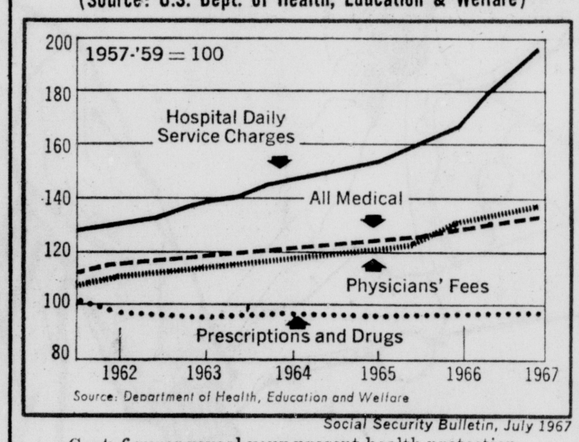

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the deadline date shown in the enrollment form — just a few days from today

Why must you act before the deadline? Because, as mentioned above, we must receive *your* Enrollment Form *the same time as all the others* in order to pass on to you the savings that come from processing *many* policies *at one time*.

Medical Costs Skyrocketing!

(Source: U.S. Dept. of Health, Education & Welfare)

Social Security Bulletin, July 1967

Govt. figures reveal your present health protection... *may no longer protect you against today's rising medical costs!* Don't leave your loved ones defenseless! Act at once to add up to $10,000.00 to your health protection.

We mail you the policy as soon as we receive the Enrollment Form. When the policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then – *show it, if you wish, to someone you trust*. Perhaps your lawyer, accountant, or banker. Better still – *show it to your own insurance man... even though he may very well be working for another insurance company!* If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere – at any price!

Money back guarantee—in case you change your mind

Even after you mail your Enrollment Form below... even after you examine the policy in your own home and talk it over with anyone you wish... even after all this you are still free to return the policy within 15 days *and every penny you paid will be refunded at once*. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you'll be protected by $100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be fully covered all this time for any accident which puts you in the hospital, even if you finally decide to return the policy.

However, after you've seen the policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this $100.00-A-WEEK extra cash protection under the Plan that's best for you.

PLAN I — INDIVIDUAL(S) ONLY PLAN:

If you want to cover yourself – or yourself and one or more adult dependents (including your spouse) – then this is the Plan for you. Each person must be 18 or over, and shall pay (per person) the rate applicable to his or her age. NOTE: Where there are no dependents, PLAN I is the most economical to choose for a husband or wife (or both).

THESE ARE YOUR LOW RATES
Enclose first month's premium according to age and plan selected.

Age at Enrollment	Monthly Premium
18-39	only $3.95
40-49	only $4.95
50-59	only $5.95
60-74	only $6.95
75 and over	only $8.95

SAVE EVEN MORE (over 8%!) by paying at quarterly, half year or yearly rates, sent with policy.

PLAN II — FAMILY PLAN WITH MATERNITY

This plan is for the family that is still growing. To the total of the monthly premium for the adults to be insured, just add $5. This entitles you to all maternity benefits. It also covers all your unmarried, dependent children between the ages of 3 months and under 19 years who live at home. Future dependent children will be covered when they reach 3 months of age and without any additional charge.

PLAN III — FAMILY PLAN WITHOUT MATERNITY

This plan is for the family that is no longer growing. To the total of the monthly premium for the adults to be insured, just add $3. With exception of children yet to be born, PLAN III covers all your unmarried, dependent children between the ages of 3 months and under 19 years who live at home.

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the same low premium you will continue to pay; it **will not automatically increase as you pass from one age bracket to the next.** Once you have enrolled, your rate can never be changed because of how much or how often you collect from us – or because of advanced age – but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

Act now—"later" may be too late!

TIME IS PRECIOUS! Act quickly! (No salesman will call.) Get your enrollment form into the mail *today* with your first month's premium according to the plan you choose. Remember, you must be completely satisfied or your money will be refunded. But you must act right now. Remember, once you suffer an accident or sickness, it's TOO LATE to buy protection at *any* cost. That's why we urge you to act today – *before* anything unexpected happens.

THESE 22 QUESTIONS AND ANSWERS

Tell you how Presidential's COST OF LIVING INCOME REPLACEMENT HEALTH AND ACCIDENT PLAN gives you the protection you need — at amazingly low cost!

1. **How much will my policy pay me when I go to the hospital?**
The full amount! You are paid $100.00-A-WEEK cash every single week. And it starts the very first day you are in the hospital. (If you are over 65, you are paid $70.00 a week, in addition to any Medicare benefits you receive.)
2. **Will I be paid if I am hospitalized for less than a full week?**
You certainly will... regardless of whether you are in the hospital for as short a time as one day... or as long a time as a week, month, year or more.
3. **Does this Plan pay me from the first day of hospitalization?**
Yes! You receive full cash benefits of $100.00 a week starting the very first day you enter the hospital. The coverage begins when we receive your first premium – that is the day you are covered for any accidents. Sickness coverage begins 30 days after the effective date of the policy.
4. **How much do I receive for a Registered Nurse at Home?**
$100.00-A-WEEK for up to $5,000.00 after you have been hospitalized for 3 days or more, and your doctor has you employ a full-time registered nurse within 5 days after you leave the hospital. Ten years from now it will have increased to $130.00 a week in benefits... at no extra cost to you!
5. **Are there any accidental death benefits?**
Yes. $1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.
6. **Will I be paid extra if I lose a limb or eyesight?**
Yes. Presidential pays $1,000.00 for complete accidental loss of one hand or one foot or sight of one eye; $2,000.00 for loss of both hands or both feet or sight of both eyes... when dismemberment occurs anytime within 90 days of the accident.
7. **How much do we receive for pregnancies?**
If you have the Family Plan With Maternity, you receive $100.00-A-WEEK for each pregnancy, childbirth or miscarriage that results in hospital confinement when both husband and wife are enrolled under this plan for the entire period of pregnancy.
8. **Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition?**
Don't worry. You still collect $100.00-A-WEEK for a total of 100 weeks. And if you have already resumed full normal activities for just 90 days, it's considered a new confinement, and you can collect for an additional 100 weeks. Of course, any new condition is covered immediately for a full 100 weeks.
9. **How may I use these benefit payments?**
You may use them in any way you wish — for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.
10. **May I apply if I am over 65?**
Yes, you may. Folks any age are welcome to apply—there is no age limit! Members 65 or over are paid $70.00 a week plus all Medicare benefits.
11. **Can I collect from Presidential even if I carry other insurance?**
Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.
12. **Why do I need this Presidential Plan in addition to my other hospital and health insurance?**
While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in seven that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed to you by air mail to use as you see fit.
13. **What benefits do my eligible, dependent children get?**
If you choose a Family Type Plan, your dependent eligible children, ages 3 months to under 19 years, would receive 50% of all the cash benefits of the Plan (excluding Waiver of Premium).
14. **May I add future dependent children to my policy after it is in force?**
Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us when they are 3 months old and they will be covered without evidence of insurability and without any additional charge.
15. **Will my protection be cancelled because I have too many claims?**
No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period, or unless renewal is declined on all policies of this type in your entire state. (Of course, if deception is used in making application, the policy may be ineffective.)
16. **Will my rates be raised as I grow older or if I have too many claims?**
No matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same as it was for your age when you applied. Presidential guarantees never to adjust this rate unless the rates are adjusted on all policies of this type in your entire state.
17. **What is not covered by this policy?**
The only conditions not covered are those caused by: mental disorders; intoxicants and narcotics; expenses resulting from any sickness or injury you had before the policy Effective Date (during the first 2 years only); act of war; where care is in a Government hospital. EVERYTHING ELSE IS COVERED—including pregnancy when both husband and wife have been enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
18. **What are the requirements to enroll in one of these Presidential Plans?**
You must not have been refused any health, hospital or life insurance; and, to qualify for enrollment, you must mail your free examination form before midnight of the date in the form.
19. **Why is this offer good for a limited time only?**
Because, by enrolling a large number of people at the same time, underwriting, processing and policy issuance costs can be kept at a minimum—and we can pass these savings on to you.
20. **Besides the savings, are there other advantages to joining Presidential during this enrollment period?**
Yes, there certainly are. A very important one is that you do not need to complete a regular application – just your brief form in the lower left hand corner of this page. Also, during this enrollment period there are no other requirements for eligibility – and no "waivers" or restrictive endorsements can be put on your policy!
21. **Can other members of my family take advantage of this special offer?**
Yes, as long as they can meet the few requirements listed under Question 18.
22. **How do I get the policy for examination with money-back guarantee?**
Just fill out your brief enrollment form and mail it with your first month's premium to The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19154.

STUDY OF PEOPLE

Second Language? U.N. Aide Knows 66

UNITED NATIONS, N.Y. (AP) — Most people who learn a second language consider it quite a feat, but there is a man at the United Nations who knows 66 of them.

"This does not include dialects, of course," said Georges Schmidt, 53-year-old specialist in the U.N. translation department.

"For example, I have studied about 15 Arabic dialects, but I count them as only one language."

Schmidt, who works in a small office cluttered with bales of documents and shelves of books in about 80 tongues, has the look of a born scholar. His eyes light up as he recalls the dozens of languages he has acquired in school and in his travels to 83 countries.

"I have made a hobby of linguistics because I am interested in people," said Schmidt, who became intrigued by languages at the age of 10. "The best way to study people is to learn the tongue they speak."

Most U.N. translators work in two and occasionally three of the official U.N. languages besides their mother tongue. Schmidt works in all five plus various others as a terminologist, or expert on new words and hard-to-find terms.

"I use English, French, Spanish and Russian regularly and Chinese less often," he said in matter of fact tones. "And often I have to draw on other tongues."

Born in Strasbourg, France, Schmidt spoke French and Alsatian as a child, but he soon raised his sights. In high school, he sailed through courses in Latin, Greek, English, Italian and German. Before graduation he had won a nationwide Latin contest and became a linguist to reckon with.

Proceeding to Paris to study for the foreign service with hopes of becoming a consul, Schmidt enrolled at the Sorbonne. Languages still fascinated him, however, and he also entered the prestigious School of Oriental Languages.

Before his student days were over, Schmidt had acquired a fairly thorough knowledge of Spanish, Russian, Chinese, Arabic, Turkish, Persian, Urdu, Malay, Japanese, Czech, Polish, Serbo-Croat and Hungarian.

In 1937-38, he served his military duty in Lebanon and Syria and pursued his study of the languages of the Middle East.

After France fell in World War II, Schmidt enrolled at Strasbourg University in Clermont-Ferrand. By this time his linguistic accomplishments could be listed by groups, including Romance languages, Germanic., Slavic, Semitic, Iranian, Indo-Aryan, Turkic and Finno-Ugrian.

Two years in a German concentration camp slowed up his studies, but after the war, Schmidt joined the infant United Nations and made two trips around the world while with the Economic Commission for Asia and the Far East. As he went from country to country, he broadened his knowledge of the native tongues.

"I had done some traveling before the war, such as trips to Hungary and Morocco," he said, "and now I began making trips during my vacations. They included four trips to Africa and travels through Latin America."

In the course of his travels, he learned languages in other groups such as Basque, Celtic, Latvian - Lithuanian, Laotian, Thai, Vietnamese and a tongue of Peru and Bolivia known as Quechua.

"Learning languages becomes easier as you acquire thorough grounding in the various groupings," said Schmidt, who lives with his wife in a New York apartment surrounded by about 3,000 books.

He has been a member of the U.N. translation section 22 years.

What is the most difficult language to learn? Schmidt thought for a moment, then observed: "I would say Japanese, unless of course you first learned Chinese. Both languages have about 8,000 characters, a different character for every word."

His spare time is taken up learning new languages.

"I would like to compile a list of the existing languages," he said, "but I doubt I ever will, because it is too complicated a task. The closest estimate of the total is somewhere between 2,500 and 3,500, and no two linguistic schools agree on what is language and what is dialect."

Schmidt has been keeping busy recently boning up on Melanesian pidgin, a hybrid tongue spoken by the natives of New Guinea.

"I have also begun to study Fang in honor of Equatorial Guinea's entry into the United Nations. It is not a simple language, but none really is."

Guitarist To Give Concert Wednesday

The concert of Flamenco guitarist Juan Serrano, planned for last Thursday in Santa Rosa, has been rescheduled for Wednesday at 7 p.m. in Ives Hall at Sonoma State College.

Sponsored by the college Spanish Club, Serrano was delayed in Santa Clara and did not arrive for the 7:30 p.m. concert in Santa Rosa until 9:45 p.m. Tickets for the original concert will be honored. Other tickets can be purchased only at the door.

Dope, Weapon Charged In Sausalito Arrest

Marshall Irwin Craig, 20, of 203 Drake Avenue, Marin City, was booked into Marin County jail by Sausalito police Saturday on a bench warrant charging marijuana possession and on suspicion of possessing a concealed weapon.

Police said they arrested the youth on the bench warrant, issued when he failed to make a Marin Superior Court appearance, and found he was carrying a loaded gun.

Craig was held today in lieu of $3,125 bail and was to appear in Municipal and Superior courts tomorrow if he has not made bail by then.

Minor Request

The Valley Planning Commission will consider a minor subdivision request by Manuel Gomez for property on Gomez Way at 8 p.m. tomorrow in city hall. Also scheduled is a sign variance request for the Purity Market property at 621-689 East Blithedale Avenue.

MEET YOUR ARTHUR MURRAY DANCING TEACHER OF THE WEEK

Donna Wisecup enrolled as a pupil in the Portland, Ore., studio eight years ago. Her interest in dancing led to a teacher's training course, then teaching.

A native of Grant's Pass, Ore., Donna has been at the San Anselmo studio for five years.

Dedicated to dancing even in her childhood, Donna studied ballet and acrobatic dancing.

She specializes in tango, the "dance of lovers." She has earned a reputation for starting beginners in dancing and for putting them at ease with her friendly smile and genuine interest in their dancing problems.

Before she took up a dancing career, Donna was a legal secretary in her native Oregon, working for the state's first woman attorney.

Why don't you come in tonight and meet her and take advantage of our offer for a complimentary lesson?

IT'S TIME TO CHECK THE CATTLE and Lucas Valley's cowgirls, Mrs. J. Grant Goodwin, left, and Mrs. Gordon R. Johnston bring in a few from off the 300 acre range land they lease near their homes. Dorothy Goodwin lived in San Francisco prior to traveling with her husband and Annie Johnston, a former city girl, came from Denver with her family. Both families moved to Lucas Valley three years ago and the women began the A Bar D ranch operation this spring.

"O.K., YOU'RE SUPPOSED TO LIE DOWN" could be the course of dialogue between Dorothy, left, and Annie to a critter as they attempt to down a steer for branding. Neighbors and school children alike enjoy watching and participating in activities at the ranch, say the housewives. Thirty-five head of horses are also on the ranch and are owned by people in the neighborhood. Both women give riding lessons, which round out their outdoor life. Lewis' Dairy next door and its owners have been of great help, say the women, giving advice and lending a hand when necessary.

The A Bar D

AN OLD-FASHIONED BRANDING is the method used on the A Bar D by Dorothy, left, and Annie. Usually their husbands take over this end of the work but the women do the worming and give necessary shots. Local veterinarians have taken a keen interest in the novices' venture as have bidders at nearby auction sales yards who assist in selecting and bidding on livestock. Any profit realized will be turned toward education expenses of the Goodwin and Johnston children.

UPPER LUCAS VALLEY COWGIRLS

'It's Better Than Being A Dull Housewife'

By GRACE HENDERSON

From the search for a disposal unit to a herd of 30 cattle is the story of two "Upper Lucas Valley Cowgirls."

It all began when Dorothy Goodwin was having trouble with her garbage disposal unit last spring and husband J. Grant Goodwin was reluctant to have it repaired. As a joke Dorothy planned to attend an auction sale, purchase a shoat, put it under her kitchen sink and wait for scrape-up-time after dinner that evening. She would then open the doors and feed scraps into her new "disposal."

However, plans are one thing and actual happenings are another.

Dorothy took her friend Annie, Mrs. Gordon R. Johnston, and they drove to the auction where plans took a sudden turn. Instead of finding a small pig, their children fell in love with two drop calves and convinced their mothers the cattle business would be fun.

SO TWO CHILDREN, two mothers and two calves headed for home in the family station wagon. The calves were tied in the rear of the vehicle but the knots came loose and the critters attempted to climb the seats to the front. There the troupe was, driving down the freeway, one woman at the wheel and the other in the back of the wagon trying to "stuff" the animals into gunny sacks.

With their nucleus of a herd, the two adventuresome housewives leased 300 acres of land without their husband's knowledge and began operation of the A Bar Ranch (Annie and Dorothy). The Messrs. Johnston and Goodwin soon joined in and the business got underway.

Today, their rolling hills in Upper Lucas Valley are grazed by 36 head of feeder cattle and 35 head of locally owned riding horses.

Six of the drop calves were started on bottles, bringing problems to the novices. First, there was the teaching them to drink from the bottle and later having to teach them again to take nourishment from a bucket. Now they are so tame they object to being forced onto open range.

Approximately 150 people of Lucas Valley are involved in a horse project on the A Bar D along with horses being boarded for most of the neighbors. "Most children can walk from their houses to the barn," said Dorothy.

PLANS CALL for the cattle to be sold as fat steers in the spring with any profit realized being put aside for the children's education. They then hope to begin over again but without the drop calves, just feeder Herefords or Holsteins.

It didn't take long for the husbands to become involved with the cattle operation. From a beginning of knowing absolutely nothing about the venture they now carry out the dehorning and branding operations. The women give the shots and do the worming.

Why do they work long hours shoveling and wheeling manure, hauling hay (they got lost in a hay field on one trip), ride the hills checking their livestock and leave their lovely homes for the workaday world of cattle? "It's better than being a dull housewife or playing bridge," responded Annie Johnston.

WHO ARE THESE WOMEN? Annie is the wife of Gordon R. Johnston, regional manager for Continental Casualty Insurance Company and the mother of Mike, a 14-year-old at Terra Linda High School and Stephanie, 11, who attends Dixie School.

Dorothy's husband is J. Grant Goodwin, a mining geologist with Utah Construction Company. They have three children, Dana, 12, an eighth grader at Miller Creek School, and Heidi, 11, and Corey, 7, both students at Dixie School.

IT WOULD SEEM destination played a part in bringing the women together. The Johnstons came from Denver three years ago and the Goodwins from Wilmington, Del. The two families stayed at the same motel, at the same time, while searching for a home and then both settled in Lucas Valley without ever meeting. Now the friendship is strong with the women sharing their interest in antiques and livestock.

"We feel we are doing a service for the kids of our area," said Dorothy Goodwin and she described the children working with their horses. Each must feed their own animals and the parents are involved with helping mend fences and in building barns, she explained. And there are the observers and helpers at fence mending and branding time.

TO MAKE THE VENTURE more neighborly the women hosted a chicken barbecue late in the summer, inviting friends and neighbors in for an evening of getting acquainted. At other times school groups come by to observe the operation and recently a blind boy was a vistor. All are interested in watching branding and feeding in progress as well as in petting the cattle.

So from a beginning of two drop calves and a riding pony each Annie Johnston and Dorothy Goodwin have become the "Upper Lucas Valley Cowgirls" and a duo of some fame in Marin County.

SPECIAL LOW RATES! EXAMINE POLICY IN YOUR OWN HOME—MONEY BACK IF NOT 100% SATISFIED!

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT SAT., NOV. 23, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you – or some beloved member of your family tomorrow . . . next week . . . next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have tripled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that

. . . Pays you $100.00 a week tax-free cash when you go to the hospital.

Now, Presidential's economy plan enables you to enjoy this protection. Mail the Enrollment Form. We will send you the actual policy to look over at home. No rush. No agent will call or phone you. Take 15 days to decide. Show the policy to a friend, a family adviser *first*. You lose nothing if you don't want the policy. But if you *do* want it, you're entitled to Presidential's special low rates described below. So *low*, you'll find you get protection at a price that's just a fraction of what you'd expect to pay.

Your cash benefits increase each year — at no extra cost to you!

Your cash benefits automatically rise year after year. You get peace of mind so you don't have to worry about rising costs. Your protection automatically increases $3.00 a week each year. The first year you get $100.00 a week. You get $103.00 a week in the second year. $106.00 a week in the third year. $109.00 a week in the fourth year. By the eleventh year, your policy will be worth a full *$130.00 a week* in benefit payments . . . at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your insurance will be worth much *more* than the present "face value" of the policy. Certainly, our increased payments to you will help keep pace with rising costs – and best of all . . .

. . . The increasing benefits come to you at no extra cost. You still pay the regular low Presidential premium!

What other Plan protects you like this today? What other Plan keeps protecting you against rising living costs in the years ahead without increasing your premiums? And that's not all. This special Presidential Extra Cash Plan (#HP 18L-1067) . . .

. . . Pays you $100.00 a week CASH for a registered nurse at home.

Yes, in addition to the $100.00 weekly checks we send you during your hospital stay, we pay you an extra $100.00 a week if the doctor says you need a full-time registered nurse to take care of you at home.

PAYS Up to $10,000.00 CASH for each accident or illness, starting the very first day in the hospital.

PAYS $100.00 A WEEK CASH – if you need a full-time registered nurse when you come home from the hospital – up to 50 weeks.

PAYS $1,000.00 EXTRA CASH for accidental death.

PAYS Up to $2,000.00 CASH for accidental loss of limbs or eyesight.

PAYS $100.00 A WEEK CASH for each pregnancy, when you go to the hospital, assuming both husband and wife have been enrolled in the Family Plan With Maternity.

PAYS Up to $5,000.00 at the rate of $50.00 A WEEK when a child goes to the hospital for any accident or illness when you are enrolled in the Family Plan.

PAYS you cash benefits that increase each year . . . to a maximum of $130.00-A-WEEK . . . at no extra cost to you

PAYS you cash benefits for hospitalization for any accident immediately. Any sickness is covered beginning 30 days after Effective Date of policy.

NO age limit – no medical examination required – no salesman will call.

IF YOU ARE 65 OR OVER YOU WILL COLLECT $70.00-A-WEEK IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in *addition* to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay *all* the bills that quickly pile up as a result of illness or accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the *important addition* to what you receive from Medicare – or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be *big ones!* In addition to what you receive from Medicare, Presidential pays you $70.00 a week . . . EVEN FOR 100 WEEKS if necessary! *You can receive as much as $7,000.00 for each illness or injury when hospitalized!*

How comforting it is to know that – after your stay in the hospital, if you've been there three days or more, you can return home to recuperate and yet not be a burden to your loved ones. Yes, if your doctor says you need a registered nurse full time within 5 days after you come home, we'll send you checks for *$100.00 a week* – for as long as you need the nurse – even up to *50 weeks*. It's like having a reserve of $5,000.00 cash to draw on when you need it. These benefits *also increase* each year by $3.00 a week. Another exceptional feature you have with Presidential . . .

. . . Pays you $100.00 a week cash maternity benefits – up to 100 weeks for each hospital stay!

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are insured in the wonderful *Family Plan With Maternity* for the entire period of the pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days – *as long as necessary* – you get $100.00 a week for every day of your confinement, up to 100 weeks.

All these added cash benefits.

Yes, in addition to $100.00 a week for hospitalization or $100.00 a week maternity benefits and $100.00 a week for a registered nurse at home . . . you get all this:

Added cash benefits: $1,000.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefit: Up to $2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for $1,000.00 or $2,000.00 will bring greater peace of mind during the period of adjustment.

Added cash benefit: Choose *either* Family Plan . . . and your children will be covered too! Presidential pays up to $5,000.00 any time your youngster goes to the hospital . . . for tonsils, appendicitis, or *any other* illness or injury! Yes, you will receive $50.00 cash, week after week – for as many as *100 weeks*, if necessary.

We pay your premiums when you are not able

As a special consideration to you – if you are hospitalized just 6 weeks or more, all premiums that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL – *TO A MAXIMUM OF 100 WEEKS* per confinement! This means you pay no premiums, yet your full protection remains in force – *you collect up to $10,000.00 for each confinement!*

THIS LIMITED ENROLLMENT OFFER ENDS SOON

Amazing Low Rates — Money-Back Guarantee

You can now have your first month's protection at the special low rates listed below! But you must act *immediately*. Your request for this wonderful Income Protection Plan must be mailed on the convenient form below NOT LATER THAN MIDNIGHT of the date in the Enrollment Form.

This midnight expiration hour *cannot be extended*. If your enrollment form is mailed later, *it cannot be accepted*.

These are the ONLY exclusions!

Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; where care is in a Government hospital; mental disorders; intoxicants and narcotics; pregnancy except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy . . . during the first 2 years only.

This last item is a real help if you *already* have a health problem. If you are sick *before* you take out this policy, you will *still* be covered for that condition after the policy has been in effect for 2 years. Of course, meanwhile every *new* condition is *immediately* covered.

How can these bargain low rates buy so much?

You can buy ordinary insurance at any time and pay the regular rates, if you wish. But Presidential can now provide you and your entire family with $100.00 a week tax-free Income Protection at special low rates only because we enroll a large number of people at one time – *direct by mail!* This highly efficient "Mass Enrollment" method cuts costs to the bone – *and the savings are passed on to you!*

Make your decision carefully

Think how costly a hospital confinement will be. Imagine paying for those indispensable x-rays, doctor bills, medicines and drugs that are *not* covered by your present insurance.

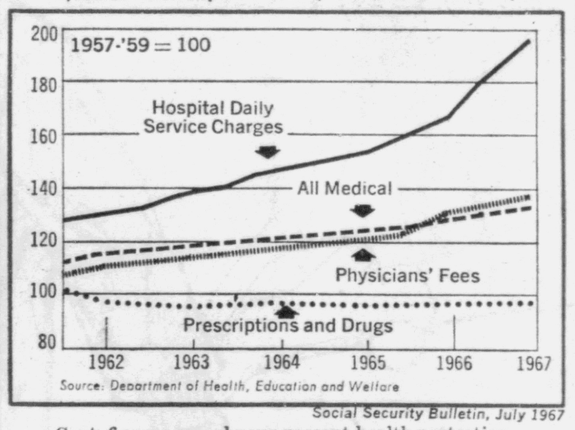

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the deadline date shown in the enrollment form – just a few days from today

Why must you act before the deadline? Because, as mentioned above, we must receive *your* Enrollment Form *the same time as all the others* in order to pass on to you the savings that come from processing *many* policies *at one time*.

Medical Costs Skyrocketing!

(Source: U.S. Dept. of Health, Education & Welfare)

Social Security Bulletin, July 1967

Govt. figures reveal your present health protection... *may no longer protect you against today's rising medical costs!* Don't leave your loved ones defenseless! Act at once to add up to $10,000.00 to your health protection.

We mail you the policy as soon as we receive the Enrollment Form. When the policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then – *show it, if you wish, to someone you trust*. Perhaps your lawyer, accountant, or banker. Better still – *show it to your own insurance man . . . even though he may very well be working for another insurance company!* If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere – at any price!

Money back guarantee—in case you change your mind

Even after you mail your Enrollment Form below . . . even after you examine the policy in your own home and talk it over with anyone you wish . . . even after all this you are still free to return the policy within 15 days *and every penny you paid will be refunded at once*. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind--you'll be protected by $100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be fully covered all this time for any accident which puts you in the hospital, even if you finally decide to return the policy.

However, after you've seen the policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this $100.00-A-WEEK extra cash protection under the Plan that's best for you.

PLAN I — INDIVIDUAL(S) ONLY PLAN:

If you want to cover yourself – or yourself and one or more adult dependents (including your spouse) – then this is the Plan for you. Each person must be 18 or over, and shall pay (per person) the rate applicable to his or her age. NOTE: Where there are no dependents, PLAN I is the most economical to choose for a husband or wife (or both).

THESE ARE YOUR LOW RATES

Enclose first month's premium according to age and plan selected.

Age at Enrollment	Monthly Premium
18-39	only $3.95
40-49	only $4.95
50-59	only $5.95
60-74	only $6.95
75 and over	only $8.95

SAVE EVEN MORE (over 8%!) by paying at quarterly, half year or yearly rates, sent with policy.

PLAN II — FAMILY PLAN WITH MATERNITY

This plan is for the family that is still growing. To the total of the monthly premium for the adults to be insured, just add $5. This entitles you to all maternity benefits. It also covers all your unmarried, dependent children between the ages of 3 months and under 19 years who live at home. Future dependent children will be covered when they reach 3 months of age and without any additional charge.

PLAN III — FAMILY PLAN WITHOUT MATERNITY

This plan is for the family that is no longer growing. To the total of the monthly premium for the adults to be insured, just add $3. With exception of children yet to be born, PLAN III covers all your unmarried, dependent children between the ages of 3 months and under 19 years who live at home.

NOTE: The regular Monthly Premium shown here (for your age at time of enrollment) is the same low premium you will continue to pay; it **will not automatically increase as you pass from one age bracket to the next.** Once you have enrolled, your rate can **never** be changed because of how much or how often you collect from us – or because of advanced age – but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state.

Act now—"later" may be too late!

TIME IS PRECIOUS! Act quickly! (No salesman will call.) Get your enrollment form into the mail *today* with your first month's premium according to the plan you choose. Remember, you must be completely satisfied or your money will be refunded. But you must act right now. Remember, once you suffer an accident or sickness, it's TOO LATE to buy protection at *any* cost. That's why we urge you to act today – *before* anything unexpected happens.

The Presidential® Extra Income Plan

11401 Roosevelt Blvd., Philadelphia, Pa.

The Presidential Life Insurance Company of America (Home Office: Chicago, Illinois) carries full legal reserves for the protection of all policyowners and is **LICENSED BY THE STATE OF CALIFORNIA.**

THESE 22 QUESTIONS AND ANSWERS

Tell you how Presidential's COST OF LIVING INCOME REPLACEMENT HEALTH AND ACCIDENT PLAN gives you the protection you need — at amazingly low cost!

1. **How much will my policy pay me when I go to the hospital?**
The full amount! You are paid $100.00-A-WEEK cash every single week. And it starts the very first day you are in the hospital. (If you are over 65, you are paid $70.00 a week, in addition to any Medicare benefits you receive.)
2. **Will I be paid if I am hospitalized for less than a full week?**
You certainly will . . . regardless of whether you are in the hospital for as short a time as one day . . . or as long a time as a week, month, year or more.
3. **Does this Plan pay me from the first day of hospitalization?**
Yes! You receive full cash benefits of $100.00 a week starting the very first day you enter the hospital. The coverage begins when we receive your first premium – that is the day you are covered for any accidents. Sickness coverage begins 30 days after the effective date of the policy.
4. **How much do I receive for a Registered Nurse at Home?**
$100.00-A-WEEK for up to $5,000.00 after you have been hospitalized for 3 days or more, and your doctor has you employ a full-time registered nurse within 5 days after you leave the hospital. Ten years from now it will have increased to $130.00 a week in benefits . . . at no extra cost to you!
5. **Are there any accidental death benefits?**
Yes. $1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.
6. **Will I be paid extra if I lose a limb or eyesight?**
Yes. Presidential pays $1,000.00 for complete accidental loss of one hand or one foot or sight of one eye; $2,000.00 for loss of both hands or both feet or sight of both eyes . . . when dismemberment occurs anytime within 90 days of the accident.
7. **How much do we receive for pregnancies?**
If you have the Family Plan With Maternity, you receive $100.00-A-WEEK for each pregnancy, childbirth or miscarriage that results in hospital confinement when both husband and wife are enrolled under this plan for the entire period of pregnancy.
8. **Suppose I am paid benefits for any sickness or accident. What happens if I am again hospitalized for the same condition?**
Don't worry. You still collect $100.00-A-WEEK for a total of 100 weeks. And if you have already resumed full normal activities for just 90 days, it's considered a new confinement, and you can collect for an additional 100 weeks. Of course, any new condition is covered immediately for a full 100 weeks.
9. **How may I use these benefit payments?**
You may use them in any way you wish – for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.
10. **May I apply if I am over 65?**
Yes, you may. Folks any age are welcome to apply—there is no age limit! Members 65 or over are paid $70.00 a week plus all Medicare benefits.
11. **Can I collect from Presidential even if I carry other insurance?**
Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.
12. **Why do I need this Presidential Plan in addition to my other hospital and health insurance?**
While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in seven that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed to you by air mail to use as you see fit.
13. **What benefits do my eligible, dependent children get?**
If you choose a Family Type Plan, your dependent eligible children, ages 3 months to under 19 years, would receive 50% of all the cash benefits of the Plan (excluding Waiver of Premium).
14. **May I add future dependent children to my policy after it is in force?**
Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us when they are 3 months old and they will be covered without evidence of insurability and without any additional charge.
15. **Will my protection be cancelled because I have too many claims?**
No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period, or unless renewal is declined on all policies of this type in your entire state. (Of course, if deception is used in making application, the policy may be ineffective.)
16. **Will my rates be raised as I grow older or if I have too many claims?**
No matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same as it was for your age when you applied. Presidential guarantees never to adjust this rate unless the rates are adjusted on all policies of this type in your entire state.
17. **What is not covered by this policy?**
The only conditions not covered are those caused by: mental disorders; intoxicants and narcotics; expenses resulting from any sickness or injury you had before the policy Effective Date (during the first 2 years only); act of war; where care is in a Government hospital. EVERYTHING ELSE IS COVERED—including pregnancy when both husband and wife have been enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
18. **What are the requirements to enroll in one of these Presidential Plans?**
You must not have been refused any health, hospital or life insurance; and, to qualify for enrollment, you must mail your free examination form before midnight of the date in the form.
19. **Why is this offer good for a limited time only?**
Because, by enrolling a large number of people at the same time, underwriting, processing and policy issuance costs can be kept at a minimum—and we can pass these savings on to you.
20. **Besides the savings, are there other advantages to joining Presidential during this enrollment period?**
Yes, there certainly are. A very important one is that you do not need to complete a regular application – just your brief form in the lower left hand corner of this page. Also, during this enrollment period there are no other requirements for eligibility – and no "waivers" or restrictive endorsements can be put on your policy!
21. **Can other members of my family take advantage of this special offer?**
Yes, as long as they can meet the few requirements listed under Question 18.
22. **How do I get the policy for examination with money-back guarantee?**
Just fill out your brief enrollment form and mail it with your first month's premium to The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19154.

HELEN HELP US!

By HELEN BOTTEL

Hey, Lady, Your Eyelashes Are Unglued And Flapping!

DEAR HELEN:

Should a gentleman tell a lady when her false eyelash is flapping loose?—ESCORT

DEAR ESCORT:

Yes. If she comes unglued about it, well — she already was.—H.

DEAR HELEN:

Here's a little story for the lady who said she liked to use her son's slang words. This'll cure her.

A fox and a regular bojived near the brain factory.

"It's a gross bummer when your hog is rocked," said the uptight fox.

"I cobleed," grooved the regular, "but maintain. Bell The Man and hang tight."

"Don't the fuzz put a rank on you in this corral?"

"No, they're cool backs and not easy gains. When a dude ripped the rock-box from my short, they busted him like yesterday."

"You put a rap on me. Back up the train and I'll give 'em a honk on the horn before we catch hat to prison.

— SLAVE SLINGER

DEAR READERS:

Here's the translation — which cost me an hour's research:

"A sharp looking girl and an ordinary, unspectacular female talked near the school. (My generation would call them a "dish and a dud.")

"It's a very bad thing when your big car (gas-hog) is stolen," said the upset girl.

"I feel for you," sympathized the unglamorous one. "But don't get shook. Call the police and keep calm."

"Don't the cops talk you down in this town?"

"No, they're good guys and not easily fooled. When a man stole the radio from my compact car, they arrested him fast."

"You're convincing me. Wait a minute and I'll telephone them before we go to school."

. . . Jeepers creepers! Think I'll "scram" back to the 1940s for a rousing rendition of "Mairsie Doats." —.

Scott S. Wallace Johnson of San Anselmo claimed Ida Marie de Azeredo Coutinho of San Francisco as his bride in a Saturday morning ceremony at Swedenborgian Church in San Francisco.

Ida is the daughter of Col. and Mrs. Jose Gabriel de Azeredo Coutinho of Brazil. She received a master's degree from the Sorbonne in Paris and did additional graduate work at San Francisco State College. Heloise Ribadeneira Barba of Quito, Ecuador, is her sister.

Scott is the son of Mr. and Mrs. Walter F. Johnson of San Anselmo. He was graduated from Sir Francis Drake High School, attended College of Marin and was an instructor at Guide Dogs for the Blind, Inc.

Ann West of San Francisco was maid of honor, and Donald L. Madden of Novato was best man. Joseph Millar of Fairfax and Gabe Jackson of Marin City ushered.

A reception was held at the church. The couple will live in Rio de Janeiro, Brazil.

Summer Date Set By Pair

A summer wedding is being planned by Pauline Louise Perolini of San Rafael and Al M. Demil of Richmond.

The future bride is the daughter of Mrs. Paul Perolini of San Rafael and the late Mr. Perolini. She is a graduate of Marin Catholic High School and Bay City College of Medical Assistants in San Francisco. Dennis Perolini is her brother. She is employed by the San Rafael Medical Group.

Al is the son of Dr. and Mrs. Cevat Demil of Istanbul, Turkey. He was educated in Europe, attended Roberts College in Turkey and is now employed by Ryerson Steel Company in Emeryville. The future bridegroom is the brother of James Kaslan of Albany and Ahmet and Haydar Demil of Istanbul.

IT'S TIME TO CHECK THE CATTLE and Lucas Valley's cowgirls, Mrs. J. Grant Goodwin, left, and Mrs. Gordon R. Johnston bring in a few from off the 300 acre range land they lease near their homes. Dorothy Goodwin lived in San Francisco prior to traveling with her husband and Annie Johnston, a former city girl, came from Denver with her family. Both families moved to Lucas Valley three years ago and the women began the A Bar D ranch operation this spring.

"O.K., YOU'RE SUPPOSED TO LIE DOWN" could be the course of dialogue between Dorothy, left, and Annie to a critter as they attempt to down a steer for branding. Neighbors and school children alike enjoy watching and participating in activities at the ranch, say the housewives. Thirty-five head of horses are also on the ranch and are owned by people in the neighborhood. Both women give riding lessons, which round out their outdoor life. Lewis' Dairy next door and its owners have been of great help, say the women, giving advice and lending a hand when necessary.

The A Bar D

AN OLD-FASHIONED BRANDING is the method used on the A Bar D by Dorothy, left, and Annie. Usually their husbands take over this end of the work but the women do the worming and give necessary shots. Local veterinarians have taken a keen interest in the novices' venture as have bidders at nearby auction sales yards who assist in selecting and bidding on livestock. Any profit realized will be turned toward education expenses of the Goodwin and Johnston children.

UPPER LUCAS VALLEY COWGIRLS

'It's Better Than Being A Dull Housewife'

By GRACE HENDERSON

From the search for a disposal unit to a herd of 30 cattle is the story of two "Upper Lucas Valley Cowgirls."

It all began when Dorothy Goodwin was having trouble with her garbage disposal unit last spring and husband J. Grant Goodwin was reluctant to have it repaired. As a joke Dorothy planned to attend an auction sale, purchase a shoat, put it under her kitchen sink and wait for scrape-up-time after dinner that evening. She would then open the doors and feed scraps into her new "disposal."

However, plans are one thing and actual happenings are another.

Dorothy took her friend Annie, Mrs. Gordon R. Johnston, and they drove to the auction where plans took a sudden turn. Instead of finding a small pig, their children fell in love with two drop calves and convinced their mothers the cattle business would be fun.

SO TWO CHILDREN, two mothers and two calves headed for home in the family station wagon. The calves were tied in the rear of the vehicle but the knots came loose and the critters attempted to climb the seats to the front. There the troupe was, driving down the freeway, one woman at the wheel and the other in the back of the wagon trying to "stuff" the animals into gunny sacks.

With their nucleus of a herd, the two adventuresome housewives leased 300 acres of land without their husband's knowledge and began operation of the A Bar Ranch (Annie and Dorothy). The Messrs. Johnston and Goodwin soon joined in and the business got underway.

Today, their rolling hills in Upper Lucas Valley are grazed by 36 head of feeder cattle and 35 head of locally owned riding horses.

Six of the drop calves were started on bottles, bringing problems to the novices. First, there was the teaching them to drink from the bottle and later having to teach them again to take nourishment from a bucket. Now they are so tame they object to being forced onto open range.

Approximately 150 people of Lucas Valley are involved in a horse project on the A Bar D along with horses being boarded for most of the neighbors. "Most children can walk from their houses to the barn," said Dorothy.

PLANS CALL for the cattle to be sold as fat steers in the spring with any profit realized being put aside for the children's education. They then hope to begin over again but without the drop calves, just feeder Herefords or Holsteins.

It didn't take long for the husbands to become involved with the cattle operation. From a beginning of knowing absolutely nothing about the venture they now carry out the dehorning and branding operations. The women give the shots and do the worming.

Why do they work long hours shoveling and wheeling manure, hauling hay (they got lost in a hay field on one trip), ride the hills checking their livestock and leave their lovely homes for the workaday world of cattle? "It's better than being a dull housewife or playing bridge," responded Annie Johnston.

WHO ARE THESE WOMEN? Annie is the wife of Gordon R. Johnston, regional manager for Continental Casualty Insurance Company and the mother of Mike, a 14-year-old at Terra Linda High School and Stephanie, 11, who attends Dixie School.

Dorothy's husband is J. Grant Goodwin, a mining geologist with Utah Construction Company. They have three children, Dana, 12, an eighth grader at Miller Creek School, and Heidi, 11, and Corey, 7, both students at Dixie School.

IT WOULD SEEM destination played a part in bringing the women together. The Johnstons came from Denver three years ago and the Goodwins from Wilmington, Del. The two families stayed at the same motel, at the same time, while searching for a home and then both settled in Lucas Valley without ever meeting. Now the friendship is strong with the women sharing their interest in antiques and livestock.

"We feel we are doing a service for the kids of our area," said Dorothy Goodwin and she described the children working with their horses. Each must feed their own animals and the parents are involved with helping mend fences and in building barns, she explained. And there are the observers and helpers at fence mending and branding time.

TO MAKE THE VENTURE more neighborly the women hosted a chicken barbecue late in the summer, inviting friends and neighbors in for an evening of getting acquainted. At other times school groups come by to observe the operation and recently a blind boy was a vistor. All are interested in watching branding and feeding in progress as well as petting the cattle.

So from a beginning of two drop calves and a riding pony each Annie Johnston and Dorothy Goodwin have become the "Upper Lucas Valley Cowgirls" and a duo of some fame in Marin County.

ON THE AGENDA

Former Presidents To Assist With Traditional Branch Tea

The seventh annual tea of the **Raccoon Branch Marin General Hospital Volunteers** is set for Thursday from 3 to 5 p.m., at the home of Mrs. Robert Morrison of Belvedere.

The fall tea has become a tradition, given by the active members, inviting other women to participate as associate members. Through the support of charter associates, active members and associates, the Raccoons have donated pieces of new equipment to the hospital totaling nearly $9,000.

Tea chairman Mrs. John Hoffmire will be assisted by Mesdames Adolph Mueller, Alfred Oyster Jr., Richard Tyler, James Levorsen, Thomas Drohan and Donald McCune.

President Mrs. William Knick has asked the following honorary guests to receive guests or pour tea: Mrs. Peter Behr, chairman of Volunteer Council; Mrs. Roy A. Ibach,

past president, board of directors; George E. Croke, president, board of directors; Dr. Gwen M. Campion; Mrs. Daniel Miller, co-ordinator of volunteers; Mr. Ray K. Bolinger, hospital administrator; Mrs. William Pemberton, president of Founders' Branch; Mrs. Eugene McGeorge and Mrs. Vincent White, chairmen of Branches Committee; Mrs. John Hoefer and Mrs. Ralph Noah, past members of Founders, active in setting up Raccoon Branch; Mrs. Fred Drexler, chairman of the public relations committee, and Mrs. Robert Cardinal.

Also participating will be former presidents of the Raccoon Branch, Mesdames James Clark, Burton Stitt, William Steen, Robert Morrison, Thomas Behrens and Thomas Drohan.

DR. WILLIAM LAMERS JR. will be the guest speaker for the **Mount Carmel Women's Club** meeting Wednesday at 8 p.m. in the Mount Carmel School auditorium, Mill Valley.

Dr. Lamers, an adults' and children's psychiatrist, is a well known lecturer on problems of today's adolescents. The public is invited to attend.

THE GREENBRAE "Fall Happening" will happen Tuesday. Mrs. Maurice Ladrech, chairman, announces an evening beginning with a 6:30 p.m. social hour at the Greenbrae School. Following dinner, there will be entertainment.

Assisting Mrs. Ladrech are Mesdames John O'Donnell and Eugene Berhoust as co-chairmen; H. Stone and Dan Williams, reservations; Wayne Jones, decorations; and Bernard Blumberg, publicity.

MEMBERS of the **Marin County Young Women's Christian Association,** and their friends, will celebrate International World Fellowship Week on Wednesday. Luncheon will be served at 12:30 p.m. in the dining room of the Fairfax Community Church, 2398 Sir Francis Drake Boulevard in Fairfax.

Miss Odile Sweeney, correlator of the western region, National YWCA, will speak. Her talk will center on the theme of World Fellowship Week, "Listen and Respond."

Mesdames Dennis Moore, Paul Brand, Roderick Emmal and Joseph Ratto are making arrangements for the luncheon, and their table decorations will feature decorative candles which will be available for purchase. Those interested in attending the luncheon may make reservations by calling the YWCA at their new office, 305 Mission Avenue in San Rafael. Child care will be available at the luncheon, by reservation.

THE MARIN members will model the fashions when the **Coast Guard Officers Wives Club** of San Francisco and the Bay Area has its luncheon and style show tomorrow noon at the Officers Club on Treasure Island. Mrs. Ricardo Ratti of San Rafael, club president, announced that models will be Mesdames Edward Cassidy, C. E. Guisness, Emlyn Jones, Robert Reynolds, Benjamin Ruch, Darrell Starr, William Wilson, and Terra Linda High School student Christine Ratti, plus two professional models.

Mrs. Donald Draper of San Rafael is program chairman.

LUNCHEON and fashion show will be sponsored by **Court 1707, Catholic Daughters of America** at our Lady of Loretto Parish Hall in Novato from 11 a.m. to 2 p.m. Wednesday.

Fashions from the past 100 years will be featured and models will be Mesdames Kenneth Gabriel, Don McGillis, Paul Fearheller, Charles Lenhart, Martin Beebe, Don Nehasil, Morris Alana, Delbert King and Rita Davidson.

Mesdames Carl Sears, Jay Sahd and William Carpenter are co-chairmen and Mrs. Harvey Simpkins is reservations chairman.

Fashions will be shown during the luncheon hours.

THE PEACOCK GAP Garden Club will hold a guest day and program at the Peacock Gap Country Club Wednesday at 10 a.m. Al Cecilioni, professional flower arranger, will present a program on "Welcome Christmas." Included in the presentation by the artist will be "Christmas Doors Around the World."

A LEADER training course, applicable to third through twelfth grades, in Junior Great Books under the direction of Howard B. Will, western program administrator for the Great Books, will be scheduled by **Dominican College,** providing a minimum of 30 women register by Dec. 8.

The junior Great Books leader does not lecture; she is trained to ask the right questions of children to spark spirited discussions about their reading assignments.

The course will be given at the Dominican San Rafael campus beginning Jan. 23, once a week from 10 a.m. to noon on Tuesdays for eight weeks. No educational qualifications are necessary other than a love of reading. The certificate of completion is recognized throughout the United States. The course can be taken for college credit, if desired.

For registration or further information call Mrs. Frank Weber, 100 Dominican Drive, San Rafael; Mrs. Paul Vogelheim, 150 Woodbine Drive, Mill Valley; or Mrs. James McManus, 1 Country Club Drive, Mill Valley.

DOLLS ARE NEEDED by Deloris Moore, who makes clothes for them and donates them to needy children at Christmas time.

The dolls should be in good condition, but she can replace the wigs if necessary when she dresses them.

They may be left at the home of Mrs. William Crocker, 14 Heather Way in Larkspur.

A SALAD BOWL luncheon will be sponsored by the **St. Rita's Women's Guild** on Wednesday at noon at Star Hall in San Anselmo. The luncheon, dubbed "Champagne Buffet," is an annual affair, and has Mrs. Charles Lochbaum as chairman. An assortment of salads made by Guild members will be served buffet style, and recipes for all of the special dishes will be available to guests, as will the table decorations.

Other Guild members working with Mrs. Lochbaum are Mesdames Joseph Connelly, Hugo Odetto, Donald Nelson, Joseph Lordan, Fred Baguio, Len Wilgenbush, Charles Trimble, John Courter, Frank Egger, William Beighley, and Robert Davidson.

Reservations may be made by calling Mesdames Louis DeMartini or Donald Brewer. Proceeds of this event will be donated to the St. Rita's Parish Center Building Fund.

THE PACIFIC DANCE GUILD announces a showing of paintings by Dick Ford in its dance studio at 169 Miller Avenue in Mill Valley.

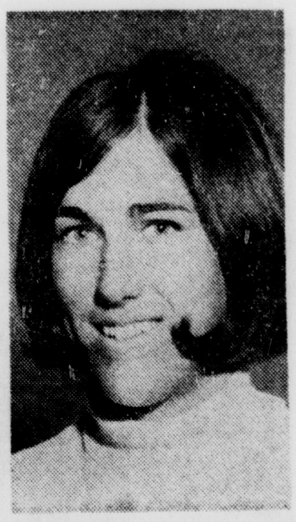

Many people in the San Francisco Bay Area know Dick Ford as director of a group of dance studios and as organizer of 1954 of KQED's TV dance series for first to third grade students. Perhaps not quite so many people know that Ford is a painter.

His paintings, which were included in the Mill Valley Fall Arts Festival and some featured in a recent issue of Dance Magazine, are of dancers, animals, beachscapes and floral landscapes. The dance paintings are the most popular with dancers and non-dancers alike.

The paintings may be seen at the studio any weekday except Tuesday from 10 a.m. until noon and from 12:30 p.m. until 3 p.m.

MRS. ROBERT R. Bos has been elected president of the **Ross Valley Nursery School** parents, and serving with her are Mesdames Harold Stone, first vice president; Donald Bull, second vice president; J. Stewart Lyons, secretary; Robert Berryman, treasurer; Timothy Muller, registrar; John Poletti, equipment chairman and Robert Maier, supply chairman.

Staff at the new school building now consists of six teachers.

SHARON BLOOM

Bloom-Jahn Engagement Announced

Mr. and Mrs. John Kendrick Bloom of Mill Valley announce the engagement of their daughter, Sharon Elisabeth Bloom, to Larry Jahn, son of Mr. and Mrs. Norman Edward Jahn of Dixon.

A graduate of Tamalpais High School, the bride-elect is in her senior year at the University of California at Davis, where she is a member of the tennis team. She is the sister of Katharine Ann Bloom of Mill Valley and Dixon and the granddaughter of Mr. and Mrs. F. J. Voigts of Kentfield.

A graduate of Dixon High School, Larry attended the University of California at Santa Barbara and is serving with the Air Force. He is presently on leave and is scheduled to go to Japan in three weeks.

He is the brother of Susan Lorraine Jahn of Dixon, Edward Norman Jahn of Los Angeles, Edmund Hendricks Jahn of Woodland and Ronald Claude Jahn of Sacramento.

Ensign Lyle Shibley Weds Sharon Steele

Marriage vows were exchanged by Sharon Louise Steele and Ensign Lyle Donald Shibley Saturday at St. Hilary's Church in Tiburon.

Mrs. John Deeks of San Francisco was matron of honor, Robin Brownleee of San Francisco and Jacqueline Rosenbaum of Berkeley, bridesmaids.

Dennis Coombs of Tiburon was best man, with John Metcalfe of Tiburon, a brother of the bridegroom, and William Woodville of Fairfield, the bridegroom's cousin, assisting wedding guests to their places.

A reception at the Tiburon Lodge followed the ceremony.

Sharon is the daughter of Mrs. Marshfield Steele of Palm Springs and the late Mr. Steele. She is the granddaughter of Mrs. Howard Hutchins of Cherry Valley.

The bridegroom is the son of Lyle D. Shibley of Albany, Ore., and Mrs. Pat Metcalfe of Tiburon. His grandfather, Arthur G. Perry, lives in Tiburon. He is also the brother of Robert Shibley of Eugene, Ore.

Sharon is a graduate of Palm Springs High School in Palm Springs, and attended Dominican College and College of Marin. She has been employed by Irving Lundborg investment company in San Francisco.

A Redwood High School and San Francisco State College graduate, Ensign Shibley is serving in the Navy. He has duty at San Diego, but will be stationed in Sahebo, Japan, in January, where the newlyweds will live for two years.

Lake Arrowhead is the destination of the wedding trip.

Students Ponder The Future

By DAVID NYDICK

Throughout the nation high school seniors are beginning to give serious thought to college admissions. The decision on which college to attend can be most important to a student's success. Colleges have different personalities and requirements as do the various students.

How does one determine which college is best suited for him? First of all, there are many colleges which may be suitable for any one individual. It is not a good idea to settle on a single choice as the only college to attend. A student may prefer one college but he should broaden his choices with the understanding that a college cannot normally admit everyone who meets its basic requirements.

A STUDENT should first sit down with his parents and guidance counselor in order to list his qualifications, interests and needs. Consideration should be given to high school average, class placement, participation in extra curricular activities, number of course units, and the courses which have been taken. Colleges often consider such things as a constant improvement over the years as a positive factor even though a student's overall average may be somewhat low.

Next, the student should decide the type of college program he would like to pursue. Some students can be definite in choosing law, medicine or engineering while others may have to be more flexible and make a final decision later in their careers.

Further decisions are needed as to location, finances, size of school, cultural activities and academic atmosphere.

ONCE A STUDENT has clarified in his mind the kind of school which meets his interests and qualifications, he is in a position to survey the many available colleges. College catalouges, books on college profiles, and the guidance counselor are important resources. Many colleges send representatives to visit the various high schools in order to talk with prospective students.

When the field is narrowed down, it is helpful to visit several campuses or talk to someone who has attended the particular colleges. You might find someone who has attended the college on your high school staff or among your neighbors and friends.

IT IS IMPORTANT that a student make his own decision. Of course, he should be guided by parents and counselors. He must consider most carefully and seriously the opinion of his parents. They must also consider their child's desires and needs. Differences should be worked out. Compromise and understanding will solve most problems.

HELEN HELP US!

By HELEN BOTTEL

Hey, Lady, Your Eyelashes Are Unglued And Flapping!

DEAR HELEN:

Should a gentleman tell a lady when her false eyelash is flapping loose?—ESCORT

DEAR ESCORT:

Yes. If she comes unglued about it, well — she already was.—H.

DEAR HELEN:

Here's a little story for the lady who said she liked to use her son's slang words. This'll cure her.

A fox and a regular bojived near the brain factory.

"It's a gross bummer when your hog is rocked," said the uptight fox.

"I cobleed," grooved the regular, "but maintain. Bell The Man and hang tight."

"Don't the fuzz put a rank on you in this corral?"

"No, they're cool backs and not easy gains. When a dude ripped the rock-box from my short, they busted him like yesterday."

"You put a rap on me. Back up the train and I'll give 'em a honk on the horn before we catch hat to prison.

— SLAVE SLINGER

DEAR READERS:

Here's the translation — which cost me an hour's research:

"A sharp looking girl and an ordinary, unspectacular female talked near the school. (My generation would call them a "dish and a dud.")

"It's a very bad thing when your big car (gas-hog) is stolen," said the upset girl.

"I feel for you," sympathized the unglamorous one. "But don't get shook. Call the police and keep calm."

"Don't the cops talk you down in this town?"

"No, they're good guys and not easily fooled. When a man stole the radio from my compact car, they arrested him fast."

"You're convincing me. Wait a minute and I'll telephone them before we go to school."

. . . Jeepers creepers! Think I'll "scram" back to the 1940s for a rousing rendition of "Mairsie Doats." —.

OGLING THE GIRLS — Jack Austin as Phil, manager of the Playboy Club (left), and Robert (Curley) Whisenhunt as Rocky the stage manager (right) ogle three of the "Boca Bunnies" — Grace Jones, Georgia Beebe and Jacquelyn Proett (from left) — as they dress behind a screen in a scene from "Bunny Bash," the fall production of the Novato Community Players.

Novato Sets 'Bunny Bash' Musical Show

The "Bunny Bash," a musical-comedy takeoff on the Playboy Clubs' Bunny phenomenon will be presented at 8:30 p.m. Nov. 15, 16, 22 and 23 at the Novato Community House by the Novato Community Players.

The production will feature 25 solo and group acts by a cast of 50 people. These include songs, dances and comedy bits, according to publicity chairman Marilyn Casady.

Scott Wright wrote and directed "Bunny Bash." Jean Teague is the producer; Marie Bliss is the musical director. Wanda Blackwell is the choreographer for the "Bunny Brigade" and "Playmates," and Elaine Jacob is choreographer for the "Boca Bunnies."

Huge Heiferer, "owner" of the Playboy Club, is played by Otto Haiungs. The master of ceremonies at the nightclub shows is portrayed by Michael Jones. Rocky, the stage manager, is played by Robert (Curley) Whisenhunt, and Phil Hampton, the club manager, is played by Jack Austin.

The "Boca Bunnies," the showgirls of the club, are played by Maxine Buffo, Dawn Scheiern, Correne Prohaska, Shirley Lane, Patti Newman and Marie Consagra.

Others in the cast include Elizabeth Johnson, Kenneth Craig, Donald Leaf, Alex Consagra, Lois Wright, Constance Craig, Stacy Brennan, Shirley Nilsen, Vivienne Terry, Jean Teague, Lois Wright, Marie Bliss, Donald Leaf, Marilyn Casady, Scott Wright and Elaine and Joseph Jacob.

Those in the "Bunny Brigade" of dancers are Jacquelyn Proett, Grace Jones, Georgia Beebe, Christine Kollgaard, Shirley Nilsen, May Gronberg, Jean Teague and Sally Geser. The "Playmates" dancers are Sally McGillis, Peggy Terry, Enid Hindmarch, Sally Geser, Grace Jones, Doris Cormier and Georgie Beebe.

Members of the glee club are Martha Cowles, Barbara Carter, Erma Richter, Ruth Lombard, Jan Marret, Lee Young, Marilyn Casady, Vivienne Terry, Martha Rhodes and Ellen Keeler.

MUSIC REVIEW

Theatrical Opening For The 17th Season

By MAYBELLE SPECKMANN

Sandor Salgo and the Marin Symphony, with soprano Margot Power as soloist, opened the orchestra's 17th season last night in the College of Marin Gymnasium with a program of exuberantly theatrical music.

This was in the best sense of the word, "theatrical," connoting music of strong emotional appeal with vivid dynamic contrasts as well as caressing songful melodies and plenty of color in the orchestral palette.

Opening the concert was the overture to Mozart's "The Magic Flute," which was followed by Ravel's "La Valse," and the finale of the evening was Mahler's Symphony No. 4 in G Major.

While "La Valse" with its typically Ravelian buildup of tension to a blazing climax was the great crowd pleaser — one wonders if present-day youth's fascination with loud sound hasn't become contagious — the Mahler Symphony with its complex structure and many faceted appeal was the highlight of the program.

Fortunately the orchestra has many skilled players of solo stature, for this symphony, like much of Mahler's work, has many solo passages for individual instruments or groups of instruments contrasted with the ensemble.

In the second movement, a kind of scherzo with two trios, a very interesting part in strange contrast to the generally beatific mood of the work was the demonic violin solo representing death, which was played expertly by concertmaster Charles Meacham on a second violin tuned a whole tone higher than the one he used in ensemble playing.

Making the third movement with its long arching melodic lines and experience of great beauty was the lovely tonal quality and smooth legato playing of the violins and cellos.

The fairy tale character of the fourth movement depicting a child's idea of the delights of heaven was interpreted with sympathetic feeling by the Marin Symphony Guild's president, Margot Power. Her voice, which had some exquisitely light head tones as well as more robust ones, was very well suited to the solo part, and she obviously enjoyed singing it, adding to the success of communication.

The overture to "The Magic Flute," light and gay in its contrapuntal fashion, except for the heavy chords signifying some solemn temple rituals in the opera, was a good opener for the concert. Agile woodwinds were outstanding.

Christina Off Island Of Rhodes

ATHENS (UPI)—Honeymooners Jacqueline and Aristotle Onassis cruised today in warm, sunny weather off the Greek Island of Rhodes near the southwest coast of Turkey.

Aboard his luxury yacht Christina, they set off last Thursday from his private Ionian Island of Skorpios for a honeymoon cruise expected to last from 10 days to two weeks.

Yesterday they cruised past the fabled Mount Athos Peninsula, barred to women as one of the last strongholds of Greek Orthodox monasteries. The tree-lined landscape of the peninsula is considered one of the great sights of Greece.

ART REVIEW

Children Fill Tiny Gallery Room

By LAURA DEVENDORF

This month, a child's world — old-fashioned and warm the way adults nostalgically remember it — fills the tiny gallery room in Anima Mundi, 352 Miller Avenue, Mill Valley.

It's a space filled with the colorful patterns of love and whimsey, which are expressed in things to look at, to play with and to wear. All are handmade by artists and craftsmen from the Bay Area to as far afield as Peru and all share an intrinsic joy that makes them worthy of a child.

Primitive, unusual and creative usage is the rule for almost everything. Leathers and laces, beads, bells and braids, knitting and embroidery, satin and calico are materials used in charming things to wear.

The toys are a dozen variations of stuffed animals and dolls, from an embroidered crochet and plush crocodile to a reversible doll of Red Riding Hood, Grandma and the wolf that looks like a 1900 illustration of the story.

More art than crafts are the playground equipment by William Luther, the paintings by Nancy Roach and the prints by Jane Bacher. Luther's playthings are clean, sculptural designs, beautifully executed and functional but leaving room for a child's innate imagination.

Two favorites are the undulating, polished "Red Mountain" slide and the swing "Sloop," a simplification of a sailboat's lines complete with ladder and crow's nest.

Miss Roach's fairytale vignettes include a checkered cat, a funny yellow house, quaint animals and children, all done with minute decorative detail in pleasing colors.

Mrs. Bacher's prints have the same bent as Miss Roach's paintings. Her fanciful world of flowers, animals and fluff is delightful whether she's doing a striped "Vanishing Cat" disappearing into flower stems, smirking lions or a "Cat-er-piller," which, as the name implies, is a many-legged and sectioned feline.

From all these things come the inspiration, indeed, the strong urge to be Liliputian enough to justify their "I want" appeal. So if possible, take along some similar-sized human to excuse it. The vicarious delight would certainly be doubled.

To Seek Bids

The Marin Municipal Water District board will consider approval of plans and specifications and a call for bids for a portion of the second stage of the Corte Madera Creek flood control project at 1:30 p.m. Wednesday at the district offices, 220 Nellen Avenue, Corte Madera.

HAPPINESS IS AN X-SWING — Craftsman William Luther's ingenious playthings are just one aspect of a child's world of things to look at, to play with and to wear, shown this month at Anima Mundi in Mill Valley.

Retired Charity Registrar Lags In Unaudited Reports

SAN FRANCISCO (AP) — Frederic C. Auforth, who retired two weeks ago as the state registrar of charitable trusts, says he left behind 13,000 unaudited reports.

He said yesterday he was "never able to give the financial statements more than a cursory look through" because of a lack of help.

Each of the state's 9,950 tax-exempt foundations, trusts and charities are required by law to file such reports each year.

Organizations required to file the reports, he said, "control assets of over $4 billion, but the registrar has only three auditors."

He suggested that his successor, Thomas F. Holland Jr., be given five additional auditors.

Explaining the back reports, Auforth said that in 1957 "there were only 360 charitable trusts registered in the state and I was able to audit them myself.

"But then the foundation business started to boom" he said. "I started to fall behind." He called foundations the fastest growing business in the country.

Andrea Bodessa Crowned Queen

Senior Andrea Bodessa was crowned 1968 Petaluma High School homecoming queen in half-time ceremonies at Friday night's game against Ukiah High School, which Ukiah won 13-7.

Nominated as one of three finalists in a student body election, Andrea was chosen as queen by the football team. The other finalists, Lois Brazil and Sue Tieken, served as senior attendants. Underclass attendants were Kim Johnson, junior, and Celia Miller, sophomore.

Madrigal Group Sets Concerts

The College of Marin madrigal group, directed by Dr. S. Drummond Wolff, will present a free concert at 8:30 p.m. Friday and Saturday in Room 72 of the Fine Arts Building on the Kentfield campus.

The group will sing madrigals and motets by Thomas Morley, John Wilbye, Michael Haydn, Vittoria, Stravinski, Drummond Wolff, Vecchi and Pilkington.

Janna MacDonald and Gary Walker will sing a duet from Pergolesi's "Magnificat" and Sylvia Hyde will be the soloist in Mendelssohn's Cantata "Hear my Prayer." Jeanne Norman will perform three organ solos of works by Johann Sebastian Bach.

Nebraska, which started Arbor Day, is the only state to make it a regular legal holiday — April 22.

Classic Guitarist Sets Performance

Manuel Lopez Ramos, classic guitarist, will appear at 8:15 p.m. Nov. 18 in the theater at College of Marin.

The program will include "Three Lute Pieces (Of the Renaissance)" by Chilesotti, "Sciliana" by Carl Philipp Emanuel Bach, "Scherzino Mexicano" by Manuel M. Ponce and "Majade Goya" by Granados-Llobet.

ON THE AGENDA

Former Presidents To Assist With Traditional Branch Tea

The seventh annual tea of the **Raccoon Branch Marin General Hospital Volunteers** is set for Thursday from 3 to 5 p.m., at the home of Mrs. Robert Morrison of Belvedere.

The fall tea has become a tradition, given by the active members, inviting other women to participate as associate members. Through the support of charter associates, active members and associates, the Raccoons have donated pieces of new equipment to the hospital totaling nearly $9,000.

Tea chairman Mrs. John Hoffmire will be assisted by Mesdames Adolph Mueller, Alfred Oyster Jr., Richard Tyler, James Levorsen, Thomas Drohan and Donald McCune.

President Mrs. William Knick has asked the following honorary guests to receive guests or pour tea: Mrs. Peter Behr, chairman of Volunteer Council; Mrs. Roy A. Ibach,

past president, board of directors; George E. Croke, president, board of directors; Dr. Gwen M. Campion; Mrs. Daniel Miller, co-ordinator of volunteers; Mr. Ray K. Bolinger, hospital administrator; Mrs. William Pemberton, president of Founders' Branch; Mrs. Eugene McGeorge and Mrs. Vincent White, chairmen of Branches Committee; Mrs. John Hoefer and Mrs. Ralph Noah, past members of Founders, active in setting up Raccoon Branch; Mrs. Fred Drexler, chairman of the public relations committee, and Mrs. Robert Cardinal.

Also participating will be former presidents of the Raccoon Branch, Mesdames James Clark, Burton Stitt, William Steen, Robert Morrison, Thomas Behrens and Thomas Drohan.

DR. WILLIAM LAMERS JR. will be the guest speaker for the **Mount Carmel Women's Club** meeting Wednesday at 8 p.m. in the Mount Carmel School auditorium, Mill Valley.

Dr. Lamers, an adults' and children's psychiatrist, is a well known lecturer on problems of today's adolescents. The public is invited to attend.

THE GREENBRAE "Fall Happening" will happen Tuesday. Mrs. Maurice Ladrech, chairman, announces an evening beginning with a 6:30 p.m. social hour at the Greenbrae School. Following dinner, there will be entertainment.

Assisting Mrs. Ladrech are Mesdames John O'Donnell and Eugene Berhoust as co-chairmen; H. Stone and Dan Williams, reservations; Wayne Jones, decorations; and Bernard Blumberg, publicity.

MEMBERS of the **Marin County Young Women's Christian Association**, and their friends, will celebrate International World Fellowship Week on Wednesday. Luncheon will be served at 12:30 p.m. in the dining room of the Fairfax Community Church, 2398 Sir Francis Drake Boulevard in Fairfax.

Miss Odile Sweeney, correlator of the western region, National YWCA, will speak. Her talk will center on the theme of World Fellowship Week, "Listen and Respond."

Mesdames Dennis Moore, Paul Brand, Roderick Emmal and Joseph Ratto are making arrangements for the luncheon, and their table decorations will feature decorative candles which will be available for purchase. Those interested in attending the luncheon may make reservations by calling the YWCA at their new office, 305 Mission Avenue in San Rafael. Child care will be available at the luncheon, by reservation.

THE MARIN members will model the fashions when the **Coast Guard Officers Wives Club** of San Francisco and the Bay Area has its luncheon and style show tomorrow noon at the Officers Club on Treasure Island. Mrs. Ricardo Ratti of San Rafael, club president, announced that models will be Mesdames Edward Cassidy, C. E. Guisness, Emlyn Jones, Robert Reynolds, Benjamin Ruch, Darrell Starr, William Wilson, and Terra Linda High School student Christine Ratti, plus two professional models.

Mrs. Donald Draper of San Rafael is program chairman.

LUNCHEON and fashion show will be sponsored by **Court 1707, Catholic Daughters of America** at our Lady of Loretto Parish Hall in Novato from 11 a.m. to 2 p.m. Wednesday.

Fashions from the past 100 years will be featured and models will be Mesdames Kenneth Gabriel, Don McGillis, Paul Fearheller, Charles Lenhart, Martin Beebe, Don Nehasil, Morris Alana, Delbert King and Rita Davidson.

Mesdames Carl Sears, Jay Sahd and William Carpenter are co-chairmen and Mrs. Harvey Simpkins is reservations chairman.

Fashions will be shown during the luncheon hours.

THE PEACOCK GAP Garden Club will hold a guest day and program at the Peacock Gap Country Club Wednesday at 10 a.m. Al Cecilioni, professional flower arranger, will present a program on "Welcome Christmas." Included in the presentation by the artist will be "Christmas Doors Around the World."

A LEADER training course, applicable to third through twelfth grades, in Junior Great Books under the direction of Howard B. Will, western program administrator for the Great Books, will be scheduled by **Dominican College**, providing a minimum of 30 women register by Dec. 8.

The junior Great Books leader does not lecture; she is trained to ask the right questions of children to spark spirited discussions about their reading assignments.

The course will be given at the Dominican San Rafael campus beginning Jan. 23, once a week from 10 a.m. to noon on Tuesdays for eight weeks. No educational qualifications are necessary other than a love of reading. The certificate of completion is recognized throughout the United States. The course can be taken for college credit, if desired.

For registration or further information call Mrs. Frank Weber, 100 Dominican Drive, San Rafael; Mrs. Paul Vogelheim, 150 Woodbine Drive, Mill Valley; or Mrs. James McManus, 1 Country Club Drive, Mill Valley.

DOLLS ARE NEEDED by Deloris Moore, who makes clothes for them and donates them to needy children at Christmas time.

The dolls should be in good condition, but she can replace the wigs if necessary when she dresses them.

They may be left at the home of Mrs. William Crocker, 14 Heather Way in Larkspur.

A SALAD BOWL luncheon will be sponsored by the **St. Rita's Women's Guild** on Wednesday at noon at Star Hall in San Anselmo. The luncheon, dubbed "Champagne Buffet," is an annual affair, and has Mrs. Charles Lochbaum as chairman. An assortment of salads made by Guild members will be served buffet style, and recipes for all of the special dishes will be available to guests, as will the table decorations.

Other Guild members working with Mrs. Lochbaum are Mesdames Joseph Connelly, Hugo Odetto, Donald Nelson, Joseph Lordan, Fred Baguio, Len Wilgenbush, Charles Trimble, John Courter, Frank Egger, William Beighley, and Robert Davidson.

Reservations may be made by calling Mesdames Louis DeMartini or Donald Brewer. Proceeds of this event will be donated to the St. Rita's Parish Center Building Fund.

THE PACIFIC DANCE GUILD announces a showing of paintings by Dick Ford in its dance studio at 169 Miller Avenue in Mill Valley.

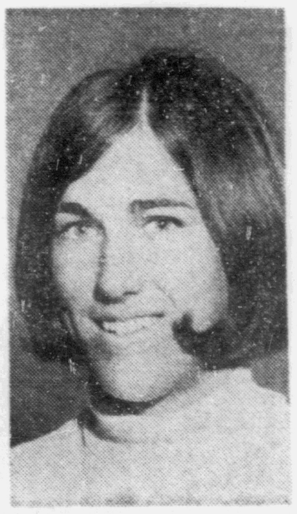

Many people in the San Francisco Bay Area know Dick Ford as director of a group of dance studios and as organizer of 1954 of KQED's TV dance series for first to third grade students. Perhaps not quite so many people know that Ford is a painter.

His paintings, which were included in the Mill Valley Fall Arts Festival and some featured in a recent issue of Dance Magazine, are of dancers, animals, beachscapes and floral landscapes. The dance paintings are the most popular with dancers and non-dancers alike.

The paintings may be seen at the studio any weekday except Tuesday from 10 a.m. until noon and from 12:30 p.m. until 3 p.m.

MRS. ROBERT R. Bos has been elected president of the **Ross Valley Nursery School** parents, and serving with her are Mesdames Harold Stone, first vice president; Donald Bull, second vice president; J. Stewart Lyons, secretary; Robert Berryman, treasurer; Timothy Muller, registrar; John Poletti, equipment chairman and Robert Maier, supply chairman.

Staff at the new school building now consists of six teachers.

SHARON BLOOM

Bloom-Jahn Engagament Announced

Mr. and Mrs. John Kendrick Bloom of Mill Valley announce the engagement of their daughter, Sharon Elisabeth Bloom, to Larry Jahn, son of Mr. and Mrs. Norman Edward Jahn of Dixon.

A graduate of Tamalpais High School, the bride-elect is in her senior year at the University of California at Davis, where she is a member of the tennis team. She is the sister of Katharine Ann Bloom of Mill Valley and Dixon and the granddaughter of Mr. and Mrs. F. J. Voigts of Kentfield.

A graduate of Dixon High School, Larry attended the University of California at Santa Barbara and is serving with the Air Force. He is presently on leave and is scheduled to go to Japan in three weeks.

He is the brother of Susan Lorraine Jahn of Dixon, Edward Norman Jahn of Los Angeles, Edmund Hendricks Jahn of Woodland and Ronald Claude Jahn of Sacramento.

Ensign Lyle Shibley Weds Sharon Steele

Marriage vows were exchanged by Sharon Louise Steele and Ensign Lyle Donald Shibley Saturday at St. Hilary's Church in Tiburon.

Mrs. John Deeks of San Francisco was matron of honor, Robin Brownleee of San Francisco and Jacqueline Rosenbaum of Berkeley, bridesmaids.

Dennis Coombs of Tiburon was best man, with John Metcalfe of Tiburon, a brother of the bridegroom, and William Woodville of Fairfield, the bridegroom's cousin, assisting wedding guests to their places.

A reception at the Tiburon Lodge followed the ceremony.

Sharon is the daughter of Mrs. Marshfield Steele of Palm Springs and the late Mr. Steele. She is the granddaughter of Mrs. Howard Hutchins of Cherry Valley.

The bridegroom is the son of Lyle D. Shibley of Albany, Ore., and Mrs. Pat Metcalfe of Tiburon. His grandfather, Arthur G. Perry, lives in Tiburon. He is also the brother of Robert Shibley of Eugene, Ore.

Sharon is a graduate of Palm Springs High School in Palm Springs, and attended Dominican College and College of Marin. She has been employed by Irving Lundborg investment company in San Francisco.

A Redwood High School and San Francisco State College graduate, Ensign Shibley is serving in the Navy. He has duty at San Diego, but will be stationed in Sahebo, Japan, in January, where the newlyweds will live for two years.

Lake Arrowhead is the destination of the wedding trip.

Students Ponder The Future

By DAVID NYDICK

Throughout the nation high school seniors are beginning to give serious thought to college admissions. The decision on which college to attend can be most important to a student's success. Colleges have different personalities and requirements as do the various students.

How does one determine which college is best suited for him? First of all, there are many colleges which may be suitable for any one individual. It is not a good idea to settle on a single choice as the only college to attend. A student may prefer one college but he should broaden his choices with the understanding that a college cannot normally admit everyone who meets its basic requirements.

A STUDENT should first sit down with his parents and guidance counselor in order to list his qualifications, interests and needs. Consideration should be given to high school average, class placement, participation in extra curricular activities, number of course units, and the courses which have been taken. Colleges often consider such things as a constant improvement over the years as a positive factor even though a student's overall average may be somewhat low.

Next, the student should decide the type of college program he would like to pursue. Some students can be definite in choosing law, medicine or engineering while others may have to be more flexible and make a final decision later in their careers.

Further decisions are needed as to location, finances, size of school, cultural activities and academic atmosphere.

ONCE A STUDENT has clarified in his mind the kind of school which meets his interests and qualifications, he is in a position to survey the many available colleges. College catalouges, books on college profiles, and the guidance counselor are important resources. Many colleges send representatives to visit the various high schools in order to talk with prospective students.

When the field is narrowed down, it is helpful to visit several campuses or talk to someone who has attended the particular colleges. You might find someone who has attended the college on your high school staff or among your neighbors and friends.

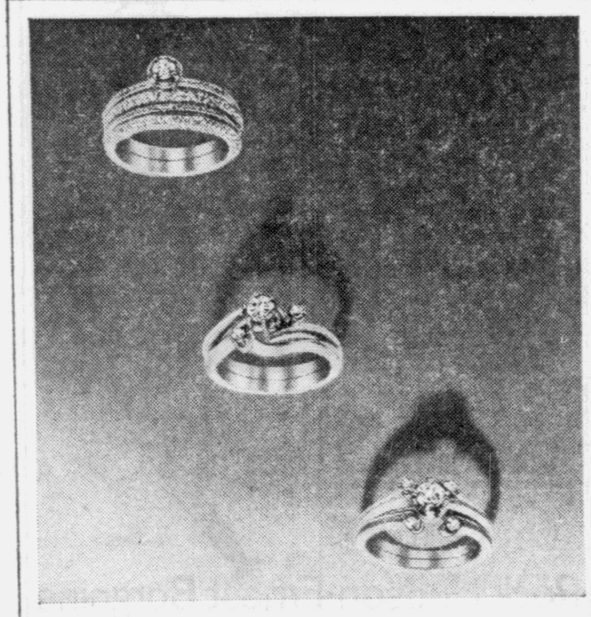

IT IS IMPORTANT that a student make his own decision. Of course, he should be guided by parents and counselors. He must consider most carefully and seriously the opinion of his parents. They must also consider their child's desires and needs. Differences should be worked out. Compromise and understanding will solve most problems.

Novato Police Book Four Youths On Dope Counts

Four youths, including the son of a Mill Valley city councilman, were arrested on suspicion of possession of marijuana and narcotics paraphernalia in Novato before midnight Friday.

Booked into Marin County Jail were George E. Wickham Jr., 19, of 190 Manor Drive, Mill Valley, son of Councilman George E. Wickham, Thomas Allen Herrnberger, 19, of 9 Gothic Drive, Novato; Arthur Reynolds Senter Jr., 19, of 254 Ricardo Drive, and Robert Peter Dittle, 19, of 153 Walnut Avenue, both Mill Valley.

The suspected marijuana was discovered when police stopped the car in which the four were riding on a traffic violation. Police would not divulge the type of narcotics paraphernalia allegedly found in the car also.

All four made bail of $625. Herrnberger and Senter were scheduled to appear in Marin Municipal Court at 2 p.m. tomorrow and Wickham and Dittle at 2 p.m. Thursday.

Chamber Session

The Marin Coast Chamber of Commerce will meet at 7:30 p.m. tomorrow at the Red Barn in Point Reyes Station to hear a report on the Point Reyes National Seashore and to elect new officers for 1969.

MUSIC REVIEW

Theatrical Opening For The 17th Season

By MAYBELLE SPECKMANN

Sandor Salgo and the Marin Symphony, with soprano Margot Power as soloist, opened the orchestra's 17th season last night in the College of Marin Gymnasium with a program of exuberantly theatrical music.

This was in the best sense of the word, "theatrical," connoting music of strong emotional appeal with vivid dynamic contrasts as well as caressing songful melodies and plenty of color in the orchestral palette.

Opening the concert was the overture to Mozart's "The Magic Flute," which was followed by Ravel's "La Valse," and the finale of the evening was Mahler's Symphony No. 4 in G Major.

While "La Valse" with its typically Ravelian buildup of tension to a blazing climax was the great crowd pleaser — one wonders if present-day youth's fascination with loud sound hasn't become contagious — the Mahler Symphony with its complex structure and many faceted appeal was the highlight of the program.

Fortunately the orchestra has many skilled players of solo stature, for this symphony, like much of Mahler's work, has many solo passages for individual instruments or groups of instruments contrasted with the ensemble.

In the second movement, a kind of scherzo with two trios, a very interesting part in strange contrast to the generally beatific mood of the work was the demonic violin solo representing death, which was played expertly by concertmaster Charles Meacham on a second violin tuned a whole tone higher than the one he used in ensemble playing.

Making the third movement with its long arching melodic lines and experience of great beauty was the lovely tonal quality and smooth legato playing of the violins and cellos.

The fairy tale character of the fourth movement depicting a child's idea of the delights of heaven was interpreted with sympathetic feeling by the Marin Symphony Guild's president, Margot Power. Her voice, which had some exquisitely light head tones as well as more robust ones, was very well suited to the solo part, and she obviously enjoyed singing it, adding to the success of communication.

The overture to "The Magic Flute," light and gay in its contrapuntal fashion, except for the heavy chords signifying some solemn temple rituals in the opera, was a good opener for the concert. Agile woodwinds were outstanding.

Christina Off Island Of Rhodes

ATHENS (UPI)—Honeymooners Jacqueline and Aristotle Onassis cruised today in warm, sunny weather off the Greek Island of Rhodes near the southwest coast of Turkey.

Aboard his luxury yacht Christina, they set off last Thursday from his private Ionian Island of Skorpios for a honeymoon cruise expected to last from 10 days to two weeks.

Yesterday they cruised past the fabled Mount Athos Peninsula, barred to women as one of the last strongholds of Greek Orthodox monasteries. The tree-lined landscape of the peninsula is considered one of the great sights of Greece.

ART REVIEW

Children Fill Tiny Gallery Room

By LAURA DEVENDORF

This month, a child's world — old-fashioned and warm the way adults nostalgically remember it — fills the tiny gallery room in Anima Mundi, 352 Miller Avenue, Mill Valley.

It's a space filled with the colorful patterns of love and whimsey, which are expressed in things to look at, to play with and to wear. All are handmade by artists and craftsmen from the Bay Area to as far afield as Peru and all share an intrinsic joy that makes them worthy of a child.

Primitive, unusual and creative usage is the rule for almost everything. Leathers and laces, beads, bells and braids, knitting and embroidery, satin and calico are materials used in charming things to wear.

The toys are a dozen variations of stuffed animals and dolls, from an embroidered crochet and plush crocodile to a reversible doll of Red Riding Hood, Grandma and the wolf that looks like a 1900 illustration of the story.

More art than crafts are the playground equipment by William Luther, the paintings by Nancy Roach and the prints by Jane Bacher. Luther's playthings are clean, sculptural designs, beautifully executed and functional but leaving room for a child's innate imagination.

Two favorites are the undulating, polished "Red Mountain" slide and the swing "Sloop," a simplification of a sailboat's lines complete with ladder and crow's nest.

Miss Roach's fairytale vignettes include a checkered cat, a funny yellow house, quaint animals and children, all done with minute decorative detail in pleasing colors.

Mrs. Bacher's prints have the same bent as Miss Roach's paintings. Her fanciful world of flowers, animals and fluff is delightful whether she's doing a striped "Vanishing Cat" disappearing into flower stems, smirking lions or a "Cat-erpiller," which, as the name implies, is a many-legged and sectioned feline.

From all these things come the inspiration, indeed, the strong urge to be Liliputian enough to justify their "I want" appeal. So if possible, take along some similar-sized human to excuse it. The vicarious delight would certainly be doubled.

To Seek Bids

The Marin Municipal Water District board will consider approval of plans and specifications and a call for bids for a portion of the second stage of the Corte Madera Creek flood control project at 1:30 p.m. Wednesday at the district offices, 220 Nellen Avenue, Corte Madera.

HAPPINESS IS AN X-SWING — Craftsman William Luther's ingenious playthings are just one aspect of a child's world of things to look at, to play with and to wear, shown this month at Anima Mundi in Mill Valley.

Retired Charity Registrar Lags In Unaudited Reports

SAN FRANCISCO (AP) — Frederic C. Auforth, who retired two weeks ago as the state registrar of charitable trusts, says he left behind 13,000 unaudited reports.

He said yesterday he was "never able to give the financial statements more than a cursory look through" because of a lack of help.

Each of the state's 9,950 tax-exempt foundations, trusts and charities are required by law to file such reports each year.

Organizations required to file the reports, he said, "control assets of over $4 billion, but the registrar has only three auditors."

He suggested that his successor, Thomas F. Holland Jr., be given five additional auditors.

Explaining the back reports, Auforth said that in 1957 "there were only 360 charitable trusts registered in the state and I was able to audit them myself.

"But then the foundation business started to boom" he said. "I started to fall behind." He called foundations the fastest growing business in the country.

Andrea Bodessa Crowned Queen

Senior Andrea Bodessa was crowned 1968 Petaluma High School homecoming queen in half-time ceremonies at Friday night's game against Ukiah High School, which Ukiah won 13-7.

Nominated as one of three finalists in a student body election, Andrea was chosen as queen by the football team. The other finalists, Lois Brazil and Sue Tieken, served as senior attendants. Underclass attendants were Kim Johnson, junior, and Celia Miller, sophomore.

Madrigal Group Sets Concerts

The College of Marin madrigal group, directed by Dr. S. Drummond Wolff, will present a free concert at 8:30 p.m. Friday and Saturday in Room 72 of the Fine Arts Building on the Kentfield campus.

The group will sing madrigals and motets by Thomas Morley, John Wilbye, Michael Haydn, Vittoria, Stravinski, Drummond Wolff, Vecchi and Pilkington.

Janna MacDonald and Gary Walker will sing a duet from Pergolesi's "Magnificat" and Sylvia Hyde will be the soloist in Mendelssohn's Cantata "Hear my Prayer." Jeanne Norman will perform three organ solos of works by Johann Sebastian Bach.

Nebraska, which started Arbor Day, is the only state to make it a regular legal holiday — April 22.

Classic Guitarist Sets Performance

Manuel Lopez Ramos, classic guitarist, will appear at 8:15 p.m. Nov. 18 in the theater at College of Marin.

The program will include "Three Lute Pieces (Of the Renaissance)" by Chilesotti, "Sciliana" by Carl Philipp Emanuel Bach, "Scherzino Mexicano" by Manuel M. Ponce and "Majade Goya" by Granados-Llobet.

Rhodesia Raises Its New Flag

SALISBURY, Rhodesia (AP) — Rhodesia's white minority government raised its new flag, purged of the British Union Jack, at a festive ceremony today.

Thousands of whites jamming broad Jameson Avenue clapped and cheered as drums rolled and the green and white vertically striped flag waved vigorously in a brisk breeze.

The scene was in sharp contrast to the somber one at Salisbury police camp late Sunday afternoon when the Union Jack was hauled down for the last time as the flag of an African territory.

Rhodesia's whites today celebrated the third anniversary of their declaration of independence from Britain, and very few blacks were seen in the big crowd at the flag raising.

The same six-man color guard that lowered the Union Jack—a white and a black sergeant each from the army, air force and police—raised the new flag. At the foot of the new flagpole was a statue of the founder of Rhodesia and the man who gave it his name, Cecil Rhodes.

The officer administering the government, Clifford Dupont, said in an address the new flag symbolized Rhodesia's determination to remain master of its own sovereign independence. The Rhodesian government appointed Dupont to be Queen Elizabeth's representative in the rebellious colony, but the Queen and the British government still recognize Gov. Sir Humphrey Gibbs. Gibbs, still flying the Union Jack defiantly at Government House, did not attend either of the two flag ceremonies.

The leaf glands of many species of the eucalyptus contain a pungent oil extracted for medicines, solvents and perfumes.

More Guns Being Bought In State

LOS ANGELES (AP) —An official state survey shows Californians are buying more than 9,500 guns a month more than they did in 1961, and an Inglewood gun dealer says the populace is engaged in a "pretty silly" private arms race.

Bob Ketchum, a gun dealer for 25 years, made that evaluation Saturday after statistics released by the state Bureau of Criminal Identificaion and Investigation showed arms purchases skyrocketed after the 1965 Watts riot and the assassinations of Martin Luther King Jr. and Sen. Robert F. Kennedy.

Following the Watts riot 21,412 handguns were sold in August, 1965, about 12,369 more than were sold in August the year before.

After King was shot in April of this year, 26,057 handguns were bought, compared to 11,067 during the preceding April. And after Kennedy's assassination, there were 19,156 guns purchased — 6,683 more than the year before.

"People are just scared and they want guns for private protection," Ketchum said. "They figure there is going to be more restrictive gun legislation and they want to buy before that happens.

"Manufacturers are concentrating on making guns because everyone is screaming for them," he said.

"I don't think two-thirds of these people who are buying guns would know how or are qualified to use them," he said.

State officials said part of the average monthly increase may reflect California's burgeoning population. But, they said, there's no discounting the arms race element.

Frank Pachmayr of Pachmayr Gun Works of Los Angeles, one of the nation's largest outlets, said the increase reflects the population's fear of crime in the streets.

Sausalito Man Says Youths Attacked Him

A Sausalito man told San Rafael police he was beaten by four to six youths Friday apparently for no reason.

John Muzidal, 21, of 1000 Bridgeway, said he was driving on Fourth Street near Francis Street when he recognized a car as belonging to a friend of his.

When he flagged down the car, Muzidal said, a youth jumped out and started hitting him. The youth was then joined by three others who also started beating him, Muzidal said.

Muzidal said he asked he youths, "Why are you doing this?" but received no answer. After a few minutes, he said, another youth came up and stopped the beating, telling Muzidal to get out of the area.

Muzidal said his friend was not in the car at the time of the beating.

He was treated for a black eye and bruised face at Marin General Hospital.

Richmond Bridge Traffic Increases

Traffic on the Richmond-San Rafael Bridge last month increased 7.74 per cent over October 1967, according to the state Division of Bay Toll Crossings.

Last month 481,721 crossings were counted compared to 447,077 last year.

Okinawa Leader Elected

NAHA, Okinawa (AP) — Chobyo Yara, who campaigned on a platform calling for elimination of U.S. bases on Okinawa, was elected chief executive of the U.S.-administered Ryukyu Islands yesterday.

But Yara, 65, who also said the Pacific territory should be returned to Japan, told an interviewer after his victory that realism prevents immediate realization of his demands.

Yara, a veteran educator who was supported by the Socialists and two other opposition parties, said immediate removal of the bases, which are vital to the U.S. war effort in Vietnam, would harm Okinawa's economy, and reversion of the islands to Japan should be accomplished gradually to permit the public to adjust.

It was the first election of a chief executive by popular vote. In the past, the executive was chosen by the elected legislative assembly and approved by the U.S. commissioner of the territory.

The election does not change the governmental system of Okinawa. Yara will serve under the U.S. commissioner, at present Lt. Gen. Ferdinand T. Unger, and will handle only administrative affairs, including certain matters referred to him by the legislative assembly. Unger retains a veto over legislative action.

Pioneer 9 Placed On New Radio Beam

MOUNTAIN VIEW (AP) — Pioneer 9, launched early last Friday from Cape Kennedy into an interplanetary orbit, was reoriented over the weekend to make radio communication to it possible beyond 10 million miles.

Scientists at the National Aeronautic and Space Administration's Ames Research Center here said the reorientation occurred as they beamed more than 240 commands to Pioneer 9 via the Goldstone tracking station in the Mojave Desert.

This resulted in a 50-degree swing in Pioneer 9's attitude, they said, locking its narrow beam radio antenna to a direct focus on earth and hence making the long-distance communication possible.

Three other Pioneer spacecraft are spotted around the sun, and Pioneer 6, launched three years ago, is due to pass behind the sun Nov. 22, providing some of the best measurements yet of the sun's corona.

Pioneer 9 will pass behind the sun 770 days after launch date, when it is 180 million miles from earth.

The information telemetered back by these satellites is expected to provide insight into the mysteries of solar weather, which is important in protecting astronauts en route to the moon.

Burglar Steals TV, $300 Change

Two burglaries were reported by the Marin County Sheriff's Department Friday.

Verna Manley of 747 Alta Vista Avenue, Tamalpais Valley, told deputies that someone took a portable color television set and $300 in small change from her home between 8 a.m. and 5 p.m. Thursday.

A jewelry box containing a diamond and gold man's wedding ring, a gold tie clip, cuff links and $50 in currency was taken from the bedroom in her home within the past two weeks, Anita Backman of 4 Hanover Court, Novato, told deputies.

Dangerous Drugs To Be Discussed

Narcotics and dangerous drugs will be discussed by Sgt. G. Albert Howenstein, juvenile officer of the San Anselmo Police Department, at a meeting at 8 p.m. tomorrow at Isabel Cook School.

Cub Scout Pack 5 of Isabel Cook School will sponsor the meeting.

Novato Police Book Four Youths On Dope Counts

Four youths, including the son of a Mill Valley city councilman, were arrested on suspicion of possession of marijuana and narcotics paraphernalia in Novato before midnight Friday.

Booked into Marin County Jail were George E. Wickham Jr., 19, of 190 Manor Drive, Mill Valley, son of Councilman George E. Wickham, Thomas Allen Herrnberger, 19, of 9 Gothic Drive, Novato; Arthur Reynolds Senter Jr., 19, of 254 Ricardo Drive, and Robert Peter Dittle, 19, of 153 Walnut Avenue, both Mill Valley.

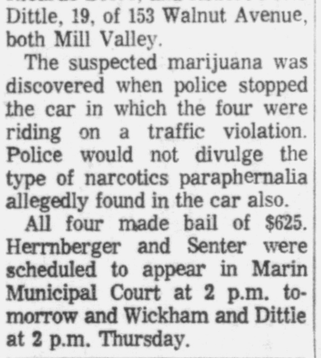

The suspected marijuana was discovered when police stopped the car in which the four were riding on a traffic violation. Police would not divulge the type of narcotics paraphernalia allegedly found in the car also.

All four made bail of $625. Herrnberger and Senter were scheduled to appear in Marin Municipal Court at 2 p.m. tomorrow and Wickham and Dittle at 2 p.m. Thursday.

Chamber Session

The Marin Coast Chamber of Commerce will meet at 7:30 p.m. tomorrow at the Red Barn in Point Reyes Station to hear a report on the Point Reyes National Seashore and to elect new officers for 1969.

UP WITH PEOPLE

Young Director Expounds Ideas

By JOANNE GRANT

An enthusiastic group of Marin young people is staging its own kind of demonstration in its own way to prove that all teens are not juvenile delinquents.

Called Sing-Out Marin, they swing through patriotic songs with a zest born of belief and determination.

"We want the world to be a place for everyone to live in peace," explained 19-year-old Gary Walker, director of the 72-member chorus.

The group is part of the national Up With People program, an outgrowth of the Moral Rearmament movement first started in 1938 by Dr. Frank Buckman in England and revived in recent years in the United States.

The spirit is up with people, instead of down with people, Walker explained amid frequent interruptions at a rehearsal Saturday.

"People are great," he said fervently.

The young people he directs do their best to bear out that statement.

Neatly dressed, clean-shaven and well-groomed boys join equally neat girls in red, white and blue outfits to demonstrate in song. Walker permits the girls to have long hair, but it has to be away from their face or they're out.

The young people don't mind the rules because they are singing to get a point across.

"I was upset about everyone labeling teen-agers," said Nancy Ryan, a Sing Out member from Terra Linda High School. "Someone should show them the good things that teen-agers do," she said.

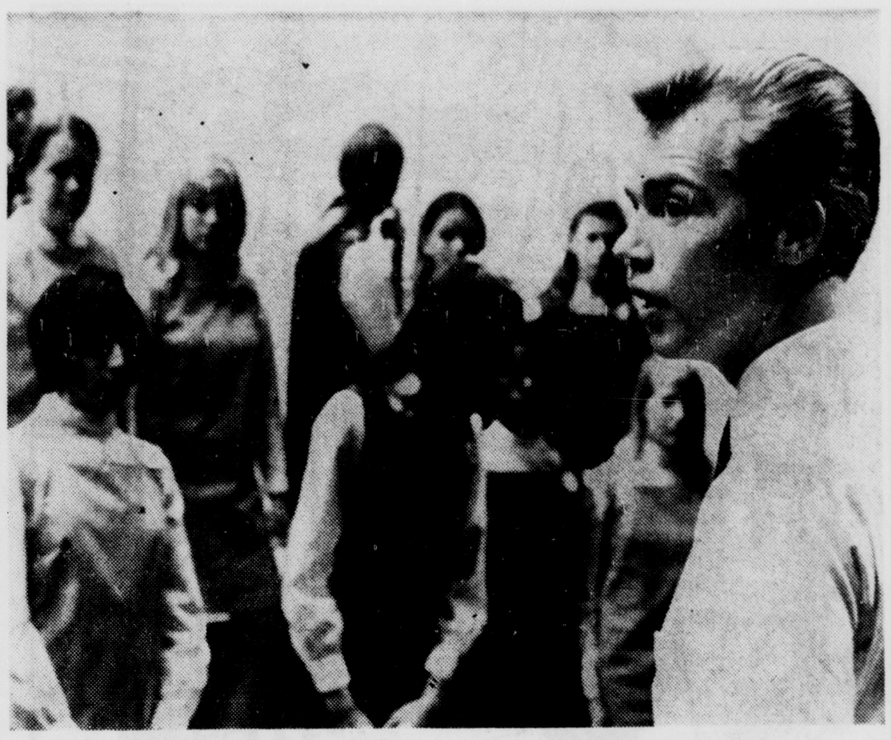

Jim Laufer, also a Terra Linda student, said he was tired of the teen-age image. "Only a few kids are out there taking dope," he said.

Most of the students joined Sing-Out afer hearing about it from Friends or seeing one of the national groups on television.

Kate McKee, a stuent at Sir Francis Drake High School, heard about it from friends and decided after seeing all the demonstrations and peace marches that there must be other ways of getting what one wants.

Don Ulman, a Terra Linda studnet, said positively, "We are demonstrating. Singing is the thing — it's easier to get your point across."

Young people in the chorus range in age from 14 to 22, most of them juniors and seniors in high school.

YOUNG DIRECTOR—Gary Walker (right), 19-year-old director of Sing-Out Marin, gives last minute directions to 40 young singers before Saturday night's concert at College of Marin. A music major at the college, he has been Sing-Out's director since July.

Ellen Ostern, a freshman at College of Marin and one of the older members, said it is hard to get college age people to join. She said they "might be embarrassed to be so boldly patriotic."

She isn't, nor apparently are the more than 60,000 young people who belong to Sing-Out groups across the nation.

Members of these groups are eligible to join one of the national groups and go on tour at home and abroad for a year.

Sing-Out is a non-profit group, not linked to any religion or political philosophy. Walker, a music major at College of Marin, noted that while the group did sing for the Republicans, they offered to do the same for the Democrats and weren't answered.

The Marin group, now 7 months old, was given impetus from Sing-Out Sacramento when a former member of that group, Jeff Yarbrough III, moved to Marin.

The group grew from 20 to 72 within a few months after it was founded and members hope it will expand even more with young people who say: "We know where we are going and where we want to take the world."

Sing-Out Marin Presents First Concert; Seeks More Programs

By BRYCE W. ANDERSON

The 47-year-old dream of a Pennsylvania clergyman came to life on the College of Marin theater stage Saturday night to stir an audience of about 600 as Sing-Out presented its first public concert.

Forty teen-age voices, accompanied by drums, two trumpets and piano, blended in what no one — least of all young director Gary Walker of San Rafael — would pretend was great professional music, but what everyone there would attest was stirring music.

Sing-Out Marin, with 72 members, is the latest of the Sing-Out groups that have sprung up across the United States and abroad since the first one was started three years ago at a Moral Rearmament gathering in Michigan.

They are spontaneous, non-profit groups who sing for the pleasure of it — and to give pleasure to others. Their slogan and theme song is "Up With People."

Besides the theme song, which is the closing number on all Sing-Out programs, the repertoire of the groups has become rather standardized. The Marin group, however, varied the usual by including two girls with guitar in a medley of folk songs, one of which was Eugene Field's immortal nursery rhyme, "Wynken, Blynken and Nod." This got one of the biggest hands of the evening from an audience that was repeatedly on its feet with enthusiasm.

All the Sing-Out songs are hopeful songs. They are in marked contrast to the jungle din of rock 'n' roll and the double meanings and drug promotion familiar in much of current "folk rock."

Sing-Out's sweeping success attests to the durability of the ideal of Rev. Frank N. D. Buchman, a Pennsylvania Lutheran, when he organized the first Oxford Group in England in 1921 as a "life-changing" effort based on the principle that the Sing-Outs have updated as "Up With People."

Buchmasnism soon spread to America and acquired the name of Moral Rearmament. Dropping some of its religious orientation along the way, it had steady growth until the outbreak of World War II. Wartime militarism and the atmosphere of suspicion that followed in the Cold War withered its enthusiasm. But it sprang to a whole new life with the Sing-Out idea, which Robert D. Huber of Mill Valley described in his introduction Saturday night as "not political, not religious, not commercial" — but idealistic and enthusiastic.

Walker and his chorus and band (incidentally, more male voices are needed in the chorus) are looking for engagements to appear before groups anywhere in Marin. The 600 who attended their opening concert will pass the word, and they're sure to be heard frequently hereafter.

Drainage Problem On Council Agenda

Recommendations for solving the Trestle Glen basin drainage problem will be considered by the Tiburon City Council at 8 p.m. Wednesday in city hall.

The council will also discuss the method of selection and job description for a planning director and appointments to the planning commission.

$715 Equipment

Water skis, wet suits and pants, golf clubs and bag and cart, valued at $715 were stolen from the home of Joseph Antone Homen Jr. of 74 Washington Street, Novato, while he was at work sometime between 2 and 10 a.m. Saturday, he reported to Novato police.

Two Narcotics Suspects Due To Appear In Court

Two 19-year-old youths arrested Friday by San Anselmo police for investigation of marijuana possession and other charges, have been scheduled to appear in Marin Municipal Court at 2 p.m. Thursday.

William Charles Hanny, of 7 Homestead Boulevard, Homestead Valley, was also booked into Marin County jail for investigation of being drunk and having a pipe used for smoking narcotics. David Jasper Carini of San Francisco was also booked for investigation of having the weed with intent to sell it.

Both were free today on $2,500 bail each.

San Anselmo police said the two were in a parked car in a parking lot near the 300 block of San Anselmo Avenue. Officers became suspicious after questioning the two, they said, and a search disclosed they had a half-pint jar partially filled with what appeared to be marijuana.

Hospital Use Permit On Agenda

The Larkspur Planning Commission is scheduled to consider a request by Jerome Meislin of Oakland for a use permit at its 8 p.m. meeting tomorrow at city hall.

Meislin wants to construct a 102-bed convalescent hospital in the 1200 block of South Eliseo Drive.

Petaluma Boys Held In Stabbing

Two Petaluma boys are being held at Sonoma County Juvenile Hall on charges of assault with intent to kill, stemming from the Petaluma stabbing Friday night of James (Indian Jim) Young.

Young, 49, of 731 Western Avenue, was treated at Petaluma General Hospital for 14 superficial stab wounds and transferred to Santa Rosa Memorial Hospital, where he was released Saturday at 2 a.m.

Police reported he suffered stab wounds of the back, abdomen, chest, head, right side and left wrist and arm.

The boys, ages 14 and 15, were apprehended by police running from Fred and Bill's Shell Service, First and D streets, Friday about 9:10 p.m., where Young had been stabbed. Police reported the clothes of both boys were blood spattered and that both had been drinking heavily.

Young, unemployed, told police he was stabbed at the rear of the station when he refused to give the boys money to buy wine. A knife, a two-and-a-half-inch switchblade, was found Saturday morning near the scene.

Elective Office Ballot Slated Again At College

An election scheduled for last week at the College of Marin on a proposed measure giving course credit for holding student body offices was postponed until this Thursday and Friday at the student center.

David Brown, student parlimentarian for the associated students, said today the scheduling of other elections last week caused the continuance.

The measure needs a two-thirds majority before the student body would recommend it to the college's instructional council. It lost at an Oct. 25 election but balloting irregularities casued a student elections committee to schedule a new vote.

Mayfair Market On Plans Agenda

Architectural approval for a new Mayfair Market in the planned West End Shopping Center will be considered by the San Rafael Planning Commission at 7:30 p.m. tomorrow at city hall.

Preliminary plans for the market and another building to house retail shops, both to be built between Second and Fourth streets and bordered by Ida Street on the east, were approved in July.

Architectural approval for a stationery store at the corner of Third and E streets will also be considered by the commission.

Rhodesia Raises Its New Flag

SALISBURY, Rhodesia (AP) — Rhodesia's white minority government raised its new flag, purged of the British Union Jack, at a festive ceremony today.

Thousands of whites jamming broad Jameson Avenue clapped and cheered as drums rolled and the green and white vertically striped flag waved vigorously in a brisk breeze.

The scene was in sharp contrast to the somber one at Salisbury police camp late Sunday afternoon when the Union Jack was hauled down for the last time as the flag of an African territory.

Rhodesia's whites today celebrated the third anniversary of their declaration of independence from Britain, and very few blacks were seen in the big crowd at the flag raising.

The same six-man color guard that lowered the Union Jack—a white and a black sergeant each from the army, air force and police—raised the new flag. At the foot of the new flagpole was a statue of the founder of Rhodesia and the man who gave it his name, Cecil Rhodes.

The officer administering the government, Clifford Dupont, said in an address the new flag symbolized Rhodesia's determination to remain master of its own sovereign independence. The Rhodesian government appointed Dupont to be Queen Elizabeth's representative in the rebellious colony, but the Queen and the British government still recognize Gov. Sir Humphrey Gibbs. Gibbs, still flying the Union Jack defiantly at Government House, did not attend either of the two flag ceremonies.

More Guns Being Bought In State

LOS ANGELES (AP) —An official state survey shows Californians are buying more than 9,500 guns a month more than they did in 1961, and an Inglewood gun dealer says the populace is engaged in a "pretty silly" private arms race.

Bob Ketchum, a gun dealer for 25 years, made that evaluation Saturday after statistics released by the state Bureau of Criminal Identificaion and Investigation showed arms purchases skyrocketed after the 1965 Watts riot and the assassinations of Martin Luther King Jr. and Sen. Robert F. Kennedy.

Following the Watts riot 21,412 handguns were sold in August, 1965, about 12,369 more than were sold in August the year before.

After King was shot in April of this year, 26,057 handguns were bought, compared to 11,067 during the preceding April. And after Kennedy's assassination, there were 19,156 guns purchased — 6,683 more than the year before.

"People are just scared and they want guns for private protection," Ketchum said. "They figure there is going to be more restrictive gun legislation and they want to buy before that happens.

"Manufacturers are concentrating on making guns because everyone is screaming for them," he said.

"I don't think two-thirds of these people who are buying guns would know how or are qualified to use them," he said.

State officials said part of the average monthly increase may reflect California's burgeoning population. But, they said, there's no discounting the arms race element.

Frank Pachmayr of Pachmayr Gun Works of Los Angeles, one of the nation's largest outlets, said the increase reflects the population's fear of crime in the streets.

Sausalito Man Says Youths Attacked Him

A Sausalito man told San Rafael police he was beaten by four to six youths Friday apparently for no reason.

John Muzidal, 21, of 1000 Bridgeway, said he was driving on Fourth Street near Francis Street when he recognized a car as belonging to a friend of his.

When he flagged down the car, Muzidal said, a youth jumped out and started hitting him. The youth was then joined by three others who also started beating him, Muzidal said.

Muzidal said he asked he youths, "Why are you doing this?" but received no answer. After a few minutes, he said, another youth came up and stopped the beating, telling Muzidal to get out of the area.

Muzidal said his friend was not in the car at the time of the beating.

He was treated for a black eye and bruised face at Marin General Hospital.

Richmond Bridge Traffic Increases

Traffic on the Richmond-San Rafael Bridge last month increased 7.74 per cent over October 1967, according to the state Division of Bay Toll Crossings.

Last month 481,721 crossings were counted compared to 447,077 last year.

Okinawa Leader Elected

NAHA, Okinawa (AP) — Chobyo Yara, who campaigned on a platform calling for elimination of U.S. bases on Okinawa, was elected chief executive of the U.S.-administered Ryukyu Islands yesterday.

But Yara, 65, who also said the Pacific territory should be returned to Japan, told an interviewer after his victory that realism prevents immediate realization of his demands.

Yara, a veteran educator who was supported by the Socialists and two other opposition parties, said immediate removal of the bases, which are vital to the U.S. war effort in Vietnam, would harm Okinawa's economy, and reversion of the islands to Japan should be accomplished gradually to permit the public to adjust.

It was the first election of a chief executive by popular vote. In the past, the executive was chosen by the elected legislative assembly and approved by the U.S. commissioner of the territory.

The election does not change the governmental system of Okinawa. Yara will serve under the U.S. commissioner, at present Lt. Gen. Ferdinand T. Unger, and will handle only administrative affairs, including certain matters referred to him by the legislative assembly. Unger retains a veto over legislative action.

Pioneer 9 Placed On New Radio Beam

MOUNTAIN VIEW (AP) — Pioneer 9, launched early last Friday from Cape Kennedy into an interplanetary orbit, was reoriented over the weekend to make radio communication to it possible beyond 10 million miles.

Scientists at the National Aeronautic and Space Administration's Ames Research Center here said the reorientation occurred as they beamed more than 240 commands to Pioneer 9 via the Goldstone tracking station in the Mojave Desert.

This resulted in a 50-degree swing in Pioneer 9's attitude, they said, locking its narrow beam radio antenna to a direct focus on earth and hence making the long-distance communication possible.

Three other Pioneer spacecraft are spotted around the sun, and Pioneer 6, launched three years ago, is due to pass behind the sun Nov. 22, providing some of the best measurements yet of the sun's corona.

Pioneer 9 will pass behind the sun 770 days after launch date, when it is 180 million miles from earth.

The information telemetered back by these satellites is expected to provide insight into the mysteries of solar weather, which is important in protecting astronauts en route to the moon.

Burglar Steals TV, $300 Change

Two burglaries were reported by the Marin County Sheriff's Department Friday.

Verna Manley of 747 Alta Vista Avenue, Tamalpais Valley, told deputies that someone took a portable color television set and $300 in small change from her home between 8 a.m. and 5 p.m. Thursday.

A jewelry box containing a diamond and gold man's wedding ring, a gold tie clip, cuff links and $50 in currency was taken from the bedroom in her home within the past two weeks, Anita Backman of 4 Hanover Court, Novato, told deputies.

Dangerous Drugs To Be Discussed

Narcotics and dangerous drugs will be discussed by Sgt. G. Albert Howenstein, juvenile officer of the San Anselmo Police Department, at a meeting at 8 p.m. tomorrow at Isabel Cook School.

Cub Scout Pack 5 of Isabel Cook School will sponsor the meeting.

Sewers Outrank Schools On Voters' Priority List

The voters' verdicts on bond issues in last Tuesday's elections — in which Tamalpais High School District school construction and Novato street bonds were among the losers — gave some rather broad hints that Californians are establishing a sort of priority list for public spending.

Schools, it appears, do not rate very high on the list.

Besides rejecting a $250 million state bond issue for college, university and big-city high school construction, California voters turned down seven local school bond issues totaling $75,700,000, while passing only three totaling $29,120,000, according to a Wall Street Journal tabulation.

The winners were a $17,500,000 issue in Fresno, a $5 million issue in Oak Grove District, Santa Clara County, and a $6,620,000 issue in Modesto. This last one has perhaps a little additional local interest because the Modesto superintendent is Bert C. Corona, former superintendent of San Rafael schools. It passed on the fourth try, after failing to muster the necessary approval three times within two years.

THOUGH SCHOOL BOND issues fared badly, voters gave high priority to sanitation issues — indicating, perhaps, a growing awareness of the necessity to stop defilement of our environment.

Three big sewer bond issues in California all passed; none failed. Los Angeles approved a $16 million sewer project, and sewer issues totaling $6,300,000 were approved by voters in San Jose and neighboring Santa Clara.

Air pollution and traffic congestion do not seem to worry Californians so much, though. At least, they are averse to underwriting vast bond issues for rapid transit in the hope of reducing those twin evils.

In the biggest bond issue put before voters this year, citizens of Los Angeles turned down a $2.5 billion (that's right — billion) rapid transit project. More than half voted for it, but it required 60 per cent to pass.

STATEWIDE, according to the Wall Street Journal's tabulations, Californians rejected $3,354,585,000 in 13 bond issues, while approving only $52,420,000 in six — the three school bond issues mentioned and the three sewer bonds.

Nationally, reported the Wall Street Journal, about half the dollar volume of some $9 billion in bonds put before the voters were approved. This, the Journal commented, "marked a sharp departure from the average 73 to 77 per cent of bond issue dollars approved in the years 1964-67."

SCHOOL BONDS (perhaps because there are so many of them) have not fared well for some years. But they did worse than usual this month.

A prime reason may be the campus unrest at colleges and universities, now slopping down into the high schools.

The fact that school administrators are unwilling or unable to control their schools has nothing to do with the need for facilities. But one highly educated Californian, closely conversant with the situation, probably put the case for millions of his fellow voters when he said:

"Voting 'no' on the bond issues is the only way we have to let the school people know we disapprove of the way they are doing their jobs."

Error On Cluster Plan Cost

We are informed that the figure of $11 to $12 million, talked about at a San Rafael Board of Education meeting in connection with a "cluster campus" high school plan, would include a third high school as well as remodeling of the present San Rafael and Terra Linda high schools.

The third high school alone, however, would cost far less—whether on a "cluster plan" or in more conventional form.

We reiterate our suggestion that the board put first things first and proceed with planning the third high school. Passage of a bond issue to finance it would certainly be far less likely if the amount were vastly increased by including the revamping of the present schools.

AFFAIRS OF STATE

Some Seeming Contradictions In How Californians Voted

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — A glance in retrospect at last Tuesday's election necessitates comment as to why certain things happened, some of which are obvious and others still a matter of curiosity.

The nation elects a Republican president, but fails to give him a majority in the legislative branch. And that majority is necessary if the new president expects to carry out provisions of the Republican platform.

This same situation occurred two years ago when California elected a Republican governor. Two years later, the Republican governor still does not have a majority in both houses of the Legislature.

THE CALIFORNIA electorate names Alan Cranston, a Democrat, as United States senator and at the same time, turns over the state's electoral vote to Richard Nixon, a Republican. The philosophies of Cranston and Nixon are about as far apart as night and day.

All of which is an indication that choices are being made on personalities, rather than on theories of government. Max Rafferty may have been too conservative even for Nixon, but apparently, his political viewpoints had little to do with his defeat, which observers feel came from talking too much, and the lack of support from the liberal Kuchel camp.

THE DEFEAT of the initiative Proposition 9, the Watson Amendment to limit property taxes, was expected. However, even in defeat, the Watson Amendment served some of its purpose. The very fact that it was on the ballot "shook up" organizations and legislators alike to the realization that something must be done to curb the increasing demands for taxes.

The Proposition 1A substitute, giving a small tax break to the public in many categories, is held not to be the final answer to tax relief. Already, the Republicans are working on new programs which will be presented at the next legislative session.

THE DEFEAT of Proposition 1, constitutional revision, came as a slight surprise, and may be an indication that the people are getting more demanding as to their rights under the constitution.

Public disgust with the operation of colleges and universities, with rioting, defiance of authority and disregard of laws, no doubt resulted in defeat of the $250 million bond issue for new university construction. And as well, the public may have had it in mind that it is in debt enough, without going into another bond issue and contributing to a tax increase to finance more bond payments.

However, the election proved that democracy is at work, and even with its deficiencies, no better system has been devised.

Comments About Mental Health Chief

Thank you for your article on the Community Mental Health Center, which was dedicated this past weekend. I would like to add a few words concerning the director of the center, Dr. Donald Wilson. In my opinion he really does not have "contempt for some psychological theories" as your story seemed to indicate. He is well versed in all theories and gives them all due consideration. I believe he does have contempt for the idea of forcing the patient to fit the theory rather than using the theory to help understand the patient's real problems.

He is not like the legendary Procructes who forced his victims to lie on a short bed and then cut off whatever overlapped, or if the bed proved to be too long, stretched them to fit. I believe Doctor Wilson's attitude toward psychotherapy corresponds with that of Sigmund Freud, who said: "Therapy is anything that really helps."

Marin Officials Better By Test

I would like to reply to the letter of M. C. Thunes of Nov. 6. She accuses our city councils of chauvinsim, particularly with regards to the leash laws. I could ask what I would consider relevant questions, such as, "How is the Fairfax City Council expected to know such excellent leash laws are on the books in Orange County as opposed to, say, Cook County, Ill., etc.?"

However, I choose to be perhaps totally irrelevant and impractical and say that I am very proud of the way Marin officials handle their affairs. They are far from perfect but their emphasis on solving their own problems in old-time American tradition is one of the reasons why Marin County is one of the most desirable places in the U.S. to live. The true test of their ability is to look at the results, and how anyone of good judgment can say that either Orange County or L.A. County can offer much to Marin County is beyond me.

To complete my irrelevant argument, I say that if our local government is so amusing, laughable and confusing to M.C. Thunes I would like, with all due respect and lack of animosity, to ask if she really wouldn't like it better back in Orange or L. A. County and let us bumbling, provincial country yokels continue to enjoy and amuse ourselves.

Initiative Process Misused, Needs To Be Revamped

(Reprinted from Riverside Press)

In recent years nothing but trouble and expense has come of the constitutional initiative process.

When the initiative, referendum and recall were pushed through by Gov. Hiram Johnson before World War I, there was a reason for them. The legislature was generally subservient to giant, exploitative economic interests. Mr. Johnson thought the people needed a way around a destructive or standpat legislature. At that time they did, and "indirect legislation" seemed to be the answer.

But new occasions teach new duties. As population grew, the Legislature improved in quality and in representative character. At the same time ability to get a measure on the ballot came to depend on the money available to hire professional signature-gathering firms. As based on a percentage of the last previous gubernatorial vote, the number of signatures required has gone up in California from 30,848 in 1911 to 520,276 today.

THERE IS LITTLE opportunity for "the people," by a spontaneous rising, to gather this number of signatures. The specialty firms gather them — for a price, and for any cause sponsored by one who has the money to pay. This kind of money now is controlled only by special interests.

Among the products of self-interested initiative campaigns, aside from Proposition 9 on this year's ballot, were the proposal to outlaw pay TV in 1964, the anti-open housing amendment of that same year, the meat-axe anti-pornography proposition of 1966 and the shoddy private-monopoly state lottery scheme, also on the ballot two years ago.

Virtually all of the recent propositions have been self-seeking, some have been downright dangerous, and two that did pass — anti-open housing and anti-pay TV in 1964, were voided by the courts. Others have been defeated at the polls, but only after bitter and costly campaigns. And some of these, had they passed, also would probably have been found unconstitutional.

STATE FINANCE Director Caspar Weinberger proposed recently that the initiative be taken out of the hands of professional petition circulators by requiring that signatures be gathered at county offices in the presence of a county official.

That is one possibility. Another, perhaps too drastic, is outright abolition of the initiative. A third suggestion, one which might merit serious consideration, is simply to outlaw payment of money for obtaining signatures on initiative petitions.

Certainly something must be done to tighten up a system which has ceased to serve the purpose for which it was created.

Close Vote Does Not Mean Nixon Should Be Pussy-Footer

WASHINGTON — The worst advice Richard Nixon is getting is that because his victory is so thin he should be slow, cautious, even chary as President-elect and President.

The opposite is nearer the truth and there is reason to believe he thinks so himself.

That Nixon and Hubert Humphrey divided the popular vote so evenly does not mean the American people voted for political indecision.

Both offered themselves as activist political leaders and there is no evidence that the nation wants a new administration intimidated by the closeness of the vote or disposed to look over its shoulder before doing anything to see if the people are with it.

THEY WILL BE if Nixon seizes his job with daring and firmness.

There is good reason for him to do so.

This election did not polarize the American people between far right and far left.

It revealed an American people united around the political center.

The large popular vote which went to Humphrey came mostly from the Democratic political center and the moderate liberals.

The almost identical popular vote which went to Nixon came mostly from the Republican political center and the moderate conservatives.

WHAT NIXON can now see is that the very closeness of the vote is a source of great potential backing for the positive actions to further racial justice and social progress which he often mentioned but rarely spelled out in his campaign.

Indeed, it seems to me that the most significant single consequence of the combined Nixon and Humphrey vote is that it served to isolate the extremists and to demonstrate that the vast majority of the American people are far more united than the violence and heckling of the campaign indicated.

It is not the politicians who have done so much to unite the country. It is the voters who have done so much to unite the politicians.

Thus Nixon does not at all need to be immobilized by the fact that virtually as many Americans wanted Humphrey as President as wanted him President. They showed they wanted a constructive, positive President who would move things ahead.

IN HIS BEST speech of the campaign Nixon listed what he aims to do. He put it this way: "In this watershed year of 1968, America needs presidential leadership that can establish a firm focus and offer a way out of a time of towering uncertainties. Only the President can hold out a vision of the future and rally the people behind it. . . . He has to take hold of America before he can move it forward."

The unexpectedly solid and substantial vote at the political center strengthens the hand of the new President. The nation needs decisive presidential leadership — and voted for it. Nixon has no reason to pause and wonder if he should give the country the leadership he promised. And Humphrey will himself be a constructive, unifying force.

TWO THINGS are immediately needed:

Nixon talked about a bipartisan cabinet. The sooner it is evident the better. It will serve as symbol and substance of national unity.

Nixon, Humphrey and President Johnson will need to work as a team to bring about substantial Vietnam peace talks and to concert unified U.S. policy.

Rickover Wins Campaign For Quiet Submarine

By ROBERT S. ALLEN and JOHN A. GOLDSMITH

WASHINGTON — With an unwitting assist from Richard M. Nixon, Vice Adm. H. G. Rickover has apparently won round two in the continuing Pentagon battle over whether to build a new generation of nuclear submarines.

The Defense Department "hold" on Rickover's development of a super-quiet submarine has been withdrawn. The freeze order was vacated under circumstances which have prompted some Pentagon wits to call the quiet submarine "the Nixon sub."

A quiet attack submarine, employing an electric drive and incorporating a variety of new undersea devices, has long been a central feature of Rickover's program for modernizing the U.S. fleet of nuclear submarines. Congress voted $125 million for the vessel more than a year ago.

IN MAY, however, with about $50 million of the money obligated, the department imposed its hold. The word then was that Pentagon experts, under heavy economy pressures, were restudying the need for a super-quiet submarine.

In July, when he gave the go-ahead for work on a new, high-speed submarine, Sec. of Defense Clark Clifford said a decision would be made soon on whether to cancel the quiet submarine project.

On Oct. 24 Nixon charged that the Kennedy and Johnson administrations had fostered "a gravely serious security gap" with their defense policies. The charge, reminiscent of John F. Kennedy's 1960 missile-gap allegations, was made in a radio campaign speech.

Nixon specifically listed nuclear submarines, with ballistic missile forces and other weapon programs, as national security areas in which the United States had been losing ground to improving Communist forces.

The next morning, Oct. 25, Clifford rejected the Nixon charges at a news conference which ranged over a broad field of defense policy. In the course of the news conference Clifford announced that the United States would go ahead with construction of super-quiet submarine.

WHILE NIXON'S campaign barbs may have played a role in the timing of that announcement, the decision to build the quiet sub was based on other factors of more lasting significance in the Pentagon. Involved was a potent blend of intelligence information and congressional pressure.

From intelligence sources, Navy undersea experts had become convinced that the Russians have made important strides toward quietness in their nuclear submarine program. Progress made by the Russians would, in effect, better than halve the distance at which their quiet subs could operate undetected by U.S. listening devices.

That information prompted several congressional committees to get into the act on behalf of the U.S. quiet submarine. Both the Senate and House Armed Services Committees, both appropriations committees, and the joint Senate-House Atomic Energy Committee expressed support for the project.

CLIFFORD'S announcement thus followed the pattern set by his July approval of the high speed submarine — after intelligence on Russian performance was twice revised upward and after congressional military experts began to express their concern about Soviet achievements.

Some of Rickover's partisans, in Congress and the Pentagon, are still watching carefully to see whether Defense Department research and development experts let Rickover go ahead with his own program for building a high-speed submarine with components already at hand. The admiral plans, in effect, to put a more powerful nuclear power plant, already developed, into an already developed submarine hull.

UP WITH PEOPLE

Young Director Expounds Ideas

By JOANNE GRANT

An enthusiastic group of Marin young people is staging its own kind of demonstration in its own way to prove that all teens are not juvenile delinquents.

Called Sing-Out Marin, they swing through patriotic songs with a zest born of belief and determination.

"We want the world to be a place for everyone to live in peace," explained 19-year-old Gary Walker, director of the 72-member chorus.

The group is part of the national Up With People program, an outgrowth of the Moral Rearmament movement first started in 1938 by Dr. Frank Buckman in England and revived in recent years in the United States.

The spirit is up with people, instead of down with people, Walker explained amid frequent interruptions at a rehearsal Saturday.

"People are great," he said fervently.

The young people he directs do their best to bear out that statement.

Neatly dressed, clean-shaven and well-groomed boys join equally neat girls in red, white and blue outfits to demonstrate in song. Walker permits the girls to have long hair, but it has to be away from their face or they're out.

The young people don't mind the rules because they are singing to get a point across.

"I was upset about everyone labeling teen-agers," said Nancy Ryan, a Sing Out member from Terra Linda High School. "Someone should show them the good things that teen-agers do," she said.

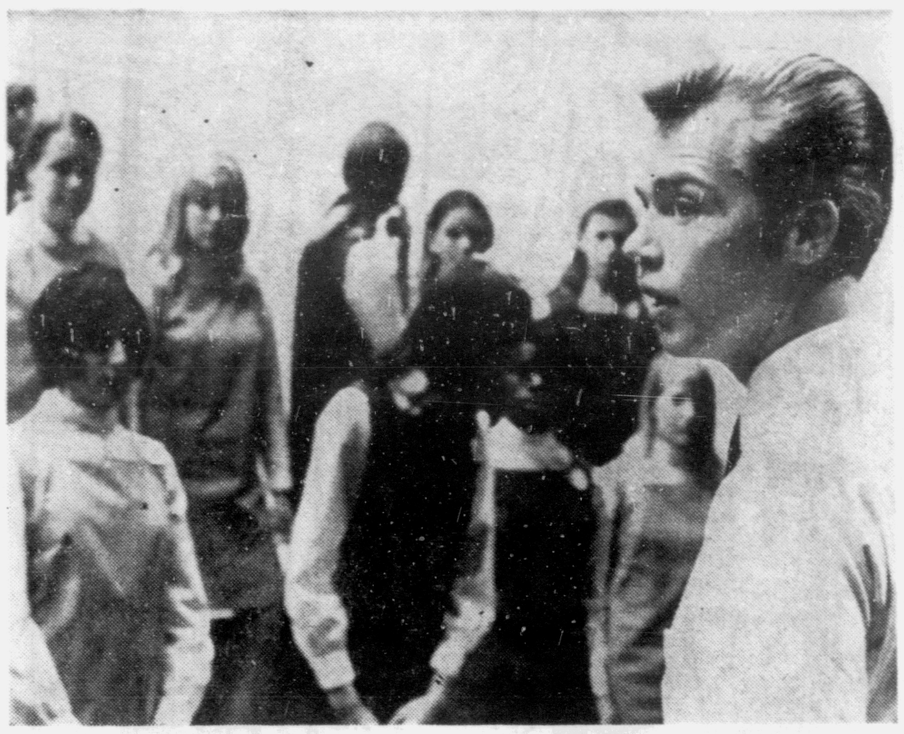

Jim Laufer, also a Terra Linda student, said he was tired of the teen-age image. "Only a few kids are out there taking dope," he said.

Most of the students joined Sing-Out afer hearing about it from Friends or seeing one of the national groups on television.

Kate McKee, a stuent at Sir Francis Drake High School, heard about it from friends and decided after seeing all the demonstrations and peace marches that there must be other ways of getting what one wants.

Don Ulman, a Terra Linda studnet, said positively, "We are demonstrating. Singing is the thing — it's easier to get your point across."

Young people in the chorus range in age from 14 to 22, most of them juniors and seniors in high school.

YOUNG DIRECTOR—Gary Walker (right), 19-year-old director of Sing-Out Marin, gives last minute directions to 40 young singers before Saturday night's concert at College of Marin. A music major at the college, he has been Sing-Out's director since July.

Ellen Ostern, a freshman at College of Marin and one of the older members, said it is hard to get college age people to join. She said they "might be embarrassed to be so boldly patriotic."

She isn't, nor apparently are the more than 60,000 young people who belong to Sing-Out groups across the nation.

Members of these groups are eligible to join one of the national groups and go on tour at home and abroad for a year.

Sing-Out is a non-profit group, not linked to any religion or political philosophy. Walker, a music major at College of Marin, noted that while the group did sing for the Republicans, they offered to do the same for the Democrats and weren't answered.

The Marin group, now 7 months old, was given impetus from Sing-Out Sacramento when a former member of that group, Jeff Yarbrough III, moved to Marin.

The group grew from 20 to 72 within a few months after it was founded and members hope it will expand even more with young people who say: "We know where we are going and where we want to take the world."

Sing-Out Marin Presents First Concert; Seeks More Programs

By BRYCE W. ANDERSON

The 47-year-old dream of a Pennsylvania clergyman came to life on the College of Marin theater stage Saturday night to stir an audience of about 600 as Sing-Out presented its first public concert.

Forty teen-age voices, accompanied by drums, two trumpets and piano, blended in what no one — least of all young director Gary Walker of San Rafael — would pretend was great professional music, but what everyone there would attest was stirring music.

Sing-Out Marin, with 72 members, is the latest of the Sing-Out groups that have sprung up across the United States and abroad since the first one was started three years ago at a Moral Rearmament gathering in Michigan.

They are spontaneous, non-profit groups who sing for the pleasure of it — and to give pleasure to others. Their slogan and theme song is "Up With People."

Besides the theme song, which is the closing number on all Sing-Out programs, the repertoire of the groups has become rather standardized. The Marin group, however, varied the usual by including two girls with guitar in a medley of folk songs, one of which was Eugene Field's immortal nursery rhyme, "Wynken, Blynken and Nod." This got one of the biggest hands of the evening from an audience that was repeatedly on its feet with enthusiasm.

All the Sing-Out songs are hopeful songs. They are in marked contrast to the jungle din of rock 'n' roll and the double meanings and drug promotion familiar in much of current "folk rock."

Sing-Out's sweeping success attests to the durability of the ideal of Rev. Frank N. D. Buchman, a Pennsylvania Lutheran, when he organized the first Oxford Group in England in 1921 as a "life-changing" effort based on the principle that the Sing-Outs have updated as "Up With People."

Buchmasnism soon spread to America and acquired the name of Moral Rearmament. Dropping some of its religious orientation along the way, it had steady growth until the outbreak of World War II. Wartime militarism and the atmosphere of suspicion that followed in the Cold War withered its enthusiasm. But it sprang to a whole new life with the Sing-Out idea, which Robert D. Huber of Mill Valley described in his introduction Saturday night as "not political, not religious, not commercial" — but idealistic and enthusiastic.

Walker and his chorus and band (incidentally, more male voices are needed in the chorus) are looking for engagements to appear before groups anywhere in Marin. The 600 who attended their opening concert will pass the word, and they're sure to be heard frequently hereafter.

Drainage Problem On Council Agenda

Recommendations for solving the Trestle Glen basin drainage problem will be considered by the Tiburon City Council at 8 p.m. Wednesday in city hall.

The council will also discuss the method of selection and job description for a planning director and appointments to the planning commission.

The group also sang such numbers as "Born Free," "Can't You Hear America Calling?" and "The Impossible Dream." (Independent-Journal photos by Jim Kean)

Petaluma Boys Held In Stabbing

Two Petaluma boys are being held at Sonoma County Juvenile Hall on charges of assault with intent to kill, stemming from the Petaluma stabbing Friday night of James (Indian Jim) Young.

Young, 49, of 731 Western Avenue, was treated at Petaluma General Hospital for 14 superficial stab wounds and transferred to Santa Rosa Memorial Hospital, where he was released Saturday at 2 a.m.

Police reported he suffered stab wounds of the back, abdomen, chest, head, right side and left wrist and arm.

The boys, ages 14 and 15, were apprehended by police running from Fred and Bill's Shell Service, First and D streets, Friday about 9:10 p.m., where Young had been stabbed. Police reported the clothes of both boys were blood spattered and that both had been drinking heavily.

Young, unemployed, told police he was stabbed at the rear of the station when he refused to give the boys money to buy wine. A knife, a two-and-a-half-inch switchblade, was found Saturday morning near the scene.

Elective Office Ballot Slated Again At College

An election scheduled for last week at the College of Marin on a proposed measure giving course credit for holding student body offices was postponed until this Thursday and Friday at the student center.

David Brown, student parlimentarian for the associated students, said today the scheduling of other elections last week caused the continuance.

The measure needs a two-thirds majority before the student body would recommend it to the college's instructional council. It lost at an Oct. 25 election but balloting irregularities casued a student elections committee to schedule a new vote.

Mayfair Market On Plans Agenda

Architectural approval for a new Mayfair Market in the planned West End Shopping Center will be considered by the San Rafael Planning Commission at 7:30 p.m. tomorrow at city hall.

Preliminary plans for the market and another building to house retail shops, both to be built between Second and Fourth streets and bordered by Ida Street on the east, were approved in July.

Architectural approval for a stationery store at the corner of Third and E streets will also be considered by the commission.

Sand dunes, with their changing shapes and constant drifting, are among the most mobile of all landscape features.

$715 Equipment

Water skis, wet suits and pants, golf clubs and bag and cart, valued at $715 were stolen from the home of Joseph Antone Homen Jr. of 74 Washington Street, Novato, while he was at work sometime between 2 and 10 a.m. Saturday, he reported to Novato police.

Two Narcotics Suspects Due To Appear In Court

Two 19-year-old youths arrested Friday by San Anselmo police for investigation of marijuana possession and other charges, have been scheduled to appear in Marin Municipal Court at 2 p.m. Thursday.

William Charles Hanny, of 7 Homestead Boulevard, Homestead Valley, was also booked into Marin County jail for investigation of being drunk and having a pipe used for smoking narcotics. David Jasper Carini of San Francisco was also booked for investigation of having the weed with intent to sell it.

Both were free today on $2,500 bail each.

San Anselmo police said the two were in a parked car in a parking lot near the 300 block of San Anselmo Avenue. Officers became suspicious after questioning the two, they said, and a search disclosed they had a half-pint jar partially filled with what appeared to be marijuana.

Hospital Use Permit On Agenda

The Larkspur Planning Commission is scheduled to consider a request by Jerome Meislin of Oakland for a use permit at its 8 p.m. meeting tomorrow at city hall.

Meislin wants to construct a 102-bed convalescent hospital in the 1200 block of South Eliseo Drive.

Few Surprises In Smooth Election Except For Couple Of Squeakers

There were few surprises in last Tuesday's election, except for the margin of victory in several instances.

In the presidential race, the amazing thing was how close Hubert Humphrey, leading a badly riddled party, came to upsetting Richard Nixon.

Proposition 9, the drastic tax relief measure proposed by Philip Watson, was beaten as predicted, but by a far larger margin than expected.

No one really foresaw any trouble for Rep. Don Clausen, Rep. William Mailliard, Assemblyman Bill Bagley, and Alan Cranston.

Michael Wornum was expected to take the Southern Marin supervisor's post, but not by 2 to 1.

We missed the Tom Storer-Bud Baar race by 500 votes.

THE ELECTION of Baar means that two former San Rafael city councilmen will be sitting side by side on the county board of supervisors. When the new board takes office in January, the same balance will be retained in the constant battle between development and conservation.

On the current board, veteran Supervisor William Gnoss often found himself the swing vote, with Peter Behr and Tom Storer on one side, and Ernest Kettenhofen and John McInnis on the other.

When the new board takes over, Gnoss will again find himself in the middle, with McInnis and Baar on one side, and Peter Arrigoni and Wornum on the other.

COUNTY CLERK George Gnoss is all smiles over the smooth manner in which the election returns were processed by his department, working closely with data processing.

Elections Assistant Peter Meyer hit it on the head when he predicted the complete count would be ready by 1 a.m. Marin was about 18th in the state to send its complete returns to Sacramento. If a little brush in one of the computers hadn't fouled up the works for 90 minutes, Marin might have been the first in the state to report.

WITH THE REPUBLICANS headed for Washington, there's speculation that Assemblyman Bagley may be tapped for something bigger. If the Assembly post opens up, it's a pretty good bet that supervisor chairman Ernest N. Kettenhofen will try for the Assembly.

PARENTS LIVE in fear that their children may be drawn into the use of drugs like LSD and speed. Most of them know that drug use is prevalent, but hope that by keeping quiet and holding their breath, the problem will somehow disappear.

It took seminary student Gary Peter Davis to lay it on the line, warning of drug use and rumblings of teen-age anarchy. Marin County parks and recreation commissioners, notably Lothar Salin and chairman Melton Ferris, picked up the ball and invited Mr. Davis to give his findings countywide exposure at a public meeting set for 3 p.m. Wednesday in the Civic Center.

Bravo to the parks and recreation commissioners for the decision to air the problems and meet them head-on instead of skirting the issue and pretending no problem exists!

The Final Step Of Involvement: Goon Squads And Assassination

The young anarchists are unlovely people. They are young because they are young and they are unlovely because they have a great and overwhelming arrogance — an arrogance that comes from being old enough to know and too young yet to understand.

They have zeal and it is a good thing to have when you are young. And they have an ignorance, a lack of understanding that the good which has seeped down to us from the ages, the grain alcohol of the ancients, has come down to us on the suffering back of experience and on the bloodied head of wisdom.

They, the unlovely young anarchists, speak of love but they have destruction on their breath. They would destroy all, everything; that which is good and that which is not so good nor so lovely as they would have it be, and they would do all this in their youthful zeal and in their arrogance of youth.

In their young years they have learned much. They have learned about non-heroes, cybernetics, digital computors and E equals MC squared. And they have learned about semantics. They have learned how to use the power of words to deceive. They have learned these lessons well but they have not yet learned meaning, understanding and the relationship of things.

THE KEYSTONE of their thought is involvement — that is, when it isn't disengagement — and this involvement is, you say, all to the good, all to their credit. Wholeheartedly, the academicians, their mentors, agree, for involvement is their euphemism for "youth in upheaval" which is simply another euphemism for terror and a savage grasp for naked power.

It is involvement, yes it is, when the young crowd a hall to shout down a political candidate or any other candidate, catcalling, hooting, foghorning, making it impossible for him to be heard by those many who did come to hear.

It is involvement, yes it is, to sheer-force your way to the platform to pummel the candidate, giving him kicks and blows. This hasn't happened, not yet, but it would be involvement and it is the next step after yelling him down, or tossing tomatoes, eggs and rocks.

It is involvement, yes it is, to storm-troop the auditorium, bully-boys and machine-guns. The speaker is speaking and you, the young anarchists, don't like what he is saying and you know, yes you know, you are involved in the most involved way you can be by committing the most audacious and supreme act of involvement, the last step of involvement, the total involvement —

ALL THIS is involvement, taken one step at a time but taken in a direction and to a degree anathematic to our tradition, our heritage, our nation.

It is an involvement as foreign to us as the goose-step, the hobnail boot and the hateful SS armband.

And it is involvement, the kind the young anarchists, our unlovely people, know. But they don't understand it is an involvement they also claim to abhor: an involvement in violence, force, and totalitarianism.

They, these young anarchists, do not understand; they, these unlovely people, who claim so fervently to hate Naziism are using the very tools of Naziism.

And if this they do understand, then they do not understand enough to fear it.

WORTH SAYING AGAIN

When the rich assemble themselves with the business of the poor it is called charity. When the poor assemble to concern themselves with the business of the rich it is called anarchy.
— Paul Richard.

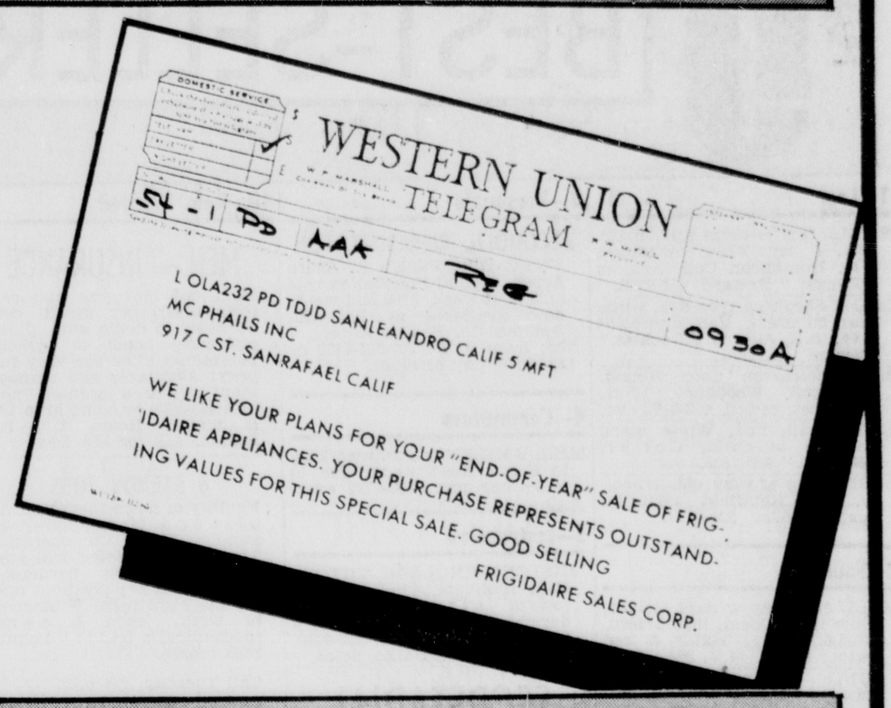

Older men declare war. But it is youth that must fight and die. And it is youth who must inherit the tribulations, the sorrow, and the triumphs that are the aftermaths of war. — Herbert Hoover.

As in the bosom of the earth vestiges of all earlier life may be found, soo in the bosom of public opinion are to be found vestiges of the early dinosaurs of thought. — Alvin S. Johnson.

Sewers Outrank Schools On Voters' Priority List

The voters' verdicts on bond issues in last Tuesday's elections — in which Tamalpais High School District school construction and Novato street bonds were among the losers — gave some rather broad hints that Californians are establishing a sort of priority list for public spending.

Schools, it appears, do not rate very high on the list.

Besides rejecting a $250 million state bond issue for college, university and big-city high school construction, California voters turned down seven local school bond issues totaling $75,700,000, while passing only three totaling $29,120,000, according to a Wall Street Journal tabulation.

The winners were a $17,500,000 issue in Fresno, a $5 million issue in Oak Grove District, Santa Clara County, and a $6,620,000 issue in Modesto. This last one has perhaps a little additional local interest because the Modesto superintendent is Bert C. Corona, former superintendent of San Rafael schools. It passed on the fourth try, after failing to muster the necessary approval three times within two years.

THOUGH SCHOOL BOND issues fared badly, voters gave high priority to sanitation issues — indicating, perhaps, a growing awareness of the necessity to stop defilement of our environment.

Three big sewer bond issues in California all passed; none failed. Los Angeles approved a $16 million sewer project, and sewer issues totaling $6,300,000 were approved by voters in San Jose and neighboring Santa Clara.

Air pollution and traffic congestion do not seem to worry Californians so much, though. At least, they are averse to underwriting vast bond issues for rapid transit in the hope of reducing those twin evils.

In the biggest bond issue put before voters this year, citizens of Los Angeles turned down a $2.5 billion (that's right — billion) rapid transit project. More than half voted for it, but it required 60 per cent to pass.

STATEWIDE, according to the Wall Street Journal's tabulations, Californians rejected $3,354,585,000 in 13 bond issues, while approving only $52,420,000 in six — the three school bond issues mentioned and the three sewer bonds.

Nationally, reported the Wall Street Journal, about half the dollar volume of some $9 billion in bonds put before the voters were approved. This, the Journal commented, "marked a sharp departure from the average 73 to 77 per cent of bond issue dollars approved in the years 1964-67."

SCHOOL BONDS (perhaps because there are so many of them) have not fared well for some years. But they did worse than usual this month.

A prime reason may be the campus unrest at colleges and universities, now slopping down into the high schools.

The fact that school administrators are unwilling or unable to control their schools has nothing to do with the need for facilities. But one highly educated Californian, closely conversant with the situation, probably put the case for millions of his fellow voters when he said:

"Voting 'no' on the bond issues is the only way we have to let the school people know we disapprove of the way they are doing their jobs."

Error On Cluster Plan Cost

We are informed that the figure of $11 to $12 million, talked about at a San Rafael Board of Education meeting in connection with a "cluster campus" high school plan, would include a third high school as well as remodeling of the present San Rafael and Terra Linda high schools.

The third high school alone, however, would cost far less—whether on a "cluster plan" or in more conventional form.

We reiterate our suggestion that the board put first things first and proceed with planning the third high school. Passage of a bond issue to finance it would certainly be far less likely if the amount were vastly increased by including the revamping of the present schools.

AFFAIRS OF STATE

Some Seeming Contradictions In How Californians Voted

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — A glance in retrospect at last Tuesday's election necessitates comment as to why certain things happened, some of which are obvious and others still a matter of curiosity.

The nation elects a Republican president, but fails to give him a majority in the legislative branch. And that majority is necessary if the new president expects to carry out provisions of the Republican platform.

This same situation occurred two years ago when California elected a Republican governor. Two years later, the Republican governor still does not have a majority in both houses of the Legislature.

THE CALIFORNIA electorate names Alan Cranston, a Democrat, as United States senator and at the same time, turns over the state's electoral vote to Richard Nixon, a Republican. The philosophies of Cranston and Nixon are about as far apart as night and day.

All of which is an indication that choices are being made on personalities, rather than on theories of government. Max Rafferty may have been too conservative even for Nixon, but apparently, his political viewpoints had little to do with his defeat, which observers feel came from talking too much, and the lack of support from the liberal Kuchel camp.

THE DEFEAT of the initiative Proposition 9, the Watson Amendment to limit property taxes, was expected. However, even in defeat, the Watson Amendment served some of its purpose. The very fact that it was on the ballot "shook up" organizations and legislators alike to the realization that something must be done to curb the increasing demands for taxes.

The Proposition 1A substitute, giving a small tax break to the public in many categories, is held not to be the final answer to tax relief. Already, the Republicans are working on new programs which will be presented at the next legislative session.

THE DEFEAT of Proposition 1, constitutional revision, came as a slight surprise, and may be an indication that the people are getting more demanding as to their rights under the constitution.

Public disgust with the operation of colleges and universities, with rioting, defiance of authority and disregard of laws, no doubt resulted in defeat of the $250 million bond issue for new university construction. And as well, the public may have had it in mind that it is in debt enough, without going into another bond issue and contributing to a tax increase to finance more bond payments.

However, the election proved that democracy is at work, and even with its deficiencies, no better system has been devised.

Comments About Mental Health Chief

Thank you for your article on the Community Mental Health Center, which was dedicated this past weekend. I would like to add a few words concerning the director of the center, Dr. Donald Wilson. In my opinion he really does not have "contempt for some psychological theories" as your story seemed to indicate. He is well versed in all theories and gives them all due consideration. I believe he does have contempt for the idea of forcing the patient to fit the theory rather than using the theory to help understand the patient's real problems.

He is not like the legendary Procructes who forced his victims to lie on a short bed and then cut off whatever overlapped, or if the bed proved to be too long, stretched them to fit. I believe Doctor Wilson's attitude toward psychotherapy corresponds with that of Sigmund Freud, who said: "Therapy is anything that really helps."

Marin Officials Better By Test

I would like to reply to the letter of M. C. Thunes of Nov. 6. She accuses our city councils of chauvinsim, particularly with regards to the leash laws. I could ask what I would consider relevant questions, such as, "How is the Fairfax City Council expected to know such excellent leash laws are on the books in Orange County as opposed to, say, Cook County, Ill., etc.?"

However, I choose to be perhaps totally irrelevant and impractical and say that I am very proud of the way Marin officials handle their affairs. They are far from perfect but their emphasis on solving their own problems in old-time American tradition is one of the reasons why Marin County is one of the most desirable places in the U.S. to live. The true test of their ability is to look at the results, and how anyone of good judgment can say that either Orange County or L.A. County can offer much to Marin County is beyond me.

To complete my irrelevant argument, I say that if our local government is so amusing, laughable and confusing to M.C. Thunes I would like, with all due respect and lack of animosity, to ask if she really wouldn't like it better back in Orange or L. A. County and let us bumbling, provincial country yokels continue to enjoy and amuse ourselves.

Initiative Process Misused, Needs To Be Revamped

(Reprinted from Riverside Press)

In recent years nothing but trouble and expense has come of the constitutional initiative process.

When the initiative, referendum and recall were pushed through by Gov. Hiram Johnson before World War I, there was a reason for them. The legislature was generally subservient to giant, exploitative economic interests. Mr. Johnson thought the people needed a way around a destructive or standpat legislature. At that time they did, and "indirect legislation" seemed to be the answer.

But new occasions teach new duties. As population grew, the Legislature improved in quality and in representative character. At the same time ability to get a measure on the ballot came to depend on the money available to hire professional signature-gathering firms. As based on a percentage of the last previous gubernatorial vote, the number of signatures required has gone up in California from 30,848 in 1911 to 520,276 today.

THERE IS LITTLE opportunity for "the people," by a spontaneous rising, to gather this number of signatures. The specialty firms gather them — for a price, and for any cause sponsored by one who has the money to pay. This kind of money now is controlled only by special interests.

Among the products of self-interested initiative campaigns, aside from Proposition 9 on this year's ballot, were the proposal to outlaw pay TV in 1964, the anti-open housing amendment of that same year, the meat-axe anti-pornography proposition of 1966 and the shoddy private-monopoly state lottery scheme, also on the ballot two years ago.

Virtually all of the recent propositions have been self-seeking, some have been downright dangerous, and two that did pass — anti-open housing and anti-pay TV in 1964, were voided by the courts. Others have been defeated at the polls, but only after bitter and costly campaigns. And some of these, had they passed, also would probably have been found unconstitutional.

STATE FINANCE Director Caspar Weinberger proposed recently that the initiative be taken out of the hands of professional petition circulators by requiring that signatures be gathered at county offices in the presence of a county official.

That is one possibility. Another, perhaps too drastic, is outright abolition of the initiative. A third suggestion, one which might merit serious consideration, is simply to outlaw payment of money for obtaining signatures on initiative petitions.

Certainly something must be done to tighten up a system which has ceased to serve the purpose for which it was created.

RIVALS FOR THE HARD LUCK championship of Minnesota are Mr. A., who received a bottle of irresistible "Come and Get Me" perfume from his best girl one Monday and was drafted into the Army on Tuesday, and Mr. B., who moved to a suburb of St. Paul and was promptly run over by a Welcome Wagon.

Words of wisdom from Colonel Corncrib:

1. All this talk about rising prices of meat and groceries is pure propaganda — circulated by people who EAT.

2. It took the pioneers three months to cross the country. With traffic what it is today, that's still good time.

3. If you only could give a good, swift kick to the man most responsible for your troubles, you wouldn't be able to sit down for a week.

Close Vote Does Not Mean Nixon Should Be Pussy-Footer

WASHINGTON — The worst advice Richard Nixon is getting is that because his victory is so thin he should be slow, cautious, even chary as President-elect and President.

The opposite is nearer the truth and there is reason to believe he thinks so himself.

That Nixon and Hubert Humphrey divided the popular vote so evenly does not mean the American people voted for political indecision.

Both offered themselves as activist political leaders and there is no evidence that the nation wants a new administration intimidated by the closeness of the vote or disposed to look over its shoulder before doing anything to see if the people are with it.

THEY WILL BE if Nixon seizes his job with daring and firmness.

There is good reason for him to do so.

This election did not polarize the American people between far right and far left.

It revealed an American people united around the political center.

The large popular vote which went to Humphrey came mostly from the Democratic political center and the moderate liberals.

The almost identical popular vote which went to Nixon came mostly from the Republican political center and the moderate conservatives.

WHAT NIXON can now see is that the very closeness of the vote is a source of great potential backing for the positive actions to further racial justice and social progress which he often mentioned but rarely spelled out in his campaign.

Indeed, it seems to me that the most significant single consequence of the combined Nixon and Humphrey vote is that it served to isolate the extremists and to demonstrate that the vast majority of the American people are far more united than the violence and heckling of the campaign indicated.

It is not the politicians who have done so much to unite the country. It is the voters who have done so much to unite the politicians.

Thus Nixon does not at all need to be immobilized by the fact that virtually as many Americans wanted Humphrey as President as wanted him President. They showed they wanted a constructive, positive President who would move things ahead.

IN HIS BEST speech of the campaign Nixon listed what he aims to do. He put it this way: "In this watershed year of 1968, America needs presidential leadership that can establish a firm focus and offer a way out of a time of towering uncertainties. Only the President can hold out a vision of the future and rally the people behind it. . . . He has to take hold of America before he can move it forward."

The unexpectedly solid and substantial vote at the political center strengthens the hand of the new President. The nation needs decisive presidential leadership — and voted for it. Nixon has no reason to pause and wonder if he should give the country the leadership he promised. And Humphrey will himself be a constructive, unifying force.

TWO THINGS are immediately needed:

Nixon talked about a bipartisan cabinet. The sooner it is evident the better. It will serve as symbol and substance of national unity.

Nixon, Humphrey and President Johnson will need to work as a team to bring about substantial Vietnam peace talks and to concert unified U.S. policy.

Rickover Wins Campaign For Quiet Submarine

By ROBERT S. ALLEN and JOHN A. GOLDSMITH

WASHINGTON — With an unwitting assist from Richard M. Nixon, Vice Adm. H. G. Rickover has apparently won round two in the continuing Pentagon battle over whether to build a new generation of nuclear submarines.

The Defense Department "hold" on Rickover's development of a super-quiet submarine has been withdrawn. The freeze order was vacated under circumstances which have prompted some Pentagon wits to call the quiet submarine "the Nixon sub."

A quiet attack submarine, employing an electric drive and incorporating a variety of new undersea devices, has long been a central feature of Rickover's program for modernizing the U.S. fleet of nuclear submarines. Congress voted $125 million for the vessel more than a year ago.

IN MAY, however, with about $50 million of the money obligated, the department imposed its hold. The word then was that Pentagon experts, under heavy economy pressures, were restudying the need for a super-quiet submarine.

In July, when he gave the go-ahead for work on a new, high-speed submarine, Sec. of Defense Clark Clifford said a decision would be made soon on whether to cancel the quiet submarine project.

On Oct. 24 Nixon charged that the Kennedy and Johnson administrations had fostered "a gravely serious security gap" with their defense policies. The charge, reminiscent of John F. Kennedy's 1960 missile-gap allegations, was made in a radio campaign speech.

Nixon specifically listed nuclear submarines, with ballistic missile forces and other weapon programs, as national security areas in which the United States had been losing ground to improving Communist forces.

The next morning, Oct. 25, Clifford rejected the Nixon charges at a news conference which ranged over a broad field of defense policy. In the course of the news conference Clifford announced that the United States would go ahead with construction of super-quiet submarine.

WHILE NIXON'S campaign barbs may have played a role in the timing of that announcement, the decision to build the quiet sub was based on other factors of more lasting significance in the Pentagon. Involved was a potent blend of intelligence information and congressional pressure.

From intelligence sources, Navy undersea experts had become convinced that the Russians have made important strides toward quietness in their nuclear submarine program. Progress made by the Russians would, in effect, better than halve the distance at which their quiet subs could operate undetected by U.S. listening devices.

That information prompted several congressional committees to get into the act on behalf of the U.S. quiet submarine. Both the Senate and House Armed Services Committees, both appropriations committees, and the joint Senate-House Atomic Energy Committee expressed support for the project.

CLIFFORD'S announcement thus followed the pattern set by his July approval of the high speed submarine — after intelligence on Russian performance was twice revised upward and after congressional military experts began to express their concern about Soviet achievements.

Some of Rickover's partisans, in Congress and the Pentagon, are still watching carefully to see whether Defense Department research and development experts let Rickover go ahead with his own program for building a high-speed submarine with components already at hand. The admiral plans, in effect, to put a more powerful nuclear power plant, already developed, into an already developed submarine hull.

Few Surprises In Smooth Election Except For Couple Of Squeakers

There were few surprises in last Tuesday's election, except for the margin of victory in several instances.

In the presidential race, the amazing thing was how close Hubert Humphrey, leading a badly riddled party, came to upsetting Richard Nixon.

Proposition 9, the drastic tax relief measure proposed by Philip Watson, was beaten as predicted, but by a far larger margin than expected.

No one really foresaw any trouble for Rep. Don Clausen, Rep. William Mailliard, Assemblyman Bill Bagley, and Alan Cranston.

Michael Wornum was expected to take the Southern Marin supervisor's post, but not by 2 to 1.

We missed the Tom Storer-Bud Baar race by 500 votes.

THE ELECTION of Baar means that two former San Rafael city councilmen will be sitting side by side on the county board of supervisors. When the new board takes office in January, the same balance will be retained in the constant battle between development and conservation.

On the current board, veteran Supervisor William Gnoss often found himself the swing vote, with Peter Behr and Tom Storer on one side, and Ernest Kettenhofen and John McInnis on the other.

When the new board takes over, Gnoss will again find himself in the middle, with McInnis and Baar on one side, and Peter Arrigoni and Wornum on the other.

COUNTY CLERK George Gnoss is all smiles over the smooth manner in which the election returns were processed by his department, working closely with data processing.

Elections Assistant Peter Meyer hit it on the head when he predicted the complete count would be ready by 1 a.m. Marin was about 18th in the state to send its complete returns to Sacramento. If a little brush in one of the computers hadn't fouled up the works for 90 minutes, Marin might have been the first in the state to report.

WITH THE REPUBLICANS headed for Washington, there's speculation that Assemblyman Bagley may be tapped for something bigger. If the Assembly post opens up, it's a pretty good bet that supervisor chairman Ernest N. Kettenhofen will try for the Assembly.

PARENTS LIVE in fear that their children may be drawn into the use of drugs like LSD and speed. Most of them know that drug use is prevalent, but hope that by keeping quiet and holding their breath, the problem will somehow disappear.

It took seminary student Gary Peter Davis to lay it on the line, warning of drug use and rumblings of teen-age anarchy. Marin County parks and recreation commissioners, notably Lothar Salin and chairman Melton Ferris, picked up the ball and invited Mr. Davis to give his findings countywide exposure at a public meeting set for 3 p.m. Wednesday in the Civic Center.

Bravo to the parks and recreation commissioners for the decision to air the problems and meet them head-on instead of skirting the issue and pretending no problem exists!

T. N. ALEXAKOS

The Final Step Of Involvement: Goon Squads And Assassination

The young anarchists are unlovely people. They are young because they are young and they are unlovely because they have a great and overwhelming arrogance — an arrogance that comes from being old enough to know and too young yet to understand.

They have zeal and it is a good thing to have when you are young. And they have an ignorance, a lack of understanding that the good which has seeped down to us from the ages, the grain alcohol of the ancients, has come down to us on the suffering back of experience and on the bloodied head of wisdom.

They, the unlovely young anarchists, speak of love but they have destruction on their breath. They would destroy all, everything; that which is good and that which is not so good nor so lovely as they would have it be, and they would do all this in their youthful zeal and in their arrogance of youth.

In their young years they have learned much. They have learned about non-heroes, cybernetics, digital computors and E equals MC squared. And they have learned about semantics. They have learned how to use the power of words to deceive. They have learned these lessons well but they have not yet learned meaning, understanding and the relationship of things.

THE KEYSTONE of their thought is involvement — that is, when it isn't disengagement — and this involvement is, you say, all to the good, all to their credit. Wholeheartedly, the academicians, their mentors, agree, for involvement is their euphemism for "youth in upheaval" which is simply another euphemism for terror and a savage grasp for naked power.

It is involvement, yes it is, when the young crowd a hall to shout down a political candidate or any other candidate, catcalling, hooting, foghorning, making it impossible for him to be heard by those many who did come to hear.

It is involvement, yes it is, to sheer-force your way to the platform to pummel the candidate, giving him kicks and blows. This hasn't happened, not yet, but it would be involvement and it is the next step after yelling him down, or tossing tomatoes, eggs and rocks.

It is involvement, yes it is, to storm-troop the auditorium, bully-boys and machine-guns. The speaker is speaking and you, the young anarchists, don't like what he is saying and you know, yes you know, you are involved in the most involved way you can be by committing the most audacious and supreme act of involvement, the last step of involvement, the total involvement —

ALL THIS is involvement, taken one step at a time but taken in a direction and to a degree anathematic to our tradition, our heritage, our nation.

It is an involvement as foreign to us as the goose-step, the hobnail boot and the hateful SS armband.

And it is involvement, the kind the young anarchists, our unlovely people, know. But they don't understand it is an involvement they also claim to abhor: an involvement in violence, force, and totalitarianism.

They, these young anarchists, do not understand; they, these unlovely people, who claim so fervently to hate Naziism are using the very tools of Naziism.

And if this they do understand, then they do not understand enough to fear it.

WORTH SAYING AGAIN

When the rich assemble themselves with the business of the poor it is called charity. When the poor assemble to concern themselves with the business of the rich it is called anarchy. — Paul Richard.

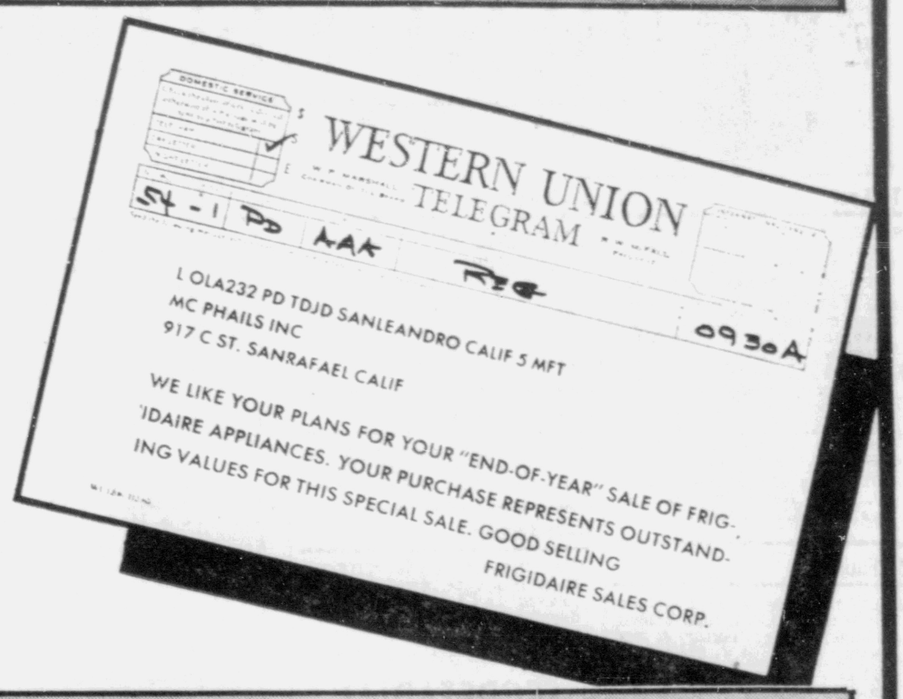

Older men declare war. But it is youth that must fight and die. And it is youth who must inherit the tribulations, the sorrow, and the triumphs that are the aftermaths of war. — Herbert Hoover.

As in the bosom of the earth vestiges of all earlier life may be found, soo in the bosom of public opinion are to be found vestiges of the early dinosaurs of thought. — Alvin S. Johnson.

1968 FRIGIDAIRE END-OF-YEAR SALE

We recently made another spectacular buy on 1968 appliances from Frigidaire . . . washers, dryers, refrigerators, freezers, and ranges — at low end-of-the-year prices! We wanted to buy more but Frigidaire is "out" of many items. Here's your chance for big savings on the appliance you've been waiting for!

POSITIVELY NO MORE WHEN THESE ARE GONE!

BIG 15 CU. FT. FRIGIDAIRE REFRIGERATOR-FREEZER

NEVER BEFORE AT THIS LOW PRICE!

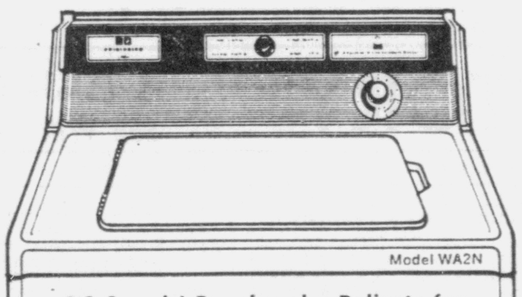

- 100% Frost-Proof . . . no defrosting, even in the 126-lb. size freezer!
- Our Flowing Cold Meat Tender keeps meat and cold cuts on the brink of freezing for as long as seven days. Meat goes right into the oven without thawing. A constant flow of cold air makes it possible.
- Instant Ice Service . . . It's "Flip-Quick" easy . . . just a flip of our Flip-Quick Ice Ejector lever releases a tray full of cubes into an 80-cube server.

END-OF-YEAR SPECIAL $288

YOURS FOR ONLY $15 A MONTH

THIS 1968 FRIGIDAIRE JET-ACTION WASHER

gives you 2 speeds at a budget price

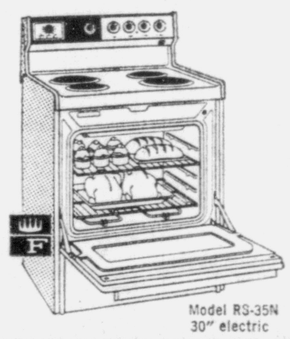

Model WA2N

- 2 Speeds! Regular plus Delicate for the flexibility a family washer needs!
- Deep Action Agitator. Creates currents that plunge clothes deep into sudsy water for thorough washing.
- 2 Jet-Away Rinses. Get rid of lint and scum so thoroughly there's no need for a lint trap.
- Cold Water Wash Setting. Saves hot water. Saves clothes from shrinking and fading.

WHITE • COPPER • AVOCADO

$178 Only $10.00 A Month

MATCHING DRYER $128

Model RS-35N 30" electric

FRIGIDAIRE RANGE WITH EXTRA COOKING AND CLEANING FEATURES

- Cook-Master oven control starts, stops cooking automatically
- Automatic Appliance Outlet . . . makes your coffee-maker automatic
- Lift-off door makes oven cleaning easier for you

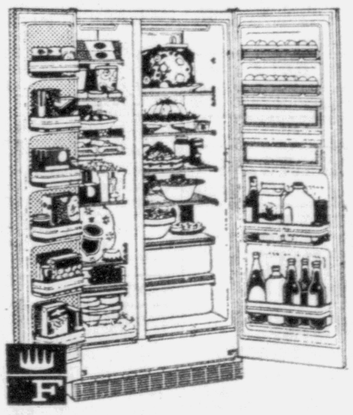

$198

PAY AS LITTLE AS $10 A MONTH

NEW FRIGIDAIRE MOBILE DISHWASHER AT LOWEST PRICE YET!

- Efficient 6-Jet Washing Action for clean dishes
- Holds 10 table settings
- Rolls easily to sink
- No installation needed

$128

Frigidaire Side-by-Side Refrigerator with 198-lb. size Vertical freezer

- Side-by-Side Convenience! Yet this 15.9 cu. ft. foodkeeper measures just 32" wide!
- Frost-Proof! You'll never defrost again!
- Flip-Quick Ice Ejector. Flip lever, cubes zip into the handy server.
- Easy to clean, removable trays for 28 eggs!

MARIN COUNTY DEPARTMENT OF PUBLIC WORKS
SAN RAFAEL, CALIFORNIA
NOTICE TO CONTRACTORS

Sealed Proposals will be received by, and shall be filed with, the Clerk of the Board of Supervisors of the County of Marin, State of California, Room 315, Marin County Civic Center, San Rafael, California, until 1:30 p.m., Nov. 25, 1968, for:

Phase II construction at Gnoss Field, located 2 miles North of Novato, California, in the County of Marin, consisting of runway and taxiway construction, grading, paving, drainage, Airport beacon and tower, and installation of runway and taxiway lighting facilities, and other related miscellaneous construction.

The work shall be done in accordance with official plans and specifications prepared in reference thereto which may be seen at the office of the Department of Public Works, County of Marin. Request for forms or information shall be addressed to the Department of Public Works, County of Marin, Civic Center, San Rafael, California.

Plans Specifications (but not including Standard Specifications or other documents included by reference), and Proposal Forms may be obtained by prospective bidders upon payment of a deposit of Ten Dollars ($10.00) cash or check made payable to the Department of Public Works, County of Marin, to guarantee safe return of the plans and specifications within ten (10) days after bid opening. Failure to so return the plans and specifications will cause forfeiture of the deposit to the County.

All bids must be submitted on the Proposal Form obtained from the Director of Public Works and shall be accompanied by a Proposal Guaranty of at least ten percent (10%) of the bid. Guaranties shall be in the form of a certified or Cashier's Check or a Bidder's Bond. Failure of the successful bidder to execute and return the contract, or to file acceptable bond, as required, within the time allotted shall be cause for the annulment of the award and the forfeiture of the Proposal Guaranty.

The bid bonds of bidders, other than the successful bidder, may be retained by the Board of Supervisors for a period of thirty (30) days after award or until the successful bidder executes the contract and furnishes bonds, whichever occurs first. If a bidder to whom the contract is awarded fails, or refuses, to execute the contract within fifteen (15) days of notice of award, as herein provided, the Board of Supervisors may award to the next lowest responsible bidder and apply the bid bond of the bidder failing, or refusing, to execute contract, against the County's damages resulting from such failure. If a bidder to whom the contract is awarded executes the contract as herein required, the bid bonds of bidders to whom no award was made will be returned upon request.

Said Proposals will be opened and read at 1:30 p.m., in Room No. 343, Marin County Civic Center, on the day specified above for receiving bids. Only the total amount bid will be read and not specific items going to make up said total unless written request for reading of each sub-total and individual items of the bid is requested in writing at the time of the submission of proposals. Bidders will be at liberty to inspect and review bids in the Office of the Director of Public Works to which they will be removed for the purpose of checking after the opening and reading of the totals.

The award of the contract, if it be awarded, will be to the lowest responsible bidder whose proposal complies with the requirements prescribed. The award, if made, will be made within forty-five (45) days after the opening of the proposals.

Bids are required for the entire work described herein, and neither partial bids nor contingent bids will be considered.

The Board of Supervisors of the County of Marin reserves the right to reject any or all bids.

TIME LIMIT

The Contractor shall commence work on or before the fifteenth (15th) day following the date of written notification by the Director of Public Works that the contract has been awarded by the Board of Supervisors. During this fifteen (15) day interval, the necessary contract documents shall be executed by the Contractor and returned to the Department of Public Works. All work shall be completed on the project within Seventy (70) working days counting from and including the said fifteenth (15th) day.

ARMISTICE DAY — A blizzard of confetti rains from New York City buildings and double-decker buses and autos form an impromptu parade as news of the Armistice of Nov. 11, 1918 reaches America. (UPI Telephoto)

HALF A CENTURY AGO

Americans Faced Bloodiest Test In Drives Leading To Armistice

MONTFAUCON, France (UPI)—Fifty years have gone by since the cold, windy September days of 1918 when American armies unleashed their great Meuse-Argonne offensive against reputedly impregnable German positions northwest of Verdun.

Today, bush-bordered wheat fields cover the once muddy, shell-pocked clay hills honeycombed with German bunkers and trenches. Black and white Friesian cattle graze lazily on spots where Gen. John J. Pershing's untested men were locked for days in vicious hand-to-hand fighting that sent elite Prussian regiments reeling back behind the Meuse River.

MANY REMINDERS

Half a century has elapsed and the din of battle has long died away. But on every step visitors are reminded they are walking over soil soaked with blood. Rows of crosses—American, French, German, British—run along hillsides in military cemeteries throughout the area.

The tall wind-whipped figure symbolizing liberty on top of the white stone Montfaucon monument faces south. It was from here that the 23 American divisions swung north-northeastward on the miserably cold morning of Sept. 26, 1918. Three U.S. divisions were held back in reserve alongside four French divisions, including two elite colonial rifles.

Considered as an impregnable eagle's nest with solid defense lines several miles deep behind, the Montfaucon crest saw some of the bloodiest fighting of World War I. Some 28,000 American troops died there by the time it was securely in American hands, after two days of merciless struggle.

By Sept. 30, Gen Hunter Liggets' 1st U.S. Army was increasing its pressure on the German troops and the German command rushed many divisions into the area, 20 miles northwest of Verdun, in a desperate effort to close the gap, but to no avail.

BLOODY VALLEY

The Aire valley which today looks a picnickers' paradise saw more vicious fighting through October until the advancing American armies broke stubborn German resistance, captured the rest of the Argonne Woods and carried the fighting to the lower lying ground east of the Meuse.

Pershings' armies kept grinding on over what today is lush grazing ground along the Meuse, driving the Germans beyond the river. With French and British armies pressing forward along the whole line of the front from the North Sea into the Vosges, the German government soon sued for armistice. By the time it was sounded on the morning of Nov. 11, American armies had reached the southern foothills of the Ardennes.

ANOTHER ATTACK

By the time Marshal Ferdinand Foch, the Allied Supreme Commander, had received the German surrender, in his special train at Rethondes in the Aigles wood, the American armies, then number 1.2 million men, were preparing for the next offensive originally scheduled for Nov. 13.

The Meuse-Argonne offensive has found critics among some allied military commanders. But at least some of the criticism was inspired by jealousy.

Pershing, whose army was being concentrated at staging posts in the Chaumont-Marne area, had been assigned the tough task of mounting two operations at the same time. After bitter arguments with Foch and Philippe Petain, the French Chief of Staff, he flatly refused to see his American divisions scattered throughout French army corps in the final general allied offensive.

French attempts to modify Pershing's refusal to place his divisions as auxiliaries under local French commands failed. At Bobon, on Sept. 1, Foch and Petain finally agreed with Pershing: The American armies would mount an offensive against St. Mihiel, a forbidding German-held salient endangering allied communications south of Verdun; then move his armies in echelon promptly north within a few days to launch a general offensive along the Argonne ridge.

Pershing knew his French allies watched him closely as he began rushing preparations for the St. Mihiel attack. He confided that a failure at St. Mihiel would have been taken as an excuse to deny his troops the right to fight under the Stars and Stripes.

The attack came at 5 a.m. with the 1st and 4th American Corps aiming at the southern flank of German positions of the salient and the 5th Corps launching a secondary attack against the western flank. A French corps attacked in the center to help the two American wings to close in a deadly pincer movement at Vigneulles.

When the battle ended in predawn darkness on Sept. 13, the Americans—at the cost of 7,000 men—captured 16,000 prisoners and 450 cannon.

FIRST FOR U.S.

The St. Mihiel fighting was the first large-scale American offensive in the great war under a strictly American command. It confirmed the valor of American troops who already had proven their mettle by fighting alongside the French in the July offensive that eliminated the German salient of Chateau-Thierry, on the Aisne front.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Tumors Sometimes Develop In Vaccination Scar Sites

VAN DELLEN

Tumors have been known to develop in scar tissue. Vaccination scars are no exception. Twenty-four individuals developed skin cancers from five weeks to 50 years after being vaccinated.

None of the victims had been exposed to chemical carcinogens, nor had they injured the injection site. Twelve were southern Californians and the remainder came from other parts of the country.

Dr. Willard L. Marmelzat, a California dermatologist, was interested in the possible relationship between the vaccinia virus and malignant nodules.

SIMILAR TUMORS have been produced in animals via viruses; and although the cause in man is not known, the adverse effects of sunlight usually are blamed.

Three types of tumors were found, suggesting different causes. Two persons had carcinomas in more than one vaccination site. Another had lesions in one scar in each arm. Still another had three scar tumors.

The association between sunlight and skin cancer is well known. The cancers occur most frequently on exposed parts of the body and are most common among people living in areas where the sun has a high ultraviolet ray content. A certain degree of pigmentation is a protective.

Light-complexioned persons are more susceptible than those with dark skin.

IN ADDITION, damaged skin is more susceptible to malignant change. X-ray and radium may alter the skin years after the area is irradiated. Other types of scarring, such as that after a third-degree burn or tuberculosis of the skin, are followed by an increased susceptibility to cancer. Vaccination scars may fall into this category; the scar, not the virus, triggers the tumor.

Squamous cell carcinoma may arise from some prior lesion, such as scarred and ulcerated areas. The neglected leg ulcer that degenerates into a malignancy is an example.

FRUITS AND TUMMYACHE

B. T. writes: I love fresh fruits and used to be able to eat them without trouble. But recently, I develop a tummyache whenever I eat them. What can be done about this?

REPLY

Try cooked fruits for six weeks; then, gradually add bananas, fruit juices, and peeled apples. I presume your pain stems from spasm of the bowel, aggravated by roughage in fresh fruit. You should have a checkup because a lesion, not the fruit, may be causing the distress.

DRY HOME AIR, COLDS

L. U. writes: Last year we moved into a house with hot air heat. Since then, the children have colds from the time we turn on the heat until summer. Could the heating system be responsible?

REPLY

Hot air has a drying effect on the membranes of the nose. This tends to lower resistance to these infections in some persons. Have you considered a humidifier? These units help overcome dryness by maintaining proper moisture content in the air. They come in all sizes and at all prices.

CHILDHOOD ALLERGIES

A reader writes: You once wrote that childhood allergies should not be neglected or they will progress. How can they be kept from becoming more severe?

REPLY

Help the child avoid those items to which he is sensitive or is likely to become sensitive to in the future. Animal dander and dust are examples. Meanwhile, have him immunized against the known culprits via protective shots.

A FURUNCLE IS A BOIL

A reader writes: The doctor is treating me for a furuncle. I never heard of this condition and wish you would enlighten me.

REPLY

Furuncle is the highfalutin name for a boil. furuncle obviously is much more expensive to treat.

WOMEN AND LONGEVITY

A reader writes: What is the life expectancy of women today?

REPLY

Currently, 73.6 years, in comparison with 48.7 a half century ago.

Three Cited In Narcotics

Three youths were cited on various narcotics charges Friday night by officers who found them in Old Mill Park, Mill Valley police reported.

Ernest Christian Goodner, 18, of 24 Glen Drive, Mill Valley, was cited for being in a place where marijuana was smoked, police said.

One juvenile with him was cited for possession of what appeared to be marijuana and possession of LSD. Another juvenile was cited for being in a place where narcotics were used, police said. All were released to their parents pending further action.

Legal Notices

NOTICE OF SALE OF PROPERTY DELINQUENT FOR NON-PAYMENT OF ASSESSMENT BOND NO. 49, WILD HORSE VALLEY SERIES 6092 FOR IMPROVEMENTS IN THE COUNTY OF MARIN.

State of California, default having been made in the payment of the following named coupons, 1-2-68 PRIN. $498.20, 7-2-67 INT. $194.30, 1-2-68 INT. $194.30, 7-2-68 INT. $179.35 and the holder of said bond having demanded in writing that the County Treasurer of the County of Marin, State of California, proceed to advertise and sell the lot or parcel of land mentioned in said bond. Now, therefore, I give notice that I will on the 27th day of NOVEMBER, 1968, at the hour of 10:00 a.m. of said day, sell at public auction, the lot or parcel of land mentioned in said bond, or so much thereof as may be necessary, at my office in the Marin County Civic Center at San Rafael, California, unless the amount due on said bond and the accrued interest thereon together with the cost of publication of this notice, are paid, and that I will so sell the same to the person who will take the least amount of said lot or parcel of land and pay the full amount of unpaid principal and interest on said bond together with the cost of publication. The lot or parcel of land mentioned in said bond and to be sold, is more particularly described, to-wit:

LOT NO. 49, AS SHOWN ON THE MAP OF WILD HORSE VALLEY SUBDIVISION, WHICH SAID MAP WAS FILED IN THE OFFICE OF THE COUNTY RECORDER OF THE COUNTY OF MARIN ON THE 21ST DAY OF SEPTEMBER, 1964, IN BOOK 12 OF MAPS, AT PAGE 97 THEREOF, SERIAL NO. 38807.

The amount due on said bond up to the date of this notice is as follows: Due on the principal thereof $6,476.60; due on account of interest $752.72; due on account of penalties $128.82; total amount due on said bond $7,358.14.

In order to avoid this sale, payment of the total amount above named will be required, together with the cost of publication made before such payment and the additional interest accruing up to the date of payment. Bond may be reinstated upon payment of amounts due, principal, interest, penalties, and fees, in the manner provided by law.

In the event of sale, such sale will include interest in addition to the above total amount due, accruing up to the date of sale, the cost of publication of notice of sale, and $1.00 for the issuance of certificate of sale.

The Independent-Journal is designated as the newspaper in which this notice shall be published.

TV REVIEW

Phyllis Diller On Way Out

By RICK DU BROW

HOLLYWOOD (UPI) — The annual execution of television series by the ratings is beginning to pick up steam.

Latest of the axings is NBC-TV's Phyllis Diller Show, a weekly variety hour that will hardly be missed by either viewers or critics.

The amazing thing is that insiders, including network people, marked it for dead even before the season began, which makes one wonder why it was ever put on in the first place.

In addition to a star whose material was overly familiar, the series had a difficult time slot—10 p.m. EST—and the murderous competition of CBS-TV's "Mission: Impossible" and ABC-TV's Sunday night movies.

NBC-TV's midseason heir to this enviable competition will be "My Friend Tony," a series about a couple of criminologists.

The network says this will be its only midseason replacement which apparently means that the recent highly regarded special, "Soul," will not immediately have a crack at being an NBC-TV series.

Over at CBS-TV, meanwhile, the long-running "Daktari" has already been canceled and will disappear at midseason.

CBS-TV announced that the exit of "Daktari" will make room for the Glen Campbell variety series, which had a summer run as the fill-in for the vacationing Smothers Brothers Show.

A number of shakeups are expected at ABC-TV. Britain's pop singer Tom Jones, for instance, will begin a weekly hour on the network at midseason.

And it is pretty well taken for granted that the highly successful "Peyton Place" is running out its last season on the network. From then on, it will probably make enormous sums of money in reruns with the more than 500 episodes it has on hand.

One ABC-TV decision, if it remains firm, is welcome. And that is the move to continue the new weekly series, "That's Life," despite its low ratings. The show, an original book musical starring Robert Morse, E.J. Peaker and top-flight guests, concerns a young married couple—and will probably get a new midseason time slot to help it along.

Among the other ABC-TV series either marked for cancellation, or on very thin ice, are the Don Rickles shown "Felony Squad," "The Ugliest Girl in Town," "Journey to the Unknown" and "Judd for the Defense."

Some veteran series, meanwhile, continue to show renewed strength in the ratings despite very long runs. These include NBC-TV's "Bonanza", right up near the top again, and ABC-TV's Lawrence Welk Show, by now an institution.

BEST SHOWS FOR TONIGHT

Best bets on television tonight:

KRON (4), 7 p.m. — "California History" focuses on that segment of California's past when the state was joined by rail to the rest of the nation. "Steel Across the Sierra" is the sixth episode in this series.

KRON (4), KCRA (3), 8 p.m. — Comedian Dick Gregory joins Dan Rowan and Dick Martin in an hour of "Laugh-In" madness.

KRON (4), 9 p.m. — Jonathan Winters and Luciana Paluzzi star in "Now You See It, Now You Don't," a comedy movie about the art world, filmed especially for television. Steve Allen, Jayne Meadows and Jack Weston also star in the movie which is being shown for the first time.

KQED (9), 9 p.m. — ""Appalachia: Rich Land, Poor People" is an "NET Journal" study of a coal-rich land and an impoverished people.

KPIX (5), KXTV (10) 10 p.m.—Carol Burnett welcomes Nanette Fabray, Mel Torme and Don Rickles to her show.

Wife Is Accused Of Slaying Her Husband

MENLO PARK (UPI)—Mrs. Vivian Moore, 38, was accused yesterday of the rifle slaying of her husband, Hoyt, 40.

Police said the shooting climaxed a quarrel that began while the couple were on a fishing trip Saturday. The argument continued when the Moore's returned home where according to investigators, Mrs. Moore fired a single shot from a deer rifle at her husband.

NOTICE TO CONTRACTORS

Sealed Proposals will be received by, and shall be filed with, the Clerk of the Board of Supervisors of the County of Marin, State of California, Room 315, Marin County Civic Center, San Rafael, California, until 1:30 p.m., Nov. 25, 1968, for:

Phase II construction at Gnoss Field, located 2 miles North of Novato, California, in the County of Marin, consisting of runway and taxiway construction, grading, paving, drainage, Airport beacon and tower, and installation of runway and taxiway lighting facilities, and other related miscellaneous construction.

The work shall be done in accordance with official plans and specifications prepared in reference thereto which may be seen at the office of the Department of Public Works, County of Marin. Request for forms or information shall be addressed to the Department of Public Works, County of Marin, Civic Center, San Rafael, California.

Plans Specifications (but not including Standard Specifications or other documents included by reference), and Proposal Forms may be obtained by prospective bidders upon payment of a deposit of Ten Dollars ($10.00) cash or check made payable to the Department of Public Works, County of Marin, to guarantee safe return of the plans and specifications within ten (10) days after bid opening. Failure to so return the plans and specifications will cause forfeiture of the deposit to the County.

All bids must be submitted on the Proposal Form obtained from the Director of Public Works and shall be accompanied by a Proposal Guaranty of at least ten percent (10%) of the bid. Guaranties shall be in the form of a certified or Cashier's Check or a Bidder's Bond. Failure of the successful bidder to execute and return the contract, or to file acceptable bond, as required, within the time allotted shall be cause for the annulment of the award and the forfeiture of the Proposal Guaranty.

The bid bonds of bidders, other than the successful bidder, may be retained by the Board of Supervisors for a period of thirty (30) days after award or until the successful bidder executes the contract and furnishes bonds, whichever occurs first. If a bidder to whom the contract is awarded fails, or refuses, to execute the contract within fifteen (15) days of notice of award, as herein provided, the Board of Supervisors may award to the next lowest responsible bidder and apply the bid bond of the bidder failing, or refusing, to execute contract, against the County's damages resulting from such failure. If a bidder to whom the contract is awarded executes the contract as herein required, the bid bonds of bidders to whom no award was made will be returned upon request.

Said Proposals will be opened and read at 1:30 p.m., in Room No. 343, Marin County Civic Center, on the day specified above for receiving bids. Only the total amount bid will be read and not specific items going to make up said total unless written request for reading of each sub-total and individual items of the bid is requested in writing at the time of the submission of proposals. Bidders will be at liberty to inspect and review bids in the Office of the Director of Public Works to which they will be removed for the purpose of checking after the opening and reading of the totals.

The award of the contract, if it be awarded, will be to the lowest responsible bidder whose proposal complies with the requirements prescribed. The award, if made, will be made within forty-five (45) days after the opening of the proposals.

Bids are required for the entire work described herein, and neither partial bids nor contingent bids will be considered.

The Board of Supervisors of the County of Marin reserves the right to reject any or all bids.

TIME LIMIT

The Contractor shall commence work on or before the fifteenth (15th) day following the date of written notification by the Director of Public Works that the contract has been awarded by the Board of Supervisors. During this fifteen (15) day interval, the necessary contract documents shall be executed by the Contractor and returned to the Department of Public Works. All work shall be completed on the project within Seventy (70) working days counting from and including the said fifteenth (15th) day.

ARMISTICE DAY — A blizzard of confetti rains from New York City buildings and double-decker buses and autos form an impromptu parade as news of the Armistice of Nov. 11, 1918 reaches America. (UPI Telephoto)

HALF A CENTURY AGO

Americans Faced Bloodiest Test In Drives Leading To Armistice

MONTFAUCON, France (UPI)—Fifty years have gone by since the cold, windy September days of 1918 when American armies unleashed their great Meuse-Argonne offensive against reputedly impregnable German positions northwest of Verdun.

Today, bush-bordered wheat fields cover the once muddy, shell-pocked clay hills honeycombed with German bunkers and trenches. Black and white Friesian cattle graze lazily on spots where Gen. John J. Pershing's untested men were locked for days in vicious hand-to-hand fighting that sent elite Prussian regiments reeling back behind the Meuse River.

MANY REMINDERS

Half a century has elapsed and the din of battle has long died away. But on every step visitors are reminded they are walking over soil soaked with blood. Rows of crosses—American, French, German, British—run along hillsides in military cemeteries throughout the area.

The tall wind-whipped figure symbolizing liberty on top of the white stone Montfaucon monument faces south. It was from here that the 23 American divisions swung north-northeastward on the miserably cold morning of Sept. 26, 1918. Three U.S. divisions were held back in reserve alongside four French divisions, including two elite colonial rifles.

Considered as an impregnable eagle's nest with solid defense lines several miles deep behind, the Montfaucon crest saw some of the bloodiest fighting of World War I. Some 28,000 American troops died there by the time it was securely in American hands, after two days of merciless struggle.

By Sept. 30, Gen Hunter Liggets' 1st U.S. Army was increasing its pressure on the German troops and the German command rushed many divisions into the area, 20 miles northwest of Verdun, in a desperate effort to close the gap, but to no avail.

BLOODY VALLEY

The Aire valley which today looks a picnickers' paradise saw more vicious fighting through October until the advancing American armies broke stubborn German resistance, captured the rest of the Argonne Woods and carried the fighting to the lower lying ground east of the Meuse.

Pershings' armies kept grinding on over what today is lush grazing ground along the Meuse, driving the Germans beyond the river. With French and British armies pressing forward along the whole line of the front from the North Sea into the Vosges, the German government soon sued for armistice. By the time it was sounded on the morning of Nov. 11, American armies had reached the southern foothills of the Ardennes.

ANOTHER ATTACK

By the time Marshal Ferdinand Foch, the Allied Supreme Commander, had received the German surrender, in his special train at Rethondes in the Aigles wood, the American armies, then number 1.2 million men, were preparing for the next offensive originally scheduled for Nov. 13.

The Meuse-Argonne offensive has found critics among some allied military commanders. But at least some of the criticism was inspired by jealousy.

Pershing, whose army was being concentrated at staging posts in the Chaumont-Marne area, had been assigned the tough task of mounting two operations at the same time. After bitter arguments with Foch and Philippe Petain, the French Chief of Staff, he flatly refused to see his American divisions scattered throughout French army corps in the final general allied offensive.

French attempts to modify Pershing's refusal to place his divisions as auxiliaries under local French commands failed. At Bobon, on Sept. 1, Foch and Petain finally agreed with Pershing: The American armies would mount an offensive against St. Mihiel, a forbidding German-held salient endangering allied communications south of Verdun; then move his armies in echelon promptly north within a few days to launch a general offensive along the Argonne ridge.

Pershing knew his French allies watched him closely as he began rushing preparations for the St. Mihiel attack. He confided that a failure at St. Mihiel would have been taken as an excuse to deny his troops the right to fight under the Stars and Stripes.

The attack came at 5 a.m. with the 1st and 4th American Corps aiming at the southern flank of German positions of the salient and the 5th Corps launching a secondary attack against the western flank. A French corps attacked in the center to help the two American wings to close in a deadly pincer movement at Vigneulles.

When the battle ended in predawn darkness on Sept. 13, the Americans—at the cost of 7,000 men—captured 16,000 prisoners and 450 cannon.

FIRST FOR U.S.

The St. Mihiel fighting was the first large-scale American offensive in the great war under a strictly American command. It confirmed the valor of American troops who already had proven their mettle by fighting alongside the French in the July offensive that eliminated the German salient of Chateau-Thierry, on the Aisne front.

MARIN NAMES

Viet Valor Medals To Two GIs

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Tumors Sometimes Develop In Vaccination Scar Sites

VAN DELLEN

Tumors have been known to develop in scar tissue. Vaccination scars are no exception. Twenty-four individuals developed skin cancers from five weeks to 50 years after being vaccinated.

None of the victims had been exposed to chemical carcinogens, nor had they injured the injection site. Twelve were southern Californians and the remainder came from other parts of the country.

Dr. Willard L. Marmelzat, a California dermatologist, was interested in the possible relationship between the vaccinia virus and malignant nodules.

SIMILAR TUMORS have been produced in animals via viruses; and although the cause in man is not known, the adverse effects of sunlight usually are blamed.

Three types of tumors were found, suggesting different causes. Two persons had carcinomas in more than one vaccination site. Another had lesions in one scar in each arm. Still another had three scar tumors.

The association between sunlight and skin cancer is well known. The cancers occur most frequently on exposed parts of the body and are most common among people living in areas where the sun has a high ultraviolet ray content. A certain degree of pigmentation is a protective.

Light-complexioned persons are more susceptible than those with dark skin.

IN ADDITION, damaged skin is more susceptible to malignant change. X-ray and radium may alter the skin years after the area is irradiated. Other types of scarring, such as that after a third-degree burn or tuberculosis of the skin, are followed by an increased susceptibility to cancer. Vaccination scars may fall into this category; the scar, not the virus, triggers the tumor.

Squamous cell carcinoma may arise from some prior lesion, such as scarred and ulcerated areas. The neglected leg ulcer that degenerates into a malignancy is an example.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request to the I-J.)

FRUITS AND TUMMYACHE

B. T. writes: I love fresh fruits and used to be able to eat them without trouble. But recently, I develop a tummyache whenever I eat them. What can be done about this?

REPLY

Try cooked fruits for six weeks; then, gradually add bananas, fruit juices, and peeled apples. I presume your pain stems from spasm of the bowel, aggravated by roughage in fresh fruit. You should have a checkup because a lesion, not the fruit, may be causing the distress.

DRY HOME AIR, COLDS

L. U. writes: Last year we moved into a house with hot air heat. Since then, the children have colds from the time we turn on the heat until summer. Could the heating system be responsible?

REPLY

Hot air has a drying effect on the membranes of the nose. This tends to lower resistance to these infections in some persons. Have you considered a humidifier? These units help overcome dryness by maintaining proper moisture content in the air. They come in all sizes and at all prices.

CHILDHOOD ALLERGIES

A reader writes: You once wrote that childhood allergies should not be neglected or they will progress. How can they be kept from becoming more severe?

REPLY

Help the child avoid those items to which he is sensitive or is likely to become sensitive to in the future. Animal dander and dust are examples. Meanwhile, have him immunized against the known culprits via protective shots.

A FURUNCLE IS A BOIL

A reader writes: The doctor is treating me for a furuncle. I never heard of this condition and wish you would enlighten me.

REPLY

Furuncle is the highfalutin name for a boil. furuncle obviously is much more expensive to treat.

WOMEN AND LONGEVITY

A reader writes: What is the life expectancy of women today?

REPLY

Currently, 73.6 years, in comparison with 48.7 a half century ago.

TV REVIEW

Phyllis Diller On Way Out

By RICK DU BROW

HOLLYWOOD (UPI) — The annual execution of television series by the ratings is beginning to pick up steam.

Latest of the axings is NBC-TV's Phyllis Diller Show, a weekly variety hour that will hardly be missed by either viewers or critics.

The amazing thing is that insiders, including network people, marked it for dead even before the season began, which makes one wonder why it was ever put on in the first place.

In addition to a star whose material was overly familiar, the series had a difficult time slot—10 p.m. EST—and the murderous competition of CBS-TV's "Mission: Impossible" and ABC-TV's Sunday night movies.

NBC-TV's midseason heir to this enviable competition will be "My Friend Tony," a series about a couple of criminologists.

The network says this will be its only midseason replacement which apparently means that the recent highly regarded special, "Soul," will not immediately have a crack at being an NBC-TV series.

Over at CBS-TV, meanwhile, the long-running "Daktari" has already been canceled and will disappear at midseason.

CBS-TV announced that the exit of "Daktari" will make room for the Glen Campbell variety series, which had a summer run as the fill-in for the vacationing Smothers Brothers Show.

A number of shakeups are expected at ABC-TV. Britain's pop singer Tom Jones, for instance, will begin a weekly hour on the network at midseason.

And it is pretty well taken for granted that the highly successful "Peyton Place" is running out its last season on the network. From then on, it will probably make enormous sums of money in reruns with the more than 500 episodes it has on hand.

One ABC-TV decision, if it remains firm, is welcome. And that is the move to continue the new weekly series, "That's Life," despite its low ratings. The show, an original book musical starring Robert Morse, E.J. Peaker and top-flight guests, concerns a young married couple—and will probably get a new midseason time slot to help it along.

Among the other ABC-TV series either marked for cancellation, or on very thin ice, are the Don Rickles shown "Felony Squad," "The Ugliest Girl in Town," "Journey to the Unknown" and "Judd for the Defense."

Some veteran series, meanwhile, continue to show renewed strength in the ratings despite very long runs. These include NBC-TV's "Bonanza", right up near the top again, and ABC-TV's Lawrence Welk Show, by now an institution.

BEST SHOWS FOR TONIGHT

Best bets on television tonight:

KRON (4), 7 p.m. — "California History" focuses on that segment of California's past when the state was joined by rail to the rest of the nation. "Steel Across the Sierra" is the sixth episode in this series.

KRON (4), KCRA (3), 8 p.m. — Comedian Dick Gregory joins Dan Rowan and Dick Martin in an hour of "Laugh-In" madness.

KRON (4), 9 p.m. — Jonathan Winters and Luciana Paluzzi star in "Now You See It, Now You Don't," a comedy movie about the art world, filmed especially for television. Steve Allen, Jayne Meadows and Jack Weston also star in the movie which is being shown for the first time.

KQED (9), 9 p.m. — ""Appalachia: Rich Land, Poor People" is an "NET Journal" study of a coal-rich land and an impoverished people.

KPIX (5), KXTV (10) 10 p.m.—Carol Burnett welcomes Nanette Fabray, Mel Torme and Don Rickles to her show.

Wife Is Accused Of Slaying Her Husband

MENLO PARK (UPI)—Mrs. Vivian Moore, 38, was accused yesterday of the rifle slaying of her husband, Hoyt, 40.

Police said the shooting climaxed a quarrel that began while the couple were on a fishing trip Saturday. The argument continued when the Moore's returned home where according to investigators, Mrs. Moore fired a single shot from a deer rifle at her husband.

Tars Triumph, Remain Tied For League Lead

By KIMO CAMPBELL

College of Marin Tars routed the Contra Costa College Comets of San Pablo 42-20 Saturday night before 600 homecoming football fans at Richmond High School. The win, Marin's sixth in eight games, kept the Mariners tied for the Camino Norte Conference lead with a 3-1 win-loss record.

West Valley of Los Gatos (a 21-14 victor over Santa Rosa) and DeAnza of Cupertino (which beat Solano 31-6) are also 3-1 in CNC play, while Contra Costa fell to 2-2. Marin finishes its season with Friday's homecoming against Santa Rosa, while DeAnza and West Valley meet in Los Gatos.

The game Saturday was easily one of the Tars' best of the year as they put all together — solid quarterbacking, excellent running and tough defense. The Tars led early and were in control most of the game, icing the outcome with a field goal and two touchdowns in the final period.

With Keving Wilson out most of the game with illness, Val Sabuco went the route at quarterback and played the best football of his career, running the pounding Tar ground game (338 yards worth), hitting on seven of ten passes, and scoring both final-quarter TDs himself.

Sabuco's chief accomplice was, of course, Tim Garvin. The superb halfback squirmed and feinted for 208 yards on 22 carries, including a 64-yard touchdown romp. Garvin's total was the second highest in COM history, surpassed only by Tim Harr's 228 yards against Shasta J. C. last fall.

End Sam Crowell, who had five catches, three spectacular, was the most conspicious man on the offensive line, but the unit as a whole — Trevor Benedict, Charley Keppel, Larry Collins, Chris Klyce, and Ron Heidinger, plus captain Len Pieri at the other end — was outstanding.

Karl Stein was the defensive catalyst, as usual, recovering a fumble and intercepting two passes, giving him eight thefts on the year. Overall, the Marin defense picked off five Comet passes and fell on a pair of fumbles. Marin didn't lose the ball on a turnover once.

Stein recovered Herbie Phillips' fumble in the air at midfield on the home team's second series and rambled in for a quick 50-yard score. The point after was no good. Garvin's 43-yard sprint set up his own one-yard dive with 1:34 left in the quarter, and Bill Hickerson converted for a 13-0 Tar lead at the quarter.

On the second play after the kickoff, Crowell beat his man, who tipped the ball trying for an interception but tipped it the wrong way. Crowell alertly picked off the deflected ball and romped 51 yards to score. Sabuco-to-Crowell was three-for-three in the first half for 73 yards.

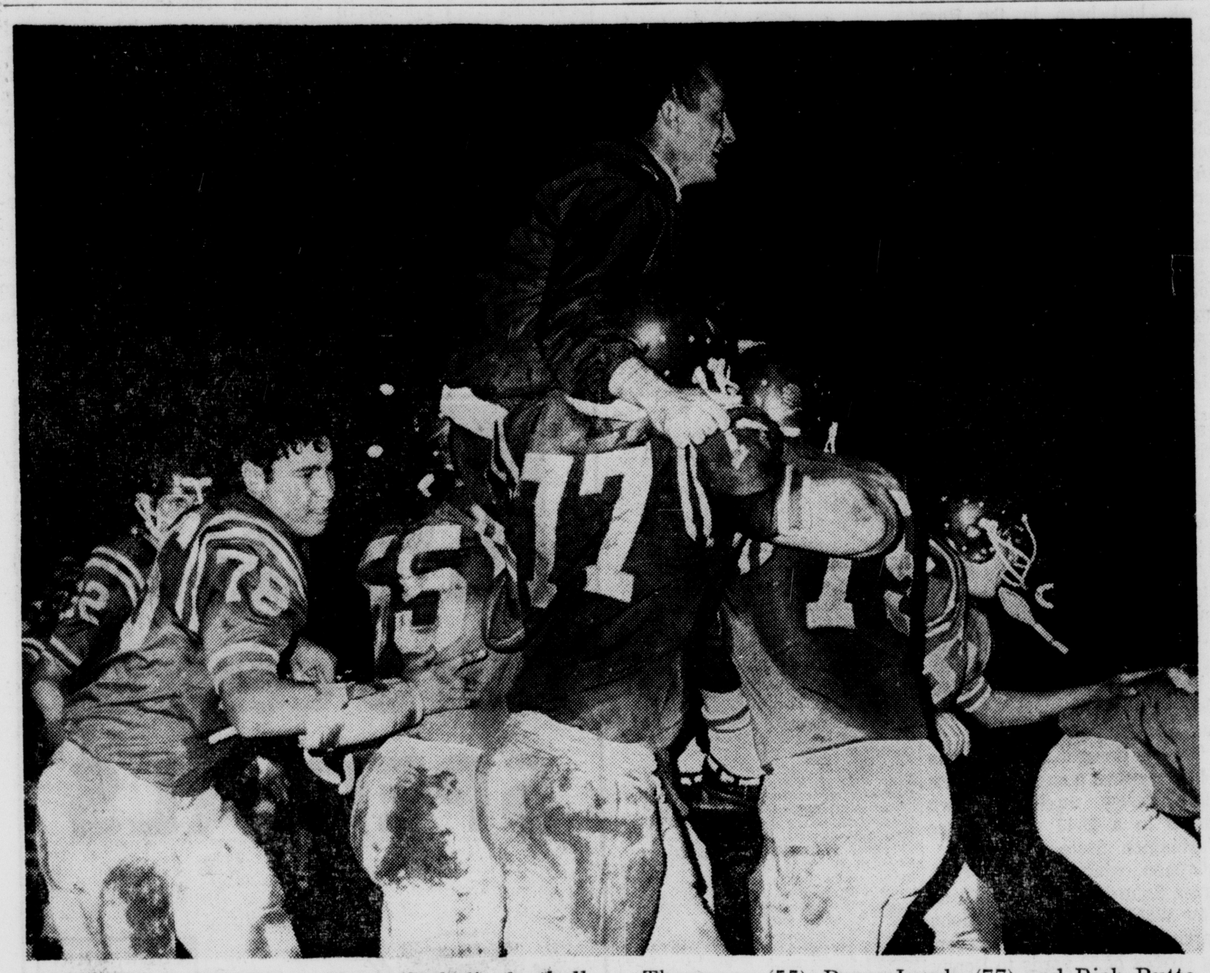

Three Cotten passes set up a one-yard plunge by Chauncy Turnbow on the Comets' first second-half possession, but again Marin struck back quickly, as Garvin swept wide on his pet pitchout, faked to the inside, and cut to the sideline for a 64-yard footrace to the goal. Holder Jim Taylor ran over the 2-point conversion on a fine effort, aided by Hickerson's block.

After Art Langhoff recovered a Comet fumble at the home 35, two passes and two runs moved the ball to the 13. From there Hickerson booted his second field goal of the year, 30 yards.

Cotten moved his team back downfield, socred on a five-yard rollout, and passed to Gordon Norman for two points to bring Contra Costa back within striking distance at 20-30 early in the last period.

Marin was held at the Comet three, but Cotten's first-down pass was intercepted by Rusty Poole, and Sabuco promptly snuck over from the one. An 18-yard punt return by Pieri set the Tars up again, and with first down at the 13, Sabuco, whose lack of running ability was obviously well known, pulled a

Knee Injury Ends Season For Bears' Gale Sayers

CHICAGO (AP) — Kermit Alexander ripped off his San Francisco 49er jersey, slammed it into his locker cubicle and fought back the tears saying, "It was my fault, all my fault."

Alexander was recalling the play which sent Chicago's Gale Sayers, the National Football League's leading ground gainer, to the sidelines for the season with torn ligaments of the right knee.

So serious was the injury that it took only a few minutes before the decision was made that Sayers would undergo surgery last night following Chicago's 27-19 victory over the 49ers.

It was a serious blow not only to the Bears but all of professional football. And it was Alexander, the compassionate rival who helped carry Sayers off the field, unnecessarily taking the blame.

"I don't want to talk about it," said Alexander when first approached. But the veteran defensive back needed no prodding to blurt his story.

"God, you never want to hurt a player, never, especially a great player like Gale. But it was my fault. Gale likes to run behind his blocker and slip off when the defensive man comes after him.

"I wasn't going after Sayers," continued Alexander. "I was going after the blocker. I submarined, missed the blocker and hit the leg. That was it. I hit the leg."

Reminded it was a clean play and that it was an accident and not his fault, Alexander whispered, "What's the difference. He's out for the season."

Sayers, one of the game's all-time great running backs, had gained 32 yards before being injured early in the second quarter to boost his league leading total to 856 yards for the season.

Although he was in his fourth season in the NFL, the 25-year-old Kansas Comet had become a statistical legend and usually was referred to as the Bears' total offense.

The injury came at a time which found the Bears in a tie for the Central Division lead and challenging for the championship with four straight victories.

"Most of our offense was geared to Gale's talents," said soft spoken Bear Coach Jim Dooley. "Now that we no longer have his talents, we have to prepare our game plans to the material we have."

After surgery on Sayers in Illinois Masonic Hospital last night, Dr. Theodore Fox said that "the prognosis is very good" and that he expects Sayers' to have 100 per cent recovery.

Fox, the Bears' surgeon, described the injury as a complete rupture of all ligaments on the inner side of Sayers' right knee, along with torn cartilage.

He said Sayers will stay in the hospital less than a week and that he will have a plaster cast on his leg for six weeks. He also confirmed that Sayers will be out of action for the rest of the season.

Winning Season For 'Cats!

Marin Catholic High School today was celebrating the completion of its finest football season in 11 years following Saturday night's 31-19 victory over the St. Elizabeth's High Mustangs of Oakland before an estimated crowd of 600 at College of Marin Stadium in Kentfield.

It was the Kentfield school's fourth victory of the season against three losses and one tie. "I checked back through the records," said Marin coach Joel Kiff, "and as far as I can determine the last time we had a winning season was in 1957."

The Wildcats had to overcome a 6-0 first quarter deficit to achieve their winning goal and did so behind the Jim Nelson-to-Ralph Giacomini passing attack and the record breaking running of Jim O'Brien.

TD ARM

Nelson tossed three first half touchdown passes to Giacomini for 25, 18 and 5 yards and the quarterback tallied another TD on a 2-yard run.

O'Brien, meanwhile, easily surpassed the 1,000-yard season rushing mark by gaining 173 yards on 36 carries. That workhorse effort brought the senior star's season credentials to 1,158 yards on 182 carries for 6.4-yard average. "That is by far a school record," said Kiff. "There's never been anything close to it."

Nelson completed 6 of 13 passes for 72 yards — four to Giacomini for 51 yards and two to Steve Collins for 21 yards. Two of Nelson's passes were intercepted, the first coming in the first period when Don Thomas of St. Elizabeth's returned the theft 60 yards for a touchdown and a 6-0 lead.

18-6 AT HALF

The Nelson-Giacomini passing spree gave Marin an 18-6 halftime lead. St. Elizabeth's closed the gap to 18-12 at the start of the third period on a 65-yard run by Eddie Jackson, but Marin clinched the victory in the third quarter when middle linebacker Rob Parnow blocked a Mustang punt and fell on it in the end zone for a touchdown. Pat Charters' place kick conversion made it 25-12.

St. Elizabeth's came back in the fourth quarter for its final touchdown on a 30-yard pass from Bill Promes to Larry Banks, but Nelson came right back to score the final Marin TD on a sneak.

Defensive end Steve Thompson intercepted a pass to set up one of Marin's touchdowns. Other defenders cited by Kiff were Parnow, defensive end Tim O'Leary and middle guard Paul Dillman.

Too Many Mistakes By 49ers

REDWOOD CITY (AP) — Coach Dick Nolan, who blames "too many mistakes" for the losses by his San Francisco 49ers, has plenty of examples today to back his argument.

While losing 27-19 yesterday to the Chicago Bears, the 49ers had four passes intercepted, missed two conversions and had a touchdown called back because of a penalty.

MISTAKES

And, as the coach remarked, "You can't win football games by missing tackles and dropping passes," which also happened.

Chicago, which allowed San Francisco only six plays from scrimmage in the first quarter, ran up a 24-point lead before the 49ers scored.

Linebacker Ed Beard intercepted a pass by Chicago rookie Virgil Carter then and ran it to the one-yard line. Gary Lewis went over for the score.

The other 49er touchdowns came in the third period on passes by John Brodie to Bob Windsor for 18 yards and Clifton McNeil for 28 yards.

BALL CONTROL

Whatever chances the 49ers had for a comeback vanished with eight minutes and 50 seconds left in the game when Chicago got possession of the ball and held it for seven minutes and 24 seconds.

In the waning moments the Bears collected their fourth interception and had the ball at the San Francisco 11-yard line when the gun sounded.

Carter passed 37 yards to Bob Wallace, then ran seven yards for the first Bear touchdown. After a 64-yard march, the rookie sneaked one yard for the second TD. The third Bear touchdown came on a 31-yard pass from Carter to Wallace.

FIELD GOALS

Other Bear points resulted from 42-yard and 15-yard field goals off the toe of Mac Percival.

The loss left San Francisco with a 4-5 record in the National Football League as the 49ers prepare to play the high-flying Los Angeles Rams, 8-1, next Sunday at Kezar Stadium.

Raider Vet Blanda Strikes Blow For Older Generation

DENVER, Colo. (AP) — Ageless George Blanda struck a blow for the older generation yesterday.

"I got to give the old man credit," said Denver Bronco Coach Lou Saban after the 40-year-old Blanda—some say he's 41—shot down the Broncos 43-7 with four touchdown passes and two field goals for the Oakland Raiders. He added five extra point kicks.

SURPRISE

Blanda was a surprise starter when Daryle Lamonica, the AFL's all-star quarterback, suffered back muscle spasms just a few hours before game time.

Lamonica, who suffered a knee injury in Oakland's conquest of Kansas City a week ago, "probably got the back problem from favoring his bad leg," Oakland Coach John Rauch said.

Blanda's 94-yard touchdown pass to Warren Wells set an Oakland record. The veteran of National Football League and AFL play also hooked up for touchdown throws of 17 yards to Wells, 22 and 16 yards to Fred Biletnikoff.

His field goals traveled 42 and 27 yards.

GAME BALL

"This was my first full game since Houston," exulted Blanda in the dressing room, swarmed by well wishers. He was awarded the game ball.

Blanda, who joined Oakland after the 1966 season in a trade with Houston, graduated from Kentucky in 1949 and played 10 years in the NFL before switching to the AFL during its inaugural season nine years ago.

"Blanda's durability surprises me," Rauch said. "He's as old as I am and I couldn't do it."

The old pro absorbed several vicious knocks by charging Denver linemen but shook off the jolts and kept firing to complete 14 of 26 passes for 295 yards. He gave up one interception.

50,002 FANS

The disappointing Denver showing dismayed a record 50,002 fans who filled the Broncos expanded stadium for the first time. The previous high was 44,115 against Miami last Oct. 27.

"My apologies for a horrible performance," Saban told reporters after the game. "We looked bad and got beat...it was embarrassing. We just broke down in so many places."

He said Blanda did "a great job and deserved the victory."

Denver's solitary score in the first quarter cut the Oakland lead to 12-7. It came on an 11-play 83-yard march capped by Steve Tensi's 11-yard scoring pass to Al Denson in the end zone.

PUT DOWN

But Denver's brief threat was quickly erased by Charley Smith's 64-yard touchdown run. He was sprung free along the right sidelines by Jim arvey's block and nary a Bronco touched him on the scoring trip.

"That was the game breaker," Rauch said.

United States Davis Cup Team Wins

SAN JUAN, P.R. (AP) — The United States won the Davis Cup inter-zone final from India today when Arthur Ashe of Richmond, Va., defeated India's Ramanthan Krishnan 6-1, 6-3, 6-3 for a 3-1 clinching lead.

The United States team will challenge Australia in Australia in December for the Cup.

Ashe put on an amazing demonstration in defeating his experienced opponent who seemed unable to stay with the slashing serves and returns of the 24-year-old American.

India split the opening singles matches Saturday and the U.S. took the doubles Sunday. In the final match it was Clark Graebner against Premjit Lall.

Cadets Even Grid Record

San Rafael Military Academy evened its season football record at 4-4 with a convincing 35-0 blasting of Lick-Wilmerding at San Francisco Saturday.

Quarterback Vic Williams and halfback Ray Martinez were the offensive show for the Cadets.

Williams hit on 12 of 18 passes for 262 yards and four touchdowns finding Jack Dickinson for scoring passes of 43 and eight yards and Mike Lakes for scoring heaves of 37 and eight yards.

Martinez scored once on a 13-yard run and kicked five straight conversions.

IT'S FOR MAKALENA

Trevino Wins Hawaii Golf

HONOLULU (UPI)—Lee Trevino kept his proise.

"And it feels good," the young golf star sighed after his dramatic triumph in the $125,000 Hawaiian International Open yesterday.

Trevino, 28, vowed that if he took the $25,000 top prize, $10,000 would go into a trust fund for a young Hawaiian boy —the son of the late touring pro Ted Makalena.

SOBER-FACED

"And that's exactly what I'm going to do," an unusually sober-faced Trevino said after he had defeated California stringbean George Archer in a down to the wire duel at the oceanside Waialae Country Club.

Makalena and Trevino—a Mexican-American from El Paso, Tex.—roomed together on the tour. They played together and laughed together—a couple of affable characters who became best friends.

In September, Makalena was killed in a swimming accident at Waikiki. He would have been the big local favorite in this year's Hawaiian Open which he had won in 1966.

"I wanted to win it very, very badly for Ted," Trevino told newsmen after winning.

FROM BEHIND

Trevino, a little-known pro until he stunned the golf world by winning the U.S. open this year, came from behind on the last nine holes to eke out a two-stroke victory over the talented Archer. He fired a four-under par 68 to Archer's 71 and ended up 16-under at 272.

(Ron Cerrudo of San Rafael had weekend rounds of 74 and 69 for a 289 total, out of the money.)

LEE TREVINO
Lot of heart

Trevino put on a display of steel-nerved pressure golf.

After trailing the leader by six strokes at the halfway mark, he fired a brilliant eight-under-par 64 Saturday to move a stroke off the prace set by Archer and Dick Lotz of Hayward.

Trevino and Archer finished the front nine yesterday with two-under 34s, while Lotz all but dropped out of contention with a 38.

AHEAD

Trevino went ahead for the first time when Archer double-bogied the 10th hole after hooking his tee shot into a palm tree. Archer regained the lead with birdies on the 12th and 13th holes but he bogied the 17th. Meantime the cool Trevino, joking with the galleries despite the pressure, ran in birdie putts on the 13th and 15th hole and was one-up as he teed off on the par five 18th, a "birdie hole" on which Archer had to settle for a par.

Trevino's third shot on 18 sailed past the pin to the back edge of the green. He boldly stroked a putt which hit the back of the cup and dropped in for a birdie.

FIRM HIT

He said later that had the ball not hit the hole it may have rolled 10 or 15 feet beyond, forcing him to can a long one to win.

"I knocked it in firm," said Trevino, who could have tried to play itsafe.

His win raised his PGA bankroll for the year to $131,077, while Archer went up to $150,739 with his $15,000 second place check. Third place went to Dale Douglass with a 276, fourth to rookie Mac McLeondon with 277 and fifth was shared at 278 by Lotz and Frank Beard.

Keeler Nash Wins Mill Valley Golf

Keeler Nash scored 73 gross and with 15 handicap strokes neeted a 58 to win the Mill Valley Golf Club's fall sweepstakes golf tournament yesterday at the Mill Valley municipal course.

Other leaders: George Davenport, 84-24—60; Glenn Goertz, 79-18—61; Chet Howlett, 69-8—61; Gene Quinn, 78-17—61; Bob Wieties, 77-16—61; Bill Hogan, 68-6—62; Dil Hughes, 74-11—63; Al Walton, 74-11—63.

South Stars Nab Warner Game

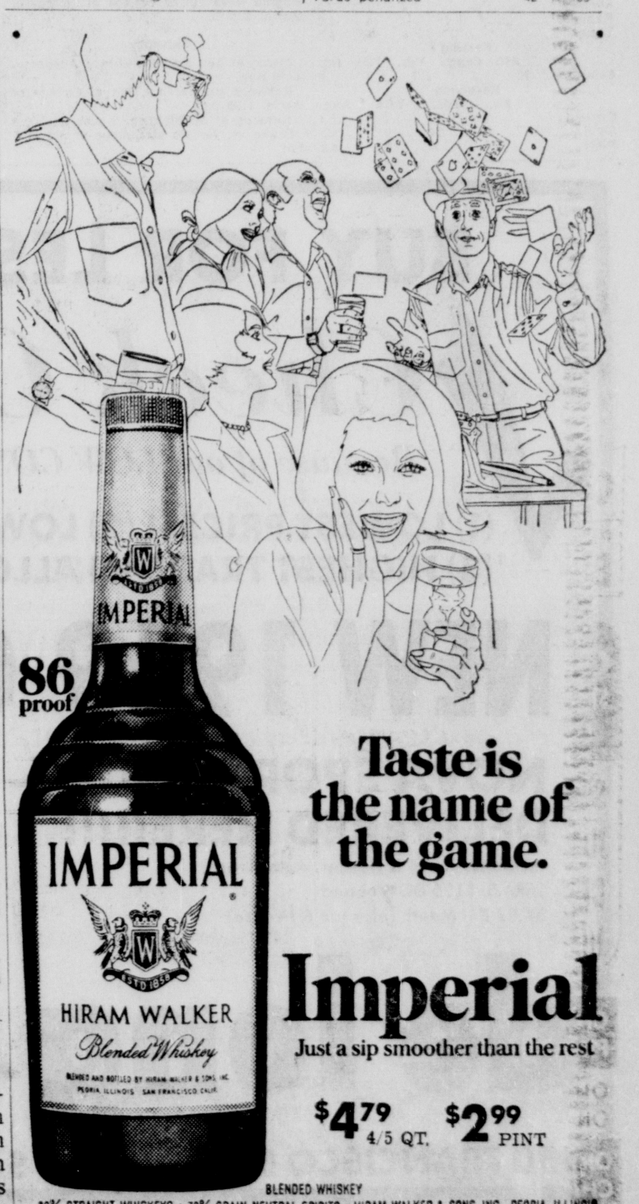

Quarterback Tommy MacAusland of the San Anselmo-Drake Junior Pirates and halfback Russ Knudson of the Tamalpais Junior Indians of Mill Valey combined their talents to lead the South to a 32-8 romp over the North in the Marin Boys Club All-Star Pop Warner football game at Marin Catholic field in Kentfield yesterday.

MacAusland passed for a pair of touchdowns, one for 60 yards to Drake's Don Asay, and another for 40 to Drake's Rich Lopez.

Knudson went on a rampage, scoring three touchdowns on runs of 25, 30 and 15 yards.

Player Triumphs

SYDNEY, Australia (AP) — Gary Player of South Africa won the Wills Masters tournament on the second hole of a sudden death playoff with Australia's Peter Townsend yesterday.

Redwood Gridders Whips San Rafael

By GARY TISCHLER

Proud Redwood High School started on a salvage mission in a season of might-have-been by wrecking San Rafael High School 25-7 at College of Marin Stadium in Kentfield Saturday in a Marin County Athletic League Football battle, before 800 fans.

Redwood, which has lost hree loop encounters in the fading moments of the game, made sure of this one, jumping off to a 16-0 lead and putting it away in the second half.

Pete Carroll was the stickout for the Larkspur school in this one, lugging the ball for 83 yards, including a 51-yard beauty, scoring twice, catching two passes and intercepting another to shut off a San Rafael drive.

HAD HELP

Carroll had help from quarterback Jim Peters, who, late in the season, is getting batter all the time. Peters hit on a variety of short and long passes, finishing with 12 out of 17 for 158 yards.

Fullback Pete Richter added 53 yards onthe ground including a classic nine-yard blast straight through thick traffic for a touchdown.

Both teams were lookig for their first league win, but for San Rafael's frustrated Bulldogs, this was one that they never really were in.

IN VAIN

Quarterback Lowell Widmer and Bruce Nave tried vainly to get the Bulldogs going, Widmer with short passes and keepers, Nave with some long throwing. What they get was three Redwood interceptions.

Tom Penales and Dreke Clark did most of whatever damage the Bulldogs did on the ground, setting up their only touchdown, a four-yard rip by Leon Leonhart in the second quarter, making for a deceptively close 13-7 score at the half.

The Giatns scored on their first possession, climaxing a 65-yard drive with a four-yarder by Carroll, who had started out wide, then squirmed in through a hole. Rob Dorinson scored the extra point for 7-0.

7-YARDER

Redwood did it again on their next crack at it with Peters hitting Scott Holmes with a seven-yard TD toss.

Richter's TD romp after an interception in the third quarter made it 19-7 and Carroll rounded out the scoring with a beautiful sweep around right end, getting a jarrying block from Richter enroute.

The Giants are now 1-3 in league play and 3-4-1 on the season. The Bulldogs closed out league play at 0-5 and are now 1-7 on the season.

PRIZES FOR A WINNER—New Zealander Denis Hulme, accompanied by race queen Joan Gallagher (right), lugs off a bottle of champagne and the Can-Am race trophy after he won the Stardust Grand Prix and the Canadian-American championship at Las Vegas yesterday. Hulme got a little cash, too, like $51,450. (AP Wirephoto)

Hulme Captures Top Prize In The Can-Am

LAS VEGAS, Nev. (AP) — New Zealander Denis Hulme must be pretty happy about picking up two crowns with one race.

Hulme avoided a spectacular five-car collision on the first lap in a race in which 16 of 30 starters failed to finish yesterday. He went on to win the $80,000 Stardust Grand Prix and capture the championship of the six-race Canadian-American Challenge Cup series.

Hulme, who started from the second spot, next to countryman Bruce McLaren, was never threatened after the first-lap collision. He set a record for the event with an average speed of 113.1 miles an hour for the 210 miles.

CONTENDER

He entered the race as he leading contender for the Can-Am Cup with a three-point margin over defending cup-holder McLaren and Mark Donohue.

It turned out the three-point edge was all h eneeded for victory when McLaren, slowed by the five-car collision, picked up only one point for finishing sixth. Donohue, of Media, Pa., was forced out of the race when his McLaren-Chevrolet refused to start.

The victory left Hulme with 35 Can-Am points to 24 for McLaren—a reversal of last year's cup race, when Hulme finished a close second to his fellow New Zealander.

COLLISION

The first-lap collision occurred as the cars were entering the first turn. McLaren's car, apparently nudged by another racer, went through the turn sideways, then careened off the track along with the cars of Mario Andretti, Chris Amon, Charlie Hayes and Texan Jim Hall.

Amon's new six-liter Ferrari and Haye's McKee Oldsmobile could not continue.

Hall later was involved in the most serious accident of the day that left him hospitalized with a broken right leg and superficial burns.

Lothar Motschenbacher's McLaren-Chevrolet tapped Hall's Chaparral in the first turn of lap 58. The Chaparral flew into the air and both cars were covered with flames.

IN HOSPITAL

Motschenbacher, of Beverly Hills, was hospitalized with superficial burns.

Both drivers were reported in good condition by track physicians.

George Follmer of Arcadia, brought his Lola-Ford in behind Hulme's McLaren-Chevrolet for second, trailed by third-place Jerry Titus of Enciono, Calif., in another McLaren- Chevrolet.

Fourth place went to Chuck Parsons of Pebble Beach, driving a Lola-Chevrolet, Sam Posey of Sharon, Conn., was fifth.

Petalumans Lose

Menlo School defeated St. Vincent's High School of Petaluma 19-6 Saturday at Menlo in a Bay Counties Athletic League football game. St. Vincent's lone touchdown came in the fourth quarter on an 18-yard pass from Steve Johnson to Jerry White.

It's Wait Till Next Year For Bears

By ASSOCIATED PRESS

For California's football team, it's wait until next year.

For Southern California, it's wait until next weekend.

That's when the Trojans, who destroyed California's Rose Bowl hopes, 35-17 Saturday, play Oregon State, which crushed UCLA, 45-21.

California, rated 11th last week, had been in the Rose Bowl race until No. 1 USC scored 21 points in the third quarter to break up a 14-3 game.

Steve Sogge threw three touchdown passes — four yards to Bob Klein, 28 to Sam Dickerson and 10 to Bob Chandler — and O. J. Simpson scored on runs of 39 and seven yards.

In seven previous games, California, now 4-2-1, had given up only 39 points. The Cal defense, ranked 10th nationally, gave up 164 yards to Simpson, who carried 31 times.

At Corvallis, Ore., Bill Enyart of Oregon State nearly matched Simpson, gaining 155 yards in 32 carries and scoring two touchdowns on runs of 10 yards and one yard.

After a wild first half, led by the Beavers, 24-21, Oregon State shut out the Bruins, allowing UCLA just three plays in the third quarter and scoring a safety on one of the plays.

Beaver wing back Bill Main also scored twice, on runs of one and 22 yards.

Oregon brought its record to 4-4 as reserve quarterback Eric Olson threw three touchdown passes in a 27-13 victory over Washington State.

Oregon, which plays at California Saturday, called on Olson after WSU handled starter John Harrington Olson tossed scoring strikes of 52 yards to Denny Schuler and 53 and 15 yards to Greg Lindsey.

Another reserve quarterback, Don Bunce, threw three touchdown passes for Stanford in a 35-20 victory over Washington.

Bunce took over for Jim Plunkett, who suffered bruised ribs in the second period, and tossed scoring passes of 80 and 28 yards to Gene Washington, and three yards to Howie Williams.

Stanford plays at surprising University of Pacific Saturday while UCLA travels to Washington and Washington State goes to San Jose State.

120,000 See Pele Score 900th Goal

RIO DE JANEIRO (AP) - Pele, Brazil's brilliant soccer star, scored the 900th goal of his pro career yesterday, giving the Sao Paolo All-Star team a 3-2 victory over the Rio All-Stars in a game played in honor of visiting Queen Elizabeth of Britain.

The Queen and Pele shook hands after the game, which drew a crowd of about 120,000 in Rio's huge Maracanana Stadium.

Giants Top Dallas In Year's Top Upset; Packers Lose

By U.P. INTERNATIONAL

Any veteran of World War II Seabee service can sum up the situation today after the New York Giants achieved their greatest victory since beating the Chicago Bears in the 1956 National Football League championship game.

"The difficult can be done right away," went the old Seabee slogan. "The impossible must take a little longer."

"A little longer" in the Giants' case may mean "never."

DIFFICULT

The Giants did the difficult when they beat the Dallas Cowboys, 27-21 yesterday in the biggest upset of the NFL season. The victory moved the Giants to within one game of the Cowboys in the Capitol Division race and set up a possible "game of the year" for Dec. 15 when the teams meet at New York in their final game of the season.

The Giants are now in second place with a 6-3 record compared to the first-place Cowboys' 7-2 mark. But the hitch is that the Cowboys' four-game schedule between now and Dec. 15 is a "softie" compared to the Giants' four-game slate.

Fran Tarkenton and Pete Gogolak were the heroes yesterday when the Cowboys were 17-point favorites. Tarkenton ran 22 yards for one touchdown, teamed with Homer Jones on a 60-yard touchdown pass and also passed five yards for a TD to Joe Morrison. Even so, the Giants had no better than a 21-21 standoff until Gogolak's fourth-period field goals of 25 and 10 yards produced the victory.

19 OF 33

Don Meredith completed 19 of 33 passes for 256 yards and two Dallas touchdowns but overthrew on several key occasions and was intercepted by Carl Lockhart when he had Lance Retzel free at the New York 20-yard line with 2:14 to go in the game.

Other NFL scores yesterday: Cleveland 35, New Orleans 17; St. Louis 28, Pittsburgh 28 (tie); Baltimore 27, Detroit 10; Los Angeles 17, Atlanta 10; Chicago 27, San Francisco 19; Minnesota 14, Green Bay 10; Washington 16, Philadelphia 10.

Tars Triumph, Remain Tied For League Lead

By KIMO CAMPBELL

College of Marin Tars routed the Contra Costa College Comets of San Pablo 42-20 Saturday night before 600 homecoming football fans at Richmond High School. The win, Marin's sixth in eight games, kept the Mariners tied for the Camino Norte Conference lead with a 3-1 win-loss record.

West Valley of Los Gatos (a 21-14 victor over Santa Rosa) and DeAnza of Cupertino (which beat Solano 31-6) are also 3-1 in CNC play, while Contra Costa fell to 2-2. Marin finishes its season with Friday's homecoming against Santa Rosa, while DeAnza and West Valley meet in Los Gatos.

The game Saturday was easily one of the Tars' best of the year as they put all together — solid quarterbacking, excellent running and tough defense. The Tars led early and were in control most of the game, icing the outcome with a field goal and two touchdowns in the final period.

With Keving Wilson out most of the game with illness, Val Sabuco went the route at quarterback and played the best football of his career, running the pounding Tar ground game (338 yards worth), hitting on seven of ten passes, and scoring both final-quarter TDs himself.

Sabuco's chief accomplice was, of course, Tim Garvin. The superb halfback squirmed and feinted for 208 yards on 22 carries, including a 64-yard touchdown romp. Garvin's total was the second highest in COM history, surpassed only by Tim Harr's 228 yards against Shasta J. C. last fall.

End Sam Crowell, who had five catches, three spectacular, was the most conspicious man on the offensive line, but the unit as a whole — Trevor Benedict, Charley Keppel, Larry Collins, Chris Klyce, and Ron Heidinger, plus captain Len Pieri at the other end — was outstanding.

Karl Stein was the defensive catalyst, as usual, recovering a fumble and intercepting two passes, giving him eight thefts on the year. Overall, the Marin defense picked off five Comet passes and fell on a pair of fumbles. Marin didn't lose the ball on a turnover once.

Stein recovered Herbie Phillips' fumble in the air at midfield on the home team's second series and rambled in for a quick 50-yard score. The point after was no good. Garvin's 43-yard sprint set up his own one-yard dive with 1:34 left in the quarter, and Bill Hickerson converted for a 13-0 Tar lead at the quarter.

On the second play after the kickoff, Crowell beat his man, who tipped the ball trying for an interception but tipped it the wrong way. Crowell alertly picked off the deflected ball and romped 51 yards to score. Sabuco-to-Crowell was three-for-three in the first half for 73 yards.

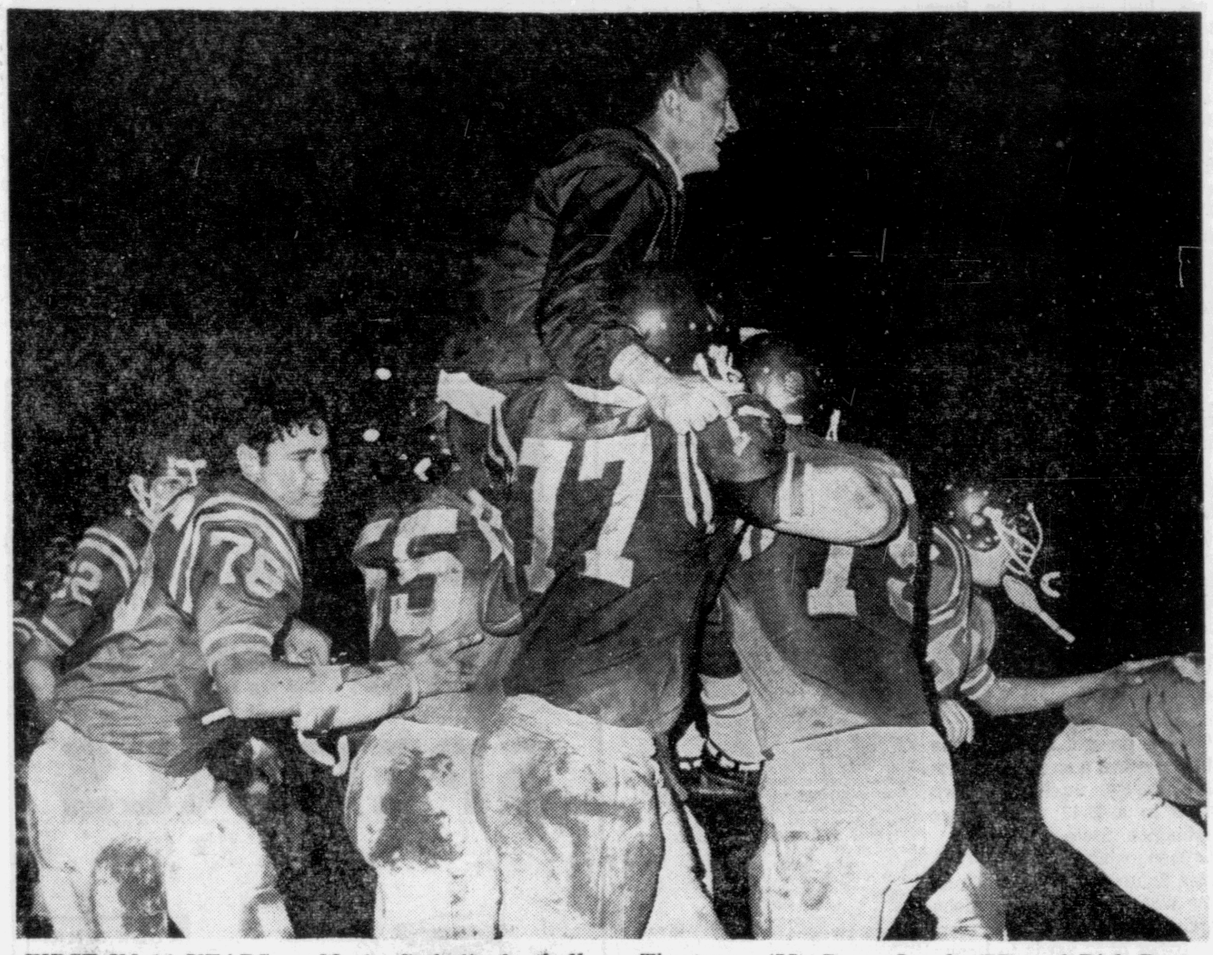

Three Cotten passes set up a one-yard plunge by Chauncy Turnbow on the Comets' first second-half possession, but again Marin struck back quickly, as Garvin swept wide on his pet pitchout, faked to the inside, and cut to the sideline for a 64-yard footrace to the goal. Holder Jim Taylor ran over the 2-point conversion on a fine effort, aided by Hickerson's block.

After Art Langhoff recovered a Comet fumble at the home 35, two passes and two runs moved the ball to the 13. From there Hickerson booted his second field goal of the year, 30 yards.

Cotten moved his team back downfield, socred on a five-yard rollout, and passed to Gordon Norman for two points to bring Contra Costa back within striking distance at 20-30 early in the last period.

Marin was held at the Comet three, but Cotten's first-down pass was intercepted by Rusty Poole, and Sabuco promptly snuck over from the one. An 18-yard punt return by Pieri set the Tars up again, and with first down at the 13, Sabuco, whose lack of running ability was obviously well known, pulled a

Knee Injury Ends Season For Bears' Gale Sayers

CHICAGO (AP) — Kermit Alexander ripped off his San Francisco 49er jersey, slammed it into his locker cubicle and fought back the tears saying, "It was my fault, all my fault."

Alexander was recalling the play which sent Chicago's Gale Sayers, the National Football League's leading ground gainer, to the sidelines for the season with torn ligaments of the right knee.

So serious was the injury that it took only a few minutes before the decision was made that Sayers would undergo surgery last night following Chicago's 27-19 victory over the 49ers.

It was a serious blow not only to the Bears but all of professional football. And it was Alexander, the compassionate rival who helped carry Sayers off the field, unnecessarily taking the blame.

"I don't want to talk about it," said Alexander when first approached. But the veteran defensive back needed no prodding to blurt his story.

ij Sports

FOURTH SECTION Monday, Nov. 11, 1968 31

"God, you never want to hurt a player, never, especially a great player like Gale. But it was my fault. Gale likes to run behind his blocker and slip off when the defensive man comes after him.

"I wasn't going after Sayers," continued Alexander. "I was going after the blocker. I submarined, missed the blocker and hit the leg. That was it. I hit the leg."

Reminded it was a clean play and that it was an accident and not his fault, Alexander whispered, "What's the difference. He's out for the season."

Sayers, one of the game's all-time great running backs, had gained 32 yards before being injured early in the second quarter to boost his league leading total to 856 yards for the season.

Although he was in his fourth season in the NFL, the 25-year-old Kansas Comet had become a statistical legend and usually was referred to as the Bears' total offense.

The injury came at a time which found the Bears in a tie for the Central Division lead and challenging for the championship with four straight victories.

"Most of our offense was geared to Gale's talents," said soft spoken Bear Coach Jim Dooley. "Now that we no longer have his talents, we have to prepare our game plans to the material we have."

After surgery on Sayers in Illinois Masonic Hospital last night, Dr. Theodore Fox said that "the prognosis is very good" and that he expects Sayers' to have 100 per cent recovery.

Fox, the Bears' surgeon, described the injury as a complete rupture of all ligaments on the inner side of Sayers' right knee, along with torn cartilage.

He said Sayers will stay in the hospital less than a week and that he will have a plaster cast on his leg for six weeks. He also confirmed that Sayers will be out of action for the rest of the season.

Winning Season For 'Cats!

Marin Catholic High School today was celebrating the completion of its finest football season in 11 years following Saturday night's 31-19 victory over the St. Elizabeth's High Mustangs of Oakland before an estimated crowd of 600 at College of Marin Stadium in Kentfield.

It was the Kentfield school's fourth victory of the season against three losses and one tie. "I checked back through the records," said Marin coach Joel Kiff, "and as far as I can determine the last time we had a winning season was in 1957."

The Wildcats had to overcome a 6-0 first quarter deficit to achieve their winning goal and did so behind the Jim Nelson-to-Ralph Giacomini passing attack and the record breaking running of Jim O'Brien.

TD ARM

Nelson tossed three first half touchdown passes to Giacomini for 25, 18 and 5 yards and the quarterback tallied another TD on a 2-yard run.

O'Brien, meanwhile, easily surpassed the 1,000-yard season rushing mark by gaining 173 yards on 36 carries. That workhorse effort brought the senior star's season credentials to 1,158 yards on 182 carries for 6.4-yard average. "That is by far a school record," said Kiff. "There's never been anything close to it."

Nelson completed 6 of 13 passes for 72 yards — four to Giacomini for 51 yards and two to Steve Collins for 21 yards. Two of Nelson's passes were intercepted, the first coming in the first period when Don Thomas of St. Elizabeth's returned the theft 60 yards for a touchdown and a 6-0 lead.

18-6 AT HALF

The Nelson-Giacomini passing spree gave Marin an 18-6 halftime lead. St. Elizabeth's closed the gap to 18-12 at the start of the third period on a 65-yard run by Eddie Jackson, but Marin clinched the victory in the third quarter when middle linebacker Rob Parnow blocked a Mustang punt and fell on it in the end zone for a touchdown. Pat Charters' place kick conversion made it 25-12.

St. Elizabeth's came back in the fourth quarter for its final touchdown on a 30-yard pass from Bill Promes to Larry Banks, but Nelson came right back to score the final Marin TD on a sneak.

Defensive end Steve Thompson intercepted a pass to set up one of Marin's touchdowns. Other defenders cited by Kiff were Parnow, defensive end Tim O'Leary and middle guard Paul Dillman.

Too Many Mistakes By 49ers

REDWOOD CITY (AP) — Coach Dick Nolan, who blames "too many mistakes" for the losses by his San Francisco 49ers, has plenty of examples today to back his argument.

While losing 27-19 yesterday to the Chicago Bears, the 49ers had four passes intercepted, missed two conversions and had a touchdown called back because of a penalty.

MISTAKES

And, as the coach remarked, "You can't win football games by missing tackles and dropping passes," which also happened.

Chicago, which allowed San Francisco only six plays from scrimmage in the first quarter, ran up a 24-point lead before the 49ers scored.

Linebacker Ed Beard intercepted a pass by Chicago rookie Virgil Carter then and ran it to the one-yard line. Gary Lewis went over for the score.

The other 49er touchdowns came in the third period on passes by John Brodie to Bob Windsor for 18 yards and Clifton McNeil for 28 yards.

BALL CONTROL

Whatever chances the 49ers had for a comeback vanished with eight minutes and 50 seconds left in the game when Chicago got possession of the ball and held it for seven minutes and 24 seconds.

In the waning moments the Bears collected their fourth interception and had the ball at the San Francisco 11-yard line when the gun sounded.

Carter passed 37 yards to Bob Wallace, then ran seven yards for the first Bear touchdown. After a 64-yard march, the rookie sneaked one yard for the second TD. The third Bear touchdown came on a 31-yard pass from Carter to Wallace.

FIELD GOALS

Other Bear points resulted from 42-yard and 15-yard field goals off the toe of Mac Percival.

The loss left San Francisco with a 4-5 record in the National Football League as the 49ers prepare to play the high-flying Los Angeles Rams, 8-1, next Sunday at Kezar Stadium.

Raider Vet Blanda Strikes Blow For Older Generation

DENVER, Colo. (AP) — Ageless George Blanda struck a blow for the older generation yesterday.

"I got to give the old man credit," said Denver Bronco Coach Lou Saban after the 40-year-old Blanda—some say he's 41—shot down the Broncos 43-7 with four touchdown passes and two field goals for the Oakland Raiders. He added five extra point kicks.

SURPRISE

Blanda was a surprise starter when Daryle Lamonica, the AFL's all-star quarterback, suffered back muscle spasms just a few hours before game time.

Lamonica, who suffered a knee injury in Oakland's conquest of Kansas City a week ago, "probably got the back problem from favoring his bad leg," Oakland Coach John Rauch said.

Blanda's 94-yard touchdown pass to Warren Wells set an Oakland record. The veteran of National Football League and AFL play also hooked up for touchdown throws of 17 yards to Wells, 22 and 16 yards to Fred Biletnikoff.

His field goals traveled 42 and 27 yards.

GAME BALL

"This was my first full game since Houston," exulted Blanda in the dressing room, swarmed by well wishers. He was awarded the game ball.

Blanda, who joined Oakland after the 1966 season in a trade with Houston, graduated from Kentucky in 1949 and played 10 years in the NFL before switching to the AFL during its inaugural season nine years ago.

"Blanda's durability surprises me," Rauch said. "He's as old as I am and I couldn't do it."

The old pro absorbed several vicious knocks by charging Denver linemen but shook off the jolts and kept firing to complete 14 of 26 passes for 295 yards. He gave up one interception.

50,002 FANS

The disappointing Denver showing dismayed a record 50,002 fans who filled the Broncos expanded stadium for the first time. The previous high was 44,115 against Miami last Oct. 27.

"My apologies for a horrible performance," Saban told reporters after the game. "We looked bad and got beat...it was embarrassing. We just broke down in so many places."

He said Blanda did "a great job and deserved the victory."

Denver's solitary score in the first quarter cut the Oakland lead to 12-7. It came on an 11-play 83-yard march capped by Steve Tensi's 11-yard scoring pass to Al Denson in the end zone.

PUT DOWN

But Denver's brief threat was quickly erased by Charley Smith's 64-yard touchdown run. He was sprung free along the right sidelines by Jim arvey's block and nary a Bronco touched him on the scoring trip.

"That was the game breaker," Rauch said.

United States Davis Cup Team Wins

SAN JUAN, P.R. (AP) — The United States won the Davis Cup inter-zone final from India today when Arthur Ashe of Richmond, Va., defeated India's Ramanthan Krishnan 6-1, 6-3, 6-3 for a 3-1 clinching lead.

The United States team will challenge Australia in Australia in December for the Cup.

Ashe put on an amazing demonstration in defeating his experienced opponent who seemed unable to stay with the slashing serves and returns of the 24-year-old American.

India split the opening singles matches Saturday and the U.S. took the doubles Sunday. In the final match it was Clark Graebner against Premjit Lall.

Cadets Even Grid Record

San Rafael Military Academy evened its season football record at 4-4 with a convincing 35-0 blasting of Lick-Wilmerding at San Francisco Saturday.

Quarterback Vic Williams and halfback Ray Martinez were the offensive show for the Cadets.

Williams hit on 12 of 18 passes for 262 yards and four touchdowns finding Jack Dickinson for scoring passes of 43 and eight yards and Mike Lakes for scoring heaves of 37 and eight yards.

Martinez scored once on a 13-yard run and kicked five straight conversions.

IT'S FOR MAKALENA

Trevino Wins Hawaii Golf

HONOLULU (UPI)—Lee Trevino kept his proise.

"And it feels good," the young golf star sighed after his dramatic triumph in the $125,000 Hawaiian International Open yesterday.

Trevino, 28, vowed that if he took the $25,000 top prize, $10,000 would go into a trust fund for a young Hawaiian boy —the son of the late touring pro Ted Makalena.

SOBER-FACED

"And that's exactly what I'm going to do," an unusually sober-faced Trevino said after he had defeated California stringbean George Archer in a down to the wire duel at the oceanside Waialae Country Club.

Makalena and Trevino—a Mexican-American from El Paso, Tex.—roomed together on the tour. They played together and laughed together—a couple of affable characters who became best friends.

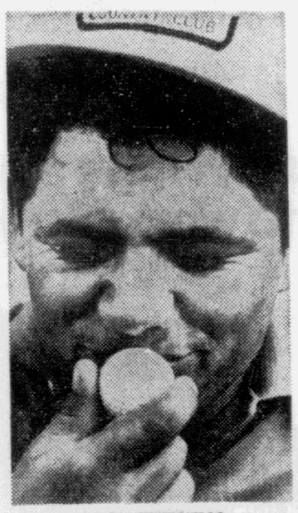

In September, Makalena was killed in a swimming accident at Waikiki. He would have been the big local favorite in this year's Hawaiian Open which he had won in 1966.

"I wanted to win it very, very badly for Ted," Trevino told newsmen after winning.

FROM BEHIND

Trevino, a little-known pro until he stunned the golf world by winning the U.S. open this year, came from behind on the last nine holes to eke out a two-stroke victory over the talented Archer. He fired a four-under par 68 to Archer's 71 and ended up 16-under at 272.

(Ron Cerrudo of San Rafael had weekend rounds of 74 and 69 for a 289 total, out of the money.)

LEE TREVINO
Lot of heart

Trevino put on a display of steel-nerved pressure golf.

After trailing the leader by six strokes at the halfway mark, he fired a brilliant eight-under-par 64 Saturday to move a stroke off the prace set by Archer and Dick Lotz of Hayward.

Trevino and Archer finished the front nine yesterday with two-under 34s, while Lotz all but dropped out of contention with a 38.

AHEAD

Trevino went ahead for the first time when Archer double-bogied the 10th hole after hooking his tee shot into a palm tree. Archer regained the lead with birdies on the 12th and 13th holes but he bogied the 17th. Meantime the cool Trevino, joking with the galleries despite the pressure, ran in birdie putts on the 13th and 15th hole and was one-up as he teed off on the par five 18th, a "birdie hole" on which Archer had to settle for a par.

Trevino's third shot on 18 sailed past the pin to the back edge of the green. He boldly stroked a putt which hit the back of the cup and dropped in for a birdie.

FIRM HIT

He said later that had the ball not hit the hole it may have rolled 10 or 15 feet beyond, forcing him to can a long one to win.

"I knocked it in firm," said Trevino, who could have tried to play itsafe.

His win raised his PGA bankroll for the year to $131,077, while Archer went up to $150,739 with his $15,000 second place check. Third place went to Dale Douglass with a 276, fourth to rookie Mac McLeondon with 277 and fifth was shared at 278 by Lotz and Frank Beard.

Keeler Nash Wins Mill Valley Golf

Keeler Nash scored 73 gross and with 15 handicap strokes neeted a 58 to win the Mill Valley Golf Club's fall sweepstakes golf tournament yesterday at the Mill Valley municipal course.

Other leaders: George Davenport, 84-24—60; Glenn Goertz, 79-18—61; Chet Howlett, 69-8—61; Gene Quinn, 78-17—61; Bob Wieties, 77-16—61; Bill Hogan, 68-6—62; Dil Hughes, 74-11—63; Al Walton, 74-11—63.

South Stars Nab Warner Game

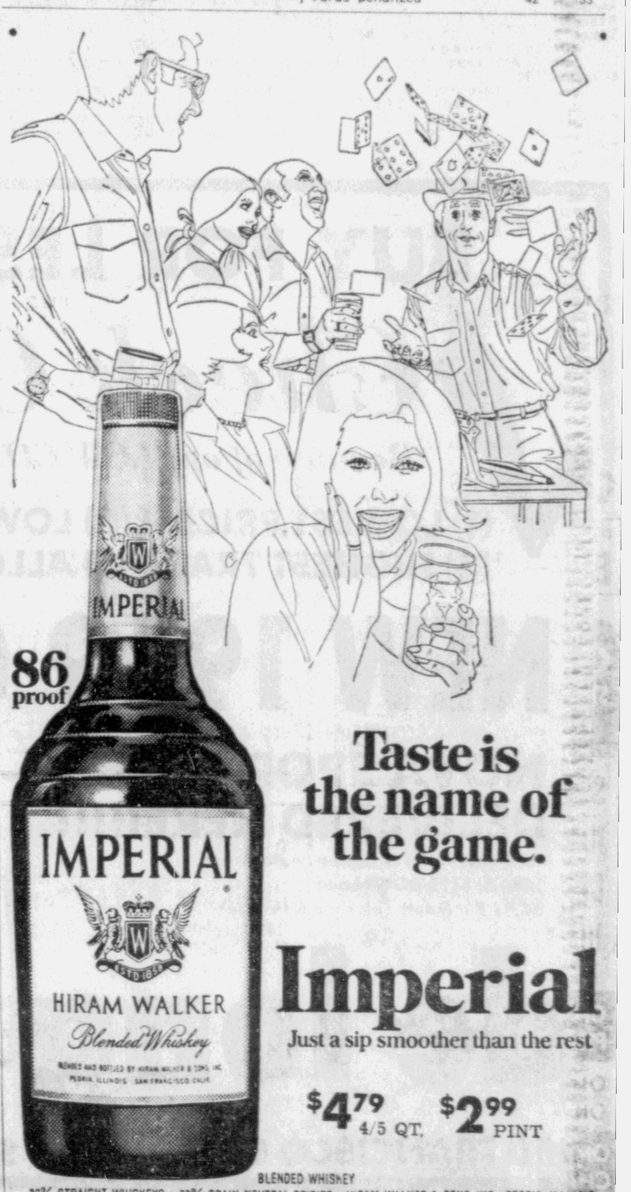

Quarterback Tommy MacAusland of the San Anselmo-Drake Junior Pirates and halfback Russ Knudson of the Tamalpais Junior Indians of Mill Valey combined their talents to lead the South to a 32-8 romp over the North in the Marin Boys Club All-Star Pop Warner football game at Marin Catholic field in Kentfield yesterday.

MacAusland passed for a pair of touchdowns, one for 60 yards to Drake's Don Asay, and another for 40 to Drake's Rich Lopez.

Knudson went on a rampage, scoring three touchdowns on runs of 25, 30 and 15 yards.

It's Back To School For Seals

By DAVID DIETZ

OAKLAND — Coach Fred Glover was asked after his Seals had lost their third straight game last night whether the team would practice today.

"Yes, sir — the fundamentals of hockey!" Glover snapped. "We're going back to school."

Glover is particularly distressed about the Seals' weak power play and poor movement of the puck from their own end.

'BEATING OURSELVES'

"Other clubs are not beating us," Glover said after his team's 3-1 loss to the Toronto Maple Leafs. "We're beating ourselves."

Toronto took a 2-0 lead in the first period on Ron Ellis' 15-foot poke at 11:21 and Dave Keon's breakaway two minutes later.

Oakland goalie Charlie Hodge was not at fault on either goal, but then let defenseman Jim Dorey's lob shot get by him in the second period for Toronoto's last tally.

BRAWL

The Seals had scored earlier in the period when Gary Jarrett converted a pass from Ted Hampson. Jarrett's goal brought to 13 the total for the speedy Jarrett-Hampson-Bill Hicke line.

The game ended in a brawl involving Hicke and Doug Roberts of the Seals and Norm Ullman and Mike Pelyk of the Leafs. The officials handed out a total of 45 minutes in penalties.

The fight was one of the few moments of excitement for the crowd of 4,495 at the Coliseum Arena.

BOWLING TIPS

By DON CARTER

A short backswing will often help solve control problems, but you'll need to adjust your approach if you do shorten. A slow and deliberate start will be essential. As you make your third and fourth steps, of course, you'll have to gain momentum.

San Marin's Gridders Win

San Marin of Novato kept its junior varsity football record unblemished pushing it to 8-0 Saturday with a 27-0 win over Napa's junior varsity at Novato.

Steve Francis scored a pair of touchdowns on passes of 30 yards from halfback Dan Morrow and 40 yards from sub quarterback Jim Nakamine.

AFL HIGHLIGHTS

Jets' Namath Sets Record Of Sorts

By U.P. INTERNATIONAL

Joe Namath, taking a cue from Kansas City's Len Dawson, established an American Football League record yesterday that would seem befitting, ordinarily, for the quarterback of the cellar-dweller—certainly not the league-leading outfit.

For the sixth successive game, he went without throwing a touchdown pass. The result? New York's Jets, directed by Namath, chalked up a 26-7 victory over Eastern Division runnerup Houston and virtually clinched a spot in the Dec. 29 AFL title game. It was their fourth win in a row and gave them a 3½-game margin over the Oilers with just five games to play.

Dawson set another passing record—or is it an "un-record?"—three weeks ago when he threw only three passes, completing two, in a 24-10 Kansas City victory over Oakland in the tight Western Division race.

With both New York and Kansas City sailing along at the top of their respective divisions, who is going to find fault with how many times they pass or how many TD passes they throw, so long as they keep winning?

In other AFL games yesterday, Kansas City kept its slim one-half game lead in the Western Division by defeating Cincinnati, 16-0; Oakland downed Denver, 43-7; San Diego beat Boston, 27-17 and Miami defeated Buffalo, 21-17.

Bill Mathis scored both Jet touchdowns—on runs of two yards in the first quarter and one yard in the third quarter—but Namath's passing set them up. He connected on two passes for 62 of the 65 yards in the first drive and on one pass for 27 of the 35 yards in the second drive. Jim Turner kicked four field goals and two extra points for New York, giving him 97 points for the season, a team recrd.

Bobby Holmes' 27-yard touchdown run midway through the fourth quarter gave Kansas City its 16-9 victory over Cincinnati, after the Chiefs' Jan Stenerud and Cincinnati's Dale Livingston had kicked three field goals each.

Boston's Gino Cappelletti kicked a field goal and two extra points and scored on a 19-yard pass to raise his career scoring total to 1,004 points and join Lou Groza of Cleveland as the only players in pro history to break the 1,000-point barrier.

But San Diego's Russ Smith scred two touchdowns, John Hadl threw a 67-yard TD pass to Garry Garrison and Dennis Partee kicked two field goals to give the Chargers their victory over Boston.

Buffalo scored 17 points in the second quarter, but Miami came back with a 13-yard touchdown run by Bob Griese and a five-yard Griese-to-Karl Noonan pass in the third quarter and a four-yard run by Jim Kiick in the fourth quarter for a 21-17 victory.

Redwood Gridders Whips San Rafael

By GARY TISCHLER

Proud Redwood High School started on a salvage mission in a season of might-have-been by wrecking San Rafael High School 25-7 at College of Marin Stadium in Kentfield Saturday in a Marin County Athletic League Football battle, before 800 fans.

Redwood, which has lost hree loop encounters in the fading moments of the game, made sure of this one, jumping off to a 18-0 lead and putting it away in the second half.

Pete Carroll was the stickout for the Larkspur school in this one, lugging the ball for 83 yards, including a 51-yard beauty, scoring twice, catching two passes and intercepting another to shut off a San Rafael drive.

HAD HELP

Carroll had help from quarterback Jim Peters, who, late in the season, is getting batter all the time. Peters hit on a variety of short and long passes, finishing with 12 out of 17 for 158 yards.

Fullback Pete Richter added 53 yards onthe ground including a classic nine-yard blast straight through thick traffic for a touchdown.

Both teams were lookig for their first league win, but for San Rafael's frustrated Bulldogs, this was one that they never really were in.

IN VAIN

Quarterback Lowell Widmer and Bruce Nave tried vainly to get the Bulldogs going, Widmer with short passes and keepers, Nave with some long throwing. What they get was three Redwood interceptions.

Tom Penales and Dreke Clark did most of whatever damage the Bulldogs did on the ground, setting up their only touchdown, a four-yard rip by Leon Leonhart in the second quarter, making for a deceptively close 13-7 score at the half.

The Giatns scored on their first possession, climaxing a 65-yard drive with a four-yarder by Carroll, who had started out wide, then squirmed in through a hole. Rob Dorinson scored the extra point for 7-0.

7-YARDER

Redwood did it again on their next crack at it with Peters hitting Scott Holmes with a seven-yard TD toss.

Richter's TD romp after an interception in the third quarter made it 19-7 and Carroll rounded out the scoring with a beautiful sweep around right end, getting a jarrying block from Richter enroute.

The Giants are now 1-3 in league play and 3-4-1 on the season. The Bulldogs closed out league play at 0-5 and are now 1-7 on the season.

PRIZES FOR A WINNER—New Zealander Denis Hulme, accompanied by race queen Joan Gallagher (right), lugs off a bottle of champagne and the Can-Am race trophy after he won the Stardust Grand Prix and the Canadian-American championship at Las Vegas yesterday. Hulme got a little cash, too, like $51,450. (AP Wirephoto)

Hulme Captures Top Prize In The Can-Am

LAS VEGAS, Nev. (AP) — New Zealander Denis Hulme must be pretty happy about picking up two crowns with one race.

Hulme avoided a spectacular five-car collision on the first lap in a race in which 16 of 30 starters failed to finish yesterday. He went on to win the $80,000 Stardust Grand Prix and capture the championship of the six-race Canadian-American Challenge Cup series.

Hulme, who started from the second spot, next to countryman Bruce McLaren, was never threatened after the first-lap collision. He set a record for the event with an average speed of 113.1 miles an hour for the 210 miles.

CONTENDER

He entered the race as he leading contender for the Can-Am Cup with a three-point margin over defending cup-holder McLaren and Mark Donohue.

It turned out the three-point edge was all h eneeded for victory when McLaren, slowed by the five-car collision, picked up only one point for finishing sixth. Donohue, of Media, Pa., was forced out of the race when his McLaren-Chevrolet refused to start.

The victory left Hulme with 35 Can-Am points to 24 for McLaren—a reversal of last year's cup race, when Hulme finished a close second to his fellow New Zealander.

COLLISION

The first-lap collision occurred as the cars were entering the first turn. McLaren's car, apparently nudged by another racer, went through the turn sideways, then careened off the track along with the cars of Mario Andretti, Chris Amon, Charlie Hayes and Texan Jim Hall.

Amon's new six-liter Ferrari and Haye's McKee Oldsmobile could not continue.

Hall later was involved in the most serious accident of the day that left him hospitalized with a broken right leg and superficial burns.

Lothar Motschenbacher's McLaren-Chevrolet tapped Hall's Chaparral in the first turn of lap 58. The Chaparral flew into the air and both cars were covered with flames.

IN HOSPITAL

Motschenbacher, of Beverly Hills, was hospitalized with superficial burns.

Both drivers were reported in good condition by track physicians.

George Follmer of Arcadia, brought his Lola-Ford in behind Hulme's McLaren-Chevrolet for second, trailed by third-place Jerry Titus of Enciono, Calif., in another McLaren- Chevrolet.

Fourth place went to Chuck Parsons of Pebble Beach, driving a Lola-Chevrolet, Sam Posey of Sharon, Conn., was fifth.

Petalumans Lose

Menlo School defeated St. Vincent's High School of Petaluma 19-6 Saturday at Menlo in a Bay Counties Athletic League football game. St. Vincent's lone touchdown came in the fourth quarter on an 18-yard pass from Steve Johnson to Jerry White.

It's Wait Till Next Year For Bears

By ASSOCIATED PRESS

For California's football team, it's wait until next year.

For Southern California, it's wait until next weekend.

That's when the Trojans, who destroyed California's Rose Bowl hopes, 35-17 Saturday, play Oregon State, which crushed UCLA, 45-21.

California, rated 11th last week, had been in the Rose Bowl race until No. 1 USC scored 21 points in the third quarter to break up a 14-3 game.

Steve Sogge threw three touchdown passes — four yards to Bob Klein, 28 to Sam Dickerson and 10 to Bob Chandler — and O. J. Simpson scored on runs of 39 and seven yards.

In seven previous games, California, now 4-2-1, had given up only 39 points. The Cal defense, ranked 10th nationally, gave up 164 yards to Simpson, who carried 31 times.

At Corvallis, Ore., Bill Enyart of Oregon State nearly matched Simpson, gaining 155 yards in 32 carries and scoring two touchdowns on runs of 10 yards and one yard.

After a wild first half, led by the Beavers, 24-21, Oregon State shut out the Bruins, allowing UCLA just three plays in the third quarter and scoring a safety on one of the plays.

Beaver wing back Bill Main also scored twice, on runs of one and 22 yards.

Oregon brought its record to 4-4 as reserve quarterback Eric Olson threw three touchdown passes in a 27-13 victory over Washington State.

Oregon, which plays at California Saturday, called on Olson after WSU handled starter John Harrington Olson tossed scoring strikes of 52 yards to Denny Schuler and 53 and 15 yards to Greg Lindsey.

Another reserve quarterback, Don Bunce, threw three touchdown passes for Stanford in a 35-20 victory over Washington.

Bunce took over for Jim Plunkett, who suffered bruised ribs in the second period, and tossed scoring passes of 80 and 28 yards to Gene Washington, and three yards to Howie Williams.

Stanford plays at surprising University of Pacific Saturday while UCLA travels to Washington and Washington State goes to San Jose State.

120,000 See Pele Score 900th Goal

RIO DE JANEIRO (AP) - Pele, Brazil's brilliant soccer star, scored the 900th goal of his pro career yesterday, giving the Sao Paolo All-Star team a 3-2 victory over the Rio All-Stars in a game played in honor of visiting Queen Elizabeth of Britain.

The Queen and Pele shook hands after the game, which drew a crowd of about 120,000 in Rio's huge Maracanana Stadium.

Giants Top Dallas In Year's Top Upset; Packers Lose

By U.P. INTERNATIONAL

Any veteran of World War II Seabee service can sum up the situation today after the New York Giants achieved their greatest victory since beating the Chicago Bears in the 1956 National Football League championship game.

"The difficult can be done right away," went the old Seabee slogan. "The impossible must take a little longer."

"A little longer" in the Giants' case may mean "never."

DIFFICULT

The Giants did the difficult when they beat the Dallas Cowboys, 27-21 yesterday in the biggest upset of the NFL season. The victory moved the Giants to within one game of the Cowboys in the Capitol Division race and set up a possible "game of the year" for Dec. 15 when the teams meet at New York in their final game of the season.

The Giants are now in second place with a 6-3 record compared to the first-place Cowboys' 7-2 mark. But the hitch is that the Cowboys' four-game schedule between now and Dec. 15 is a "softie" compared to the Giants' four-game slate.

Fran Tarkenton and Pete Gogolak were the heroes yesterday when the Cowboys were 17-point favorites. Tarkenton ran 22 yeards for one touchdown, teamed with Homer Jones on a 60-yard touchdown pass and also passed five yards for a TD to Joe Morrison. Even so, the Giants had no better than a 21-21 standoff until Gogolak's fourth-period field goals of 25 and 10 yards produced the victory.

19 OF 33

Don Meredith completed 19 of 33 passes for 256 yards and two Dallas touchdowns but overthrew on several key occasions and was intercepted by Carl Lockhart when he had Lance Retzel free at the New York 20-yard line with 2:14 to go in the game.

Other NFL scores yesterday: Cleveland 35, New Orleans 17; St. Louis 28, Pittsburgh 28 (tie); Baltimore 27, Detroit 10; Los Angeles 17, Atlanta 10; Chicago 27, San Francisco 19; Minnesota 14, Green Bay 10; Washington 16, Philadelphia 10.

Today is Monday, Nov. 11, the 316th day of 1968 with 50 to follow. This is Veterans Day.

The moon is between its full phase and last quarter. The morning stars are Mars and Jupiter. The evening stars are Venus and Saturn.

On this day in history:

In 1918 fighting in World War I was halted with the signing of the armistice.

In 1921 President Warren Harding dedicated the tomb of the unknown soldier at Arlington National Cemetery.

In 1965 a United Air Lines jetliner crashed and burned while landing at Salt Lake City, killing 42 of the 90 persons aboard.

Also in 1965 white-ruled Rhodesia in Africa seized its independence from Britain. England declared the action treasonable and announced a series of economic sanctions.

A thought for the day: American poet Eugene Field said: "I'm sure no heart goes wrong that's told, 'good-bye, God bless you'."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; bold-face type indicates p.m. times.

LEADS JACK

West opened the jack of diamonds, covered by the queen, king and ace. South cleared the ace of clubs out of the way, led a trump to dummy and discarded his losing diamond on dummy's king of clubs.

Now declarer could afford to lead the jack of spades from dummy. East played low, and South let the jack ride for a finesse. West won with the queen of spades and returned a club, forcing South to ruff.

RETURNS HEART

Not considering the cost, South ruffed a low spade in dummy, returned a heart to the queen, and ruffed another spade in dummy. The spades were now set up, but South had only one trump left in his hand and had to ruff a club or a diamond in his hand to regain the lead.

This left East with the only trump. East could ruff the next spade and collect a club and two diamonds for a penalty of 300 points.

TOO MUCH LUXURY

South cannot afford the luxury of ruffing two spades in dummy because he doesn't have enough trumps of his own. He must therefore try to set up the spades by ruffing only one spade in dummy.

Ruffing a low spade will work if West started with precisely the doubleton A-Q of trumps. It is roughly three times as likely that West started with A-Q-9, A-Q-4 or A-Q-3 of trumps. To provide for these three cases South should lead the king of spades after being forced to ruff a club.

RUFFS IN DUMMY

If West covers with the ace of spades, South ruffs in dummy and draws trumps. He then leads the ten of spades and hopes that the nine will drop. If West fails to cover the king of spades, declarer discards from dummy and continues with the ten of spades.

It's Back To School For Seals

By DAVID DIETZ

OAKLAND — Coach Fred Glover was asked after his Seals had lost their third straight game last night whether the team would practice today.

"Yes, sir — the fundamentals of hockey!" Glover snapped. "We're going back to school."

Glover is particularly distressed about the Seals' weak power play and poor movement of the puck from their own end.

'BEATING OURSELVES'

"Other clubs are not beating us," Glover said after his team's 3-1 loss to the Toronto Maple Leafs. "We're beating ourselves."

Toronto took a 2-0 lead in the first period on Ron Ellis' 15-foot poke at 11:21 and Dave Keon's breakaway two minutes later.

Oakland goalie Charlie Hodge was not at fault on either goal, but then let defenseman Jim Dorey's lob shot get by him in the second period for Toronoto's last tally.

BRAWL

The Seals had scored earlier in the period when Gary Jarrett converted a pass from Ted Hampson. Jarrett's goal grought to 13 the total for the speedy Jarrett-Hampson-Bill Hicke line.

The game ended in a brawl involving Hicke and Doug Roberts of the Seals and Norm Ullman and Mike Pelyk of the Leafs. The officials handed out a total of 45 minutes in penalties.

The fight was one of the few moments of excitement for the crowd of 4,495 at the Coliseum Arena.

BOWLING TIPS

By DON CARTER

A short backswing will often help solve control problems, but you'll need to adjust your approach if you do shorten. A slow and deliberate start will be essential. As you make your third and fourth steps, of course, you'll have to gain momentum.

San Marin's Gridders Win

San Marin of Novato kept its junior varsity football record unblemished pushing it to 8-0 Saturday with a 27-0 win over Napa's junior varsity at Novato.

Steve Francis scored a pair of touchdowns on passes of 30 yards from halfback Dan Morrow and 40 yards from sub quarterback Jim Nakamine.

AFL HIGHLIGHTS

Jets' Namath Sets Record Of Sorts

By U.P. INTERNATIONAL

Joe Namath, taking a cue from Kansas City's Len Dawson, established an American Football League record yesterday that would seem befitting, ordinarily, for the quarterback of the cellar-dweller—certainly not the league-leading outfit.

For the sixth successive game, he went without throwing a touchdown pass. The result? New York's Jets, directed by Namath, chalked up a 26-7 victory over Eastern Division runnerup Houston and virtually clinched a spot in the Dec. 29 AFL title game. It was their fourth win in a row and gave them a 3½-game margin over the Oilers with just five games to play.

Dawson set another passing record—or is it an "un-record?"—three weeks ago when he threw only three passes, completing two, in a 24-10 Kansas City victory over Oakland in the tight Western Division race.

With both New York and Kansas City sailing along at the top of their respective divisions, who is going to find fault with how many times they pass or how many TD passes they throw, so long as they keep winning?

In other AFL games yesterday, Kansas City kept its slim one-half game lead in the Western Division by defeating Cincinnati, 16-0; Oakland downed Denver, 43-7; San Diego beat Boston, 27-17 and Miami defeated Buffalo, 21-17.

Bill Mathis scored both Jet touchdowns—on runs of two yards in the first quarter and one yard in the third quarter—but Namath's passing set them up. He connected on two passes for 62 of the 65 yards in the first drive and on one pass for 27 of the 35 yards in the second drive. Jim Turner kicked four field goals and two extra points for New York, giving him 97 points for the season, a team recrd.

Bobby Holmes' 27-yard touchdown run midway through the fourth quarter gave Kansas City its 16-9 victory over Cincinnati, after the Chiefs' Jan Stenerud and Cincinnati's Dale Livingston had kicked three field goals each.

Boston's Gino Cappelletti kicked a field goal and two extra points and scored on a 19-yard pass to raise his career scoring total to 1,004 points and join Lou Groza of Cleveland as the only players in pro history to break the 1,000-point barrier.

But San Diego's Russ Smith scred two touchdowns, John Hadl threw a 67-yard TD pass to Garry Garrison and Dennis Partee kicked two field goals to give the Chargers their victory over Boston.

Buffalo scored 17 points in the second quarter, but Miami came back with a 13-yard touchdown run by Bob Griese and a five-yard Griese-to-Karl Noonan pass in the third quarter and a four-yard run by Jim Kiick in the fourth quarter for a 21-17 victory.

Marin County Boat Dealers To Show Wares In East Bay

Several Marin County dealers will be showing their sea wares this year at the **Oakland Boat Show,** which opens Friday and extends through Nov. 24.

Racoon Yacht Sales in Sausalito will have Offshore 27 and 31 sailboats there, a Luders 36 — new on the market — probably four O'Day sailboats, an Avon dingy display and Dea Gull outboard motors.

Yachts West, Sausalito, will send over a 32-foot Bristol yacht, also probably two Trojan fiberglass cruisers and a couple of fiberglass Seabird family boats.

Golden Gate Yacht Sales, Sausalito, plans to send six or eight Reinell fiberglass powerboats from 16 to 24 feet in length. There may also be a Venture sailboat there, most likely a 17-footer.

From San Rafael, **Seaway Marine,** which has recently taken on the Hatteras fiberglass line, will send a 41-foot cabin cruiser, which will be "Queen of the Show." There will also be a 38-foot Hatteras convertible and a 26-foot V-2600 Sabre.

Southwest Yacht Supplies in San Rafael, for the first time anywhere, will make a public showing of the new Calmac Mark X automatic pilot in a larger model, Also for the first public showing in the west there will be the Bennett Trimatic Trim Tabs. Other Southwest products will include its marine finishes.

Sailboats, Inc. of Oakland will open at Marinship, Sausalito, with a small office and about an acre of ground around the first of the year. **Dick Levine** of Novato is scheduled to be manager. Meanwhile from its Oakland headquarters the firm will take to the show eight or 10 Columbia sailboats, also a Balboa Soling, Flying Junior and 420.

The show at the Oakland Coliseum is sponsored by the Western Trade Association. Time will be from 4 to 10:30 p.m. weekdays and from 11 a.m. to 10:30 p.m. on weekends — except Sunday, Nov. 17 when the time will be from 3:30 p.m. to 10:30 p.m.

MAIN STREET on Tiburon will turn back the clocks to the gaslight era tomorrow noon when local business proprietors participate in a public "turn-on" ceremony to mark the installation of 11 gaslight fixtures from the good old days.

The lights have been placed on the walls of various properties along the street as a final touch to the area's existing 19th Century flavor.

Buffi

Spars

IN TWO NEW APPOINTMENTS at the Richmond laboratory of **Chevron Research Co., R. F. Buffi** of San Rafael has been made senior research mathematician and **B. G. Spars** of Mill Valley has been made senior engineering associate. Buffi joined Chevron in 1957 and has been responsible for computer work in Richmond. Spars, with the company since 1960, leads catalytic cracking research studies and other research projects.

LARRY R. EDDY of Sonoma has been promoted to assistant head of the Timeplan lending department at **Bank of America's** San Rafael main office. He succeeds **Z. M. Misserlin,** who recently advanced to the Ballejo branch. Eddy has been head of the Timeplan department at Sonoma for the past two years. Prior to joining Bank of America in 1966 he was manager of the Humboldt National Bank office in Eureka.

TIMOTHY D. HAYES of Tiburon has been appointed product manager, industrial and institutional sales, for **Del Monte Corp.** He has been with the company since 1959 when he started as a management trainee in San Francisco.

SUCCESSFUL INVESTING

Bankamericard Has Potential For Growth

By ROGER E. SPEAR

Q. Could you give me information on Bank of America and Fred Meyer, Inc.? — E.W.

A. Both companies are sound and offer long-term capital appreciation possiblities. Since each has fully discounted near-term earnings prospects, I would hold but purchase only on weakness.

Currently, Bank of America derives 5 per cent of net from its highly successful BankAmericard, but this should increase to 10 per cent within a year to two. The use of credit and check credit systems doubled to $1.514 billion outstandings in the year ended June, with Western banks accounting for one-third of the total. Formation of one-bank holding company — proposed in September — will allow greater flexibility while circumventing some of the restrictions normally imposed on banks.

Fred Meyer operates a chain of retail shopping centers in the Northwest. Over the past eight years earnings have moved up an average of 30 per cent annually on a 20 per cent yearly average gain in sales. Projecting a 10 per cent increase this year would place sales at $205 million and earnings at $2 per share.

Q. What do you think of Anadite, Inc.? The sizable loss we have in the shares could be used to offset capital gains. Should we take the tax loss? — W.G.

A. At the time of your purchase an institutional research house, in a review of Anadite, had estimated fiscal 1968 earnings at $2 a share. Developments after that proved this figure highly unrealistic. Conversion of senior securities increase outstanding common by 5 per cent, a $500,000 operating loss acquired with a newly merged company was wholly written off in the third quarter and sales dropped as a result of government economy moves. Fourth-quarter figures will probably continue to reflect this latter adverse factor.

The kicker in this situation is Anadite's Gro-Form casting process, said to combine the advantages of casting and forging. Intelligent appraisal of this new process will be impossible until tests on it are completed. Therefore, barring an early breakthrough on the Gro-Form development, I would take the tax loss.

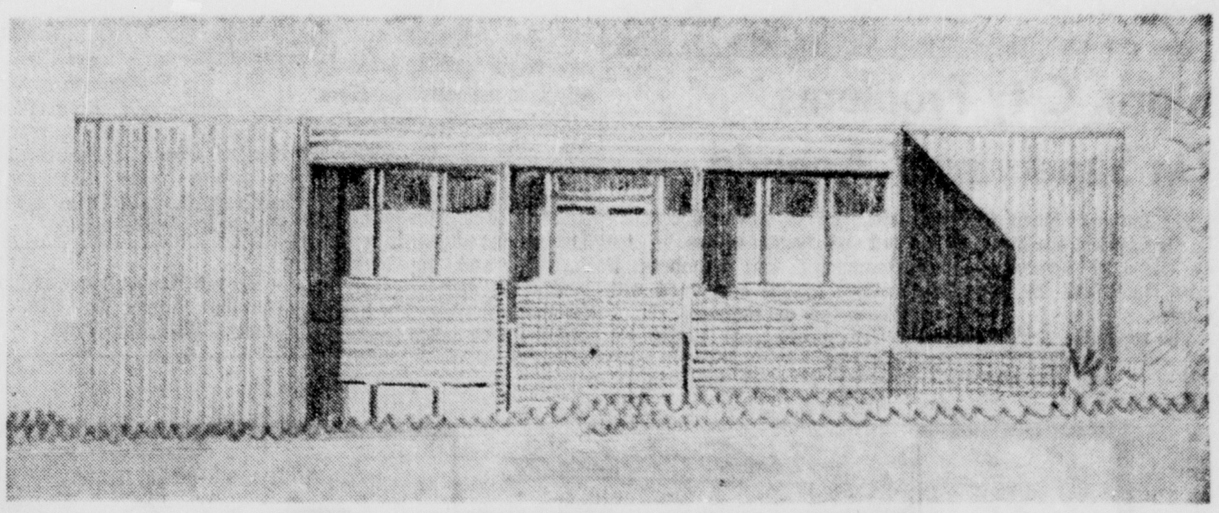

1969 Seen As Rosy For New Building

SAN DIEGO (BW)—A strong year for construction in 1969 was forecast at a meeting of the Building Industry Association of California here Saturday.

George A. Christie, chief economist of the F. W. Dodge division of McGraw-Hill Information Systems Co., told association members that strong housing gains in 1969 are expected to push next year's contract values for future construction to a record $65 billion.

The anticipated gain in construction contract activity would represent a 9 per cent increase over 1968's total contracts for future construction — estimated by F. W. Dodge at $59 billion, with nine month figures already tabulated.

During 1969 the seasonally adjusted Dodge index (1957-59 equals 100) of future construction contract values is expected to climb to 183 from this year's anticipated 1968.

NEW AUTO HEADQUARTERS

Drawing shows the new California State Automobile Association headquarters at Howard Street and Bodega Avenue in Petaluma. Formerly a branch of the Santa Rosa office, the Petaluma headquarters will become a full district office with completion of the 2,576-square-foot building in February. Cost of the structure will be $77,200. Joseph T. Snyder, Santa Rosa District manager, said a Petaluma district manager will be named and several extra clerical employees hired.

United Air Lines Drops Married Stewardess Ban

SAN FRANCISCO (BW) — United Air Lines and the Airline Pilots Association have announced signing of an agreement which provides that marriage will no longer disqualify a stewardess from continuing in the company's employ.

Prior to the agreement, stewardesses were disqualified when the company was apprised of their marriage.

The new agreement also states that all stewardesses who have been terminated by United in the past because of marriage and have filed a valid grievance protesting such policy, or who have as of Thursday filed a valid complaint before the Equal Employment Opportunity Commission or state agencies, will be offered the opportunity to return to active stewardess service.

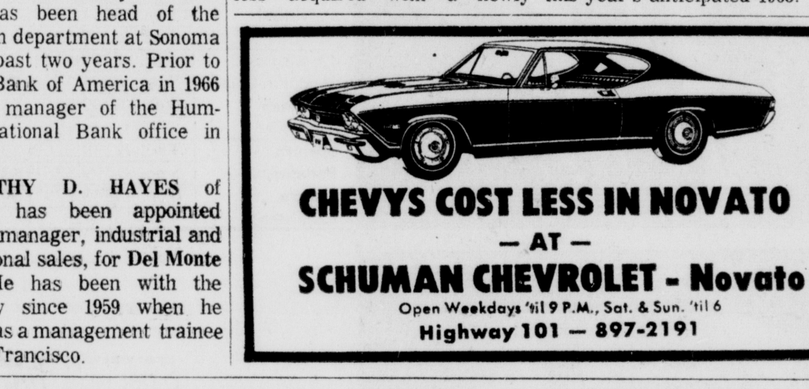

United is the airline that originated stewardess service in May 1930. The company now employs approximately 5,000 stewardesses.

Safeway Dividend

OAKLAND (BW) — A dividend of 27.5 cents per common share payable on Dec. 27 has been declared by the board of directors of Safeway Stores, Inc., payable to stockholders of record at the close of business on Friday, Nov. 22.

DEEP STEAM wall-to-wall carpet cleaning offers you :

GENTLE CLEANING ACTION . . . no brushes or scrubbing action is used to wear or distort the carpet pile.

LIKE-NEW RESTORATION of original color, texture, and matted pile without use of chemicals.

MOISTURE CONTROL which insures fast drying and avoids carpet shrinkage.

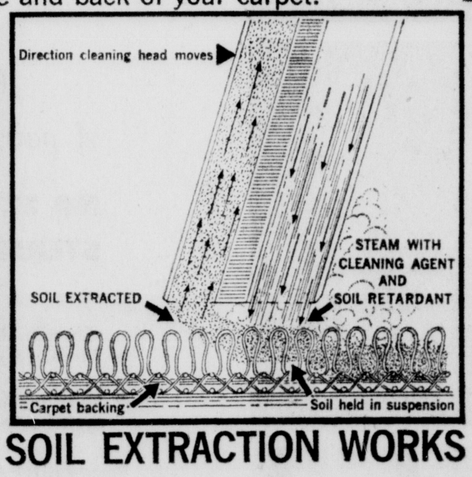

SAFE PROCESS . . . guaranteed to be completely safe for all fabrics, and under any condition.

GREATER ECONOMY because the Deep Steam cleaning process Soil Retards and Mothproofs your carpet. This minimizes the need for frequent professional cleaning.

LONGER CARPET LIFE since deeply imbedded soil is safely extracted from both the pile and back of your carpet.

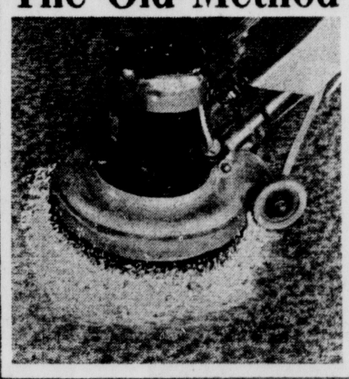

HOW DEEP STEAM SOIL EXTRACTION WORKS

Deep Steam Soil Extraction equipment applies wet steam with a professional formula and soil retardant under pressure deep into the carpet fibers. The two cleaning agents combine to break down soil and the static electric charge, which holds the soil deep in the pile of the carpet, and brings this soil into suspension. Then, instantly, the moisture and soil are removed by the powerful continuous extraction process into a separate stainless steel container. During this cleaning operation every fiber is coated with SOIL RETARDANT and MOTHPROOFING to keep your carpet cleaner and protected longer.

PHONE 454-1501

The Old Method

The conventional shampoo scrubbing method uses preliminary vacuuming to remove some loose soil. The shampoo equipment, with harsh brushes, utilizing different types of liquid detergents or powders, scrubs the remaining soil DEEPER into the carpet . . . and even with the help of a wet vacuum fails to remove most of the soil or residue. This residue which is left in the carpet then works its way to the surface and attracts more soil. Soon your carpet may appear more soiled than before!

Today is Monday, Nov. 11, the 316th day of 1968 with 50 to follow. This is Veterans Day.

The moon is between its full phase and last quarter. The morning stars are Mars and Jupiter. The evening stars are Venus and Saturn.

On this day in history:

In 1918 fighting in World War I was halted with the signing of the armistice.

In 1921 President Warren Harding dedicated the tomb of the unknown soldier at Arlington National Cemetery.

In 1965 a United Air Lines jetliner crashed and burned while landing at Salt Lake City, killing 42 of the 90 persons aboard.

Also in 1965 white-ruled Rhodesia in Africa seized its independence from Britain. England declared the action treasonable and announced a series of economic sanctions.

A thought for the day: American poet Eugene Field said: "I'm sure no heart goes wrong that's told, 'good-bye, God bless you'."

If You Play Games To Escape Reality, Skip Today's Hand

One of the sad facts about the real world is that most of us must struggle to live within a budget. In today's bridge hand this fact pursues us into our world of bridge. If you play games to escape from reality, skip today's hand.

LEADS JACK

West opened the jack of diamonds, covered by the queen, king and ace. South cleared the ace of clubs out of the way, led a trump to dummy and discarded his losing diamond on dummy's king of clubs.

Now declarer could afford to lead the jack of spades from dummy. East played low, and South let the jack ride for a finesse. West won with the queen of spades and returned a club, forcing South to ruff.

RETURNS HEART

Not considering the cost, South ruffed a low spade in dummy, returned a heart to the queen, and ruffed another spade in dummy. The spades were now set up, but South had only one trump left in his hand and had to ruff a club or a diamond in his hand to regain the lead.

This left East with the only trump. East could ruff the next spade and collect a club and two diamonds for a penalty of 300 points.

TOO MUCH LUXURY

South cannot afford the luxury of ruffing two spades in dummy because he doesn't have enough trumps of his own. He must therefore try to set up the spades by ruffing only one spade in dummy.

Ruffing a low spade will work if West started with precisely the doubleton A-Q of trumps. It is roughly three times as likely that West started with A-Q-9, A-Q-4 or A-Q-3 of trumps. To provide for these three cases South should lead the king of spades after being forced to ruff a club.

RUFFS IN DUMMY

If West covers with the ace of spades, South ruffs in dummy and draws trumps. He then leads the ten of spades and hopes that the nine will drop. If West fails to cover the king of spades, declarer discards from dummy and continues with the ten of spades.

What do you say?

ANSWER: Pass.

You have 11 points in high cards and two points for the singleton, enough for an optional opening bid. Reject the option of bidding because you do not have the proper minimum of two quick tricks.

Marin City Problems On Supervisors' Agenda

The future of Marin City will be discussed by the Marin County Board of Supervisors at 9 a.m. tomorrow in the Civic Center.

The supervisors will touch on questions of law enforcement and additional access in the community with members of various groups concerned with Marin City development.

The meeting, in Room 400, will be followed by the supervisors' regular all-day session in the board chambers.

The county administrator's office will ask for immediate landscaping plans from the Frank Lloyd Wright Foundation for areas around the new Hall of Justice, scheduled to open in January, and for a revised landcaping and irrigation plan for the administration building. Citizens have called landscaping around the Civic Center incompatible.

In the afternoon, the supervisors will consider "urgency" ordinances to require that houseboats be connected to a public sewer. Present ordinances allow the use of chemical marine toilets.

George Washington was inaugurated April 30, 1789, in Federal Hall, New York.

San Rafael Patrolman Takes Job With Bank

San Rafael Police Patrolman Martin J. Conlin has resigned to accept a job with the Crocker Citizens National Bank as an investigator for Master Charge accounts, Chief Charles J. Chiesa announced.

The 30-year-old Conlin has been on the force for three years. He lives in Marinwood with his wife and four children.

Driver Breaks Leg In Mishap

A Mill Valley driver suffered a broken right leg yesterday when he missed his turnoff in heavy fog and turned into a ditch off Highway 17, about 1,300 feet west of Main Street, San Quentin.

The California Highway Patrol reported that the driver, Frank J. Schaal, 72, of 212 Sycamore Avenue, was eastbound when his car went into the ditch and against an embankment and he was thrown from the car at 5:40 a.m.

Schaal, who suffered a broken right leg, cuts on his jaw and a bump on his forehead, was taken to Marin General Hospital where he was reported in satisfactory condition today.

Aid To Families Session Scheduled

The first draft of its report to the board of supervisors will be reviewed at a meeting of the Aid to Families with Dependent Children Task Force at 8 p.m. Wednesday at the Civic Center.

Also expected are reports from committees on employment and education, teen-age problems, self-help and legislation.

Marin County Boat Dealers To Show Wares In East Bay

Several Marin County dealers will be showing their sea wares this year at the **Oakland Boat Show,** which opens Friday and extends through Nov. 24.

Racoon Yacht Sales in Sausalito will have Offshore 27 and 31 sailboats there, a Luders 36 — new on the market — probably four O'Day sailboats, an Avon dingy display and Dea Gull outboard motors.

Yachts West, Sausalito, will send over a 32-foot Bristol yacht, also probably two Trojan fiberglass cruisers and a couple of fiberglass Seabird family boats.

Golden Gate Yacht Sales, Sausalito, plans to send six or eight Reinell fiberglass powerboats from 16 to 24 feet in length. There may also be a Venture sailboat there, most likely a 17-footer.

From San Rafael, **Seaway Marine,** which has recently taken on the Hatteras fiberglass line, will send a 41-foot cabin cruiser, which will be "Queen of the Show." There will also be a 38-foot Hatteras convertible and a 26-foot V-2600 Sabre.

Southwest Yacht Supplies in San Rafael, for the first time anywhere, will make a public showing of the new Calmac Mark X automatic pilot in a larger model, Also for the first public showing in the west there will be the Bennett Trimatic Trim Tabs. Other Southwest products will include its marine finishes.

Sailboats, Inc. of Oakland will open at Marinship, Sausalito, with a small office and about an acre of ground around the first of the year. **Dick Levine** of Novato is scheduled to be manager. Meanwhile from its Oakland headquarters the firm will take to the show eight or 10 Columbia sailboats, also a Balboa Soling, Flying Junior and 420.

The show at the Oakland Coliseum is sponsored by the Western Trade Association. Time will be from 4 to 10:30 p.m. weekdays and from 11 a.m. to 10:30 p.m. on weekends — except Sunday, Nov. 17 when the time will be from 3:30 p.m. to 10:30 p.m.

MAIN STREET on Tiburon will turn back the clocks to the gaslight era tomorrow noon when local business proprietors participate in a public "turn-on" ceremony to mark the installation of 11 gaslight fixtures from the good old days.

The lights have been placed on the walls of various properties along the street as a final touch to the area's existing 19th Century flavor.

Buffi

Spars

IN TWO NEW APPOINTMENTS at the Richmond laboratory of **Chevron Research Co., R. F. Buffi** of San Rafael has been made senior research mathematician and **B. G. Spars** of Mill Valley has been made senior engineering associate. Buffi joined Chevron in 1957 and has been responsible for computer work in Richmond. Spars, with the company since 1960, leads catalytic cracking research studies and other research projects.

LARRY R. EDDY of Sonoma has been promoted to assistant head of the Timeplan lending department at **Bank of America's** San Rafael main office. He succeeds **Z. M. Misserlin,** who recently advanced to the Ballejo branch. Eddy has been head of the Timeplan department at Sonoma for the past two years. Prior to joining Bank of America in 1966 he was manager of the Humboldt National Bank office in Eureka.

TIMOTHY D. HAYES of Tiburon has been appointed product manager, industrial and institutional sales, for **Del Monte Corp.** He has been with the company since 1959 when he started as a management trainee in San Francisco.

SUCCESSFUL INVESTING

Bankamericard Has Potential For Growth

By ROGER E. SPEAR

Q. Could you give me information on Bank of America and Fred Meyer, Inc.? — E.W.

A. Both companies are sound and offer long-term capital appreciation possiblities. Since each has fully discounted near-term earnings prospects, I would hold but purchase only on weakness.

Currently, Bank of America derives 5 per cent of net from its highly successful BankAmericard, but this should increase to 10 per cent within a year to two. The use of credit and check credit systems doubled to $1.514 billion outstandings in the year ended June, with Western banks accounting for one-third of the total. Formation of one-bank holding company — proposed in September — will allow greater flexibility while circumventing some of the restrictions normally imposed on banks.

Fred Meyer operates a chain of retail shopping centers in the Northwest. Over the past eight years earnings have moved up an average of 30 per cent annually on a 20 per cent yearly average gain in sales. Projecting a 10 per cent increase this year would place sales at $205 million and earnings at $2 per share.

Q. What do you think of Anadite, Inc.? The sizable loss we have in the shares could be used to offset capital gains. Should we take the tax loss? — W.G.

A. At the time of your purchase an institutional research house, in a review of Anadite, had estimated fiscal 1968 earnings at $2 a share. Developments after that proved this figure highly unrealistic. Conversion of senior securities increase outstanding common by 5 per cent, a $500,000 operating loss acquired with a newly merged company was wholly written off in the third quarter and sales dropped as a result of government economy moves. Fourth-quarter figures will probably continue to reflect this latter adverse factor.

The kicker in this situation is Anadite's Gro-Form casting process, said to combine the advantages of casting and forging. Intelligent appraisal of this new process will be impossible until tests on it are completed. Therefore, barring an early breakthrough on the Gro-Form development, I would take the tax loss.

1969 Seen As Rosy For New Building

SAN DIEGO (BW)—A strong year for construction in 1969 was forecast at a meeting of the Building Industry Association of California here Saturday.

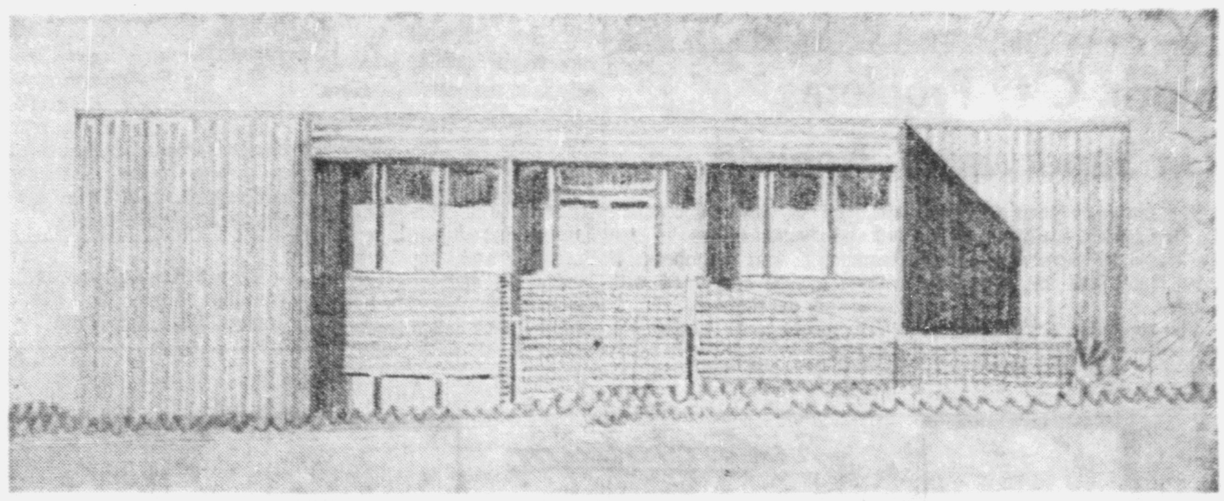

George A. Christie, chief economist of the F. W. Dodge division of McGraw-Hill Information Systems Co., told association members that strong housing gains in 1969 are expected to push next year's contract values for future construction to a record $65 billion.

The anticipated gain in construction contract activity would represent a 9 per cent increase over 1968's total contracts for future construction — estimated by F. W. Dodge at $59 billion, with nine month figures already tabulated.

During 1969 the seasonally adjusted Dodge index (1957-59 equals 100) of future construction contract values is expected to climb to 183 from this year's anticipated 1968.

NEW AUTO HEADQUARTERS

Drawing shows the new California State Automobile Association headquarters at Howard Street and Bodega Avenue in Petaluma. Formerly a branch of the Santa Rosa office, the Petaluma headquarters will become a full district office with completion of the 2,576-square-foot building in February. Cost of the structure will be $77,200. Joseph T. Snyder, Santa Rosa District manager, said a Petaluma district manager will be named and several extra clerical employees hired.

United Air Lines Drops Married Stewardess Ban

SAN FRANCISCO (BW) — United Air Lines and the Airline Pilots Association have announced signing of an agreement which provides that marriage will no longer disqualify a stewardess from continuing in the company's employ.

Prior to the agreement, stewardesses were disqualified when the company was apprised of their marriage.

The new agreement also states that all stewardesses who have been terminated by United in the past because of marriage and have filed a valid grievance protesting such policy, or who have as of Thursday filed a valid complaint before the Equal Employment Opportunity Commission or state agencies, will be offered the opportunity to return to active stewardess service.

United is the airline that originated stewardess service in May 1930. The company now employs approximately 5,000 stewardesses.

DEEP STEAM wall-to-wall carpet cleaning offers you :

GENTLE CLEANING ACTION . . . no brushes or scrubbing action is used to wear or distort the carpet pile.

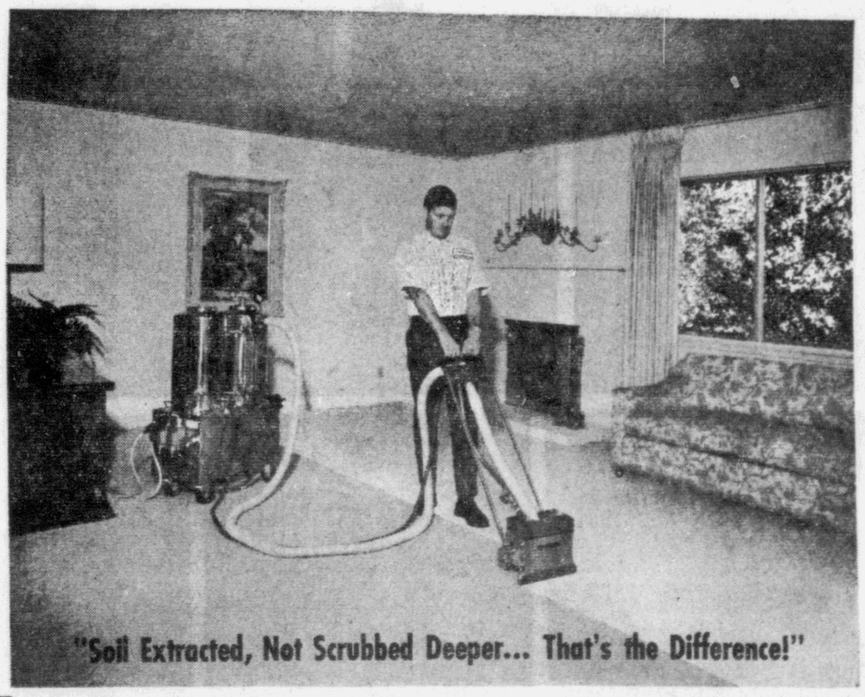

LIKE-NEW RESTORATION of original color, texture, and matted pile without use of chemicals.

MOISTURE CONTROL which insures fast drying and avoids carpet shrinkage.

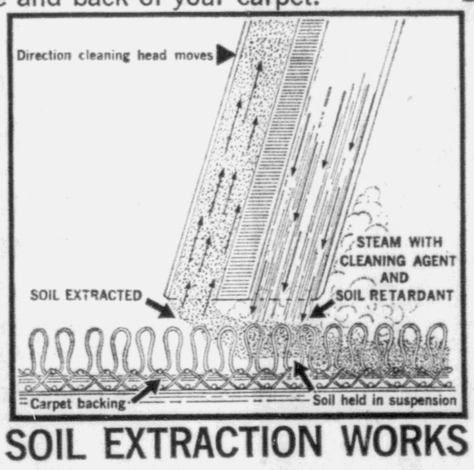

SAFE PROCESS . . . guaranteed to be completely safe for all fabrics, and under any condition.

GREATER ECONOMY because the Deep Steam cleaning process Soil Retards and Mothproofs your carpet. This minimizes the need for frequent professional cleaning.

LONGER CARPET LIFE since deeply imbedded soil is safely extracted from both the pile and back of your carpet.

"Soil Extracted, Not Scrubbed Deeper... That's the Difference!"

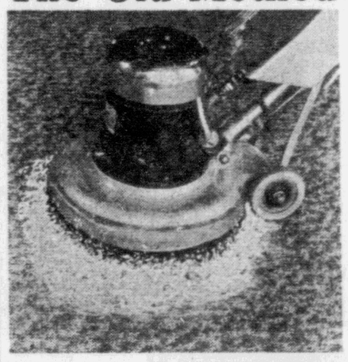

HOW DEEP STEAM SOIL EXTRACTION WORKS

Deep Steam Soil Extraction equipment applies wet steam with a professional formula and soil retardant under pressure deep into the carpet fibers. The two cleaning agents combine to break down soil and the static electric charge, which holds the soil deep in the pile of the carpet, and brings this soil into suspension. Then, instantly, the moisture and soil are removed by the powerful continuous extraction process into a separate stainless steel container. During this cleaning operation every fiber is coated with SOIL RETARDANT and MOTHPROOFING to keep your carpet cleaner and protected longer.

The Old Method

The conventional shampoo scrubbing method uses preliminary vacuuming to remove some loose soil. The shampoo equipment, with harsh brushes, utilizing different types of liquid detergents or powders, scrubs the remaining soil DEEPER into the carpet . . . and even with the help of a wet vacuum fails to remove most of the soil or residue. This residue which is left in the carpet then works its way to the surface and attracts more soil. Soon your carpet may appear more soiled than before!
